The Assignee shall have the full and exclusive right at any time or from time to time to unitize all or any part or parts of said assigned lands with other lands (i.e., to make the same subject to any unit plan or agreement—herein called "Unit Plan"—approved or prescribed by the Secretary of the Interior for the development and operation of any area, field or pool, as provided for in said Federal Leasing Act) or to make all or any part or parts of said assigned lands subject to any cooperative plan so approved or prescribed for the development and operation of any such area, field or pool. So long as said assigned lands or any part thereof shall remain subject to any such Unit Plan, then as to such lands the overriding royalty herein reserved by the Assignor shall be payable only in respect to and shall be based and computed upon the share of the net oil, gas and other hydrocarbon substances allocated to such lands under such Unit Plan, whether produced from such lands or from other lands subject to such plan.

And in consideration thereof Assignor warrants that he is the sole owner of any rights which may accrue under said lease and is the sole owner in law and equity of said lease through, by and under and by virtue of certain recorded instruments, and that said rights are free and clear of any liens or encumbrances or any outstanding conveyances or interests of any nature whatsoever, and that he has full right and lawful authority to sell and assign the same in the manner hereinabove described. The Assignee by the acceptance hereof agrees that it shall not discriminate against any employee or applicant for employment because of race, creed, color or national origin, and shall require an identical provision to be included in all subcontracts.

The Assignee hereby consents to a reservation to the United States pursuant to the provisions of the Act of August 1, 1946 (Public Law 585, 79th Congress) of all uranium, thorium or other material which are or may be determined to be peculiarly essential to the production of fissionable materials, whether or not of commercial value, together with the right of the United States through its authorized agents or representatives at any time to enter upon the land and prospect for, mine and remove same.

IN WITNESS WHEREOF, Assignor has executed this instrument the day and year first above written.
