

LEASE TERMS

SECTION 1. Rights of lessee.—The lessee is granted the exclusive right and privilege to drill for, mine, extract, remove, and dispose of all the oil and gas deposits, except helium gas, in the lands leased, together with the right to construct and maintain thereon, all works, buildings, plants, waterways, roads, telegraph or telephone lines, pipelines, reservoirs, tanks, pumping stations, or other structures necessary for the full enjoyment thereof for a period of 10 years, and so long thereafter as oil or gas is produced in paying quantities; subject to any unit agreement heretofore or hereafter approved by the Secretary of the Interior, the provisions of said agreement govern the lands subject thereto where inconsistent with the terms of this lease.

SEC. 2. The lessee agrees: (a) Bonds.—(1) To file any bond required by this lease and the current regulations and until such bond is filed not to enter on the land under this lease. (2) To maintain any bond furnished by the lessee as a condition for the issuance of this lease. (3) To furnish a bond in a sum double the amount of \$2 per acre annual rental, but not less than \$1,000 nor more than \$5,000, upon the inclusion of any part of the leased land within the known geologic structure of a producing oil or gas field. (4) To furnish prior to beginning of drilling operations and maintain at all times thereafter as required by the lessor a bond in the penal sum of \$10,000 with approved corporate surety, or with deposit of United States bonds as surety therefor, conditioned upon compliance with the terms of this lease, unless a bond in that amount is already being maintained or unless such a bond furnished by an operator of the lease is accepted. (5) Until a general lease bond is filed to furnish and maintain a bond in the penal sum of not less than \$1,000 in those cases in which a bond is required by law for the protection of the owners of surface rights. In lieu of any of the bonds described herein, the lessee may file such other bond as the regulations may permit.

(b) Cooperative or unit plan.—Within 30 days of demand, or if the leased land is comprised of an approved cooperative or unit plan, within 30 days of demand made thereafter, to subscribe to and to operate under such reasonable cooperative or unit plan for the development and operation of the area, field, or pool, or part thereof, embracing the lands included lands included in the lease, and to cooperate with the Secretary of the Interior to determine to be practicable and necessary or advisable, which plan shall adequately protect the rights of all parties in interest, including the United States.

(c) Wells.—(1) To drill and produce all wells necessary to protect the leased land from drainage by wells on lands not the property of the lessor, or lands of the United States leased at a lower royalty rate, or as to which the royalties and rentals are paid into different funds than that of this lease, or in lieu of any part of such drilling wells in compliance with any system of well spacing or production allotments affecting the field or area in which the leased lands are situated, which is authorized and sanctioned by applicable law or by the Secretary of the Interior; and (3) promptly after due notice in writing to drill and produce such other wells as the Secretary of the Interior may reasonably require in order that the leased premises may be properly and timely developed and produced in accordance with good operating practice.

(d) Rentals and royalties.—(1) To pay rentals and royalties in amount or value of production removed or sold from the leased lands as follows: Rentals.—To pay the lessor in advance an annual rental at the following rates: (a) If the lands are wholly outside the known geologic structure of a producing oil or gas field: (i) For each lease year a rental of 50 cents per acre or fraction of an acre.

(b) If the lands are wholly or partly within the known geologic structure of a producing oil or gas field: (i) Beginning with the first lease year after 30 days' notice that all or part of the land is included in such a structure and for each year thereafter, prior to a discovery of oil or gas or the expiration of this lease, \$2 per acre or fraction of an acre. (ii) If this lease is committed to an approved cooperative or unit plan which includes a well spacing or production allotment, the rental prescribed for the respective lease years in subparagraph (i) of this section, shall apply to the acreage not within participating areas.

(c) Minimum royalty.—Commencing with the lease year beginning on or after a discovery on the leased land, to pay the lessor in lieu of rental, a minimum royalty of \$1 per acre or fraction thereof at the expiration of each lease year, or the difference between the actual royalty paid during the year, if less than \$1 per acre, and the prescribed minimum royalty of \$1 per acre, provided that if this lease is utilized, the minimum royalty shall be payable only on the participating acreage and rental shall be payable on the nonparticipating acreage as provided in subparagraph (b) (i) above.

(d) Royalty on production.—To pay the lessor 12 1/2 percent royalty on the production removed or sold from the leased lands computed in accordance with the Oil and Gas Operating Regulations (30 CFR Pt. 221).

(2) It is expressly agreed that the Secretary of the Interior may establish reasonable minimum values for purposes of computing royalty on any or all oil, gas, natural gasoline, and other products obtained from gas, due consideration being given to the highest price paid for a part or for a majority of production of like quality in the same field, to the price received by the lessee, or to other relevant matters and, whenever appropriate, after notice and opportunity to be heard.

