

for the purpose of Constructing and maintaining a ditch for the conveyance of water to be used for irrigation, stock water and domestic use. Length of ditch, 0.758 miles, width of right-of-way limited to that actually needed in the enjoyment of this privilege, subject to the following conditions:

1. The permittee shall pay to the Regional Fiscal Agent designated by the Forest officer for deposit to the credit of the Treasurer of the United States, in consideration for this use, the sum of No charge (Reg. L-2) dollars (\$) for the period from \_\_, 19\_\_, to December 31, 19\_\_, and thereafter annually, on January 1, \_\_ dollars (\$\_\_).

2. The permittee shall comply with the regulations of the Department of Agriculture governing the National Forest, shall observe all sanitary laws and regulations applicable to the premises, and shall keep the premises in a neat and orderly condition and dispose of all refuse and locate outhouses and cesspools as required by the Forest officers.

3. This permit is subject to all valid claims.

4. The permittee shall take all reasonable precaution to prevent and suppress forest fires.

5. The permittee, if engaged in business, shall conduct same in an orderly manner and in accordance with all requirements of the laws of the State of Wyoming, as well as the laws of the United States.

6. The permittee shall pay the United States for any damage to its property resulting from this use.

7. The permittee shall fully repair all damage, other than ordinary wear and tear, to roads and trails in the National Forests caused by the permittee in the exercise of the privilege granted by this permit.

8. Construction work (or occupancy and use) under this permit shall begin within one month, be completed within two years from the date of the permit, and this use shall be actually exercised each year, unless the time is extended or shortened.

9. In case of change of address, permittee shall immediately notify the Forest Supervisor.

10. The charges for this use may be readjusted whenever necessary to place this permit on a basis consistent with the charge to other permittees for like privileges. A general readjustment will be made at the end of five years from the date of issuance of permit and at the end of each five-year period thereafter.

11. No National Forest timber may be cut or destroyed without first obtaining a permit from the Forest Supervisor.

12. Upon the abandonment, termination, or revocation of this permit, and in the absence of an agreement to the contrary, the permittee, if all the rental charges due the Government have been paid, may, within a reasonable period to be determined by the issuing officer, remove all structures which have been placed on the premises by him, except where the material was furnished by the Forest Service, but upon failure to remove the structures within that period they shall become the property of the United States.

13. This permit may be transferred with the approval of the officer by whom it was given or his successor, subject to such conditions as may be imposed at the time of transfer. It shall terminate upon breach of any of the conditions herein or at the discretion of the Regional Forester or the Forester.

14. The permittee shall provide, whenever requested by the Forest officers, a way across the land covered by this permit for the free ingress or egress of Forest officers and for users of National Forest land and purchasers of National Forest products.

15. This permit confers no rights upon the permittee to the use of the water involved.

16. The permittee shall construct and maintain efficient fish screens at the intake of this ditch.

17. Compensation shall be made for damages caused to the property of the United States through the overflow of water.

18. Suitable crossings shall be provided for roads and trails.

19. The permittee shall construct the ditch and all works strictly in accordance with the plans and designs submitted by him to the State Engineer on the map accompanying the application for the Frank ditch, Permit No. 18617, approved Nov. 14, 1935, by the State Engineer for Wyoming.

20. A representative of the Forest Service may inspect the construction and maintenance of the contemplated works at any time.

21. This permit is issued with the understanding that the permittee has or will secure the consent of any person having a valid claim to the land.
