

SUBLETTE COUNTY BOARD OF EQUALIZATION

The Board met this date, June 11, in continuation of the meeting of May 29 with all members present.

David Cook of Layton, Utah was in to advise us that his improvements had been listed with the wrong tract of land. Valuation correction was made.

We received a letter from Dale E. Dawson of Eden, Utah, stating that he no longer had a boat in this County and would like to have it removed from the assessment roll. This was done.

There was no further business to be taken up by the Board at this time and the meeting was adjourned for an indefinite period of time.