(3) When paid in value, such royalties on production shall be due and payable monthly in the last day of the calendar month or next following the calendar month in which produced. When paid in amount of production, such royalty products shall be delivered in merchantable condition on the premises where produced without cost to lessor, unless otherwise agreed to by the parties hereto, at such times and in such tanks provided by the lessee as reasonably may be required by the lessor, but in no case shall the lessee be required to hold such royalty oil or other products in storage beyond the last day of the calendar month next following the calendar month in which produced, nor responsible or held liable for the loss or destruction of royalty oil or other products in storage from causes over which he has no control.

(4) Rentals or minimum royalties may be waived, suspended or reduced and royalties on the entire leasehold or any portion thereof segregated for royalty purposes may be reduced if the Secretary of the Interior finds that, for the purpose of encouraging the greatest ultimate recovery of oil or gas and in the interest of conservation of natural resources, it is necessary, in his judgment, to do so in order to promote development, or because the lease cannot be successfully operated under the terms fixed herein.

(5) Payments.—Unless otherwise directed by the Secretary of the Interior, to make rental, royalty, or other payments to the lessor, to the order of the Bureau of Land Management at the places mentioned in the regulations (30 CFR 191.12). If there is no well on the leased land capable of producing oil or gas in paying quantities, the failure to pay rental on or before the anniversary date shall automatically terminate the lease by operation of law. However, if the time for payment falls on a day in which the proper office to receive payment is closed, payment shall be deemed timely if made on the next official working day.

(6) Contracts for disposal of products.—To file with the Oil and Gas Supervisor of the Geological Survey not later than 30 days after the effective date of this lease, a contract for the disposal of oil, gas, natural gasoline, and other products of the leased land. INSTRUCTIONS

A. GENERAL INSTRUCTIONS

- 1. This offer must be filled in on a typewriter or printed plainly in ink and must be signed in ink.
2. This form is to be used in offering to lease noncompetitively public domain lands or oil and gas deposits reserved to the United States in disposals of such lands for the purpose of drilling, mining, extracting, removing and disposing of oil and gas deposits, except helium. This form should not be used in offering to lease acquired lands or lands on a known geologic structure of a producing oil or gas field.
3. Offers to lease may be made by individuals 21 years of age or over, who are citizens of the United States, and by corporations, partnerships or associations.
4. This offer must be prepared in quadruplicate and filed in the proper land office. The term "filing" means the actual receipt of the offer in the proper land office. If the land is in a State for which there is no land office, the offer must be filed with the Bureau of Land Management, Department of the Interior, Washington 25, D. C. See 43 CFR 192.42 (b). If less than five copies are filed, the offeror will have 30 days from the date of first filing to file the other required copies, failing in which the offer will be rejected and returned to the offeror, and will afford no priority.
5. The offeror shall mark one of the copies first filed at the top with the word "original." If that is not done, the manager will so mark one copy. If there is any variation in the land descriptions among the five copies, the one marked "original" shall govern as to the lands covered by the lease.
6. If additional space is needed in furnishing any of the required information it should be prepared on additional sheets, initialed and attached and made part of this offer to lease, such additional sheets to be attached to each copy of the form submitted.
7. If any of the land described in item 2 of the offer is open to oil and gas lease filing when the offer is filed but is omitted from the lease for any reason and thereafter becomes available for leasing to the offeror, the original lease will be amended to include the omitted land, unless before the issuance of the amendment on Form 4-1163, the land office receives the withdrawal of the offer as to such land or an election to receive a separate lease to be dated in accordance with 43 CFR 192.40a, in which case such separate lease will be issued. If the lease is amended the rental charged and the lease term will be the same as though the added land had been included in the original lease when it was issued.
8. As an incident to the assignment of the whole interest in all or any part of the lease, the lessee may assign the whole interest in all or any part of the offer. As an incident to the assignment of an undivided fractional interest in the whole lease, the lessee may assign an undivided fractional interest in the whole offer. Applications for approval of assignments of an offer must include a statement that the assignee agrees to be bound by the offer to the extent it is assigned and may be signed by the assignee. In other instances assignments of the offer will not be approved prior to the issuance of a lease for the lands deposits covered by said assignments.
9. The offer will be rejected and returned to the offeror and will afford the applicant no priority if: (a) The land description does not comply with

