INSTRUCTIONS

1. *Use of form.* This form is to be used only for assignment of record title interests in oil and gas leases. It is *not* to be used for assignments of working or royalty interest, operating agreements, or subleases. The assignment, if approved, will take effect as of the first day of the lease month following the date of filing in the proper Land Office of three (3) *original* executed counterparts thereof, together with any required bond and proof of the qualification of the assignee to take and hold the interest assigned. Assignments *must* be filed within ninety (90) days from date of final execution and *each must* be accompanied by a filing fee of $10. Any assignment not accompanied by the required fee will *not* be accepted for filing. An assignment of record title may cover lands in only one lease. Where more than one assignment is made out of a lease, a separate instrument of transfer *must* be filed for *each* assignment.

2. *Qualifications of assignee.* Assignee *must* indicate whether or not he is over the age of 21 *and* a citizen of the United States. If assignee is an unincorporated association (including a partnership), the assignment *must* be accompanied by a statement giving the same showing as to citizenship and holdings of its members as required of an individual. If assignee is a corporation, it *must* submit a statement containing the following information: (a) the State in which it is incorporated; (b) that it is authorized to hold oil and gas leases; (c) that the officer executing the assignment is authorized to act on behalf of the corporation in such matters; and (d) the percentage of the voting stock and of all of the stock owned by aliens or those having addresses outside the United States. If 10 percent or more of the stock of any class is owned or controlled by or on behalf of any one stockholder, a separate showing of his citizenship and holdings *must* be furnished. Where evidence of the corporation's citizenship and stock ownership has previously been furnished, reference by serial number to the record in which it has been filed, together with a statement as to any amendments, will be sufficient. With respect to qualifications of the assignee, there *must* be full compliance with the regulations 43 CFR 3123.2.

3. *Statement of interests.* Assignee must indicate whether or not he is the sole party in interest in the assignment. If not the sole party in interest, the assignee *must* submit at the time the assignment is filed a signed statement setting forth the names of the other interested parties. If there are other parties interested in the assignment, a separate statement *must* be signed by each and the assignee setting forth the nature and extent of the interest of each, the nature of the agreement between them, if oral; and a copy of the agreement, if written. All interested parties *must* furnish evidence of their qualifications to hold such lease interests. Such separate statement and written agreement, if any, *must* be filed not later than fifteen (15) days after the filing of the assignment.

4. *Overriding royalties or payments out of production.* Any overriding royalties or payments out of production created by the assignment but not set out therein *must* be described in an accompanying statement. If payments out of production are reserved by the assignor, outline in detail the amount, method of payment, and other pertinent terms.

5. *Effect of assignment.* Upon approval of the assignment, the assignee becomes the lessee of the Government as to the assigned interest and will be responsible for compliance with all the lease terms and conditions, including timely payment of annual rentals and maintenance of bond, if required. The approval of an assignment of part of the leased lands creates separate leases out of the assigned portion and the retained portion, but there is no change in either the anniversary date or the term of such leases except as provided under the regulations 43 CFR 3128.5. Oil and gas leases are governed by the regulations 43 CFR 3100 and 3128, of which sections 3128.1–6 relate to assignments of such leases or interests therein.

6. A copy of the executed lease out of which this assignment is made should be made available to the assignee by the assignor.

INSTRUCTIONS

1. *Use of form.* This form is to be used only for assignment of record title interests in oil and gas leases. It is *not* to be used for assignments of working or royalty interest, operating agreements, or subleases. The assignment, if approved, will take effect as of the first day of the lease month following the date of filing in the proper Land Office of three (3) *original* executed counterparts thereof, together with any required bond and proof of the qualification of the assignee to take and hold the interest assigned. Assignments *must* be filed within ninety (90) days from date of final execution, and *each must* be accompanied by a filing fee of $10. Any assignment not accompanied by the required fee will not be accepted for filing. An assignment of record title may cover lands in only one lease. Where more than one assignment is made out of a lease, a separate instrument of transfer *must* be filed for each assignment.

2. *Qualifications of assignee.* Assignee *must* indicate whether or not he is over the age of 21 *and* a citizen of the United States. If assignee is an unincorporated association (including a partnership), the assignment *must* be accompanied by a statement giving the same showing as to citizenship and holdings of its members as required of an individual. If assignee is a corporation, it *must* submit a statement containing the following information: (a) the State in which it is incorporated; (b) that it is authorized to hold oil and gas leases; (c) that the officer executing the assignment is authorized to act on behalf of the corporation in such matters, and (d) the percentage of the voting stock and of all of the stock owned by aliens or those having addresses outside the United States. If 10 percent or more of the stock of any class is owned or controlled by or on behalf of any one stockholder, a separate showing of his citizenship and holdings *must* be furnished. Where evidence of the corporation's citizenship and stock ownership has previously been furnished, reference by serial number to the record in which it has been filed, together with a statement as to any amendments, will be sufficient. With respect to qualifications of the assignee, there *must* be full compliance with the regulations 43 CFR 3123.2.

3. *Interests of others.* Assignee must indicate whether or not he is the sole party in interest in the assignment. If not the sole party in interest, the assignee *must* submit at the time the assignment is filed a signed statement setting forth the names of the other interested parties. If there are other parties interested in the assignment, a separate statement *must* be signed by each and the assignee setting forth the nature and extent of the interest of each, the nature of the agreement between them, if oral, and a copy of the agreement, if written. All interested parties *must* furnish evidence of their qualifications to hold such lease interests. Such separate statement and written agreement, if any, *must* be filed not later than fifteen (15) days after the filing of the assignment.

4. *Overriding royalties or payments out of production.* Any overriding royalties or payments out of production created by the assignment but not set out therein *must* be described in an accompanying statement. If payments out of production are reserved by the assignor, outline in detail the amount, method of payment, and other pertinent terms.

5. *Effect of assignment.* Upon approval of the assignment, the assignee becomes the lessee of the Government as to the assigned interest and will be responsible for compliance with all the lease terms and conditions, including timely payment of annual rentals and maintenance of bond, if required. The approval of an assignment of part of the leased lands creates separate leases out of the assigned portion and the retained portion, but there is no change in either the anniversary date or the term of such leases except as provided under the regulations 43 CFR 3128.5. Oil and gas leases are governed by the regulations 43 CFR 3100 and 3128, of which sections 3128.1–6 relate to assignments of such leases or interests therein.

LEASE TERMS

SEC. 1. *Rights of lessee.*—The lessee is granted the exclusive right and privilege to drill for, mine, extract, remove, and dispose of all the oil and gas (except helium gas, in the lands leased, together with the right to construct and maintain thereupon, all works, buildings, plants, waterways, roads, telegraph or telephone lines, pipelines, reservoirs, tanks, pumping stations, or other structures necessary to the full enjoyment thereof, for a period of 10 years, and so long thereafter as oil or gas is produced in paying quantities, subject to any unit agreement heretofore or hereafter approved by the Secretary of the Interior, the provisions of said agreement to govern the area so covered thereby where inconsistent with the terms of this lease.

SEC. 2. The lessee agrees

(a) *Bonds.*—(1) To file any bond required by the regulations and to maintain such bond in full force and effect until the lease terminates. (2) To maintain any bond furnished by the lessee as a condition for the issuance of this lease. (3) To furnish a bond in such form and for the amount of $2 per acre annual rental, but not less than $500 nor more than $5,000, upon the inclusion of any part of the lease in a unit agreement providing for the operation of a producing oil or gas field. (4) To furnish prior to beginning drilling operations and maintain at all times thereafter as required by the lessor a bond in the penal sum of $10,000 with approved corporate surety, conditioned upon compliance with the terms of this lease, unless a bond in that amount is already being maintained or unless such a bond is furnished by an operator of the area involved. (5) Until a general lease bond is filed to furnish and maintain a bond in the penal sum of not less than $25,000 in those cases in which a bond is required by law for the protection of the owners of surface rights. In lieu of any of the bonds described herein, the lessee may file such other bond as the regulations may permit.

(b) *Cooperative or unit plan.* Within 30 days of demand, or, if the leased land is committed to an approved unit or cooperative plan and such plan is terminated prior to the expiration of this lease, within 30 days of demand made thereafter, to subscribe to and to operate under such reasonable cooperative or unit plan for the development and operation of the area, field, or pool, or part thereof, embracing the lands included herein as the Secretary of the Interior may then determine to be practicable and necessary or advisable, which plan shall adequately protect the rights of all parties in interest, including the United States.

(c) *Wells.*—(1) To drill and produce all wells necessary to protect the leased land from drainage by wells on lands not the property of the lessor, or lands of the United States leased at a lower royalty rate, or as to which the royalties and rentals are paid into different funds than are those of this lease; or in lieu of any part of such drilling and production, with the consent of the Director of the Geological Survey, to compensate the lessor in full each month for the estimated loss of royalty through drainage in the amount determined by said Director; (2) at the election of the lessee, to drill and produce other wells in conformity with any system of well spacing or production allotments affecting the field or area in which the leased lands are situated, which is authorized and sanctioned by applicable law or by the Secretary of the Interior; and (3) promptly after due notice in writing to drill and produce such other wells as the Secretary of the Interior may reasonably require in order that the leased premises may be properly and timely developed and produced in accordance with good operating practice.

(d) *Rentals and royalties.*—(1) To pay rentals and royalties in amount or value of production removed or sold from the leased lands as follows:

Rentals.—To pay the lessor in advance an annual rental at the following rates:

(a) If the lands are wholly outside the known geologic structure of a producing oil or gas field:

(i) For each lease year a rental of 50 cents per acre or fraction of an acre.

(b) If the lands are wholly or partly within the known geologic structure of a producing oil or gas field:

(i) Beginning with the first lease year after 30 days' notice that all or part of the land is included in such a structure and for each year thereafter, prior to a discovery of oil or gas on the lands leased, $2 per acre or fraction of an acre.

(ii) If this lease is committed to an approved cooperative or unit plan which includes a well capable of producing oil or gas and contains a general provision for allocation of production, the rental prescribed for the respective lease years in subparagraph (a) of this section, shall apply to the acreage not within a participating area.

Minimum royalty. Commencing with the lease year beginning on or after a discovery on the leased land, to pay the lessor in lieu of rental, a minimum royalty of $1 per acre or fraction thereof at the expiration of each lease year, or the difference between the actual royalty paid during the year if less than $1 per acre, and the prescribed minimum royalty of $1 per acre, provided that if this lease is unitized, the minimum royalty shall be payable only on the participating acreage and rental shall be payable on the nonparticipating acreage as provided in subparagraph (b) (ii) above.

Royalty on production.—To pay the lessor 12½ percent royalty on the production removed or sold from the leased lands computed in accordance with the Oil and Gas Operating Regulations (30 CFR Pt. 221).

(2) It is expressly agreed that the Secretary of the Interior may establish reasonable minimum values for purposes of computing royalty on any or all oil, gas, natural gasoline, and other products obtained from gas, due consideration being given to the highest price paid for a part or for a majority of production of like quality in the same field, to the price received by the lessee, to posted prices, and to other relevant matters and, whenever appropriate, after notice and opportunity to be heard.

(3) When paid in value, such royalties on production shall be due and payable monthly on the last day of the calendar month next following the calendar month in which produced. When paid in amount or production, such royalty products shall be delivered in merchantable condition on the premises where produced without cost to lessor, unless otherwise agreed to by the parties hereto, at such times and in such tanks provided by the lessor as he may reasonably require, but in no case shall the lessee be required to hold such royalty products in storage beyond the last day of the calendar month next following the calendar month in which produced nor be responsible or held liable for the loss or destruction of royalty oil or other products in storage from causes over which he has no control.

(4) Rentals or minimum royalties may be waived, suspended or reduced and royalties on the entire leasehold or any portion thereof segregated for royalty purposes may be reduced if the Secretary of the Interior is satisfied that for the purpose of encouraging the greatest ultimate recovery of oil or gas and in the interest of conservation of natural resources, it is necessary, in his judgment, to do so in order to promote development, or because the lease cannot be successfully operated under the terms fixed herein.

(e) *Payments.* Unless otherwise directed by the Secretary or the lessor to make rental, royalty, or other payments to the lessor, in order of the Bureau of Land Management at the place designated in the regulations (43 CFR 191.12). If there is no well on the leased lands capable of producing oil or gas in paying quantities, the lessee to pay rental on or before the anniversary date shall automatically terminate the lease by operation of law. However if the time for payment falls on a day on which the proper office to receive payment is closed, payment shall be deemed timely if made on the next official working day.

(f) *Contracts for disposal of products.*—To file with the Oil and Gas Supervisor of the Geological Survey, not later than 30 days after the effective date thereof any contract, or evidence of other arrangement, for the sale or disposal of oil, gas, natural gasoline and other products of the leased land. *Provided*, That nothing in any such contract or such arrangement shall be construed as modifying any of the provisions of this lease, including, but not limited to, provisions relating to gas waste, taking royalties in kind, and the method of computing royalties due as based on a reasonable minimum value established in accordance with the Oil and Gas Operating Regulations.

(g) *Statements, plats and reports.* At such times and in such form as the lessor may prescribe, to furnish detailed statements showing the amounts and quality of all products removed and sold from the lease, the proceeds therefrom, and the amount used for production purposes or unavoidably lost; a plat showing development work and improvements on the leased lands, and a report with respect to stockholders, investments, depreciation and costs.

(h) *Well records.* To keep a daily drilling record, a log and complete information on all well surveys and tests in the form acceptable to or prescribed by the lessor of all wells drilled on the leased lands and an accurate record of all subsurface investigations affecting said lands, and to furnish them, or copies thereof, to the lessor when required. All information obtained under this paragraph, upon the request of lessee, shall not be open to inspection by the public until the expiration of the lease.

(i) *Inspection.* To keep open at all reasonable times for the inspection of any duly authorized officer of the Department, the leased premises and all wells, improvements, machinery, and fixtures thereon and all books, accounts, maps and records relative to operations and surveys or investigations on the leased lands or under the lease. All information obtained pursuant to any such inspection, upon the request of the lessee, shall not be open to inspection by the public until the expiration of the lease.

(j) *Diligence, prevention of waste, health and safety of workmen.*—To exercise reasonable diligence in drilling and producing the wells herein provided for unless consent to suspend operations temporarily is granted by the lessor; to carry on all operations in accordance with approved methods and practice as provided in the Oil and Gas Operating Regulations, having due regard for the prevention of waste of oil or gas or damage to deposits or formations containing oil, gas, or water or to coal measures or other mineral deposits, for conservation of gas energy, for the preservation and conservation of the property for future productive operations, and for the health and safety of workmen and employees; to plug properly and effectively all wells drilled in accordance with the provisions of this lease or of any prior lease or permit upon which the right to this lease was predicated before abandoning the same; to carry out at expense of the lessee all reasonable orders of the lessor relative to the matters in this paragraph, and that on failure of the lessee so to do the lessor shall have the right to enter on the property and to accomplish the purpose of such orders at the lessee's cost: *Provided*, That the lessee shall not be held responsible for delays or casualties occasioned by causes beyond lessee's control.

(k) *Taxes and wages, freedom of purchase.*—To pay when due, all taxes lawfully assessed and levied under the laws of the State or the United States upon improvements, oil and gas produced from the lands hereunder, or other rights, property, or assets of the lessee, to accord all workmen and employees complete freedom of purchase, and to pay all wages due workmen and employees at least twice each month in the lawful money of the United States.

(l) *Nondiscrimination.* That in connection with the performance of work under this contract the lessee agrees as follows:

(1) The lessee will not discriminate against any employee or applicant for employment because of race, creed, color, or national origin. The lessee will take affirmative action to ensure that applicants are employed and that employees are treated during employment, without regard to their race, creed, color, or national origin. Such action shall include but not be limited to the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The lessee agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Contracting Officer setting forth the provisions of this nondiscrimination clause.

(6) In the event of the lessee's noncompliance with the nondiscrimination clauses of this lease or with any of such rules, regulations, or orders, this lease may be canceled, terminated or suspended in whole or in part and the lessee may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order No. 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(7) The lessee will include the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Executive Order No. 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The lessee will take such action with respect to any subcontract or purchase order as the agency Contracting Officer may direct as a means of enforcing such provisions including sanctions for noncompliance: *Provided*, however, That in the event the lessee becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the agency, the lessee may request the United States to enter into such litigation to protect the interests of the United States.

S. C. sec. 351).

1. Name. The name of the limited partnership is PETRO-LEWIS OIL INCOME PROGRAM/1975-11 (the "Partnership").

2. Business. The character of the business of the Partnership is to acquire (by lease, purchase, farmout or otherwise), own, hold, operate, sell and exchange oil, gas and other mineral properties and interests therein of all kinds, direct or indirect; to produce, process, refine, transport and sell oil, gas and other minerals and the products thereof, and to purchase, lease, own, hold, operate, sell and exchange all equipment, machinery, facilities, systems and plants appropriate for such purposes; and to purchase interests in general or limited partnerships, joint ventures and other entities which hold or which are formed to acquire interests in such properties or products or for any other such purpose. The Partnership may purchase and temporarily hold corporate equity securities if, in the General Partner's judgment, such activity is a necessary or advisable step toward the acquisition of interests in producing oil, gas or other mineral properties. To accomplish its purpose of deriving income from or based upon or related to the production and sale of oil, gas and other minerals, and the products thereof, the Partnership may take part in other kinds of transactions relating to oil, gas and other mineral properties or their products, if, in the General Partner's judgment, the economic effect of such transactions can reasonably be expected to be substantially the same as ownership of the properties or products. The

Partnership may engage in transactions of the sort described in this paragraph even if doing so will present different or more substantial business risks than those customarily associated with the purchase and operation of producing properties. In addition, the Partnership may, subject to the provisions of subparagraph 5(c) of this Certificate, sell or otherwise dispose of all or substantially all of its assets for such consideration or considerations as the partners voting in favor of the transaction may approve as required by said subparagraph 5(c). The Partnership may purchase the interests of limited partners withdrawing from the Partnership pursuant to the provisions of Article 9 of the Limited Partnership Agreement, or (during the Partnership's property acquisition period) the interests of limited partners withdrawing from other partnerships formed by the General Partner for purposes similar to those of this Partnership, which other partnerships are formed with agreements containing provisions similar to those of Article 9, at the price determined in accordance with such provisions subject to these limitations: (a) No such purchase shall be made if doing so will impair the capital or operation of the Partnership; (b) not more than 25 percent of its own limited partner interests may be so purchased by the Partnership; and (c) no more than 20 percent of the limited partners' contributions to Partnership capital shall be applied to such purchases. The proceeds of loans obtained by the Partnership may be used for this purpose. Partnership income may be used to purchase the interests of its own limited partners but not those of other limited partners. The Partnership shall not engage in exploratory or development drilling. However, the Partnership may undertake any operations, including drilling of replacement, supplemental recovery or other wells, necessary to produce and market the acquired reserves and the products thereof, efficiently. The business shall be conducted in the United States, except that under circumstances where

the General Partner believes it would be to the advantage of the Partnership, the business may be conducted in other countries.

3. Principal Place of Business. The location of the principal place of business of the Partnership shall be in Denver, Colorado, or in such other place as may be selected from time to time by the General Partner.

4. Partners: Names, Places of Residence and Designation.

Name	Place of Residence
(a) General Partner	
Petro-Lewis Funds, Inc.	1600 Broadway Denver, Colorado 80202

(b) Limited Partners: For the names and places of residence of limited partners, see Exhibit A attached hereto. The information contained therein is by this reference incorporated herein and made a part hereof as fully as if set forth at length at this point.

5. Term. The Partnership shall commence upon the filing of this Certificate with the Clerk and Recorder of the City and County of Denver, Colorado. It shall continue for so long thereafter as the Partnership holds any interests in oil, gas or other mineral property, unless sooner dissolved by any of the following events: (a) the withdrawal (on 30 days' written notice to the Limited Partners), dissolution or bankruptcy of the General Partner, or any other event which would cause the Partnership to be dissolved under the Uniform Limited Partnership Law of Colorado; (b) the continued conduct of the Partnership business becoming unlawful; (c) the sale or other disposition of all or substantially all of the assets of the Partnership, which may be effected at any time after the date on which this Certificate is filed upon the affirmative vote of the General Partner and of limited partners who contributed more than 50 percent of the Partnership capital contributed by all of the limited partners; or (d) the affirmative vote of limited partners who contributed more than 50 percent of the

Partnership capital contributed by all of the limited partners, such vote being taken in writing upon the proposal by limited partners who contributed not less than 10 percent of the Partnership capital contributed by all of the limited partners. Any vote taken pursuant to (c) or (d) of this section which meets the requirements thereof for action thereunder shall be binding upon the interests of all of the partners.

