

1 that Cornelia L. Fear, also known as Cornelia Louise Fear, died
 2 testate, and as provided in her Last Will and Testament the follow-
 3 ing are her named legatees and devisees, to-wit:

4 Clifton Fear, surviving spouse, Big Piney,
 5 Wyoming 83113

6 Edith Barp, surviving daughter, Big Piney,
 7 Wyoming 83113

8 Cornelia M. Jewett, surviving daughter,
 9 Bountiful, Utah

10 That the said Will of said decedent provided, among
 11 other things, as follows:

12 "ARTICLE II. If my husband, Clifton Fear,
 13 survives me, I give to him, absolutely,
 14 any interest which I own at my death in and
 15 to the real property described as Lots 8, 9
 and 10, Block 2 (C. P. McClashan's First
 Addition to) Big Piney, Wyoming."

16 That the said Clifton Fear has survived said decedent and that
 17 said real property is on hand and should be distributed to the said
 18 Clifton Fear.

19 "ARTICLE VI. I give, devise and bequeath all
 20 of the rest, residue and remainder of the property
 21 which I shall own at my death, excluding any prop-
 22 erty over which I shall have a power of appointment,
 23 but including any property not effectively dis-
 posed of by the foregoing provisions of my Will,
 all of which is referred to in my Will as my
 "residuary estate" as follows:

24 A. I direct my Executor to divide and set
 25 aside my residuary estate unto as many equal
 26 shares as there shall be daughters of mine who
 27 are living at my death and daughters of mine who
 have predeceased me leaving issue living at my
 death. If I am survived by my daughter EDITH BARP,
 28 or by any of her issue, if she shall predecease
 me, for purposes of computing the division into
 shares my Executor shall add back to the value of
 29 my residuary estate the value of the interest, if
 any, which pass to the said EDITH BARP or her
 30 issue under the provisions of the foregoing Article
 V, in order that the share passing to the said
 31 EDITH BARP or her issue will equal the share pass-
 32 ing to my daughter, CORNELIA M. JEWETT or her issue.