- requirements of section 192.42a or the lands are not entirely within an area of 6 miles square or an area of 8 surveyed sections in length or width. (b) The total acreage exceeds 2,500 acres, except where the rule of approximation applies or is less than 640 acres or the equivalent of a section and is not within the exceptions in 43 CFR 192.42 (d). This does not apply to the full filing fee and the first year's rental do not accompany the offer. The rental payment to be for the total acreage if known, and if not known, for the total acreage computed on the basis of 40 acres for each smallest legal subdivision, except where the rental is in error by not more than 10 percent. (d) Except if the power of attorney is within the purview of paragraph 32 CFR 192.42(e) (4)(1), the offer is signed by an attorney in fact or agent in behalf of the offeror and the offer is not accompanied by a statement of the offeror's own signature with respect to holdings and citizenship and by the evidence required by 43 CFR 192.42 (e) (4), and such statement by the principal (offeror) is not filed within 15 days after the filing of the offer. (a) The offer is signed by a grantor or trustee in behalf of a minor and is not accompanied by the evidence required by 43 CFR 192.42 (e) (5). (f) Less than five copies of the offer are filed and the copies lacking are not received in the land office before the expiration of 30 days from the date of receipt of the copies first filed; or (g) There is noncompliance with item (5) (a) and (5) (a) of the Special Instructions. The offeror will be given an opportunity to file a new offer within 30 days from service of the rejection, and the fee and rental payments on the old offer will be applied to the new offer if the new offer shows the serial and receipt numbers of the old offer. The advance rental will be returned unless within the 30-day period another offer is filed.
B. SPECIAL INSTRUCTIONS
Item 2.—Total area of land requested should be shown in acres in space provided at bottom of item 2. That area, except where the rule of approximation applies, must not exceed 2,500 acres or be less than 640 acres or the equivalent of a section except as provided in 43 CFR 192.42 (d). All of the land must be within a 6-mile square or an area of 6 surveyed sections in length or width. The description of surveyed and unsurveyed lands, or lands covered by protracted surveys must conform to the provisions of 43 CFR 192.42a.
Item 3.—This space is not to be filled in. When leased is issued this space will contain the identification of the leased area and total acres.
Item 4.—The total amount remitted should include a \$10 filing fee and the first year's rental of the land requested at the rate of 50 cents an acre or fraction thereof, any fraction being counted as an additional acre. The \$10 filing fee is retained as a service charge, even in those cases where the offer to lease is completely rejected. In order to protect the offeror's priorities with respect to the land requested, it is important that the rental payment submitted with the offer be sufficient to cover all the land requested at the rate of 50 cents an acre or fraction thereof. If the land requested includes lots or irregular quarter-quarter sections, an exact area of which is not known to the offeror, rental may be submitted for the purpose of the offer on the basis of each such lot or quarter-quarter section containing 40 acres. If the offer is withdrawn in whole or in part before a lease is issued or if the offer is rejected in whole or in part, the rental remitted for the parts withdrawn or rejected

- will be returned. Where at the time the lease is to be issued, the land applied for or any part of it is within a known geologic structure of a producing oil or gas field, the lessee will be billed for the additional rental of \$150 an acre on all the leased land as the yearly rental on such lands in \$2 per acre.
Item 5.—The offer will indicate whether a citizen by birth or naturalization. If production is obtained under this lease or allocated to it, the citizenship status of the lessee will be verified.
If offeror is an unincorporated association (including a partnership), the offer must be accompanied by a statement giving the same showing as for a citizen. If the offeror is a partnership, the offer must be accompanied by a statement showing the same showing as for a citizen.
If offeror is a corporation it must submit a statement containing the following information: the State in which it is incorporated; that it is authorized to hold oil and gas leases and that the offeror executing the lease is authorized to act on behalf of the corporation in such matters; the percentage of the voting stock and of all the stock owned by aliens or those having addresses outside the United States. Where such ownership is over 10 percent, additional information may be required by the Bureau before the lease is issued or when production is obtained. If any appreciable percentage of the stock is held by aliens of the excepted class the application will be denied. If 20 percent or more of the stock of any class is owned or controlled by or on behalf of any one stockholder a separate showing of his citizenship and holdings must be furnished.
Item 5 (b).—Acreage included in unutilized leased and leases subject to certain development contracts approved by the Secretary under authority of section 17 (b) is not chargeable.
Item 5 (c).—Whenever applicable the stipulations referred to will be made a part of this lease and will be furnished the lessee with the lease when issued. The forms covering them with a brief description are as follows: 4-216 Stipulations for lands where the surface control is under the jurisdiction of the Department of Agriculture; 4-497 Lands potentially irrigable; 4-467 (a) Lands within the flow limits of a reservoir site; 4-467 (b) Lands within the drainage area of a constructed reservoir; 4-1225 Lands withdrawn for power purposes; and 4-1283, Wildlife Refuge, Game Range, and Coordination Lands. Whenever other stipulations are necessary, lessee will be required to agree to them before the issuance of the lease.
Item 5 (e).—If there are settlers attach a sheet giving the name and post-office address of each and description of the lands claimed by notes and bounds or protracted surveys and approximate legal subdivisions.
Item 6.—Offeror must indicate whether or not he is the sole party in interest in this offer and the lease, if issued. If not the sole party in interest, the offeror must submit at the time the offer is filed a signed statement setting forth the names of the other interested parties. If there are other parties interested in the offer, a separate statement must be signed by them and the offeror, setting forth the names and extent of the interest of each, the nature of the agreement between them if any, and a copy of the agreement if written. A separate statement and written agreement, if any, must be filed within 30 days after the filing of the lease offer. All interested parties must furnish evidence of their qualifications to hold such lease interest.
