

1 shall be made for services so rendered. During periods of serious fire 1  
2 danger to forest, brush, or grass, as may be specified by the authorized 2  
3 representative of the Secretary of Agriculture, prohibit smoking and the 3  
4 building of camp and lunch fires by its employees, contractors, subcontrac- 4  
5 tors, and employees of contractors or subcontractors within the unit area 5  
6 except at established camps, and shall enforce this prohibition by all means 6  
7 within its power: Provided, that the authorized representative of the 7  
8 Secretary of Agriculture may designate safe places where, after all inflam- 8  
9 mable material has been cleared away, campfires may be built for the pur- 9  
10 pose of heating lunches and where, at the option of the unit operator, 10  
11 smoking may be permitted. Not burn rubbish, trash or other inflammable 11  
12 materials except with the consent of the authorized representative of the 12  
13 Secretary of Agriculture and shall not use explosives in such a manner as 13  
14 to scatter inflammable materials on the surface of the land during the 14  
15 forest, brush, or grass fire season, except as authorized to do so on areas 15  
16 approved by such representative. 16  
17 Build or construct such fire lines or do such clearing on the unit area 17  
18 as the authorized representative of the Secretary of Agriculture decides 18  
19 is essential for forest, brush, and grass fire prevention which is or may 19  
20 be necessitated by the exercise of the privileges authorized by this unit 20  
21 agreement, and maintain such fire tools at his headquarters or at the 21  
22 appropriate location on the unit area as are deemed necessary by such 22  
23 representative. 23  
24 (c) In the location, design, construction and maintenance of all authorized 24  
25 works, buildings, plants, waterways, roads, telegraph or telephone lines, 25  
26 pipelines, reservoirs, tanks, pumping stations, or other structures or 26  
27 clearance, the unit operator shall do all things reasonably necessary to 27  
28 prevent or reduce to the fullest extent scarring and erosion of the land, 28  
29 pollution of the water resources and any damage to the watershed. Where 29  
30 construction, operation, or maintenance of any of the facilities on or 30  
31 connected with this unit agreement causes damage to the watershed or pollu- 31  
32 tion of the water resources, the unit operator agrees to repair such damage 32  
33 and to take such corrective measures to prevent further pollution or 33  
34 damage to the watershed as are deemed necessary by the authorized 34