6. Contributions by Limited Partners. For the names of limited partners and their respective cash contributions to the Partnership, see Exhibit A attached hereto. The information contained therein is by this reference incorporated herein and made a part hereof as fully as if set forth at length at this point. No limited partner has contributed any property other than cash.

7. Additional Contributions by Limited Partners. No limited partner has agreed to make any additional contribution to the Partnership.

8. Return of Contributions of Limited Partners. No limited partner is specifically entitled to return of his capital contribution to the Partnership until termination and dissolution of the Partnership, except as follows: (a) On or before the last day of the month following each full calendar quarter after the date on which this Certificate is filed, or at such other times as shall be determined by the General Partner, the Partnership shall distribute such cash funds as are not, in the opinion of the General Partner, necessary to the conduct of the Partnership's business. Such distributions may include some part or all of the capital contributions of the limited partners; (b) upon withdrawal of a limited partner pursuant to paragraph 9.2 of the Limited Partnership Agreement, the purchase price of his surrendered limited partnership interest may be paid by the Limited Partnership, subject to the limitations and in accordance with the terms set forth in paragraph 2 of this Certificate and paragraph 1.5 of the Limited Partnership Agreement; and (c) at any time after formation of the Partnership, the General Partner or other purchaser

of a limited partner interest (whether or not such purchaser shall be admitted as a substituted limited partner in the Partnership) sold pursuant to the provisions of Article 9 of the Partnership Agreement shall have the right, with the consent of the General Partner and at such times as the General Partner shall approve, to surrender the interest so purchased to the Partnership in exchange for the pro rata share attributable to such interest of the net assets of the Partnership, including but not limited to a pro rata undivided interest in the Partnership's oil and gas property interests which shall be assigned to such purchaser subject to a pro rata share of all liens and other encumbrances burdening such properties. The pro rata share of Partnership net assets attributable to any Partnership interest shall be a percentage thereof equal to such interest's percentage interest in Partnership profits, income, gains, and credits determined as set forth in subparagraph 6.1 of the Limited Partnership Agreement and paragraph 9 of this Certificate.

9. Limited Partner's Share in Income. The profits, income, gains and credits (including all federal income tax credits) of the Partnership shall be credited to the General Partner and the limited partners in the following percentages:

(a) General Partner - 15 percent

(b) Limited Partners - 85 percent, divided among them in the proportion that the capital contribution of each limited partner bears to the total capital contributions of all limited partners.

In case the Partnership purchases the interest of a withdrawing limited partner as provided in subparagraph 1.5 of the Limited Partnership Agreement, or in case any partner's interest is surrendered as provided in subparagraphs 9.1 or 9.2(f)

013

of the Limited Partnership Agreement, the percentages set forth immediately above for the General Partner and the limited partners shall be proportionately adjusted so that the sum thereof shall remain 100 percent. Notwithstanding any of the foregoing, the aggregate losses allocated to the limited partners for the first two fiscal years of the Partnership shall not exceed the amount of their contributions to capital of the Partnership.

10. Substitution of Limited Partners. A limited partner may assign all or part of his interest in the Partnership to any other person, who may thereupon become a substituted limited partner with respect to the assigned interest subject to the General Partner's written consent and the execution and delivery to the General Partner of such documents and the taking of such other action as the General Partner shall reasonably deem necessary or advisable to cause such assignee to become a substituted limited partner, and the payment by such assignee of all reasonable expenses required by the General Partner to be paid in connection therewith, which may include without limitation the cost of preparing and filing an amended limited partnership certificate or certificates. The General Partner may defer the admission of any assignee, transferee or donee as a substituted limited partner, in order to limit the number of times each year when amended Limited Partnership certificates are required to be filed to four filings each year. Any assignment of a limited partnership interest shall become effective as of the first day of the calendar month following the month in which the General Partner receives evidence thereof satisfactory to the General Partner.

Any limited partner may, with the written consent of the General Partner, assign all or any part of his interest in the Partnership by way of mortgage, pledge or other transfer for security purposes, and upon any foreclosure of any such security interest and proper notice thereof to the General Partner, the Partnership shall then make directly to such

assignee such distributions as shall accrue under the provisions of the PETRO-LEWIS OIL INCOME PROGRAM/1975-11 LIMITED PARTNERSHIP AGREEMENT to such encumbered Partnership interest. Such assignee may become a substituted limited partner, as that term is defined in the Uniform Limited Partnership Law of Colorado, subject to the fulfillment of the conditions precedent to acceptance as a substituted limited partner set forth above.

11. Admission of Additional Limited Partners. No right is given to the partners to admit additional limited partners.

12. Priorities Among Limited Partners. No limited partner has been given the right to priority over any other limited partners for any purpose whatsoever.

13. Continuation of Business. Petro-Lewis Funds, Inc., is the sole General Partner of the Partnership, and no right is given to continue the business of the Partnership in the event of the General Partner's withdrawal, dissolution or bankruptcy.

14. Right to Receive Property Other Than Cash. No limited partner is given the right to demand and receive property other than cash in return for his contribution, except that (1) with the consent of the General Partner and at such times as the General Partner shall approve, the purchaser of a limited partner interest under the circumstances described in Paragraph 8 of this Certificate shall have the right described in that Paragraph to surrender the purchased limited partner interest to the Partnership in exchange for a pro rata share of the Partnership's assets, and (2) upon dissolution of the Partnership, all producing oil and gas properties and all or any part of any undeveloped properties not sold by the liquidator shall be conveyed and assigned to the partners in undivided interests as tenants in common in accordance with

each partner's proportionate interest in Partnership profits, income, gains and credits as set forth in subparagraph 6.1 of the Limited Partnership Agreement as of the date of termination, subject to any amounts owing to creditors.

IN WITNESS WHEREOF this Certificate is signed and sworn to as of the 14th day of November, 1975.

CERTIFICATE OF LIMITED PARTNERSHIP

OF

PETRO-LEWIS OIL INCOME PROGRAM/1975-12

The undersigned, desiring to form a limited partnership pursuant to the laws of the State of Colorado and being all the members of such limited partnership, having signed and sworn to this Certificate, certify as follows:

072.00 A

1. Name. The name of the limited partnership is PETRO-LEWIS OIL INCOME PROGRAM/1975-12 (the "Partnership").

2. Business. The character of the business of the Partnership is to acquire (by lease, purchase, farmout or otherwise), own, hold, operate, sell and exchange oil, gas and other mineral properties and interests therein of all kinds, direct or indirect; to produce, process, refine, transport and sell oil, gas and other minerals and the products thereof, and to purchase, lease, own, hold, operate, sell and exchange all equipment, machinery, facilities, systems and plants appropriate for such purposes; and to purchase interests in general or limited partnerships, joint ventures and other entities which hold or which are formed to acquire interests in such properties or products or for any other such purpose. The Partnership may purchase and temporarily hold corporate equity securities if, in the General Partner's judgment, such activity is a necessary or advisable step toward the acquisition of interests in producing oil, gas or other mineral properties. To accomplish its purpose of deriving income from or based upon or related to the production and sale of oil, gas and other minerals, and the products thereof, the Partnership may take part in other kinds of transactions relating to oil, gas and other mineral properties or their products, if, in the General Partner's judgment, the economic effect of such transactions can reasonably be expected to be substantially the same as ownership of the properties or products. The

Partnership may engage in transactions of the sort described in this paragraph even if doing so will present different or more substantial business risks than those customarily associated with the purchase and operation of producing properties. In addition, the Partnership may, subject to the provisions of subparagraph 5(c) of this Certificate, sell or otherwise dispose of all or substantially all of its assets for such consideration or considerations as the partners voting in favor of the transaction may approve as required by said subparagraph 5(c). The Partnership may purchase the interests of limited partners withdrawing from the Partnership pursuant to the provisions of Article 9 of the Limited Partnership Agreement, or (during the Partnership's property acquisition period) the interests of limited partners withdrawing from other partnerships formed by the General Partner for purposes similar to those of this Partnership, which other partnerships are formed with agreements containing provisions similar to those of Article 9, at the price determined in accordance with such provisions subject to these limitations: (a) No such purchase shall be made if doing so will impair the capital or operation of the Partnership; (b) not more than 25 percent of its own limited partner interests may be so purchased by the Partnership; and (c) no more than 20 percent of the limited partners' contributions to Partnership capital shall be applied to such purchases. The proceeds of loans obtained by the Partnership may be used for this purpose. Partnership income may be used to purchase the interests of its own limited partners but not those of other limited partners. The Partnership shall not engage in exploratory or development drilling. However, the Partnership may undertake any operations, including drilling of replacement, supplemental recovery or other wells, necessary to produce and market the acquired reserves and the products thereof, efficiently. The business shall be conducted in the United States, except that under circumstances where

the General Partner believes it would be to the advantage of the Partnership, the business may be conducted in other countries.

3. Principal Place of Business. The location of the principal place of business of the Partnership shall be in Denver, Colorado, or in such other place as may be selected from time to time by the General Partner.

4. Partners: Names, Places of Residence and Designation.

Name	Place of Residence
(a) General Partner	
Petro-Lewis Funds, Inc.	1600 Broadway Denver, Colorado 80202

(b) Limited Partners: For the names and places of residence of limited partners, see Exhibit A attached hereto. The information contained therein is by this reference incorporated herein and made a part hereof as fully as if set forth at length at this point.

5. Term. The Partnership shall commence upon the filing of this Certificate with the Clerk and Recorder of the City and County of Denver, Colorado. It shall continue for so long thereafter as the Partnership holds any interests in oil, gas or other mineral property, unless sooner dissolved by any of the following events: (a) the withdrawal (on 30 days' written notice to the Limited Partners), dissolution or bankruptcy of the General Partner, or any other event which would cause the Partnership to be dissolved under the Uniform Limited Partnership Law of Colorado; (b) the continued conduct of the Partnership business becoming unlawful; (c) the sale or other disposition of all or substantially all of the assets of the Partnership, which may be effected at any time after the date on which this Certificate is filed upon the affirmative vote of the General Partner and of limited partners who contributed more than 50 percent of the Partnership capital contributed by all of the limited partners; or (d) the affirmative vote of limited partners who contributed more than 50 percent of the

Partnership capital contributed by all of the limited partners, such vote being taken in writing upon the proposal by limited partners who contributed not less than 10 percent of the Partnership capital contributed by all of the limited partners. Any vote taken pursuant to (c) or (d) of this section which meets the requirements thereof for action thereunder shall be binding upon the interests of all of the partners.

6. Contributions by Limited Partners. For the names of limited partners and their respective cash contributions to the Partnership, see Exhibit A attached hereto. The information contained therein is by this reference incorporated herein and made a part hereof as fully as if set forth at length at this point. No limited partner has contributed any property other than cash.

7. Additional Contributions by Limited Partners. No limited partner has agreed to make any additional contribution to the Partnership.

8. Return of Contributions of Limited Partners. No limited partner is specifically entitled to return of his capital contribution to the Partnership until termination and dissolution of the Partnership, except as follows: (a) On or before the last day of the month following each full calendar quarter after the date on which this Certificate is filed, or at such other times as shall be determined by the General Partner, the Partnership shall distribute such cash funds as are not, in the opinion of the General Partner, necessary to the conduct of the Partnership's business. Such distributions may include some part or all of the capital contributions of the limited partners; (b) upon withdrawal of a limited partner pursuant to paragraph 9.2 of the Limited Partnership Agreement, the purchase price of his surrendered limited partnership interest may be paid by the Limited Partnership, subject to the limitations and in accordance with the terms set forth in paragraph 2 of this Certificate and paragraph 1.5 of the Limited Partnership Agreement; and (c) at any time after formation of the Partnership, the General Partner or other purchaser

of a limited partner interest (whether or not such purchaser shall be admitted as a substituted limited partner in the Partnership) sold pursuant to the provisions of Article 9 of the Partnership Agreement shall have the right, with the consent of the General Partner and at such times as the General Partner shall approve, to surrender the interest so purchased to the Partnership in exchange for the pro rata share attributable to such interest of the net assets of the Partnership, including but not limited to a pro rata undivided interest in the Partnership's oil and gas property interests which shall be assigned to such purchaser subject to a pro rata share of all liens and other encumbrances burdening such properties. The pro rata share of Partnership net assets attributable to any Partnership interest shall be a percentage thereof equal to such interest's percentage interest in Partnership profits, income, gains, and credits determined as set forth in subparagraph 6.1 of the Limited Partnership Agreement and paragraph 9 of this Certificate.

9. Limited Partner's Share in Income. The profits, income, gains and credits (including all federal income tax credits) of the Partnership shall be credited to the General Partner and the limited partners in the following percentages:

(a) General Partner - 15 percent

(b) Limited Partners - 85 percent, divided among them in the proportion that the capital contribution of each limited partner bears to the total capital contributions of all limited partners.

In case the Partnership purchases the interest of a withdrawing limited partner as provided in subparagraph 1.5 of the Limited Partnership Agreement, or in case any partner's interest is surrendered as provided in subparagraphs 9.1 or 9.2(f)

of the Limited Partnership Agreement, the percentages set forth immediately above for the General Partner and the limited partners shall be proportionately adjusted so that the sum thereof shall remain 100 percent. Notwithstanding any of the foregoing, the aggregate losses allocated to the limited partners for the first two fiscal years of the Partnership shall not exceed the amount of their contributions to capital of the Partnership.

10. Substitution of Limited Partners. A limited partner may assign all or part of his interest in the Partnership to any other person, who may thereupon become a substituted limited partner with respect to the assigned interest subject to the General Partner's written consent and the execution and delivery to the General Partner of such documents and the taking of such other action as the General Partner shall reasonably deem necessary or advisable to cause such assignee to become a substituted limited partner, and the payment by such assignee of all reasonable expenses required by the General Partner to be paid in connection therewith, which may include without limitation the cost of preparing and filing an amended limited partnership certificate or certificates. The General Partner may defer the admission of any assignee, transferee or donee as a substituted limited partner, in order to limit the number of times each year when amended Limited Partnership certificates are required to be filed to four filings each year. Any assignment of a limited partnership interest shall become effective as of the first day of the calendar month following the month in which the General Partner receives evidence thereof satisfactory to the General Partner.

Any limited partner may, with the written consent of the General Partner, assign all or any part of his interest in the Partnership by way of mortgage, pledge or other transfer for security purposes, and upon any foreclosure of any such security interest and proper notice thereof to the General Partner, the Partnership shall then make directly to such

assignee such distributions as shall accrue under the provisions of the PETRO-LEWIS OIL INCOME PROGRAM/1975-12 LIMITED PARTNERSHIP AGREEMENT to such encumbered Partnership interest. Such assignee may become a substituted limited partner, as that term is defined in the Uniform Limited Partnership Law of Colorado, subject to the fulfillment of the conditions precedent to acceptance as a substituted limited partner set forth above.

11. Admission of Additional Limited Partners. No right is given to the partners to admit additional limited partners.

12. Priorities Among Limited Partners. No limited partner has been given the right to priority over any other limited partners for any purpose whatsoever.

13. Continuation of Business. Petro-Lewis Funds, Inc., is the sole General Partner of the Partnership, and no right is given to continue the business of the Partnership in the event of the General Partner's withdrawal, dissolution or bankruptcy.

14. Right to Receive Property Other Than Cash. No limited partner is given the right to demand and receive property other than cash in return for his contribution, except that (1) with the consent of the General Partner and at such times as the General Partner shall approve, the purchaser of a limited partner interest under the circumstances described in Paragraph 8 of this Certificate shall have the right described in that Paragraph to surrender the purchased limited partner interest to the Partnership in exchange for a pro rata share of the Partnership's assets, and (2) upon dissolution of the Partnership, all producing oil and gas properties and all or any part of any undeveloped properties not sold by the liquidator shall be conveyed and assigned to the partners in undivided interests as tenants in common in accordance with

each partner's proportionate interest in Partnership profits, income, gains and credits as set forth in subparagraph 6.1 of the Limited Partnership Agreement as of the date of termination, subject to any amounts owing to creditors.

IN WITNESS WHEREOF this Certificate is signed and sworn to as of the 31st day of December, 1975.

CERTIFICATE OF LIMITED PARTNERSHIP

OF

PETRO-LEWIS OIL INCOME PROGRAM/1976-1

The undersigned, desiring to form a limited partnership pursuant to the laws of the State of Colorado and being all the members of such limited partnership, having signed and sworn to this Certificate, certify as follows:

038.00 A ∞

1. Name. The name of the limited partnership is PETRO-LEWIS OIL INCOME PROGRAM/1976-1 (the "Partnership").

2. Business. The character of the business of the Partnership is to acquire (by lease, purchase, farmout or otherwise), own, hold, operate, sell and exchange oil, gas and other mineral properties and interests therein of all kinds, direct or indirect; to produce, process, refine, transport and sell oil, gas and other minerals and the products thereof, and to purchase, lease, own, hold, operate, sell and exchange all equipment, machinery, facilities, systems and plants appropriate for such purposes; and to purchase interests in general or limited partnerships, joint ventures and other entities which hold or which are formed to acquire interests in such properties or products or for any other such purpose. The Partnership may purchase and temporarily hold corporate equity securities if, in the General Partner's judgment, such activity is a necessary or advisable step toward the acquisition of interests in producing oil, gas or other mineral properties. To accomplish its purpose of deriving income from or based upon or related to the production and sale of oil, gas and other minerals, and the products thereof, the Partnership may take part in other kinds of transactions relating to oil, gas and other mineral properties or their products, if, in the General Partner's judgment, the economic effect of such transactions can reasonably be expected to be substantially the same as ownership of the properties or products. The

Partnership may engage in transactions of the sort described in this paragraph even if doing so will present different or more substantial business risks than those customarily associated with the purchase and operation of producing properties. In addition, the Partnership may, subject to the provisions of subparagraph 5(c) of this Certificate, sell or otherwise dispose of all or substantially all of its assets for such consideration or considerations as the partners voting in favor of the transaction may approve as required by said subparagraph 5(c). The Partnership may purchase the interests of limited partners withdrawing from the Partnership pursuant to the provisions of Article 9 of the Limited Partnership Agreement, or (during the Partnership's property acquisition period) the interests of limited partners withdrawing from other partnerships formed by the General Partner for purposes similar to those of this Partnership, which other partnerships are formed with agreements containing provisions similar to those of Article 9, at the price determined in accordance with such provisions subject to these limitations: (a) No such purchase shall be made if doing so will impair the capital or operation of the Partnership; (b) not more than 25 percent of its own limited partner interests may be so purchased by the Partnership; and (c) no more than 20 percent of the limited partners' contributions to Partnership capital shall be applied to such purchases. The proceeds of loans obtained by the Partnership may be used for this purpose. Partnership income may be used to purchase the interests of its own limited partners but not those of other limited partners. The Partnership shall not engage in exploratory or development drilling. However, the Partnership may undertake any operations, including drilling of replacement, supplemental recovery or other wells, necessary to produce and market the acquired reserves and the products thereof, efficiently. The business shall be conducted in the United States, except that under circumstances where

the General Partner believes it would be to the advantage of the Partnership, the business may be conducted in other countries.

3. Principal Place of Business. The location of the principal place of business of the Partnership shall be in Denver, Colorado, or in such other place as may be selected from time to time by the General Partner.

4. Partners: Names, Places of Residence and Designation.

Name	Place of Residence
(a) General Partner	
Petro-Lewis Funds, Inc.	1600 Broadway Denver, Colorado 80202

(b) Limited Partners: For the names and places of residence of limited partners, see Exhibit A attached hereto. The information contained therein is by this reference incorporated herein and made a part hereof as fully as if set forth at length at this point.

5. Term. The Partnership shall commence upon the filing of this Certificate with the Clerk and Recorder of the City and County of Denver, Colorado. It shall continue for so long thereafter as the Partnership holds any interests in oil, gas or other mineral property, unless sooner dissolved by any of the following events: (a) the withdrawal (on 30 days' written notice to the Limited Partners), dissolution or bankruptcy of the General Partner, or any other event which would cause the Partnership to be dissolved under the Uniform Limited Partnership Law of Colorado; (b) the continued conduct of the Partnership business becoming unlawful; (c) the sale or other disposition of all or substantially all of the assets of the Partnership, which may be effected at any time after the date on which this Certificate is filed upon the affirmative vote of the General Partner and of limited partners who contributed more than 50 percent of the Partnership capital contributed by all of the limited partners; or (d) the affirmative vote of limited partners who contributed more than 50 percent of the

Partnership capital contributed by all of the limited partners, such vote being taken in writing upon the proposal by limited partners who contributed not less than 10 percent of the Partnership capital contributed by all of the limited partners. Any vote taken pursuant to (c) or (d) of this section which meets the requirements thereof for action thereunder shall be binding upon the interests of all of the partners.

