OIL AND GAS LEASE ASSIGNMENT APPROVED

The above-captioned assignment of oil and gas lease is hereby approved, effective on the first day of the lease month following the date of its filing or completion.

Acceptable evidence of the qualifications and holdings of the assignee under the Mineral Leasing Act, as amended, has been filed. The showing as to overriding royalties and payments out of production conforms to the regulations.

Extent of interest assigned: 100%

On September 26, 1957, there was received a bond of oil and gas lessee (no number) for filing with this lease, in the sum of \$5,000, executed September 23, 1957, with Lawrence C. Peschel as principal and National Surety Corporation, surety. Since this principal has, by means of the assignment approved above, parted title to the subject lease, he is not authorized to file a bond with the lease and none is required of him. The bond is therefore returned to him herewith.
