Oil and Gas
Lease Offer

Special Stipulation
and
Other Evidence Required

Lands in your offer(s) are wholly or partially within a National Forest, or other special use area, requiring a special stipulation as described below:

<input checked="" type="checkbox"/> Teton National Forest	Form 4-216(a)
<input type="checkbox"/> Bureau of Land Management timbered area	A-3-141
<input type="checkbox"/> Forest Service administrative site/recreation area	(Special)
<input type="checkbox"/> Department of the Army/National Guard target area, or aerial gunnery range	(Special)
<input type="checkbox"/> Highway Department	(Special)

The enclosed stipulation must be signed, dated, and all copies returned to us. Upon issuance of the lease, the stipulation will become a part of the lease terms.

A Geological Survey, U. S. Department of the Interior, report on the lease offer states that the following described lands are within a unit.

☐ You are required to file either (1) evidence of having entered into an agreement with the unit operator for the development and operation of the subject lands under the terms and provisions of the approved unit agreement, or (2) a statement giving satisfactory reasons for your failure to enter into such agreement. If such statement is acceptable to the Geological Survey and the Operator, you may receive permission to operate independently with the requirement that such operations conform to the terms and provisions of the unit agreement.

Thirty days from date of this notice are allowed in which to furnish this further evidence.