6. Contributions by Limited Partners. For the names of limited partners and their respective cash contributions to the Partnership, see Exhibit A attached hereto. The information contained therein is by this reference incorporated herein and made a part hereof as fully as if set forth at length at this point. No limited partner has contributed any property other than cash.

7. Additional Contributions by Limited Partners. No limited partner has agreed to make any additional contribution to the Partnership.

8. Return of Contributions of Limited Partners. No limited partner is specifically entitled to return of his capital contribution to the Partnership until termination and dissolution of the Partnership, except as follows: (a) On or before the last day of the month following each full calendar quarter after the date on which this Certificate is filed, or at such other times as shall be determined by the General Partner, the Partnership shall distribute such cash funds as are not, in the opinion of the General Partner, necessary to the conduct of the Partnership's business. Such distributions may include some part or all of the capital contributions of the limited partners; (b) upon withdrawal of a limited partner pursuant to paragraph 9.2 of the Limited Partnership Agreement, the purchase price of his surrendered limited partnership interest may be paid by the Limited Partnership, subject to [redacted]e limitations and in accordance with the terms set forth in paragraph 2 of this Certificate and paragraph 1.5 of the Limited Partnership Agreement; and (c) at any time after formation of the Partnership, the General Partner or other purchaser

of a limited partner interest (whether or not such purchaser shall be admitted as a substituted limited partner in the Partnership) sold pursuant to the provisions of Article 9 of the Partnership Agreement shall have the right, with the consent of the General Partner and at such times as the General Partner shall approve, to surrender the interest so purchased to the Partnership in exchange for the pro rata share attributable to such interest of the net assets of the Partnership, including but not limited to a pro rata undivided interest in the Partnership's oil and gas property interests which shall be assigned to such purchaser subject to a pro rata share of all liens and other encumbrances burdening such properties. The pro rata share of Partnership net assets attributable to any Partnership interest shall be a percentage thereof equal to such interest's percentage interest in Partnership profits, income, gains, and credits determined as set forth in subparagraph 6.1 of the Limited Partnership Agreement and paragraph 9 of this Certificate.

9. Limited Partner's Share in Income. The profits, income, gains and credits (including all federal income tax credits) of the Partnership shall be credited to the General Partner and the limited partners in the following percentages:

(a) General Partner - 15 percent

(b) Limited Partners - 85 percent, divided among them in the proportion that the capital contribution of each limited partner bears to the total capital contributions of all limited partners.

In case the Partnership purchases the interest of a withdrawing limited partner as provided in subparagraph 1.5 of the Limited Partnership Agreement, or in case any partner's interest is surrendered as provided in subparagraphs 9.1 or 9.2(f)

of the Limited Partnership Agreement, the percentages set forth immediately above for the General Partner and the limited partners shall be proportionately adjusted so that the sum thereof shall remain 100 percent. Notwithstanding any of the foregoing, the aggregate losses allocated to the limited partners for the first two fiscal years of the Partnership shall not exceed the amount of their contributions to capital of the Partnership.

10. Substitution of Limited Partners. A limited partner may assign all or part of his interest in the Partnership to any other person, who may thereupon become a substituted limited partner with respect to the assigned interest subject to the General Partner's written consent and the execution and delivery to the General Partner of such documents and the taking of such other action as the General Partner shall reasonably deem necessary or advisable to cause such assignee to become a substituted limited partner, and the payment by such assignee of all reasonable expenses required by the General Partner to be paid in connection therewith, which may include without limitation the cost of preparing and filing an amended limited partnership certificate or certificates. The General Partner may defer the admission of any assignee, transferee or donee as a substituted limited partner, in order to limit the number of times each year when amended Limited Partnership certificates are required to be filed to four filings each year. Any assignment of a limited partnership interest shall become effective as of the first day of the calendar month following the month in which the General Partner receives evidence thereof satisfactory to the General Partner.

Any limited partner may, with the written consent of the General Partner, assign all or any part of his interest in the Partnership by way of mortgage, pledge or other transfer for security purposes, and upon any foreclosure of any such security interest and proper notice thereof to the General Partner, the Partnership shall then make directly to such

assignee such distributions as shall accrue under the provisions of the PETRO-LEWIS OIL INCOME PROGRAM/1976-1 LIMITED PARTNERSHIP AGREEMENT to such encumbered Partnership interest. Such assignee may become a substituted limited partner, as that term is defined in the Uniform Limited Partnership Law of Colorado, subject to the fulfillment of the conditions precedent to acceptance as a substituted limited partner set forth above.

11. Admission of Additional Limited Partners. No right is given to the partners to admit additional limited partners.

12. Priorities Among Limited Partners. No limited partner has been given the right to priority over any other limited partners for any purpose whatsoever.

13. Continuation of Business. Petro-Lewis Funds, Inc., is the sole General Partner of the Partnership, and no right is given to continue the business of the Partnership in the event of the General Partner's withdrawal, dissolution or bankruptcy.

14. Right to Receive Property Other Than Cash. No limited partner is given the right to demand and receive property other than cash in return for his contribution, except that (1) with the consent of the General Partner and at such times as the General Partner shall approve, the purchaser of a limited partner interest under the circumstances described in Paragraph 8 of this Certificate shall have the right described in that Paragraph to surrender the purchased limited partner interest to the Partnership in exchange for a pro rata share of the Partnership's assets, and (2) upon dissolution of the Partnership, all producing oil and gas properties and all or any part of any undeveloped properties not sold by the liquidator shall be conveyed and assigned to the partners in undivided interests as tenants in common in accordance with

each partner's proportionate interest in Partnership profits, income, gains and credits as set forth in subparagraph 6.1 of the Limited Partnership Agreement as of the date of termination, subject to any amounts owing to creditors.

IN WITNESS WHEREOF this Certificate is signed and sworn to as of the 30th day of January, 1976.

CERTIFICATE OF LIMITED PARTNERSHIP

OF

PETRO-LEWIS OIL INCOME PROGRAM/1976-2

The undersigned, desiring to form a limited partnership pursuant to the laws of the State of Colorado and being all the members of such limited partnership, having signed and sworn to this Certificate, certify as follows:

316.00 A 8:

1. Name. The name of the limited partnership is PETRO-LEWIS OIL INCOME PROGRAM/1976-2 (the "Partnership").

2. Business. The character of the business of the Partnership is to acquire (by lease, purchase, farmout or otherwise), own, hold, operate, sell and exchange oil, gas and other mineral properties and interests therein of all kinds, direct or indirect; to produce, process, refine, transport and sell oil, gas and other minerals and the products thereof, and to purchase, lease, own, hold, operate, sell and exchange all equipment, machinery, facilities, systems and plants appropriate for such purposes; and to purchase interests in general or limited partnerships, joint ventures and other entities which hold or which are formed to acquire interests in such properties or products or for any other such purpose. The Partnership may purchase and temporarily hold corporate equity securities if, in the General Partner's judgment, such activity is a necessary or advisable step toward the acquisition of interests in producing oil, gas or other mineral properties. To accomplish its purpose of deriving income from or based upon or related to the production and sale of oil, gas and other minerals, and the products thereof, the Partnership may take part in other kinds of transactions relating to oil, gas and other mineral properties or their products, if, in the General Partner's judgment, the economic effect of such transactions can reasonably be expected to be substantially the same as ownership of the properties or products. The

Partnership may engage in transactions of the sort described in this paragraph even if doing so will present different or more substantial business risks than those customarily associated with the purchase and operation of producing properties. In addition, the Partnership may, subject to the provisions of subparagraph 5(c) of this Certificate, sell or otherwise dispose of all or substantially all of its assets for such consideration or considerations as the partners voting in favor of the transaction may approve as required by said subparagraph 5(c). The Partnership may purchase the interests of limited partners withdrawing from the Partnership pursuant to the provisions of Article 9 of the Limited Partnership Agreement, or (during the Partnership's property acquisition period) the interests of limited partners withdrawing from other partnerships formed by the General Partner for purposes similar to those of this Partnership, which other partnerships are formed with agreements containing provisions similar to those of Article 9, at the price determined in accordance with such provisions subject to these limitations: (a) No such purchase shall be made if doing so will impair the capital or operation of the Partnership; (b) not more than 25 percent of its own limited partner interests may be so purchased by the Partnership; and (c) no more than 20 percent of the limited partners' contributions to Partnership capital shall be applied to such purchases. The proceeds of loans obtained by the Partnership may be used for this purpose. Partnership income may be used to purchase the interests of its own limited partners but not those of other limited partners. The Partnership shall not engage in exploratory or development drilling. However, the Partnership may undertake any operations, including drilling of replacement, supplemental recovery or other wells, necessary to produce and market the acquired reserves and the products thereof, efficiently. The business shall be conducted in the United States, except that under circumstances where

the General Partner believes it would be to the advantage of the Partnership, the business may be conducted in other countries.

3. Principal Place of Business. The location of the principal place of business of the Partnership shall be in Denver, Colorado, or in such other place as may be selected from time to time by the General Partner.

4. Partners: Names, Places of Residence and Designation.

Name	Place of Residence
(a) General Partner	
Petro-Lewis Funds, Inc.	1600 Broadway Denver, Colorado 80202

(b) Limited Partners: For the names and places of residence of limited partners, see Exhibit A attached hereto. The information contained therein is by this reference incorporated herein and made a part hereof as fully as if set forth at length at this point.

5. Term. The Partnership shall commence upon the filing of this Certificate with the Clerk and Recorder of the City and County of Denver, Colorado. It shall continue for so long thereafter as the Partnership holds any interests in oil, gas or other mineral property, unless sooner dissolved by any of the following events: (a) the withdrawal (on 30 days' written notice to the Limited Partners), dissolution or bankruptcy of the General Partner, or any other event which would cause the Partnership to be dissolved under the Uniform Limited Partnership Law of Colorado; (b) the continued conduct of the Partnership business becoming unlawful; (c) the sale or other disposition of all or substantially all of the assets of the Partnership, which may be effected at any time after the date on which this Certificate is filed upon the affirmative vote of the General Partner and of limited partners who contributed more than 50 percent of the Partnership capital contributed by all of the limited partners; or (d) the affirmative vote of limited partners who contributed more than 50 percent of the

Partnership capital contributed by all of the limited partners, such vote being taken in writing upon the proposal by limited partners who contributed not less than 10 percent of the Partnership capital contributed by all of the limited partners. Any vote taken pursuant to (c) or (d) of this section which meets the requirements thereof for action thereunder shall be binding upon the interests of all of the partners.

6. Contributions by Limited Partners. For the names of limited partners and their respective cash contributions to the Partnership, see Exhibit A attached hereto. The information contained therein is by this reference incorporated herein and made a part hereof as fully as if set forth at length at this point. No limited partner has contributed any property other than cash.

7. Additional Contributions by Limited Partners. No limited partner has agreed to make any additional contribution to the Partnership.

8. Return of Contributions of Limited Partners. No limited partner is specifically entitled to return of his capital contribution to the Partnership until termination and dissolution of the Partnership, except as follows: (a) On or before the last day of the month following each full calendar quarter after the date on which this Certificate is filed, or at such other times as shall be determined by the General Partner, the Partnership shall distribute such cash funds as are not, in the opinion of the General Partner, necessary to the conduct of the Partnership's business. Such distributions may include some part or all of the capital contributions of the limited partners; (b) upon withdrawal of a limited partner pursuant to paragraph 9.2 of the Limited Partnership Agreement, the purchase price of his surrendered limited partnership interest may be paid by the Limited Partnership, subject to the limitations and in accordance with the terms set forth in paragraph 2 of this Certificate and paragraph 1.5 of the Limited Partnership Agreement; and (c) at any time after formation of the Partnership, the General Partner or other purchaser

of a limited partner interest (whether or not such purchaser shall be admitted as a substituted limited partner in the Partnership) sold pursuant to the provisions of Article 9 of the Partnership Agreement shall have the right, with the consent of the General Partner and at such times as the General Partner shall approve, to surrender the interest so purchased to the Partnership in exchange for the pro rata share attributable to such interest of the net assets of the Partnership, including but not limited to a pro rata undivided interest in the Partnership's oil and gas property interests which shall be assigned to such purchaser subject to a pro rata share of all liens and other encumbrances burdening such properties. The pro rata share of Partnership net assets attributable to any Partnership interest shall be a percentage thereof equal to such interest's percentage interest in Partnership profits, income, gains, and credits determined as set forth in subparagraph 6.1 of the Limited Partnership Agreement and paragraph 9 of this Certificate.

9. Limited Partner's Share in Income. The profits, income, gains and credits (including all federal income tax credits) of the Partnership shall be credited to the General Partner and the limited partners in the following percentages:

(a) General Partner - 15 percent

(b) Limited Partners - 85 percent, divided among them in the proportion that the capital contribution of each limited partner bears to the total capital contributions of all limited partners.

In case the Partnership purchases the interest of a withdrawing limited partner as provided in subparagraph 1.5 of the Limited Partnership Agreement, or in case any partner's interest is surrendered as provided in subparagraphs 9.1 or 9.2(f)

of the Limited Partnership Agreement, the percentages set forth immediately above for the General Partner and the limited partners shall be proportionately adjusted so that the sum thereof shall remain 100 percent. Notwithstanding any of the foregoing, the aggregate losses allocated to the limited partners for the first two fiscal years of the Partnership shall not exceed the amount of their contributions to capital of the Partnership.

10. Substitution of Limited Partners. A limited partner may assign all or part of his interest in the Partnership to any other person, who may thereupon become a substituted limited partner with respect to the assigned interest subject to the General Partner's written consent and the execution and delivery to the General Partner of such documents and the taking of such other action as the General Partner shall reasonably deem necessary or advisable to cause such assignee to become a substituted limited partner, and the payment by such assignee of all reasonable expenses required by the General Partner to be paid in connection therewith, which may include without limitation the cost of preparing and filing an amended limited partnership certificate or certificates. The General Partner may defer the admission of any assignee, transferee or donee as a substituted limited partner, in order to limit the number of times each year when amended Limited Partnership certificates are required to be filed to four filings each year. Any assignment of a limited partnership interest shall become effective as of the first day of the calendar month following the month in which the General Partner receives evidence thereof satisfactory to the General Partner.

Any limited partner may, with the written consent of the General Partner, assign all or any part of his interest in the Partnership by way of mortgage, pledge or other transfer for security purposes, and upon any foreclosure of any such security interest and proper notice thereof to the General Partner, the Partnership shall then make directly to such

assignee such distributions as shall accrue under the provisions of the PETRO-LEWIS OIL INCOME PROGRAM/1976-2 LIMITED PARTNERSHIP AGREEMENT to such encumbered Partnership interest. Such assignee may become a substituted limited partner, as that term is defined in the Uniform Limited Partnership Law of Colorado, subject to the fulfillment of the conditions precedent to acceptance as a substituted limited partner set forth above.

11. Admission of Additional Limited Partners. No right is given to the partners to admit additional limited partners.

12. Priorities Among Limited Partners. No limited partner has been given the right to priority over any other limited partners for any purpose whatsoever.

13. Continuation of Business. Petro-Lewis Funds, Inc., is the sole General Partner of the Partnership, and no right is given to continue the business of the Partnership in the event of the General Partner's withdrawal, dissolution or bankruptcy.

14. Right to Receive Property Other Than Cash. No limited partner is given the right to demand and receive property other than cash in return for his contribution, except that (1) with the consent of the General Partner and at such times as the General Partner shall approve, the purchaser of a limited partner interest under the circumstances described in Paragraph 8 of this Certificate shall have the right described in that Paragraph to surrender the purchased limited partner interest to the Partnership in exchange for a pro rata share of the Partnership's assets, and (2) upon dissolution of the Partnership, all producing oil and gas properties and all or any part of any undeveloped properties not sold by the liquidator shall be conveyed and assigned to the partners in undivided interests as tenants in common in accordance with

each partner's proportionate interest in Partnership profits, income, gains and credits as set forth in subparagraph 6.1 of the Limited Partnership Agreement as of the date of termination, subject to any amounts owing to creditors.

IN WITNESS WHEREOF this Certificate is signed and sworn to as of the 23rd day of February, 1976.

CERTIFICATE OF LIMITED PARTNERSHIP

OF

PETRO-LEWIS OIL INCOME PROGRAM/1976-3

The undersigned, desiring to form a limited partnership pursuant to the laws of the State of Colorado and being all the members of such limited partnership, having signed and sworn to this Certificate, certify as follows:

032.00 A ∞

1. Name. The name of the limited partnership is PETRO-LEWIS OIL INCOME PROGRAM/1976-3 (the "Partnership").

2. Business. The character of the business of the Partnership is to acquire (by lease, purchase, farmout or otherwise), own, hold, operate, sell and exchange oil, gas and other mineral properties and interests therein of all kinds, direct or indirect; to produce, process, refine, transport and sell oil, gas and other minerals and the products thereof, and to purchase, lease, own, hold, operate, sell and exchange all equipment, machinery, facilities, systems and plants appropriate for such purposes; and to purchase interests in general or limited partnerships, joint ventures and other entities which hold or which are formed to acquire interests in such properties or products or for any other such purpose. The Partnership may purchase and temporarily hold corporate equity securities if, in the General Partner's judgment, such activity is a necessary or advisable step toward the acquisition of interests in producing oil, gas or other mineral properties. To accomplish its purpose of deriving income from or based upon or related to the production and sale of oil, gas and other minerals, and the products thereof, the Partnership may take part in other kinds of transactions relating to oil, gas and other mineral properties or their products, if, in the General Partner's judgment, the economic effect of such transactions can reasonably be expected to be substantially the same as ownership of the properties or products. The

Partnership may engage in transactions of the sort described in this paragraph even if doing so will present different or more substantial business risks than those customarily associated with the purchase and operation of producing properties. In addition, the Partnership may, subject to the provisions of subparagraph 5(c) of this Certificate, sell or otherwise dispose of all or substantially all of its assets for such consideration or considerations as the partners voting in favor of the transaction may approve as required by said subparagraph 5(c). The Partnership may purchase the interests of limited partners withdrawing from the Partnership pursuant to the provisions of Article 9 of the Limited Partnership Agreement, or (during the Partnership's property acquisition period) the interests of limited partners withdrawing from other partnerships formed by the General Partner for purposes similar to those of this Partnership, which other partnerships are formed with agreements containing provisions similar to those of Article 9, at the price determined in accordance with such provisions subject to these limitations: (a) No such purchase shall be made if doing so will impair the capital or operation of the Partnership; (b) not more than 25 percent of its own limited partner interests may be so purchased by the Partnership; and (c) no more than 20 percent of the limited partners' contributions to Partnership capital shall be applied to such purchases. The proceeds of loans obtained by the Partnership may be used for this purpose. Partnership income may be used to purchase the interests of its own limited partners but not those of other limited partners. The Partnership shall not engage in exploratory or development drilling. However, the Partnership may undertake any operations, including drilling of replacement, supplemental recovery or other wells, necessary to produce and market the acquired reserves and the products thereof, efficiently. The business shall be conducted in the United States, except that under circumstances where

the General Partner believes it would be to the advantage of the Partnership, the business may be conducted in other countries.

3. Principal Place of Business. The location of the principal place of business of the Partnership shall be in Denver, Colorado, or in such other place as may be selected from time to time by the General Partner.

4. Partners: Names, Places of Residence and Designation.

Name	Place of Residence
(a) General Partner	
Petro-Lewis Funds, Inc.	1600 Broadway Denver, Colorado 80202

(b) Limited Partners: For the names and places of residence of limited partners, see Exhibit A attached hereto. The information contained therein is by this reference incorporated herein and made a part hereof as fully as if set forth at length at this point.

