"NOTICE OF INTENTION TO HOLD MINING CLAIMS"

William N. Barbat of Box 24, Teton Village, Wyoming 83025, hereby places on record a correction to the "Notice of Intention to Hold Mining Claims", which Notice is recorded in Book 27A of Location Notices on Page 506.

For the Lode Claims AVIS 1 thru 18, the B.L.M. Identification Numbers were incorrectly shown as WMC 18067 thru 18079.

The correct B.L.M. Identification Numbers should have read WMC 18062 through 18079.

AVIS 1 thru 18 Claims are located in Section 35-T30N-R109W and Sections 1 and 2-T29N-R109W 6th P.M., Sublette County, Wyo.

It was the intention to continue holding the mining claims AVIS 1 thru 18 beyond December 31, 1978.

## AFFIDAVIT OF ANNUAL ASSESSMENT WORK

I, ANDREW C. THEISEN, being first duly sworn, states and says:

1. That this affidavit is made for the purpose of showing and making of record the fact that annual assessment or representative work as required by law has been completed, or is in the process for the year 1979 on the following claims, located in Sublette County, Wyoming:

| NAME AND NO. | SECTIONS | TWP. | RANGE |
|---|---|---|---|
| D.A.C.T. #1 | SW¼ 22 | 38 | 114W |
| D.A.C.T. #2 | NW¼ 27 | 38 | 114W |

| PINK LADY #4 | NE¼ 28 | 38 | 114W |
| PINK LADY #5 | SE¼ 21 | 38 | 114W |

Established permanent outside perimiter corner markers with white topped painted posts.Prepared a site for a portable sluice box and a settling pond in Cliff and Little Cliff Creek on various locations. Purchased a pump for the sluice box. Aquired materials for sanitation facilities to be erected upon PINK LADY #1 according to the National Forest Service specifications.

2. The nature of the work being performed is as follows, the same being a statement of a portion of the entire work done and not intended as a complete account of all work: drilling, engineering, geological mapping and analysis.

3. All of the above work will increase the value of the said claims and develop or directly tend to develop the mineral resources and the mineral exploration thereof, and facilitate and lead to the extraction of minerals therefrom.

Dated this 27th day of October, 1979.

# AFFIDAVIT OF ASSESSMENT WORK

STATE OF WYOMING )
) ss.
COUNTY OF TETON )

William N. Barbat, being duly sworn, deposes and says:

In accordance with General Mining Laws of 1872, as amended by subsequent statutes, this notice suffices to record the annual assessment work of the value of at least $100 per claim on 936 lode claims which are situated in Sublette County, Wyoming.

The assessment work was performed in good faith for the purpose of developing the claims, and consisted of the performing of detailed geological, geophysical and geochemical analyses of surface and subsurface data derived directly from the claims, drilling performed during the assessment period beneficial to the claims, and field labor performed on the claims.

The surveys resulted in determining uranium grade and in making projections beyond the extent of qualifying knowledge.

The professional work was performed by William N. Barbat, Box 24, Teton Village, Wyoming 83025, who is Certified Professional Geologist #2588 (American Institute of Professional Geologists), and by Chris DeSalvo, an experienced uranium property evaluator and feasibility analyst, 19 Ridge Road, Boulder, Colorado, 80303.

This affidavit is for the assessment period ending at noon on September 1, 1979.

The 936 claims are described in Exhibit A attached hereto and incorporated by reference herein.
