

The acquiring agency is the Forest Service, Department of Agriculture.

This conveyance is made subject to the following reservations by the Grantors, their heirs, and assigns:

1. The right to cross and recross the easement at any point and for any purpose in such manner as will not materially interfere with the use of the road.
2. The right to all timber now growing or which may hereafter grow within the easement and the right to use any land therein not devoted to road use for grazing and the growing of crops; provided, the United States and its assigns shall have the right to cut timber upon the easement to the extent necessary for construction, reconstruction, improvement, and maintenance of the road, which timber, unless otherwise agreed, shall be cut into logs of standard lengths and decked along the easement for disposal by the Grantors.
3. The right to use the road to serve the Grantors' property to the extent permitted by the rules and regulations of the Secretary, as the same may be amended, in such manner as not unreasonably to interfere with its use by the United States, its authorized users, or assigns or cause substantial injury thereto.

If for a period of five (5) years the Grantee shall cease to use, or preserve for prospective future use, the road, or any segment thereof, or if at any time the Regional Forester determines that the road, or any segment thereof, is no longer needed, the easement traversed thereby shall terminate. In the event of such nonuse or of such determination by the Regional Forester, the Regional Forester shall furnish to the Grantors a statement in recordable form evidencing termination.

IN WITNESS WHEREOF, the Grantors have hereunto subscribed their names and affixed their seal on the day and year first above written.