5. Term. The Partnership shall commence upon the filing of this Certificate with the Clerk and Recorder of the City and County of Denver, Colorado. It shall continue for so long thereafter as the Partnership holds any interests in oil, gas or other mineral property, unless sooner dissolved by any of the following events: (a) the withdrawal (on 30 days' written notice to the Limited Partners), dissolution or bankruptcy of the General Partner, or any other event which would cause the Partnership to be dissolved under the Uniform Limited Partnership Law of Colorado; (b) the continued conduct of the Partnership business becoming unlawful; (c) the sale or other disposition of all or substantially all of the assets of the Partnership, which may be effected at any time after the date on which this Certificate is filed upon the affirmative vote of the General Partner and of limited partners who contributed more than 50 percent of the Partnership capital contributed by all of the limited partners; or (d) the affirmative vote of limited partners who contributed more than 50 percent of the

Partnership capital contributed by all of the limited partners, such vote being taken in writing upon the proposal by limited partners who contributed not less than 10 percent of the Partnership capital contributed by all of the limited partners. Any vote taken pursuant to (c) or (d) of this section which meets the requirements thereof for action thereunder shall be binding upon the interests of all of the partners.

6. Contributions by Limited Partners. For the names of limited partners and their respective cash contributions to the Partnership, see Exhibit A attached hereto. The information contained therein is by this reference incorporated herein and made a part hereof as fully as if set forth at length at this point. No limited partner has contributed any property other than cash.

7. Additional Contributions by Limited Partners. No limited partner has agreed to make any additional contribution to the Partnership.

8. Return of Contributions of Limited Partners. No limited partner is specifically entitled to return of his capital contribution to the Partnership until termination and dissolution of the Partnership, except as follows: (a) On or before the last day of the month following each full calendar quarter after the date on which this Certificate is filed, or at such other times as shall be determined by the General Partner, the Partnership shall distribute such cash funds as are not, in the opinion of the General Partner, necessary to the conduct of the Partnership's business. Such distributions may include some part or all of the capital contributions of the limited partners; (b) upon withdrawal of a limited partner pursuant to paragraph 9.2 of the Limited Partnership Agreement, the purchase price of his surrendered limited partnership interest may be paid by the Limited Partnership, subject to the limitations and in accordance with the terms set forth in paragraph 2 of this Certificate and paragraph 1.5 of the Limited Partnership Agreement; and (c) at any time after formation of the Partnership, the General Partner or other purchaser

of a limited partner interest (whether or not such purchaser shall be admitted as a substituted limited partner in the Partnership) sold pursuant to the provisions of Article 9 of the Partnership Agreement shall have the right, with the consent of the General Partner and at such times as the General Partner shall approve, to surrender the interest so purchased to the Partnership in exchange for the pro rata share attributable to such interest of the net assets of the Partnership, including but not limited to a pro rata undivided interest in the Partnership's oil and gas property interests which shall be assigned to such purchaser subject to a pro rata share of all liens and other encumbrances burdening such properties. The pro rata share of Partnership net assets attributable to any Partnership interest shall be a percentage thereof equal to such interest's percentage interest in Partnership profits, income, gains, and credits determined as set forth in subparagraph 6.1 of the Limited Partnership Agreement and paragraph 9 of this Certificate.

9. Limited Partner's Share in Income. The profits, income, gains and credits (including all federal income tax credits) of the Partnership shall be credited to the General Partner and the limited partners in the following percentages:

(a) General Partner - 15 percent

(b) Limited Partners - 85 percent, divided among them in the proportion that the capital contribution of each limited partner bears to the total capital contributions of all limited partners.

In case the Partnership purchases the interest of a withdrawing limited partner as provided in subparagraph 1.5 of the Limited Partnership Agreement, or in case any partner's interest is surrendered as provided in subparagraphs 9.1 or 9.2(f)

of the Limited Partnership Agreement, the percentages set forth immediately above for the General Partner and the limited partners shall be proportionately adjusted so that the sum thereof shall remain 100 percent. Notwithstanding any of the foregoing, the aggregate losses allocated to the limited partners for the first two fiscal years of the Partnership shall not exceed the amount of their contributions to capital of the Partnership.

10. Substitution of Limited Partners. A limited partner may assign all or part of his interest in the Partnership to any other person, who may thereupon become a substituted limited partner with respect to the assigned interest subject to the General Partner's written consent and the execution and delivery to the General Partner of such documents and the taking of such other action as the General Partner shall reasonably deem necessary or advisable to cause such assignee to become a substituted limited partner, and the payment by such assignee of all reasonable expenses required by the General Partner to be paid in connection therewith, which may include without limitation the cost of preparing and filing an amended limited partnership certificate or certificates. The General Partner may defer the admission of any assignee, transferee or donee as a substituted limited partner, in order to limit the number of times each year when amended Limited Partnership certificates are required to be filed to four filings each year. Any assignment of a limited partnership interest shall become effective as of the first day of the calendar month following the month in which the General Partner receives evidence thereof satisfactory to the General Partner.

Any limited partner may, with the written consent of the General Partner, assign all or any part of his interest in the Partnership by way of mortgage, pledge or other transfer for security purposes, and upon any foreclosure of any such security interest and proper notice thereof to the General Partner, the Partnership shall then make directly to such

assignee such distributions as shall accrue under the provisions of the PETRO-LEWIS OIL INCOME PROGRAM/1976-3 LIMITED PARTNERSHIP AGREEMENT to such encumbered Partnership interest. Such assignee may become a substituted limited partner, as that term is defined in the Uniform Limited Partnership Law of Colorado, subject to the fulfillment of the conditions precedent to acceptance as a substituted limited partner set forth above.

11. Admission of Additional Limited Partners. No right is given to the partners to admit additional limited partners.

12. Priorities Among Limited Partners. No limited partner has been given the right to priority over any other limited partners for any purpose whatsoever.

13. Continuation of Business. Petro-Lewis Funds, Inc., is the sole General Partner of the Partnership, and no right is given to continue the business of the Partnership in the event of the General Partner's withdrawal, dissolution or bankruptcy.

14. Right to Receive Property Other Than Cash. No limited partner is given the right to demand and receive property other than cash in return for his contribution, except that (1) with the consent of the General Partner and at such times as the General Partner shall approve, the purchaser of a limited partner interest under the circumstances described in Paragraph 8 of this Certificate shall have the right described in that Paragraph to surrender the purchased limited partner interest to the Partnership in exchange for a pro rata share of the Partnership's assets, and (2) upon dissolution of the Partnership, all producing oil and gas properties and all or any part of any undeveloped properties not sold by the liquidator shall be conveyed and assigned to the partners in undivided interests as tenants in common in accordance with

[redacted] [redacted] [redacted] 136 173

each partner's proportionate interest in Partnership profits, income, gains and credits as set forth in subparagraph 6.1 of the Limited Partnership Agreement as of the date of termination, subject to any amounts owing to creditors.

CERTIFICATE OF LIMITED PARTNERSHIP

OF

PETRO-LEWIS OIL INCOME PROGRAM/1976-4

The undersigned, desiring to form a limited partnership pursuant to the laws of the State of Colorado and being all the members of such limited partnership, having signed and sworn to this Certificate, certify as follows:

1. Name. The name of the limited partnership is PETRO-LEWIS OIL INCOME PROGRAM/1976-4 (the "Partnership").

2. Business. The character of the business of the Partnership is to acquire (by lease, purchase, farmout or otherwise), own, hold, operate, sell and exchange oil, gas and other mineral properties and interests therein of all kinds, direct or indirect; to produce, process, refine, transport and sell oil, gas and other minerals and the products thereof, and to purchase, lease, own, hold, operate, sell and exchange all equipment, machinery, facilities, systems and plants appropriate for such purposes; and to purchase interests in general or limited partnerships, joint ventures and other entities which hold or which are formed to acquire interests in such properties or products or for any other such purpose. The Partnership may purchase and temporarily hold corporate equity securities if, in the General Partner's judgment, such activity is a necessary or advisable step toward the acquisition of interests in producing oil, gas or other mineral properties. To accomplish its purpose of deriving income from or based upon or related to the production and sale of oil, gas and other minerals, and the products thereof, the Partnership may take part in other kinds of transactions relating to oil, gas and other mineral properties or their products, if, in the General Partner's judgment, the economic effect of such transactions can reasonably be expected to be substantially the same as ownership of the properties or products. The

Partnership may engage in transactions of the sort described in this paragraph even if doing so will present different or more substantial business risks than those customarily associated with the purchase and operation of producing properties. In addition, the Partnership may, subject to the provisions of subparagraph 5(c) of this Certificate, sell or otherwise dispose of all or substantially all of its assets for such consideration or considerations as the partners voting in favor of the transaction may approve as required by said subparagraph 5(c). The Partnership may purchase the interests of limited partners withdrawing from the Partnership pursuant to the provisions of Article 9 of the Limited Partnership Agreement, or (during the Partnership's property acquisition period) the interests of limited partners withdrawing from other partnerships formed by the General Partner for purposes similar to those of this Partnership, which other partnerships are formed with agreements containing provisions similar to those of Article 9, at the price determined in accordance with such provisions subject to these limitations: (a) No such purchase shall be made if doing so will impair the capital or operation of the Partnership; (b) not more than 25 percent of its own limited partner interests may be so purchased by the Partnership; and (c) no more than 20 percent of the limited partners' contributions to Partnership capital shall be applied to such purchases. The proceeds of loans obtained by the Partnership may be used for this purpose. Partnership income may be used to purchase the interests of its own limited partners but not those of other limited partners. The Partnership shall not engage in exploratory or development drilling. However, the Partnership may undertake any operations, including drilling of replacement, supplemental recovery or other wells, necessary to produce and market the acquired reserves and the products thereof, efficiently. The business shall be conducted in the United States, except that under circumstances where

the General Partner believes it would be to the advantage of the Partnership, the business may be conducted in other countries.

3. Principal Place of Business. The location of the principal place of business of the Partnership shall be in Denver, Colorado, or in such other place as may be selected from time to time by the General Partner.

4. Partners: Names, Places of Residence and Designation.

Name	Place of Residence
(a) General Partner	
Petro-Lewis Funds, Inc.	1600 Broadway Denver, Colorado 80202

(b) Limited Partners: For the names and places of residence of limited partners, see Exhibit A attached hereto. The information contained therein is by this reference incorporated herein and made a part hereof as fully as if set forth at length at this point.

5. Term. The Partnership shall commence upon the filing of this Certificate with the Clerk and Recorder of the City and County of Denver, Colorado. It shall continue for so long thereafter as the Partnership holds any interests in oil, gas or other mineral property, unless sooner dissolved by any of the following events: (a) the withdrawal (on 30 days' written notice to the Limited Partners), dissolution or bankruptcy of the General Partner, or any other event which would cause the Partnership to be dissolved under the Uniform Limited Partnership Law of Colorado; (b) the continued conduct of the Partnership business becoming unlawful; (c) the sale or other disposition of all or substantially all of the assets of the Partnership, which may be effected at any time after the date on which this Certificate is filed upon the affirmative vote of the General Partner and of limited partners who contributed more than 50 percent of the Partnership capital contributed by all of the limited partners; or (d) the affirmative vote of limited partners who contributed more than 50 percent of the

Partnership capital contributed by all of the limited partners, such vote being taken in writing upon the proposal by limited partners who contributed not less than 10 percent of the Partnership capital contributed by all of the limited partners. Any vote taken pursuant to (c) or (d) of this section which meets the requirements thereof for action thereunder shall be binding upon the interests of all of the partners.

6. Contributions by Limited Partners. For the names of limited partners and their respective cash contributions to the Partnership, see Exhibit A attached hereto. The information contained therein is by this reference incorporated herein and made a part hereof as fully as if set forth at length at this point. No limited partner has contributed any property other than cash.

7. Additional Contributions by Limited Partners. No limited partner has agreed to make any additional contribution to the Partnership.

8. Return of Contributions of Limited Partners. No limited partner is specifically entitled to return of his capital contribution to the Partnership until termination and dissolution of the Partnership, except as follows: (a) On or before the last day of the month following each full calendar quarter after the date on which this Certificate is filed, or at such other times as shall be determined by the General Partner, the Partnership shall distribute such cash funds as are not, in the opinion of the General Partner, necessary to the conduct of the Partnership's business. Such distributions may include some part or all of the capital contributions of the limited partners; (b) upon withdrawal of a limited partner pursuant to paragraph 9.2 of the Limited Partnership Agreement, the purchase price of his surrendered limited partnership interest may be paid by the Limited Partnership, subject to the limitations and in accordance with the terms set forth in paragraph 2 of this Certificate and paragraph 1.5 of the Limited Partnership Agreement; and (c) at any time after formation of the Partnership, the General Partner or other purchaser

of a limited partner interest (whether or not such purchaser shall be admitted as a substituted limited partner in the Partnership) sold pursuant to the provisions of Article 9 of the Partnership Agreement shall have the right, with the consent of the General Partner and at such times as the General Partner shall approve, to surrender the interest so purchased to the Partnership in exchange for the pro rata share attributable to such interest of the net assets of the Partnership, including but not limited to a pro rata undivided interest in the Partnership's oil and gas property interests which shall be assigned to such purchaser subject to a pro rata share of all liens and other encumbrances burdening such properties. The pro rata share of Partnership net assets attributable to any Partnership interest shall be a percentage thereof equal to such interest's percentage interest in Partnership profits, income, gains, and credits determined as set forth in subparagraph 6.1 of the Limited Partnership Agreement and paragraph 9 of this Certificate.

9. Limited Partner's Share in Income. The profits, income, gains and credits (including all federal income tax credits) of the Partnership shall be credited to the General Partner and the limited partners in the following percentages:

(a) General Partner - 15 percent

(b) Limited Partners - 85 percent, divided among them in the proportion that the capital contribution of each limited partner bears to the total capital contributions of all limited partners.

In case the Partnership purchases the interest of a withdrawing limited partner as provided in subparagraph 1.5 of the Limited Partnership Agreement, or in case any partner's interest is surrendered as provided in subparagraphs 9.1 or 9.2(f)

of the Limited Partnership Agreement, the percentages set forth immediately above for the General Partner and the limited partners shall be proportionately adjusted so that the sum thereof shall remain 100 percent. Notwithstanding any of the foregoing, the aggregate losses allocated to the limited partners for the first two fiscal years of the Partnership shall not exceed the amount of their contributions to capital of the Partnership.

10. Substitution of Limited Partners. A limited partner may assign all or part of his interest in the Partnership to any other person, who may thereupon become a substituted limited partner with respect to the assigned interest subject to the General Partner's written consent and the execution and delivery to the General Partner of such documents and the taking of such other action as the General Partner shall reasonably deem necessary or advisable to cause such assignee to become a substituted limited partner, and the payment by such assignee of all reasonable expenses required by the General Partner to be paid in connection therewith, which may include without limitation the cost of preparing and filing an amended limited partnership certificate or certificates. The General Partner may defer the admission of any assignee, transferee or donee as a substituted limited partner, in order to limit the number of times each year when amended Limited Partnership certificates are required to be filed to four filings each year. Any assignment of a limited partnership interest shall become effective as of the first day of the calendar month following the month in which the General Partner receives evidence thereof satisfactory to the General Partner.

Any limited partner may, with the written consent of the General Partner, assign all or any part of his interest in the Partnership by way of mortgage, pledge or other transfer for security purposes, and upon any foreclosure of any such security interest and proper notice thereof to the General Partner, the Partnership shall then make directly to such

assignee such distributions as shall accrue under the provisions of the PETRO-LEWIS OIL INCOME PROGRAM/1976-4 LIMITED PARTNERSHIP AGREEMENT to such encumbered Partnership interest. Such assignee may become a substituted limited partner, as that term is defined in the Uniform Limited Partnership Law of Colorado, subject to the fulfillment of the conditions precedent to acceptance as a substituted limited partner set forth above.

11. Admission of Additional Limited Partners. No right is given to the partners to admit additional limited partners.

12. Priorities Among Limited Partners. No limited partner has been given the right to priority over any other limited partners for any purpose whatsoever.

13. Continuation of Business. Petro-Lewis Funds, Inc., is the sole General Partner of the Partnership, and no right is given to continue the business of the Partnership in the event of the General Partner's withdrawal, dissolution or bankruptcy.

14. Right to Receive Property Other Than Cash. No limited partner is given the right to demand and receive property other than cash in return for his contribution, except that (1) with the consent of the General Partner and at such times as the General Partner shall approve, the purchaser of a limited partner interest under the circumstances described in Paragraph 8 of this Certificate shall have the right described in that Paragraph to surrender the purchased limited partner interest to the Partnership in exchange for a pro rata share of the Partnership's assets, and (2) upon dissolution of the Partnership, all producing oil and gas properties and all or any part of any undeveloped properties not sold by the liquidator shall be conveyed and assigned to the partners in undivided interests as tenants in common in accordance with

each partner's proportionate interest in Partnership profits, income, gains and credits as set forth in subparagraph 6.1 of the Limited Partnership Agreement as of the date of termination, subject to any amounts owing to creditors.

IN WITNESS WHEREOF this Certificate is signed and sworn to as of the 15th day of April, 1976.

CERTIFICATE OF LIMITED PARTNERSHIP

OF

PETRO-LEWIS OIL INCOME PROGRAM/1976-5 [redacted]

The undersigned, desiring to form a limited partnership pursuant to the laws of the State of Colorado and being all the members of such limited partnership, having signed and sworn to this Certificate, certify as follows:

278.00 A ∞

1. Name. The name of the limited partnership is PETRO-LEWIS OIL INCOME PROGRAM/1976-5 (the "Partnership").

2. Business. The character of the business of the Partnership is to acquire (by lease, purchase, farmout or otherwise), own, hold, operate, sell and exchange oil, gas and other mineral properties and interests therein of all kinds, direct or indirect; to produce, process, refine, transport and sell oil, gas and other minerals and the products thereof, and to purchase, lease, own, hold, operate, sell and exchange all equipment, machinery, facilities, systems and plants appropriate for such purposes; and to purchase interests in general or limited partnerships, joint ventures and other entities which hold or which are formed to acquire interests in such properties or products or for any other such purpose. The Partnership may purchase and temporarily hold corporate equity securities if, in the General Partner's judgment, such activity is a necessary or advisable step toward the acquisition of interests in producing oil, gas or other mineral properties. To accomplish its purpose of deriving income from or based upon or related to the production and sale of oil, gas and other minerals, and the products thereof, the Partnership may take part in other kinds of transactions relating to oil, gas and other mineral properties or their products, if, in the General Partner's judgment, the economic effect of such transactions can reasonably be expected to be substantially the same as ownership of the properties or products. The

Partnership may engage in transactions of the sort described in this paragraph even if doing so will present different or more substantial business risks than those customarily associated with the purchase and operation of producing properties. In addition, the Partnership may, subject to the provisions of subparagraph 5(c) of this Certificate, sell or otherwise dispose of all or substantially all of its assets for such consideration or considerations as the partners voting in favor of the transaction may approve as required by said subparagraph 5(c). The Partnership may purchase the interests of limited partners withdrawing from the Partnership pursuant to the provisions of Article 9 of the Limited Partnership Agreement, or (during the Partnership's property acquisition period) the interests of limited partners withdrawing from other partnerships formed by the General Partner for purposes similar to those of this Partnership, which other partnerships are formed with agreements containing provisions similar to those of Article 9, at the price determined in accordance with such provisions subject to these limitations: (a) No such purchase shall be made if doing so will impair the capital or operation of the Partnership; (b) not more than 25 percent of its own limited partner interests may be so purchased by the Partnership; and (c) no more than 20 percent of the limited partners' contributions to Partnership capital shall be applied to such purchases. The proceeds of loans obtained by the Partnership may be used for this purpose. Partnership income may be used to purchase the interests of its own limited partners but not those of other limited partners. The Partnership shall not engage in exploratory or development drilling. However, the Partnership may undertake any operations, including drilling of replacement, supplemental recovery or other wells, necessary to produce and market the acquired reserves and the products thereof, efficiently. The business shall be conducted in the United States, except that under circumstances where

the General Partner believes it would be to the advantage of the Partnership, the business may be conducted in other countries.

3. Principal Place of Business. The location of the principal place of business of the Partnership shall be in Denver, Colorado, or in such other place as may be selected from time to time by the General Partner.

4. Partners: Names, Places of Residence and Designation.

Name	Place of Residence
(a) General Partner	
Petro-Lewis Funds, Inc.	1600 Broadway Denver, Colorado 80202

(b) Limited Partners: For the names and places of residence of limited partners, see Exhibit A attached hereto. The information contained therein is by this reference incorporated herein and made a part hereof as fully as if set forth at length at this point.

