

tions under this lease shall be suspended or extended during such periods of time as such work or operations shall be delayed, interrupted or prevented by any cause of whatever kind or nature beyond the reasonable control of the lessee.

(10) Lessee may, at any time upon the payment of One Dollar (\$1.00) to the lessor, surrender the whole or any part of the lands described in this lease by delivering or mailing a release thereof to the lessor, or by placing a release thereof of record in the proper county, and thereupon all payments and liabilities and other obligations of the lessee hereunder shall cease as to the lands embraced in such release. All land leased shall remain subject to easements for rights of way necessary or convenient for lessee's operations on land retained by it.

(11) It is agreed that this lease shall not be terminated, forfeited or cancelled for failure by lessee to perform any of its implied covenants, conditions, or stipulations until it shall have been first finally and judicially determined that such failure or default exists, and thereupon lessee shall be given a reasonable time thereafter to correct any default so determined, or at lessee's election it may surrender the lease with option of reserving under the terms of this lease each producing well and ten (10) acres surrounding it as selected by lessee, together with the right of ingress and egress thereto. Lessee shall not be liable in damages for breach of any implied covenant or obligation.

(12) If lessee at any time shall include the lands covered by this lease in a unit or cooperative operating agreement, lessee shall have the right to include lessor's royalty interest in said agreement and thereupon said agreement shall exclusively control the drilling, operating and producing of said lands, anything to the contrary in this lease notwithstanding. If the lands or leases included in said agreement are to be drilled and operated as a unit and oil or gas shall be produced in paying quantities, then such part of said production allocated to this lease under said agreement shall be divided seven-eighths (7/8) to the lessee and one-eighth (1/8) to the lessor, in lieu of the royalty payments provided by paragraph one hereof. Should production be found on any of the tracts covered by said agreement, this lease shall remain in force as long as oil, or gas is or can be produced from such tracts, or any of them. If this lease shall be unitized with other leases or tracts and if production shall be found on any of them, lessee's rental obligations hereunder shall cease. Any agreement made by lessee under this paragraph shall be in writing and lessee shall furnish lessor with a copy of the signed agreement.

(13) All exploratory and mining grants, or permits of every nature, including core-drilling, use of torsion-balance, magnetometer, seismograph, or other geophysical instruments for determining sub-surface conditions are herewith granted to lessee, exclusively.

(14) This lease and all its terms, conditions, and stipulations, shall extend to and be binding upon all heirs, devisees, representatives, successors or assigns of said lessor or lessee.

WITNESS the following signatures and seals, the day and year first above written.

Signed, sealed and delivered
