

presence of Seller's representative each three (3) months on or as near the first of each three (3) months' period as practicable. The Natural Gasoline Association of America standard compression or standard charcoal method (Seller's option), or such other method as may be agreed upon, shall be used in making such tests. The content so determined shall be adjusted to the pressure base specified in Article X hereof.

ARTICLE XII

Gasoline and other By-Products

In the event Buyer should process the gas purchased hereunder and recover therefrom natural gasoline, butanes and propane, Buyer shall pay Seller therefor on the basis of the schedule set out in "Basis of Settlement for Gasoline and Additional Products", marked Exhibit "B" attached hereto and made a part hereof.

While Buyer does not contemplate the extraction or manufacture of any products from the gas purchased from Seller hereunder other than such natural gasoline, butanes and propane as may be extracted under the provisions of this Article XII, payment for which is herein provided, Buyer agrees that in the event it should extract or manufacture, or cause the extraction or manufacture of, either at the plant or elsewhere on Buyer's system, any product from such gas which product has a commercial use to Buyer in its operations, or from which Buyer receives revenue, either through direct sale or as royalty from others, Buyer will pay to Seller a fair share of the value of such products to Buyer or of Buyer's revenue therefrom. Buyer will negotiate with Seller