5. Term. The Partnership shall commence upon the filing of this Certificate with the Clerk and Recorder of the City and County of Denver, Colorado. It shall continue for so long thereafter as the Partnership holds any interests in oil, gas or other mineral property, unless sooner dissolved by any of the following events: (a) the withdrawal (on 30 days' written notice to the Limited Partners), dissolution or bankruptcy of the General Partner, or any other event which would cause the Partnership to be dissolved under the Uniform Limited Partnership Law of Colorado; (b) the continued conduct of the Partnership business becoming unlawful; (c) the sale or other disposition of all or substantially all of the assets of the Partnership, which may be effected at any time after the date on which this Certificate is filed upon the affirmative vote of the General Partner and of limited partners who contributed more than 50 percent of the Partnership capital contributed by all of the limited partners; or (d) the affirmative vote of limited partners who contributed more than 50 percent of the

Partnership capital contributed by all of the limited partners, such vote being taken in writing upon the proposal by limited partners who contributed not less than 10 percent of the Partnership capital contributed by all of the limited partners. Any vote taken pursuant to (c) or (d) of this section which meets the requirements thereof for action thereunder shall be binding upon the interests of all of the partners.

6. Contributions by Limited Partners. For the names of limited partners and their respective cash contributions to the Partnership, see Exhibit A attached hereto. The information contained therein is by this reference incorporated herein and made a part hereof as fully as if set forth at length at this point. No limited partner has contributed any property other than cash.

7. Additional Contributions by Limited Partners. No limited partner has agreed to make any additional contribution to the Partnership.

8. Return of Contributions of Limited Partners. No limited partner is specifically entitled to return of his capital contribution to the Partnership until termination and dissolution of the Partnership, except as follows: (a) On or before the last day of the month following each full calendar quarter after the date on which this Certificate is filed, or at such other times as shall be determined by the General Partner, the Partnership shall distribute such cash funds as are not, in the opinion of the General Partner, necessary to the conduct of the Partnership's business. Such distributions may include some part or all of the capital contributions of the limited partners; (b) upon withdrawal of a limited partner pursuant to paragraph 9.2 of the Limited Partnership Agreement, the purchase price of his surrendered limited partnership interest may be paid by the Limited Partnership, subject to the limitations and in accordance with the terms set forth in paragraph 2 of this Certificate and paragraph 1.5 of the Limited Partnership Agreement; and (c) at any time after formation of the Partnership, the General Partner or other purchaser

of a limited partner interest (whether or not such purchaser shall be admitted as a substituted limited partner in the Partnership) sold pursuant to the provisions of Article 9 of the Partnership Agreement shall have the right, with the consent of the General Partner and at such times as the General Partner shall approve, to surrender the interest so purchased to the Partnership in exchange for the pro rata share attributable to such interest of the net assets of the Partnership, including but not limited to a pro rata undivided interest in the Partnership's oil and gas property interests which shall be assigned to such purchaser subject to a pro rata share of all liens and other encumbrances burdening such properties. The pro rata share of Partnership net assets attributable to any Partnership interest shall be a percentage thereof equal to such interest's percentage interest in Partnership profits, income, gains, and credits determined as set forth in subparagraph 6.1 of the Limited Partnership Agreement and paragraph 9 of this Certificate.

9. Limited Partner's Share in Income. The profits, income, gains and credits (including all federal income tax credits) of the Partnership shall be credited to the General Partner and the limited partners in the following percentages:

(a) General Partner - 15 percent

(b) Limited Partners - 85 percent,

divided among them in the proportion that the capital contribution of each limited partner bears to the total capital contributions of all limited partners.

In case the Partnership purchases the interest of a withdrawing limited partner as provided in subparagraph 1.5 of the Limited Partnership Agreement, or in case any partner's interest is surrendered as provided in subparagraphs 9.1 or 9.2(f)

of the Limited Partnership Agreement, the percentages set forth immediately above for the General Partner and the limited partners shall be proportionately adjusted so that the sum thereof shall remain 100 percent. Notwithstanding any of the foregoing, the aggregate losses allocated to the limited partners for the first two fiscal years of the Partnership shall not exceed the amount of their contributions to capital of the Partnership.

10. Substitution of Limited Partners. A limited partner may assign all or part of his interest in the Partnership to any other person, who may thereupon become a substituted limited partner with respect to the assigned interest subject to the General Partner's written consent and the execution and delivery to the General Partner of such documents and the taking of such other action as the General Partner shall reasonably deem necessary or advisable to cause such assignee to become a substituted limited partner, and the payment by such assignee of all reasonable expenses required by the General Partner to be paid in connection therewith, which may include without limitation the cost of preparing and filing an amended limited partnership certificate or certificates. The General Partner may defer the admission of any assignee, transferee or donee as a substituted limited partner, in order to limit the number of times each year when amended Limited Partnership certificates are required to be filed to four filings each year. Any assignment of a limited partnership interest shall become effective as of the first day of the calendar month following the month in which the General Partner receives evidence thereof satisfactory to the General Partner.

Any limited partner may, with the written consent of the General Partner, assign all or any part of his interest in the Partnership by way of mortgage, pledge or other transfer for security purposes, and upon any foreclosure of any such security interest and proper notice thereof to the General Partner, the Partnership shall then make directly to such

assignee such distributions as shall accrue under the provisions of the PETRO-LEWIS OIL INCOME PROGRAM/1976-5 LIMITED PARTNERSHIP AGREEMENT to such encumbered Partnership interest. Such assignee may become a substituted limited partner, as that term is defined in the Uniform Limited Partnership Law of Colorado, subject to the fulfillment of the conditions precedent to acceptance as a substituted limited partner set forth above.

11. Admission of Additional Limited Partners. No right is given to the partners to admit additional limited partners.

12. Priorities Among Limited Partners. No limited partner has been given the right to priority over any other limited partners for any purpose whatsoever.

13. Continuation of Business. Petro-Lewis Funds, Inc., is the sole General Partner of the Partnership, and no right is given to continue the business of the Partnership in the event of the General Partner's withdrawal, dissolution or bankruptcy.

14. Right to Receive Property Other Than Cash. No limited partner is given the right to demand and receive property other than cash in return for his contribution, except that (1) with the consent of the General Partner and at such times as the General Partner shall approve, the purchaser of a limited partner interest under the circumstances described in Paragraph 8 of this Certificate shall have the right described in that Paragraph to surrender the purchased limited partner interest to the Partnership in exchange for a pro rata share of the Partnership's assets, and (2) upon dissolution of the Partnership, all producing oil and gas properties and all or any part of any undeveloped properties not sold by the liquidator shall be conveyed and assigned to the partners in undivided interests as tenants in common in accordance with

CERTIFICATE OF LIMITED PARTNERSHIP

OF

PETRO-LEWIS OIL INCOME PROGRAM/1976-6

The undersigned, desiring to form a limited partnership pursuant to the laws of the State of Colorado and being all the members of such limited partnership, having signed and sworn to this Certificate, certify as follows:

1. Name. The name of the limited partnership is PETRO-LEWIS OIL INCOME PROGRAM/1976-6 (the "Partnership").

2. Business. The character of the business of the Partnership is to acquire (by lease, purchase, farmout or otherwise), own, hold, operate, sell and exchange oil, gas and other mineral properties and interests therein of all kinds, direct or indirect; to produce, process, refine, transport and sell oil, gas and other minerals and the products thereof, and to purchase, lease, own, hold, operate, sell and exchange all equipment, machinery, facilities, systems and plants appropriate for such purposes; and to purchase interests in general or limited partnerships, joint ventures and other entities which hold or which are formed to acquire interests in such properties or products or for any other such purpose. The Partnership may purchase and temporarily hold corporate equity securities if, in the General Partner's judgment, such activity is a necessary or advisable step toward the acquisition of interests in producing oil, gas or other mineral properties. To accomplish its purpose of deriving income from or based upon or related to the production and sale of oil, gas and other minerals, and the products thereof, the Partnership may take part in other kinds of transactions relating to oil, gas and other mineral properties or their products, if, in the General Partner's judgment, the economic effect of such transactions can reasonably be expected to be substantially the same as ownership of the properties or products. The

Partnership may engage in transactions of the sort described in this paragraph even if doing so will present different or more substantial business risks than those customarily associated with the purchase and operation of producing properties. In addition, the Partnership may, subject to the provisions of subparagraph 5(c) of this Certificate, sell or otherwise dispose of all or substantially all of its assets for such consideration or considerations as the partners voting in favor of the transaction may approve as required by said subparagraph 5(c). The Partnership may purchase the interests of limited partners withdrawing from the Partnership pursuant to the provisions of Article 9 of the Limited Partnership Agreement, or (during the Partnership's property acquisition period) the interests of limited partners withdrawing from other partnerships formed by the General Partner for purposes similar to those of this Partnership, which other partnerships are formed with agreements containing provisions similar to those of Article 9, at the price determined in accordance with such provisions subject to these limitations: (a) No such purchase shall be made if doing so will impair the capital or operation of the Partnership; (b) not more than 25 percent of its own limited partner interests may be so purchased by the Partnership; and (c) no more than 20 percent of the limited partners' contributions to Partnership capital shall be applied to such purchases. The proceeds of loans obtained by the Partnership may be used for this purpose. Partnership income may be used to purchase the interests of its own limited partners but not those of other limited partners. The Partnership shall not engage in exploratory or development drilling. However, the Partnership may undertake any operations, including drilling of replacement, supplemental recovery or other wells, necessary to produce and market the acquired reserves and the products thereof, efficiently. The business shall be conducted in the United States, except that under circumstances where

the General Partner believes it would be to the advantage of the Partnership, the business may be conducted in other countries.

3. Principal Place of Business. The location of the principal place of business of the Partnership shall be in Denver, Colorado, or in such other place as may be selected from time to time by the General Partner.

4. Partners: Names, Places of Residence and Designation.

Name	Place of Residence
(a) General Partner	
Petro-Lewis Funds, Inc.	1600 Broadway Denver, Colorado 80202

(b) Limited Partners: For the names and places of residence of limited partners, see Exhibit A attached hereto. The information contained therein is by this reference incorporated herein and made a part hereof as fully as if set forth at length at this point.

5. Term. The Partnership shall commence upon the filing of this Certificate with the Clerk and Recorder of the City and County of Denver, Colorado. It shall continue for so long thereafter as the Partnership holds any interests in oil, gas or other mineral property, unless sooner dissolved by any of the following events: (a) the withdrawal (on 30 days' written notice to the Limited Partners), dissolution or bankruptcy of the General Partner, or any other event which would cause the Partnership to be dissolved under the Uniform Limited Partnership Law of Colorado; (b) the continued conduct of the Partnership business becoming unlawful; (c) the sale or other disposition of all or substantially all of the assets of the Partnership, which may be effected at any time after the date on which this Certificate is filed upon the affirmative vote of the General Partner and of limited partners who contributed more than 50 percent of the Partnership capital contributed by all of the limited partners; or (d) the affirmative vote of limited partners who contributed more than 50 percent of the

Partnership capital contributed by all of the limited partners, such vote being taken in writing upon the proposal by limited partners who contributed not less than 10 percent of the Partnership capital contributed by all of the limited partners. Any vote taken pursuant to (c) or (d) of this section which meets the requirements thereof for action thereunder shall be binding upon the interests of all of the partners.

6. Contributions by Limited Partners. For the names of limited partners and their respective cash contributions to the Partnership, see Exhibit A attached hereto. The information contained therein is by this reference incorporated herein and made a part hereof as fully as if set forth at length at this point. No limited partner has contributed any property other than cash.

7. Additional Contributions by Limited Partners. No limited partner has agreed to make any additional contribution to the Partnership.

8. Return of Contributions of Limited Partners. No limited partner is specifically entitled to return of his capital contribution to the Partnership until termination and dissolution of the Partnership, except as follows: (a) On or before the last day of the month following each full calendar quarter after the date on which this Certificate is filed, or at such other times as shall be determined by the General Partner, the Partnership shall distribute such cash funds as are not, in the opinion of the General Partner, necessary to the conduct of the Partnership's business. Such distributions may include some part or all of the capital contributions of the limited partners; (b) upon withdrawal of a limited partner pursuant to paragraph 9.2 of the Limited Partnership Agreement, the purchase price of his surrendered limited partnership interest may be paid by the Limited Partnership, subject to the limitations and in accordance with the terms set forth in paragraph 2 of this Certificate and paragraph 1.5 of the Limited Partnership Agreement; and (c) at any time after formation of the Partnership, the General Partner or other purchaser

of a limited partner interest (whether or not such purchaser shall be admitted as a substituted limited partner in the Partnership) sold pursuant to the provisions of Article 9 of the Partnership Agreement shall have the right, with the consent of the General Partner and at such times as the General Partner shall approve, to surrender the interest so purchased to the Partnership in exchange for the pro rata share attributable to such interest of the net assets of the Partnership, including but not limited to a pro rata undivided interest in the Partnership's oil and gas property interests which shall be assigned to such purchaser subject to a pro rata share of all liens and other encumbrances burdening such properties. The pro rata share of Partnership net assets attributable to any Partnership interest shall be a percentage thereof equal to such interest's percentage interest in Partnership profits, income, gains, and credits determined as set forth in subparagraph 6.1 of the Limited Partnership Agreement and paragraph 9 of this Certificate.

9. Limited Partner's Share in Income. The profits, income, gains and credits (including all federal income tax credits) of the Partnership shall be credited to the General Partner and the limited partners in the following percentages:

(a) General Partner - 15 percent

(b) Limited Partners - 85 percent, divided among them in the proportion that the capital contribution of each limited partner bears to the total capital contributions of all limited partners.

In case the Partnership purchases the interest of a withdrawing limited partner as provided in subparagraph 1.5 of the Limited Partnership Agreement, or in case any partner's interest is surrendered as provided in subparagraphs 9.1 or 9.2(f)

of the Limited Partnership Agreement, the percentages set forth immediately above for the General Partner and the limited partners shall be proportionately adjusted so that the sum thereof shall remain 100 percent. Notwithstanding any of the foregoing, the aggregate losses allocated to the limited partners for the first two fiscal years of the Partnership shall not exceed the amount of their contributions to capital of the Partnership.

10. Substitution of Limited Partners. A limited partner may assign all or part of his interest in the Partnership to any other person, who may thereupon become a substituted limited partner with respect to the assigned interest subject to the General Partner's written consent and the execution and delivery to the General Partner of such documents and the taking of such other action as the General Partner shall reasonably deem necessary or advisable to cause such assignee to become a substituted limited partner, and the payment by such assignee of all reasonable expenses required by the General Partner to be paid in connection therewith, which may include without limitation the cost of preparing and filing an amended limited partnership certificate or certificates. The General Partner may defer the admission of any assignee, transferee or donee as a substituted limited partner, in order to limit the number of times each year when amended Limited Partnership certificates are required to be filed to four filings each year. Any assignment of a limited partnership interest shall become effective as of the first day of the calendar month following the month in which the General Partner receives evidence thereof satisfactory to the General Partner.

Any limited partner may, with the written consent of the General Partner, assign all or any part of his interest in the Partnership by way of mortgage, pledge or other transfer for security purposes, and upon any foreclosure of any such security interest and proper notice thereof to the General Partner, the Partnership shall then make directly to such

assignee such distributions as shall accrue under the provisions of the PETRO-LEWIS OIL INCOME PROGRAM/1976-6 LIMITED PARTNERSHIP AGREEMENT to such encumbered Partnership interest. Such assignee may become a substituted limited partner, as that term is defined in the Uniform Limited Partnership Law of Colorado, subject to the fulfillment of the conditions precedent to acceptance as a substituted limited partner set forth above.

11. Admission of Additional Limited Partners. No right is given to the partners to admit additional limited partners.

12. Priorities Among Limited Partners. No limited partner has been given the right to priority over any other limited partners for any purpose whatsoever.

13. Continuation of Business. Petro-Lewis Funds, Inc., is the sole General Partner of the Partnership, and no right is given to continue the business of the Partnership in the event of the General Partner's withdrawal, dissolution or bankruptcy.

14. Right to Receive Property Other Than Cash. No limited partner is given the right to demand and receive property other than cash in return for his contribution, except that (1) with the consent of the General Partner and at such times as the General Partner shall approve, the purchaser of a limited partner interest under the circumstances described in Paragraph 8 of this Certificate shall have the right described in that Paragraph to surrender the purchased limited partner interest to the Partnership in exchange for a pro rata share of the Partnership's assets, and (2) upon dissolution of the Partnership, all producing oil and gas properties and all or any part of any undeveloped properties not sold by the liquidator shall be conveyed and assigned to the partners in undivided interests as tenants in common in accordance with

each partner's proportionate interest in Partnership profits, income, gains and credits as set forth in subparagraph 6.1 of the Limited Partnership Agreement as of the date of termination, subject to any amounts owing to creditors.

IN WITNESS WHEREOF this Certificate is signed and sworn to as of the 17th day of June, 1976.

CERTIFICATE OF LIMITED PARTNERSHIP
DRILLING AGREEMENT

LAFAYETTE DEVELOPMENT PARTNERSHIP-1977

This Limited Partnership Agreement is entered into by Lafayette Energy Program-1977, a Limited Partnership (the "Program"); Lafayette Energy Corporation, a Minnesota corporation, ("Lafayette"); and any persons signing this Agreement as additional general partners, such Agreement to be effective as of December 2, 1977.

ARTICLE I

FORMATION OF LIMITED PARTNERSHIP

1.01. Formation and Name. Pursuant to the Minnesota Uniform Limited Partnership Act, Lafayette and the Program hereby form a Limited Partnership, designated "Lafayette Development Partnership-1977" (the "Drilling Partnership"), which will engage in all phases of the oil and gas business, including, without limitations, the drilling for and production of oil and gas upon the terms and conditions hereinafter set forth. It is also the intention of the parties to create hereby a partnership which constitutes a partnership in commendam in the State of Louisiana.

1.02. Designation of General and Limited Partners. Lafayette shall serve as General Partner of the Drilling Partnership. The Program shall serve as Limited Partner and shall not, as such, be bound by the obligations of the Drilling Partnership. Any Affiliated Party, as defined in the Program Agreement, who subscribes to the Program as an additional general partner shall serve as an additional general partner of the Drilling Partnership.

1.03. Principal Office and Residence. The place of residence and address of the Program, the Drilling Partnership, and Lafayette shall be their principal place of business at 444 Lafayette Road, St. Paul, Minnesota 55101. Such address shall be subject to change upon notice to the parties.

ARTICLE II

PARTICIPATION

2.01. Expenditures. Except as otherwise provided herein, the accounts of the parties shall be charged as follows for items expended by the Drilling Partnership:

(1) Category I Costs shall be charged to the Program and Lafayette in the ratios of their respective Drilling Subscriptions as defined in §2.04. As used herein, and except as provided in "(2)(b)" below, "Category I Costs" shall mean: (a) all delay rentals and shut-in or minimum royalties; (b) all costs incident to and necessary for the drilling of wells and the preparation of wells for production and which costs in themselves have no salvage value, and all additional expenses incurred in completing or testing for production, and all costs of further equipping, reworking, plugging back, deepening, repairing or performing remedial work of any type on, or of plugging and abandoning, any well participated in by, or any equipment of, the Drilling Partnership, where not chargeable as Category II or Category III Costs; (c) geological and engineering expenses allocable to the Drilling Partnership, except to the extent such costs are attributable to acquisition of Leases; (d) interest expense attributable to monies borrowed by or advanced to the Drilling Partnership, the benefits from which are received by the Program; (e) Abandonment Loss Costs, as defined below; (f) the costs of maintaining all necessary records, of preparing all periodic and annual reports, reserve evaluations, and all tax returns, and of performing all accounting services for the Drilling Partnership and all management fees and administrative overhead reimbursement paid the Drilling Partnership Operator pursuant to §3.01(b) hereof; (g) organizational and offering costs and expenses incurred in the offering of subscriptions to and the organization of the Program and Drilling Partnership, up to 4% of the aggregate Drilling Subscriptions; and (h) all other expenditures not otherwise covered below, which are not chargeable as Category II or Category III Costs.

(2) Category II Costs shall be charged to Lafayette. As used herein, and except as provided in "(1)(e)" above, "Category II Costs" shall mean: (a) all costs customarily associated with acquisition of oil and gas Leases. including Lease bonuses, the

cost of abstracts, Lease acquisition title examinations and title curative and defense, delay rentals incurred to the date of acquisition by the Drilling Partnership, but excluding screening, engineering, geological, and geophysical expense concerning prospective Lease acquisitions, except to the extent any such costs might be required to be capitalized for Federal income tax purposes; (b) any portion of costs otherwise covered by "(1)" above which is required to be capitalized for Federal income tax purposes by reson of any interest in favor of any third party; (c) all costs, other than Abandonment Loss Costs, as defined below, of acquisition, or leasing, of items used or installed in connection with the drilling, testing, completion or production of any well participated in by the Drilling Partnership which in themselves have a salvage value, and which costs would be required to be capitalized for Federal income tax purposes if expended for the purchase of such items; (d) interest expense attributable to monies borrowed by or advanced to the Drilling Partnership, the benefits from which are received by Lafayette; (e) any costs of internal management and administration required to be capitalized for Federal income tax purposes; and (f) any organizational and offering costs and expenses incurred in the offering of subscriptions to and organization of the Program and Drilling Partnership in excess of 4% of the aggregate Drilling Subscriptions.

