Recommended to the County Commissioners that they accept if Easements are in fact in effect to the tracts along the westerly side of the area.

George Osselton's request to amend the zoning map of the sublette County Zoning Resolution by changing the zoning classification from Agricultural to Rural Residential on a tract of land containing 1.57 acres located NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec 25 T.33N R 109W. Planning and Zoning Commission recommended to the Board of County Commissioners that they do not accept for the following reasons: That it would be spot zoning. That the land adjoins the Pinedale Airport and is subject to the hazards of arial navigations, and that the airport noise could prove obnoxious to residents who would protest this.
