

with reasonable diligence and that, therefore, no copy of the publication could be served upon them.

That this cause is one of the actions mentioned in Rule 4E, Wyoming Rules of Civil Procedure, in that it is an action brought by plaintiffs for the purpose of obtaining a decree declaring, determining and establishing the rights and interests of the plaintiffs and each and all of the defendants in certain real property, hereinafter described, and quieting title and interests of the plaintiffs as established against the claims and demands of the defendants herein; that additional notice to the defendants, and each of them is not justified nor required, and the requirements of Rule 4 of the Rules of Civil Procedure have been met and fully discharged.

That the defendants, and each of them, have failed in any manner to answer plaintiffs' Summons served and published as aforesaid, or otherwise appear.

That the plaintiffs, John O. Anderson and Joyce K. Anderson, and their predecessors in interest, are now and for more than ten (10) years prior to filing of their Complaint have been the owners and in open, notorious and adverse possession of the premises herein described.

It further appearing that plaintiffs by their Complaint seek to quiet title to the real property and interest therein and hereinafter described as against the several and separate claims of the defendants herein named and that no reason exists why judgment should not now be entered against the defendants, and each of them, and the Court having examined the evidence adduced^{by} the plaintiffs and now being fully advised in the premises finds generally for the plaintiffs and against the defendants upon the plaintiffs' Complaint; and the Court does further find that said plaintiffs have sustained all the allegations of said Complaint by sufficient evidence; and the Court does finally find that the said defendants, and each of them, have no claim, right, title or interest of any kind to the real property and interests in said Complaint and hereinafter described.