(3) Category III Costs shall be charged to the Program, and Lafayette in the ratios in which they are sharing in the related revenues of the Drilling Partnership. As used herein, "Category III Costs" shall mean all customary expenses of operation and production incurred on a recurring monthly basis in connection with the production and marketing of the oil and gas found by the Drilling Partnership including, in addition to labor, fuel, repairs, hauling, materials, supplies, utility charges and other costs incident thereto, ad valorem and severance taxes, insurance and casualty loss expense, and compensation to well operators or others for services rendered in conducting such operations.

As used herein, "Abandonment Loss Costs" shall mean those costs otherwise covered by "(2)" above, to the extent such costs are not recouped from sale proceeds, or by salvage, and which relate to equipment on any well which is not completed or which is sold,

[redacted] [redacted] [redacted]

subleased, abandoned or determined to be completely worthless within a period of 60 days from the date of first sale of any formation product from such well. Abandonment Loss Costs shall be recognized at the time such costs qualify for deduction for Federal income tax purposes by the Drilling Partnership or the parties hereto (including amounts deductible as depreciation during the year of abandonment) at which time appropriate charges and credits shall be made as necessary to the accounts of the parties.

When any charge hereunder is affected by the characterization of such item for Federal income tax purposes, such determination shall be made based on the Federal income tax law as of the date of the offering circular to which this Agreement is attached and no consideration shall be given to any change in Federal income tax law occurring after such date, whether such change is a result of legislation, judicial decision or administrative action.

Dry hole or bottom hole contributions for any well shall be treated as a reduction of Category I Costs of such well to the extent of such costs, next as a reduction of Category II Costs of such well to the extent of such costs and finally as revenues to the extent of any excess. The term "dry hole or bottom hole contributions" shall mean cash or property earned or received in return for the drilling of a well or the agreement to drill a well, except to the extent property earned or received is not required to be reported as taxable income or as a reduction of deductions for Federal income tax purposes.

Irrespective of any provision herein to the contrary, in any event the interest of the General Partner in Drilling Partnership income, gain, loss, deduction or credit shall be equal to at least one percent (1%) of each such item at all times during the existence of the Drilling Partnership. In determining the General Partner's interest in such items, limited partnership interests owned by the General Partner shall not be taken into account.

2.02. Revenues. Until the completion or abandonment of all wells commenced with Drilling Subscription funds, revenues from production shall be credited 70% to the Program and 30% to Lafayette. Upon completion or abandonment of all wells commenced with Drilling Subscription funds, and until Payout, as hereinafter defined, revenues shall be credited to the parties in the ratio of their respective Cost Percentages. A party's Cost Percentage is the percentage which the Category I and II Costs charged to his or its account bear to the total of the Category I and II Costs of the Drilling Partnership, on a cumulative basis. The first such determination shall occur upon the completion or abandonment of all wells commenced with Drilling Subscription funds and shall apply to revenues credited from that date until December 31, next. On such December 31, and each December 31 thereafter until Payout, the Cost Percentages shall be computed and shall govern the crediting of revenues for the forthcoming calendar year. At Payout, and thereafter, Lafayette shall be credited with that percentage of revenues which equals Lafayette's Cost Percentage plus twenty (20) percentage points. The Program shall be credited with the remaining revenues.

The term "Payout", as used herein, shall mean that point in time, following the completion or abandonment of all wells commenced with Drilling Subscription funds, at which the revenues, net of Category III Costs, credited to the Program equal the Category I Costs charged to the Program. Payout shall be deemed to have occurred at such point in time although costs subsequently incurred and charged to the Program cause the Program's Category I Costs to once again exceed its revenues, net of Category III Costs.

Proceeds from the sale of properties shall be credited the same as other revenues, except that such proceeds shall first be credited to Lafayette to the extent of the salvage value of any equipment sold.

2.03. Special Projects. The foregoing division of expenditures and revenues shall apply to all customary drilling and producing operations, but shall not apply to the construction or acquisition of compressor plants, water stations, secondary recovery systems, gas products plants, pipelines, and other transmission or major storage facilities and all other installations and operations other than customary drilling and producing facilities and operations ("Special Projects"). The division of costs and revenues of any Special Projects undertaken by the Drilling Partnership shall be agreed upon by amendment pursuant to the provisions set forth in §7.04 of this Agreement.

2.04. Definition of "Drilling Subscription". The term "Drilling Subscription", as used in this Agreement, shall mean:

1. As to the Program, that portion of Program Subscriptions to the Program which are paid over to this Drilling Partnership, the amount of which shall be stated at the place for execution of this Agreement by the Program; and

2. As to Lafayette, that portion of its Program Subscription paid over to this Drilling Partnership, which shall be no less than 1% of the aggregate Drilling Subscriptions of the Program and Lafayette.

2.05. Payment. Upon organization of the Drilling Partnership, the Program shall pay to the Drilling Partnership, the Program Subscription payments, as defined in the Program Agreement, subscribed for expenditure by the Drilling Partnership and, within the limits on assessments stated in §2.03 of the Program Agreement, shall pay to the Drilling Partnership such additional amounts as are required to satisfy the Program's share of the costs incurred or estimated to be incurred; provided that the Program shall not be required to make payments to the Drilling Partnership in excess of $ 500,000 (twice the amount of the Drilling Subscription). Lafayette shall also simultaneously pay its Drilling Subscription to the Drilling Partnership upon formation.

Lafayette as General Partner shall further transfer the following to the Drilling Partnership as its contribution to the capital of the Drilling Partnership and shall be credited with the amount of cash contributed and with an amount equal to the adjusted basis for Federal income tax purposes of other contributed property at the time of transfer.

(a) Nonproducing Leases selected by such General Partner for the Drilling Partnership;

(b) Equipment and other items used or installed in connection with the drilling, testing, completion or production of any well participated in by the Drilling Partnership which in themselves have a salvage value, except to the extent such items are rented by the Drilling Partnership; and

(c) Cash sufficient to pay all other costs charged to its account to the extent such costs exceed its share of undistributed revenues or proceeds of loans of the Drilling Partnership, to be paid at the time such costs are required to be paid by the Drilling Partnership.

The interest of Lafayette as General Partner in the capital and revenues of the Drilling Partnership is in consideration for, and is the only consideration for, the transfer of the property specified above to the Drilling Partnership; and Lafayette as General Partner shall receive no compensation or reimbursement directly or indirectly for any of its cost incurred in acquiring the property which it contributes to the Drilling Partnership. Other compensation paid to Lafayette or its successor as Program Manager or Drilling Partnership Operator shall be solely for its duties of management of the Program and the Drilling Partnership, and supervision of the drilling and operation of oil and gas wells. Lafayette shall contribute to the capital of the Drilling Partnership, upon final termination, the amount of any deficit balance in its capital account.

2.06. Distribution of Surplus. At least quarterly, the Drilling Partnership Operator shall balance accounts and distribute to each party the amount by which advances, payments and undistributed revenues credited to its account exceed expenditures charged to its account and its share of estimated expenditures for the succeeding 90-day period; provided, however, that no party shall under any circumstances be entitled to interest on any amounts retained by the Drilling Partnership.

ARTICLE III

CONDUCT OF OPERATIONS

3.01. Management. The Drilling Partnership Operator, hereinafter designated, shall exercise full control over all operations of the Drilling Partnership. The Program shall have no power over the conduct of the operations of the Drilling Partnership and shall have no right to participate in its management or control.

3.01(a). General Powers of the Drilling Partnership Operato
The Drilling Partnership Operator shall have full authority to do all things deemed desirable by it in the conduct of the business of the Drilling Partnership, including the determination of which wells and operations will be participated in by the Drilling Partnership; which Leases developed and which Leases abandoned, or at its sole discretion, sold or assigned to other parties, including other investor ventures organized by Lafayette or the Drilling Partnership Operator; the making of any expenditures and the incurring of any obligations for the conduct of the activities of the Drilling Partnership; the acquisition, hypothecation, exchange, or disposition of any or all of the assets of the Drilling Partnership, subject however to the right of the Program to approve or disapprove the sale of all or substantially all of the assets of the Drilling Partnership (including, without limitation, Leases, wells, equipment and production therefrom), the use of revenues of the Drilling Partnership, and the borrowing on behalf of, and the advance of moneys to, the Drilling Partnership, for any purpose, on any terms it sees fit, including without limitation the financing of the conduct of the drilling activities and other operations of the Drilling Partnership; the repayment of such borrowing and advances, the conduct of additional operations by the Drilling Partnership; provided that no lender shall be required to look to the application of proceeds hereunder, and shall be entitled to rely on the representations of the Drilling Partnership Operator as to its authority to enter into such financing arrangements and shall be entitled to deal with the Drilling Partnership Operator as if it were the sole party in interest therein, both legally and beneficially; the negotiation and execution on any terms deemed desirable in its sole discretion of any contracts, conveyances, or other instruments, considered useful to the conduct of such operations or the implementation of the powers granted it under this Agreement; the selection of employees and outside consultants and contractors and the determination of their compensation and other terms of employment or hiring; the making of all decisions concerning the desirability of paying, and the payment or supervision of the payment of, all delay rentals and shut-in royalty payments; the maintenance of such insurance for the benefit of the Drilling Partnership and the parties as it deems necessary, (such insurance may be carried by an operator selected by the Drilling Partnership Operator and shall include the Drilling Partnership as a named insured); the formation of a joint venture with Western Oil Partners, a partnership, and others, for oil and gas drilling operations to be conducted by Energetics, Inc., as operator, and such other joint ventures, limited or general partnership or other relationships which it deems desirable; the control of any matters affecting the rights and obligations of the Drilling Partnership, including the employment of attorneys to advise and otherwise represent the Drilling Partnership, the conduct of litigation and other incurring of legal expense and the settlement of claims and litigation; and the operation of producing wells drilled on Leases owned by the Drilling Partnership, or on a drilling unit which includes any part of such Lease. All transactions

between the Drilling Partnership and Lafayette or its affiliates will be on terms which Lafayette believes to be not less favorable than those terms which could be obtained between the Drilling Partnership and independent third parties under the same or similar circumstances, in the same area of operations. No loans shall be made by the Drilling Partnership to Lafayette.

Lafayette, as Drilling Partnership Operator, is given a power of attorney as agent on behalf of the Drilling Partnership to create, prepare, complete, execute, file, swear to, deliver, endorse and record any and all instruments, assignments, security agreements, financing statements and writings as may be necessary from time to time to implement the borrowing powers in this §3.01(a).

Irrespective of any provision herein to the contrary, the Drilling Partnership shall not borrow on a non-recourse basis if the creditor has, or may acquire, as a result of making the loan, any direct or indirect interest in the profits, capital, or property of the Drilling Partnership other than as a secured creditor.

The Drilling Partnership Operator may contract and delegate all or any part of its duties hereunder to any entity chosen by it, including an entity related to it; but such delegation shall not relieve it of its responsibilities hereunder.

The Drilling Partnership shall not participate in any joint operations on any co-owned Lease unless there has been acquired or reserved on behalf of the Drilling Partnership the right to take in kind, or separately dispose of, its proportionate share of the oil and gas produced from such Lease, exclusive of production which may be used in development and producing operations on the Lease and production unavoidably lost unless, in the opinion of counsel to the Drilling Partnership, the failure to so reserve such right to take in kind will not result in the Drilling Partnership being treated as a member of an association taxable as a corporation. Further, the Drilling Partnership, with respect to any working or operating interest in any Lease held by it, shall neither grant nor participate in any operation where there has been granted to any co-owner or operator any agency or other rights to sell, or contract for the sale of, its proportionate share of oil and gas produced from such Lease unless such grant is for the time being only, is subject to revocation at will by the Drilling Partnership, and the duration of any contracts is limited to the lesser of minimum needs of the industry or one year.

3.01(b). Designation and Compensation of Drilling Program Operator. Lafayette is hereby designated Drilling Partnership Operator of the Drilling Partnership and shall so serve until it resigns or is removed by the Program upon the affirmative vote of Affected Participants, whose Drilling Subscriptions equal not less than a majority of the aggregate Drilling Subscription, in which

event a successor Drilling Partnership Operator shall be selected by the mutual designation of Lafayette, unless Lafayette has been removed as General Partner, and the Program through the Affected Participants whose Drilling Subscriptions equal not less than a majority of the aggregate Drilling Subscription. Resignation or removal of Lafayette as Drilling Partnership Operator shall not affect its status as General Partner hereunder nor relieve it of its responsibilities for its share of the costs incurred by the Drilling Partnership as set forth in §2.01 of this Agreement. At the request of Affected Participants whose Drilling Subscriptions equal at least 10% of the aggregate Drilling Subscription, Lafayette shall call a vote on such removal. Such a vote will be called by Lafayette pursuant to notice given to Affected Participants within 10 days after Lafayette's receipt of a proper request under this Section. Any determination of a matter to be voted upon under this Section will become final 30 days after such notice is given to Affected Participants.

Lafayette, as Drilling Partnership Operator shall be reimbursed, when such expense is incurred, for an allocable portion of its actual and necessary Administrative Overhead. "Administrative Overhead" shall mean, to the extent such costs are deductible for Federal income tax purposes: (1) all costs and expenses paid by Lafayet relating to its general offices; the wages and expenses of personnel, including executive officers, employed in such offices; and any other items classified as general administrative overhead, including depreciation; (2) the cost of all accounting services performed for the Drilling Partnership, or in connection with its operations, including without limitation, salaries and employee benefits for accounting personnel; office rental; the costs of furnishing, maintaining, operating or renting or otherwise securing the use of office equipment, furniture, machines, computers, and all other physical equipment and facilities whether similar or dissimilar, including depreciation, taxes, and interest on investment; amounts paid to outside parties for accounting services; and all other costs and expenditures, whether similar or dissimilar, related to the performance of accounting services and reporting to the Parties; and (3) all other costs and expenses not directly related to the conduct of a specific activity of the Drilling Partnership.

3.02. Acquisition of Leases. Lafayette, as General Partner of the Drilling Partnership, shall examine, acquire for, and assign to the Drilling Partnership full or partial interests in Leases by any method customary in the oil and gas industry. Such acquisitions may be made under any terms and obligations, and subject to any burdens, as it deems necessary in its sole discretion; provided that any such interest purchased from Lafayette, its officers, director or affiliates, shall be purchased by the Drilling Partnership at only the actual cost of such interest to such transferor. This

provision shall not, however, prevent the creation of a carried interes in favor of Western Oil Partners.

Undeveloped Leases assigned to the Drilling Partnership subsequent to the expenditure of Drilling Subscriptions, which would require additional expenditures by the Drilling Partnership for drilling costs, shall be limited to Leases covering acreage which, in the opinion of Lafayette, is located on a geological feature covered in part by Leases then owned by the Drilling Partnership.

As used herein, "Leases" shall mean full or partial interests in oil and gas leases, oil and gas mineral rights, fee rights, licenses, concessions, or other rights under which the holder is entitled to explore for and produce oil and/or gas, and shall further include any contractual rights to acquire any such interest.

Title to all Leases acquired by the Drilling Partnership may be taken in the name of the Drilling Partnership, in the name of the Drilling Partnership Operator or Lafayette, or in the name of any nominee designated by the Drilling Partnership Operator; provided that no Lease held in the name of any nominee shall be considered to have been acquired by the drilling Partnership unless and until the Drilling Partnership Operator has notified the Program of such acquisition, and a nominee agreement has been executed in favor of the Drilling Partnership.

Lafayette shall take such steps as are necessary in its best judgment to render title to the Leases assigned to the Drilling Partnership acceptable for the purposes of the Drilling Partnership. Lafayette and the Drilling Partnership Operator shall be free, however, to use their own best judgment in waiving title requirements and shall not be liable to the Drilling Partnership, the Program, or the Participants of the Program for any mistakes of judgment; nor shall Lafayette or the Drilling Partnership Operator be deemed to be making any warranties or representations, express or implied, as to the validity or merchantability of the title to any Lease assigned to the Drilling Partnership or the extent of the interest covered thereby.

3.03. Conduct of Operations. The Drilling Partnership Operator, in conjunction with Energetics, Inc. and any other operator selected by the Drilling Partnership Operator, shall establish a program of operations for the Drilling Partnership. Subject to the limitations contained in §2.05 concerning the maximum payments which can be required of the Program, Lafayette and the Program agree to participate in the program so established by the Drilling Program Operator; provided that no well drilled to the point of testing or setting casing need be completed if, in the Drilling Partnership Opertor's opinion, such well is unlikely to be productive of oil or gas in quantities to justify the expenditures required for well completion.

ARTICLE IV

OTHER RIGHTS OF THE PARTIES

4.01. Allocation of Income, Deductions, and Elections. To the extent permitted by law, all deductions and credits, including, but not limited to, intangible drilling and development costs, depreciation, rental expenses, and the investment qualifying for the investment credit where applicable, shall be allocated to the party who has been charged with the expenditure giving rise to such deductions and credits; and to the extent permitted by law, such parties shall be entitled to such deductions and credits in computing taxable income or tax liabilities to the exclusion of any other party. It is agreed the tax basis of each oil and gas property for computation of cost depletion and gain or loss on disposition shall be allocated and reallocated when necessary based upon the capital interest in this partnership as to such property and that the capital interest in this partnership for such purpose as to each property shall be considered to be owned by the parties hereto in the ratio in which the expenditure giving rise to the tax basis of such property has been charged as of the end of each year. Gain on disposition of assets shall be allocated among the parties hereto in the ratio in which each party's share of proceeds of sale exceeds such party's share of expenditures giving rise to the adjusted tax basis of the property disposed, exclusive of the adjusted tax basis of oil and gas properties separately allocated among the parties as discussed above; provided, further, that within the limits of the above allocation, gain treated as ordinary income by reason of recapture of deductions shall be allocated to the parties which received the benefit of such deduction.

The Drilling Partnership shall make an election to deduct intangible drilling and development costs on its Federal income tax return in accordance with the option granted by the Internal Revenue Code of 1954, as amended. No election shall be made by any party hereto for the Drilling Partnership to be excluded from the application of the provisions of Subchapter K of the Internal Revenue Code of 1954, as amended.

If it is determined that any taxable income results to Lafayette by reason of its entitlement to a share of profits or revenues of the Drilling Partnership before such profit or revenue has been realized by the Drilling Partnership, the resulting deduction (as well as any resulting gain) shall not enter into the Drilling Partnership net income or loss but shall be separtely allocated to Lafayette.

In the event of the transfer of an interest in the Drilling Partnership, or in the event of the distribution of property to any party hereto, the Drilling Partnership Operator may elect for the Drilling Partnership to file an election in accordance with the applicable Treasury Regulations to cause the basis of the Drilling Partnership's assets to be adjusted for Federal income tax purposes as provided by Sections 734 and 743 of the Internal Revenue Code of 1954, as amended. In the event of the transfer of an interest in the Drilling Partnership, allocation of the distributive share of Drilling Partnership income and costs between the transferor and transferee attributable to the transferred interest shall be based on the number of months, determined pursuant to the provisions of §5.01 of this Agreement, in the particular year during which each owned such interest in the Drilling Partnership; provided, however, that gain on sale of all or a substantial portion of Drilling Partnership assets shall be allocated to the holder of the interest on the date of sale and provided further, that upon the agreement of the transferee, transferor and the Drilling Partnership Operator, the allocation may be based upon actual income and deductions before and after the actual date of transfer, to the extent permitted by law.

4.02. Reports and Disclosures. The Drilling Partnership Operator shall furnish Lafayette and the Program periodic and annual reports concerning the preceding period's operations, including annual audited financial information for years during which substantial operations are conducted by the Drilling Partnership.

4.03. Outside Activities. Lafayette and its officers, directors, partners, and affiliates, are now engaged, and will in the future engage, in the acquisition of Leases; the evaluation of prospective Lease acquisitions; the exploration for and production of oil, gas and other minerals for other investors; the sale of partial interests in Leases for their own account; the acquisition for their own account and for others of oil and gas royalty interests and producing and partially developed oil and gas properties; and the development of other energy sources which could be competitive with oil and gas; provided that, such parties shall only have the same freedom to continue or to initiate further such activities as is provided in §4.03 of the Program Agreement.

