

3. It was moved by Commissioner Fear and seconded by Chairman Cramer to approve the conditional use permit application by Kurt and Jennifer Meeks for screening and operating a portable batch plant at a gravel pit on property owned by Donna Steele located in a portion of Section 16, T32n, R108W, and zoned A-1, with the following conditions:

- a. The hours of operation are restricted to daylight hours.
- b. The gravel pit shall be reclaimed to Wyoming State Specifications. The surface of the reclaimed pit, above water table shall be top soiled and seeded in accordance with Wyoming State Specifications.
- c. There shall be no stockpile of materials at the completion of the gravel pit.
- d. The conditional use permit for the gravel pit, screening, batch plant, and hauling shall expire on September 3, 2004 (two years from County Commissioners approval).
- e. The operation shall be kept neat and orderly to minimize the visual impact from U.S. Highway 191.
- f. All operations and activities shall be set back a minimum of 50 feet from the property boundaries, with a 300 foot front setback from the U.S. Highway 191 right-of-way line.
- g. Sublette County Weed and Pest shall inspect the extraction area prior to the issuance of a zoning and development permit, and the extraction area shall be free of noxious and designated weeds, according to the Wyoming Weed and Pest Control Act of 1973 regional forage certification standards.
- h. All extraction areas and equipment shall be subject to ongoing inspections by the Sublette County Weed and Pest. If the extraction area or equipment is found to be in violation of the Wyoming Weed and Pest Control Act of 1973 regional forage certification standards, it shall be subject to quarantine.
- i. All standing water within the pit area shall be considered a pond and permitted through the State Engineer's Office.
- j. The applicant will meet the seven criteria under development standards for gravel pits in the Sublette County Zoning Resolution, Chapter III, Development Standards, Section 38.
- k. The volume of the reverse beepers on the equipment will be decreased to the lowest allowable level.
- l. A dry vacuum system, with sprinklers to control the dust, will be installed.
- m. The pit will be limited to a concrete batch plant, no asphalt or crushing will be allowed.
- n. A bag-house system will be installed.
