They also requested that the Board sign a memorandum agreement between the Wyoming Highway Department and the Board of County Commissioners. The Board signed this memorandum agreement. Also discussed was the county plans on where they intended to spend their Federal Aid to Secondary and SC\_CFM Funds that are now available for building roads. The Board asked Mr. Walters to send traffic-counts on the Green River Lake and Merna Roads (if the Department has these statistics available). It was determined that the amount of funds that will be available by the end of 1970 would be around one-half million dollars. Mr. Walters urged the Board to decide where they wanted to spend this money and then to notify the Wyoming Highway Department so that they could schedule these contracts in their future plans.