4.04. Indemnification. In any threatened, pending or completed action, suit or proceeding to which Lafayette was or is a party or is threatened to be made a party by reason of the fact that it is or was the Drilling Partnership Operator (other than an action by or in the right of the Drilling Partnership), the Drilling Partnership shall indemnify Lafayette against expenses, including attorneys fees, judgments and amounts paid in settlement actually and reasonably incurred by it in connection with such action, suit or proceeding if it acted in good faith and in a manner it reasonably believed to be in, or not opposed to, the best interests of the Drilling Partnership. The termination of any action, suit or proceeding by judgment order or settlement shall not, of itself, create a presumption that Lafayette did not act in good faith and in a manner which it reasonably

believed to be in, or not opposed to, the best interests of the Drillin Partnership.

In any threatened, pending or completed action or suit by or in the right of the Drilling Partnership, to which Lafayette was or is a party or is threatened to be made a party, the Drilling Partnership shall indemnify Lafayette against expenses, including attorneys' fees, actually and reasonably incurred by it in connection with the defense or settlement of such action or suit if it acted in good faith and in a manner it reasonably believed to be in, or not opposed to, the best interests of the Drilling Partnership, except that no indemnification shall be made in respect of any claim, issue or matter as to which Lafayette shall have been adjudged to be liable for breach of a fiduciary obligation in the performance of its duty to the Drilling Partnership unless and only to the extent that the court in which such action or suit was brought shall determine upon application, that, despite the adjudication of liability but in view of all circumstances of the case, Lafayette is fairly and reasonably entitled to indemnity for such expenses which such court shall deem proper.

Any indemnification under the above provisions, unless ordered by a court, shall be made only as authorized in the specific case and only upon a determination by independent legal counsel in a written opinion that indemnification of Lafayette is proper in the circumstances because it has met the applicable standard of conduct set forth above.

To the extent that Lafayette has been successful, on the merits or otherwise, in defense of any action, suit or proceeding referred to above, or in defense of any claim, issue or matter therein, the Drilling Partnership shall indemnify Lafayette against the expenses, including attorneys' fee, actually and reasonably incurred by it in connection therewith.

4.05. Removal of General Partner and Termination of Drillin Partnership. Lafayette may be removed as General Partner of the Drilling Partnership, for violation of its obligations hereunder and a new General Partner may be substituted, by the Program upon the affirmative vote of Affected Participants whose Drilling Subscriptions equal a majority of the aggregate Drilling Subscription.

Should Affected Participants vote to remove the General Partner, Affected Participants, through the Program, must elect by a similar vote either to terminate, dissolve and wind up the Drilling Partnership or to continue as a successor Limited Partnership under all the terms of this Agreement, as provided in §§6.01 and 6.02.

If the Program elects to continue as a successor Limited Partnership, the outgoing General Partner shall not be removed until a substitute General Partner has been selected by a similar vote of Affected Participants, through the Program and installed as such.

No substitute General Partner shall be installed as such until a determination has been made that removal of the existing General Partner and installation of the substitute General Partner will not cause the Drilling Partnership to be classified as an association taxable as a corporation for Federal income tax purposes, such determination to be made either pursuant to an opinion of counsel, such counsel being selected by the affirmative vote of Affected Participants whose Drilling Subscriptions equal a majority of the aggregate Drilling Subscription, or by a ruling issued by the Internal Revenue Service. In the event the General Partner is removed, its interests in the assets of the Drilling Partnership shall be determined pursuant to §6.02 of this Agreement as if there had been a dissolution and winding up of the Drilling Partnership. Thereafter, the General Partner's Distribution Interest will be distributed to it. Such Distribution Interest, plus any property interest previously withdrawn by Lafayette pursuant to §5.02, hereof, shall be subject to an operating agreement as agreed upon between the substitute General Partner and the Program and the Participants therein which provides that the costs and revenues attributable to the properties, including any compensation to the operator of the properties, shall be shared, as between the removed General Partner and the successor Limited Partnership, in proportion to their respective interests in the properties, unless such removed General Partner and successor Limited Partnership shall mutually agree upon an alternative method of cost and revenue sharing. To the extent necessary to implement such operating agreement, Lafayette shall secure a release of any encumbrance created by it on property interests withdrawn pursuant to §5.02. The General Partner, at the time of its removal, shall cause, to the extent that it is legally possible, its successor to be transferred or assigned all its rights, obligations and interests in contracts entered into by it on behalf of and as nominee for the Drilling Partnership.

At the request of Participants whose Drilling Subscriptions equal at least 10% of the aggregate Drilling Subscription, Lafayette shall call a vote on the question of the removal of the General Partner; continuation as a successor Limited Partnership; and the selection of a substitute General Partner. Such a vote will be called by Lafayette pursuant to notice given to Affected Participants within 10 days after Lafayette's receipt of a proper request under this Section. Any determination of a matter to be voted upon under this Section will become final 30 days after such notice is given to Affected Participants.

4.06. Limitation on Exercise of Rights. The exercise by Affected Participants through the Program of the rights granted herein at: §3.01(a), to approve or disapprove the sale of all or substantially all assets; §3.01(b), to remove Lafayette as Drilling Partnership Operator; §4.05, to remove the General Partner; §6.02, to terminate the Drilling Partnership; and §7.04, to amend this Agreement, shall be subject to a determination that the grant or exercise of such power will not adversely affect the limited liability of the Program, such determination to be made either pursuant to an opinion of counsel selected by the Program upon the affirmative vote of Affected Participants whose Drilling Subscriptions equal not less than a majority of the aggregate Drilling Subscription or a Declaratory judgment issued by a court of competent jurisdiction.

ARTICLE V

TRANSFER OF INTERESTS

5.01 Transferability. Each of the parties hereto shall have the right to mortgage or otherwise pledge its interest in the Drilling Partnership, and to transfer its interest in any transaction in which neither gain nor loss will be recognized for Federal income tax purposes except where no gain or loss is recognized solely because the consideration is equal to the adjusted basis of the interest. Otherwise, and except as is otherwise provided herein or in the Program Agreement, interests in the Drilling Partnership shall be non-transferable except with the consent of Lafayette and the Program. No interest in the Drilling Partnership shall be sold or transferred in the absence of an effective registration statement under the Securities Act of 1933, as amended, or an opinion of counsel acceptable to Lafayette that such registration is not required.

Irrespective of the above, no transfer by the General Partner shall be effective without the consent of the Program upon the affirmative vote of Affected Participants whose Drilling Subscriptions equal a majority of the aggregate Drilling Subscription if such attempted transfer would reduce the General Partner's aggregate shares of any item of income, deduction or credit of the Drilling Partnership to less than 1%.

Failure to notify the transferring party of an objection to any proposed or completed transfer of the transferor's interest hereunder within 30 days following the receipt of notice thereof shall conclusively serve as a consent to such transfer.

Any transferee under these provisions does not become a substituted partner without unanimous consent of the parties.

Any cost of transfer shall be paid by the transferor unless otherwise agreed between the transferor and transferee for such cost to be shared between them.

Any transfer permitted hereunder shall be effective as of midnight of the last day of the calendar month in which it is made, or at the Drilling Partnership Operator's election, 7:00 A.M. of the following day, and no such transfer shall relieve the transferor of its responsibility for its proportionate part of any expenses, obligations and liabilities hereunder, whether arising prior or subsequent to such transfer.

5.02. Partial Withdrawal by Lafayette. After the drilling and completion of a producing well, Lafayette may withdraw any portion or all of its Distribution Interest in such well, the related equipment, and/or Leases or portion of Leases attributable to such well under unitization or spacing regulations (excluding, however, the interest in such Leases in zones or formations not developed for which there is a reasonable prospect of development by the Drilling Partnership). Following such withdrawal Lafayette shall cease sharing under this Agreement in the revenues or costs received or incurred by the Drilling Partnership which are attributable to the interest withdrawn, but shall separately receive such revenues and bear such costs. The withdrawal shall not, however, affect the allocation of deductions for income tax purposes under §4.01 related to costs incurred prior to the withdrawal. Lafayette shall not be permitted to withdraw the Distribution Interest in the Drilling Partnership attributable to its required Drilling Subscription. Following a distribution by the Program of all or a part of its interest in the Drilling Partnership to Lafayette, Lafayette may withdraw the related Distribution Interest in the same manner and under the same terms as the withdrawal described above. Otherwise the withdrawal right described herein will be exercised only if required to enable Lafayette to obtain financing, or to enable it to maintain the minimum net worth required by the Internal Revenue Service with respect to this or other partnerships. If Lafayette exercises its right hereunder to withdraw interests in properties, it shall indemnify the Program and Participants in the Program, against any loss which might result to them, which would not have occurred if such property interests had not been withdrawn.

ARTICLE VI

Duration, Dissolution, and Winding Up

6.01. Duration. The Drilling Partnership shall continue in existence for a period of 50 years from the effective date of this Agreement unless sooner terminated as hereinafter set forth.

The Drilling Partnership shall terminate following the occurrence of a Final Terminating Event; upon the adjudication of insolvency or the institution of proceedings for liquidation by arrangement or composition with its creditors, of any General Partner; upon the dissolution of any corporate General Partner except as a part of a corporate merger or reorganization; upon the death or total incapacity of any individual General Partner; upon the removal of the General Partner, pursuant to § 4.05; or upon the occurrence of any event which under the Minnesota Uniform Limited Partnership Act causes the dissolution of a Limited Partnership.

Except upon the occurrence of a Final Terminating Event, the Drilling Partnership or any successor Limited Partnership shall not be wound up, but shall be continued by the parties and their respective successors as a successor Limited Partnership under all the terms of this Agreement. Such successor Limited Partnership shall succeed to all of the assets of the Drilling Partnership.

As used throughout this Agreement, the term "Drilling Partnership" shall include such successor Limited Partnership and the parties thereto.

6.02. Dissolution and Winding Up. Upon the occurrence of a Final Terminating Event, the affairs of the Drilling Partnership shall be wound up and a final accounting made. Thereafter, there shall be distributed to each of the parties to the Drilling Partnership their Distribution Interests in the remaining assets of the Drilling Partnership.

As used in this Agreement, "Final Terminating Event" shall mean any one of the following:

(1) The expiration of the fixed term of the Drilling Partnership;

(2) The giving of notice to the Program by Lafayette of its election finally to terminate and wind up the affairs of the Drilling Partnership;

(3) The giving of notice to Lafayette by the Program of its similar election;

(4) The adjudication of bankruptcy of Lafayette or any other general partner.

As used in this Agreement, a party's "Distribution Interest" shall mean an undivided interest in the assets of the Drilling Partnership equal to his current interest in the revenues of the Program, subject to any reversionary interest to which Lafayette may ultimately be entitled, plus or minus any adjustments (whether in money or in property of a value equal thereto) necessary to take into account such party's proportionate interest in the accrued liabilities of the Drilling Partnership and all debits or credits to or withdrawals from such party's account applicable to such interest.

In distributing a party's Distribution Interest, legal title to all assets may continue to be held in the name of the Drilling Partnership, the Drilling Partnership Operator, or any nominee designated by the Drilling Partnership Operator.

ARTICLE VII

MISCELLANEOUS PROVISIONS

7.01. Notice. Notice hereunder shall be sent by mail or by wire, addressed to Lafayette, the Program, or the Drilling Partnership Operator at 444 Lafayette Road, St. Paul, Minnesota 55101. Lafayette shall give at least 60 days written notice to the Program of its intention to withdraw from the Drilling Partnership.

Such notice shall be considered given, and any applicable time shall run, from the date such notice is received by the noticee.

7.02. Time. Time is of the essence of each part of these Articles.

7.03. Applicable Law. The terms and provisions hereof shall be construed under the laws of the State of Minnesota.

7.04. Effect and Amendment of Agreement and Power of Attorney. This Agreement embodies the full and complete agreement of the parties; and no amendments, alterations, modifications, or changes herein shall be effective or binding upon the parties unless the same are proposed in writing by Lafayette, or the Program by Affected Participants whose Drilling Subscriptions equal at least 10% of the aggregate Drilling Subscription, and concurred in by the Program upon the affirmative vote of Affected Participants whose Drilling Subscriptions equal a majority of the aggregate Drilling Subscription, except that an amendment which would reduce the Distribution Interest or interest in revenues or increase the obligations of Lafayette shall require the consent of Lafayette. Such a vote will be called by Lafayette pursuant to notice given to Affected Participants within 10 days after Lafayette's receipt of a proper request under this Section. Subject to the limitations of §7.04 of the Program Agreement, Lafayette is further authorized to amend these Articles and their exhibits in any way deemed desirable by it to satisfy requirements, conditions, guidelines, or options with respect to taxation contained in any opinion, directive, order, ruling, or regulation of the Securities and Exchange Commission, the Internal Revenue Service, or any other Federal or State agency, or in any Federal or State statute, compliance with which it deems to be in the best interests of the Drilling Partnership.

These Articles shall be binding upon and inure to the benefit of the parties, their successors and assigns, and shall run with the interests subject hereto. The terms "Drilling Partnership", "Program", "Drilling Partnership Operator", "Lafayette", and "parties" shall equally apply to any successor Limited Partnership and to any party or any successor or assign to a party.

Each Party hereby consents to the admission to the Drilling Partnership of such additional Limited or General Partners as Lafayette, in its discretion, chooses to admit, and duly appoints Lafayette, with full power of substitution, his true and lawful attorney to execute, file, swear to, and record any Certificate of Formation of Limited Partnership or amendments or cancellation thereof and any other instruments which may be required by law in any jurisdiction to permit qualification of the Drilling Partnership or for any other purpose necessary to implement the purposes of this Agreement.

Each party hereto hereby duly appoints Lafayette, with full power of substitution, his true and lawful attorney to sign, execute and file with the Department of the Interior (including any bureau, office or other unit thereof, whether in Washington, D. C., or in the field, and any officer or employee thereof) as well as with any other Federal or state agencies, departments, bureaus, offices, or authorities deemed appropriate by Lafayette: (i) all and any offers to lease, Leases (including without limitation the Mineral Leasing Act of 1920, as amended, 20 USC §181 et seq., the Right-of-Way Leasing Act of 1930, 30 USC §301, et seq., and the Acquired Land Leasing Act of 1947, 30 USC §351, et seq.) on any lands of any state: (ii) all statements of interest and holdings on behalf of the parties; (iii) any other statements, notices, or communications required or permitted to be filed or which may hereafter be required or permitted to be filed, under the Acts and Regulations referred to in 43 C.F.R. §3123.2(d)(2) or under any other state or Federal act relating to the leasing of state or Federal lands for oil and gas exploratation or production; and (iv) any requests for approval of assignments or transfers of Federal or state oil and gas Leases, any unitization, pooling, communitization agreements and any other instruments which Lafayette may execute as General Partner, with such grant of authority being irrevocable and a power coupled with an interest.

In Witness Whereof, the parties hereunto set their hands and seal as of the day and year hereinafter shown.

GENERAL INSTRUCTIONS

1. *Use of form* – Use only for assignment of record title interest in oil and gas leases. *Do not use for assignments of working or royalty interests, operating agreements, or subleases.* An assignment of record title may only cover lands in one lease. If more than one assignment is made out of a lease, file a separate instrument of transfer with each assignment.
2. *Filing and number of copies* – File three (3) completed and manually signed copies in appropriate land office. A $10 nonrefundable filing fee must accompany assignment. File assignment within ninety (90) days after date of final execution.
3. *Effective date of assignment* – Assignment, if approved, takes effect on the first day of the month following the date of filing of *all* required papers.
4. *Overriding royalties or payments out of production* – Describe in an accompanying statement any overriding royalties or payments out of production created by assignment but not set out therein. If payments out of production are reserved by assignor, outline in detail the amount, method of payment, and other pertinent terms.
5. *Effect of Assignment* – Approval of assignment of a definitely described portion of the leased lands creates separate leases. Assignee, upon approval of assignment, becomes lessee of the Government as to the assigned interest and is responsible for complying with *all* lease terms and conditions, including timely payment of annual rental and maintenance of any required bond, except in the case of assignment of undivided interests, royalties, and operating agreements.
6. A copy of the executed lease, out of which this assignment is made, should be made available to assignee by assignor.

SPECIFIC INSTRUCTIONS

(Items not specified are self explanatory)

PART I

Item 1 – Type or print plainly, in ink, between and below heavy dots, the assignee's full name and mailing address, including zip code.

PART II

A. *Certification of assignee*

3. If assignee is an association or partnership, assignee must furnish a certified copy of its articles of association or partnership, with a statement that (a) it is authorized to hold oil and gas leases, (b) that the person executing the assignment is authorized to act on behalf of the organization in such matters; and (c) names and addresses of members controlling more than 10% interest.

If assignee is a corporation, it must submit a statement containing the following information: (a) State in which it was incorporated, (b) that it is authorized to hold oil and gas leases, (c) that officer executing assignment is authorized to act on behalf of the corporation in such matters, and (d) percentage of voting stock and percentage of *all* stock owned by aliens or those having addresses outside the United States. If 10 percent or more of the stock of any class is owned or controlled by or on behalf of any one stockholder, a separate showing of his citizenship and holdings must be furnished.

If evidence of qualifications and ownership has previously been furnished as required by the above, reference by serial number of record in which it was filed together with a statement as to any amendments. Qualifications of assignee must be in full compliance with the regulations (43 CFR 3102).

4. *Statement of interests* – Assignee must indicate whether or not he is the sole party in interest in the assignment; if not, assignee must submit, at time assignment is filed, a signed statement giving the names of other interested parties. If there are other parties interested in the assignment, a separate statement must be signed by each and assignee giving the nature and extent of the interest of each, the nature of agreement between them, if oral, and a copy of agreement, if written. *All* interested parties must furnish evidence of their qualifications to hold such lease interests. THE STATE OF ~~TEXAS~~ WYOMING,

COUNTY OF SUBLETTE

KNOW ALL MEN BY THESE PRESENTS:

That J.R. WILLIAMS

hereinafter called Grantor (whether one or more) for and in consideration of the sum of

together with the right of ingress and egress at all times for the purpose of mining, drilling and exploring said lands for oil, gas and other minerals, and removing the same therefrom. This grant shall run, and the rights, titles and privileges hereby granted shall extend to grantee herein, and to grantee's heirs, administrators, executors and assigns for a period of ..... years from date hereof, and as long thereafter as oil, gas or other minerals, or either of them, is produced or mined in paying or commercial quantities from the lands described herein or any lands pooled or unitized with the above described land or a portion thereof. If, at the expiration of said term, oil, gas or other minerals, or either of them, is not being produced or mined in paying or commercial quantities from said land or any portion thereof or any lands pooled or unitized with the above described land, or a portion thereof, this contract shall be null and void and the Grantee's rights hereunder shall terminate. If however, any oil, gas and or mineral lease covering said land or any portion thereof is maintained in full force and effect by production from a pool or a unit which includes all or any part of said land, or is maintained in full force and effect by the payment of shut-in gas royalties or any similar payments made to the lessors while there is located on the lease or land pooled therewith a well capable of producing gas in paying or commercial quantities but shut in for lack of market or any other reason, then for purposes of determining the term of the royalty interest granted herein it will be considered that production in paying or commercial quantities is being obtained from all of said land during the time such lease is being so maintained.

If at the expiration of the term hereof, oil, gas or other mineral is not being produced on said land or acreage pooled therewith, but drilling or reworking operations are being conducted thereon, then this grant shall remain in force so long as operations are prosecuted with no cessation of more than sixty (60) consecutive days, and if they result in the production of oil, gas or other mineral, so long thereafter as oil, gas or other mineral is produced from said land or acreage pooled therewith, or operations are conducted as above set forth.

If, after the discovery of oil, gas or other mineral on said land or on acreage pooled therewith, the production should cease for any cause, then this grant shall not terminate, even if it be beyond the term hereof, if additional drilling or reworking operations are commenced within sixty (60) days after such production ceases, but shall remain in force so long as operations are prosecuted with no cessation of more than 60 consecutive days, and if they result in the production of oil, gas or other mineral, so long thereafter as oil, gas or other mineral is produced from said land or acreage pooled therewith, or operations are conducted as above set forth.

And it is further understood and agreed that notwithstanding the grantee does not by these presents acquire any right to participate in the making of future oil and gas mining leases on the portion of said lands not at this date under lease, nor of participating in the making of future leases, should any existing or future lease for any reason become cancelled or forfeited, nor of participating in the bonus or bonuses which grantor herein shall receive for any future lease, nor of participating in any rental to be paid for the privilege of deferring the commencement of a well under any lease, now or hereafter;

Nevertheless, during the term of this grant, neither the grantor nor the heirs, administrators, executors and assigns of the grantor shall make or enter into any lease or contract for the development of said land or any portion of same for oil, gas or other minerals unless each and every such lease, contract, leases or contracts shall provide for at least a royalty on oil of the usual one-eighth to be delivered free of cost in the pipeline and a royalty on natural gas of one-eighth of the value of same when sold or used off the premises, or one-eighth of the net proceeds of such gas, and one-eighth of the net amount of gasoline manufactured from natural or casinghead gas; and in the event grantor, or the heirs, administrators, executors and assigns of the grantor, or as in the status of the fee owners of the land and minerals, or as the fee owner of any portion of said land, shall operate and develop the minerals therein, grantee herein shall own and be entitled to receive as a free royalty hereunder, an undivided one-eighth of the percent interest first hereinabove named, of all the oil produced and saved from the premises delivered to grantee's credit free of cost in the pipeline, and the same percent interest and portion of the value or proceeds of the sales of natural gas when and while the same is used or sold off the premises, and the same percent interest of the net amount of gasoline or other products manufactured from gas or casinghead gas produced from wells situated on the premises, during the term hereof.

TO HAVE AND TO HOLD the above described property and rights, together with all and singular the rights and appurtenances thereto in any wise belonging, unto the said grantee, and the grantee's heirs, administrators, executors and assigns forever; and the grantor does hereby bind myself, ; my heirs, administrators, executors and assigns to warrant and forever defend all and singular, the said property and rights unto the said grantee, and grantee's heirs, administrators, executors and assigns, against every person whomsoever lawfully claiming or to claim the same or any part thereof.

LEASE TERMS

Section 1. *Rights of lessee.*—The lessee is granted the above right and privilege to drill for, mine, extract, remove, and dispose of all the oil and gas deposits, except helium gas, in the lands leased, together with the right to construct and maintain thereupon all works, buildings, plants, waterways, roads, telegraph or telephone lines, pipelines, reservoirs, tanks, pump stations, or other structures necessary to the full enjoyment thereof, for a period of 10 years, and so long thereafter as oil or gas is produced in paying quantities; subject to any unit agreement heretofore or hereafter approved by the Secretary of the Interior, the provisions of such agreement to govern the lessee's rights thereto when not inconsistent with the terms of this lease.

Sec. 2. The lessee agrees:

Bond.—To file any bond required by the lessor's regulations and to maintain such bond in force during the entire period that any land under this lease is retained. (b) To maintain any bond furnished by the lessee as a condition for the issuance of this lease, or to furnish a bond in the sum of not less than the amount of $[illegible] annual rental, but not less than $1,000 or more than $[illegible], before the relinquishment of any part of the leased land within the known geologic structure of a producing oil or gas field, and to furnish prior to beginning of drilling operations and maintain at all times thereafter as required by the lessor a bond in the penal sum of $10,000 with approved corporate surety or deposit of United States bonds as surety therefor, conditioned on compliance with the terms of this lease, unless a bond in such amount is already being maintained or unless such a bond furnished by an operator of the lease is accepted. (c) That a general lease bond is filed to furnish and maintain a bond in the penal sum of not less than $1,000 in those cases in which it is required by law for the protection of the owners of surface rights. In lieu of any of the bonds described herein the lessee may file such other bond as the regulations may prescribe.

Cooperative or unit plan.—Within 30 days of demand, if the leased land is committed to an approved unit or cooperative plan and such plan is terminated prior to the expiration of this lease, within 30 days of demand made thereafter, to subscribe to and to operate under such reasonable cooperative or unit plan for the development and operation of the area, field, pool, or part thereof, embracing the lands included herein as the Secretary of the Interior may then determine to be practicable and necessary or advisable, which plan shall adequately protect the rights of all parties in interest, including the United States.

Wells.—(1) To drill and produce all wells necessary to protect the leased land from drainage by wells on lands not the property of the lessor, or lands of the United States leased at a lower royalty rate, or as to which the royalties and rentals are payable into different funds than are those of this lease; or in lieu of any part of such drilling and production, with the consent of the Director of the Geological Survey, to compensate the lessor monthly each month for the estimated loss of royalty through drainage in the amount determined by said Director; (2) at the election of the lessee, to drill and produce other wells in conformity with any system of well spacing or production allotments affecting the field or area in which the leased lands are situated, which is authorized and sanctioned by applicable law or by the Secretary of the Interior, and (3) promptly after due notice in writing to drill and produce such other wells as the Secretary of the Interior may reasonably require in order that the leased lands may be properly and timely developed and produced in accordance with good operating practice.

Rentals and royalties.—(1) To pay rentals and royalties on amounts or value of production removed or sold from the leased lands as follows:

(a) —To pay the lessor in advance an annual rental at the following rates:

(i) If the lands are wholly outside the known geologic structure of a producing oil or gas field:

(i) For each lease year a rental of 50 cents per acre or fraction of an acre.

(b) If the lands are wholly or partly within the known geologic structure of a producing oil or gas field:

(i) Beginning with the first lease year after 30 days' notice that all or part of the land is included in such a structure and for each year thereafter prior to a discovery of oil or gas on the lands leased, $2 per acre or fraction of an acre.

(ii) If this lease is committed to an approved cooperative or unit plan which includes a well capable of producing oil or gas and contains a general provision for allocation of production, the rental prescribed for the respective lease years in subparagraph (a) of this section, shall apply to the acreage not within a participating area.

Minimum royalty.—Commencing with the lease year beginning on or after a discovery on the leased land, to pay the lessor, in lieu of rental, a minimum royalty of $1 per acre or fraction thereof at the expiration of each lease year, or the difference between the actual royalty paid during the year if less than $1 per acre, and the prescribed minimum royalty of $1 per acre: Provided that if this lease is unitized, the minimum royalty shall be payable only on the participating acreage and rental shall be payable on the nonparticipating acreage as provided in subparagraph (1)(b)(ii) above.

Royalty on production.—To pay the lessor 12½ percent in amount or value on the production removed or sold from the leased lands, to be determined in accordance with the Oil and Gas Operating Regulations (30 CFR Pt. 221).

It is expressly agreed that the Secretary of the Interior may establish reasonable minimum values for purposes of computing royalty on any or all oil, gas, natural gasoline, and other products obtained from gas, due consideration being given to the highest price paid for a part or for a majority of production of like quality in the same field, to the price received by the lessee, to posted prices, and to other relevant matters and, whenever it appears that an appropriate minimum value should be established, after notice and opportunity to be heard.

(2) When paid in value, such royalties on production shall be due and payable monthly on the last day of the calendar month next following the calendar month in which produced. When paid in amount of production, such royalty products shall be delivered in merchantable condition on the premises where produced without cost to lessor, unless otherwise agreed to by the parties, and delivered at such times and in such tanks provided by the lessee as reasonably may be required by the lessor, but in no case shall the lessee be required to hold such royalty oil or other products in storage beyond the last day of the calendar month next following the calendar month in which produced nor be responsible or held liable for the loss or destruction of royalty oil or other products in storage from causes over which he has no control. Rentals or minimum royalties may be waived, suspended or reduced and royalties on the entire leasehold or any portion thereof segregated for royalty purposes may be reduced if the Secretary of the Interior finds that, for the purpose of encouraging the greatest ultimate recovery of oil or gas and in the interest of conservation of natural resources, it is necessary or in the interest, to do so in order to promote development, or that the lease cannot be reasonably operated under the terms thereof.

Payments.—Unless otherwise directed by the Secretary of the Interior, to make rental, royalty, or other payments only to the order of the Bureau of Land Management at the depository mentioned in the regulation 43 CFR 3102.2. If there is a well on the leased lands capable of producing oil or gas in paying quantities, the failure to pay rental on or before the anniversary date shall automatically terminate the lease by operation of law. However, if the failure to pay rental on a day or days when the office is not open is validated by payment on the next official working day.

Books, accounts, and records.—To keep, or cause to be kept, open to the inspection of the Supervisor of the Geological Survey or the authorized representative of the Secretary of the Interior, for a period of 6 years after the effective date of the rental, royalty, or other basis for computation of charges, all books, accounts, and other documents relating to the sale or disposal of oil, gas, helium, and other products of the leased land. Provided that any such contract or other arrangement shall be subject to reasonable protection against the disclosure to competitors of trade secrets or other proprietary information contained therein.

Log of wells.—To keep a daily drilling record, a log, and complete information on all wells drilled and tests taken acceptable to or prescribed by the lessor on all wells drilled on the leased lands, and an acceptable record of all subsurface investigations affecting said lands, and to furnish them, or copies thereof, to the lessor when required. Information obtained under this paragraph, upon the request of the lessee, shall not be open to inspection by the public until the expiration of the lease.

Inspection.—To keep open at all reasonable times for the inspection of any duly authorized officer of the Department, the leased premises and all wells, improvements, machinery, and fixtures thereon and all books, accounts, and records relative to operations and surveys or investigations on the leased lands or under the lease. All information obtained as a result of any such inspection upon the request of the lessee, shall not be open to inspection by the public until the expiration of the lease.

(g) *Drilling, well spacing or operating orders, and safety measures.*—To exercise reasonable diligence in drilling and producing the wells herein provided for unless consent to suspend operations temporarily is granted by the lessor; to carry on all operations in accordance with approved methods and practice as provided in the Oil and Gas Operating Regulations, having due regard for the prevention of waste of oil or gas or damage to deposits of coal, phosphate, containing gas, or water or to coal measures or other mineral deposits, the conservation of gas energy, to the preservation and conservation of the property for future productive operations, and for the health and safety of workmen and employees; to plug properly and effectively all wells drilled in accordance with the provisions of this lease or of any prior lease or permit upon which the right to this lease was based before abandoning the same; to carry out at expense of the lessee all reasonable orders of the lessor relative to the matters in this paragraph, and that on failure of the lessee so to do the lessor shall shall have the right to enter on the property and to accomplish the purpose of such orders at the lessee's cost: *Provided*, That the lessee shall not be held responsible for delays or casualties occasioned by causes beyond lessee's control.

(h) *Taxes and wages, freedom of purchase.*—To pay when due all taxes lawfully assessed and levied under the laws of the State or the United States upon improvements, oil, and gas produced from the lands hereunder, or other rights, property, or assets of the lessee, to accord all workmen and employees complete freedom of purchase, and to pay all wages due workmen and employees at least twice each month in the lawful money of the United States.

(i) *Equal Opportunity clause.*—During the performance of this contract the lessee agrees as follows:

(1) The lessee will not discriminate against any employee or applicant for employment because of race, creed, color, or national origin. The lessee will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, creed, color, or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The lessee agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

(2) The lessee will, in all solicitations or advertisements for employees placed by or on behalf of the lessee, state that all qualified applicants will receive consideration for employment without regard to race, creed, color, or national origin.

(3) The lessee will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer, advising the labor union or workers' representative of the lessee's commitments under Section 202 of Executive Order No. 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(4) The lessee will comply with all provisions of Executive Order No. 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(5) The lessee will furnish all information and reports required by Executive Order No. 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(6) In the event of the lessee's noncompliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be cancelled, terminated or suspended in whole or in part and the lessee may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order No. 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order No. 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(7) The lessee will include the provisions of Paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order No. 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The lessee will take such action with respect to any subcontract or purchase order as the contracting agency may direct as a means of enforcing such provisions including sanctions for noncompliance: *Provided, however*, That in the event the lessee becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the contracting agency, the lessee may request the United States to enter into such litigation to protect the interests of the United States.

(m) *Assignments of oil and gas lease or interest therein.*—As required by applicable law, to file for approval by the lessor any instrument of transfer made of this lease or any interest therein, including assignments of record title, operating agreements and subleases, working or royalty interests, within 90 days from the date of final execution thereof.

(n) *Pipelines to purchase oil or gas at reasonable rates and without discrimination.*—If owner, or operator, or owner of a controlling interest in any pipeline or of any company operating the same which may be operated accessible to the oil or gas derived from lands under this lease, to accept and convey and, if a purchaser of such products to purchase at reasonable rates and without discrimination the oil or gas of the Government or of any citizen or company not the owner of any pipeline, operating a lease or purchasing or selling oil, gas, natural gasoline, or other products under the provisions of the act, or under the provisions of the act of August 7, 1947 (61 Stat. 913, 30 U.S.C. sec. 351).

(o) *Lands patented with oil and gas deposits reserved to United States.*—To comply with all statutory requirements and regulations thereunder, if the lands embraced herein have been or shall hereafter be disposed of under the laws reserving to the United States the deposits of oil and gas therein, subject to such conditions as are or may hereafter be provided by the laws governing such oil or gas.

(p) *Segregation of committed and noncommitted lands.*—If any of the lands included in this lease is embraced in a cooperative or unit agreement for a particular purpose, to conduct operations thereunder in conformity with such requirements as may be made by the Director, Bureau of Land Management, for the protection and use of the land for the purposes for which it was reserved or acquired, so far as may be consistent with the use of the land for the purposes of this lease, which latter shall be regarded as the dominant use unless otherwise provided herein or separately stipulated.

(q) *Conservation of oil and gas, natural resources and improvements.*—To take such reasonable steps as may be needed to prevent operations from causing unnecessary damage to [illegible] Causing or contributing to pollution of [illegible] and timber growth to [illegible]

(3) polluting the waters of reservoirs, springs, streams or wells, (4) damaging crops, including forage, timber, or improvements of a [illegible] owner, or (5) damaging range improvements whether owned by the United States or by its grazing permittees or lessees; and upon the [illegible] of operations, so far as can reasonably be done, to restore the surface to its former condition. The lessor may prescribe the steps to be taken and restoration to be made with respect to lands of the United States and improvements thereon.

(r) *Overriding royalties.*—Not to create overriding royalties in excess of five percent except as otherwise authorized by the regulations.

(s) *Delivery premises in case of forfeiture.*—To deliver up to the lessor in good order and condition the land leased including all those elements which are necessary for the preservation of producing wells.

Sec. 3. The lessor reserves:

(a) *Easements and rights-of-way.*—The right to permit for joint or several use easements of rights-of-way, including easements in tunnels, upon, through, or in the lands leased, occupied, or used as may be necessary or appropriate to the working of the lands or of other lands containing the deposits described in the act, and the treatment and shipment of products thereof by or under authority of the Government, its lessees or permittees, and for other public purposes.

(b) *Disposal of surface.*—The right to lease, sell, or otherwise dispose of the surface of the leased lands under existing law or laws hereafter enacted, insofar as said surface is not necessary for the use of the lessee in the extraction and removal of the oil and gas therein, or to dispose of any resource in such lands which will not unreasonably interfere with operations under this lease.

(c) *Rules and fair prices.*—Full power and authority to promulgate and enforce all orders necessary to insure the sale of the production of the leased lands to the United States and to the public at reasonable prices, to protect the interests of the United States, to prevent monopoly, and to safeguard the public welfare.

(d) *Helium.*—Pursuant to Section 1 of the act as amended, the ownership of helium and the right to extract or have it extracted from all gas produced under this lease, subject to such rules and regulations as shall be prescribed by the Secretary of the Interior. If the lessor elects to take the helium, the lessee shall deliver all or any portion of gas containing the same to the lessor, in the manner required by the lessor, at any point on the leased premises, or, if the area is served at the time of production by a gas gathering system owned or operated by the lessee, at any point in that system specified by the lessor, for extraction of the helium by such means as the lessor may provide. The residue shall be returned to the lessee, with no substantial delay in the delivery of the gas produced from the well to the owner or purchaser thereof. Save for the value of the helium extracted, the lessee shall not suffer a diminution of the value of the gas produced from the well, or loss otherwise, including any expense caused solely by the requirement of the delivery of the gas to permit the extraction of helium, for which he is not reasonably compensated. The lessor reserves the right to erect, maintain, and operate any and all reduction works necessary for extraction of helium on the leased premises. The lessee further agrees to include in any contract of sale of gas from the lands subject to this lease provisions setting forth that the lessor owns, and reserves the right to extract or have extracted, any helium in the gas sold, and that the lessor may take the gas from a pipeline carrier or any other gas gathering system and extract the helium and return the gas to the owner thereof, without delay other than that caused by the extraction process; save for the value of the helium, the owner shall not suffer any diminution of the value of the gas from which helium has been extracted, or any other loss arising from the extraction of helium, including any expense caused solely by the requirement of the delivery of the gas to permit the extraction of helium, for which he is not reasonably compensated. It is further agreed that any rights reserved vested in the lessor under this paragraph shall also run to any agent or assignee of the lessor or any purchaser of the rights of the lessor.

(e) *Taking of royalties.*—All rights pursuant to section 36 of the act to take royalties in amount or in value of production.

(f) *Casing.*—All rights pursuant to section 40 of the act to purchase casing and lease or operate valuable water wells.

Sec. 4. *Drilling, producing restrictions.*—It is agreed that the rate of prospecting and developing and the quantity and rate of production from the lands covered by this lease shall be subject to control in the public interest by the Secretary of the Interior, and in the exercise of his judgment the Secretary may take into consideration, among other things, Federal laws, State laws, and regulations issued thereunder, or lawful agreements among operators regulating either drilling or production, or both. After unitization, the Secretary of the Interior, or any person, committee, or State or Federal officer or agency so authorized in the unit plan, may alter or modify from time to time, the rate of prospecting and development and the quantity and rate of production from the lands covered by this lease.

Sec. 5. *Surrender and termination of lease.*—The lessee may surrender this lease or any legal subdivision thereof by filing in the proper land office a written relinquishment, in triplicate, which shall be effective as of the date of filing subject to the continued obligation of the lessee and his surety to make payment of all accrued rentals and royalties and to place all wells on the land to be relinquished in condition for suspension or abandonment in accordance with the applicable lease terms and regulations.

Sec. 6. *Purchase of materials, etc., on termination of lease.*—Upon the expiration of this lease, or the earlier termination thereof pursuant to the last preceding section, the lessee shall have the privilege at any time within a period of 90 days thereafter of removing from the premises all machinery, equipment, tools, and materials other than improvements needed for producing wells. Any materials, tools, appliances, machinery, structures, and equipment subject to removal as above provided, which are allowed to remain on the leased lands shall become the property of the lessor on expiration of the 90-day period or such extension thereof as may be granted because of adverse climatic conditions throughout said period: *Provided*, That the lessee shall remove any or all of such property where so directed by the lessor.

Sec. 7. *Proceedings in case of default.*—If the lessee shall not comply with any of the provisions of the act or the regulations thereunder or of the lease, or shall make default in the performance or observance of any of the terms hereof (except that of payment of annual rental which results in the automatic termination of the lease), and such default shall continue for a period of 30 days after service of written notice thereof by the lessor, this lease may be canceled by the Secretary of the Interior in accordance with section 31 of the act, except that if this lease covers lands known to contain valuable deposits of oil or gas, this lease may be canceled only by judicial proceedings in the manner provided in section 31 of the act; but this provision shall not be construed to prevent the exercise by the lessor of any legal or equitable remedy which the lessor might otherwise have. Upon cancellation of this lease, any casing, material, or equipment determined by the lessor to be necessary for use in plugging or preserving any well drilled on the leased land shall become the property of the lessor. A waiver of any particular cause of cancellation and forfeiture shall not prevent the cancellation and forfeiture of this lease for any other cause of cancellation and forfeiture, or for the same cause occurring at any other time.

Sec. 8. *Heirs and successors-in-interest.*—It is further agreed that each obligation hereunder shall extend to and be binding upon, and every benefit hereof shall inure to, the heirs, executors, administrators, successors, or assigns of the respective parties hereto.

Sec. 9. *Unlawful interest.*—It is also further agreed that no Member of or Delegate to, Congress, or Resident Commissioner, after his election or appointment, or either before or after he has qualified and during his continuance in office, and that no officer, agent, or employee of the Department of the Interior, except as provided in 43 CFR 7.4(a)(1), shall be admitted to any share or part in this lease or derive any benefit that may arise therefrom; and the provisions of Sec. 3741 of the Revised Statutes of the United States, as amended (41 U.S.C. INSTRUCTIONS

1. *Use of form.* This form is to be used only for assignment of record title interests in oil and gas leases. It is not to be used for assignments of working or royalty interest, operating agreements, or subleases. The assignment, if approved, will take effect as of the first day of the lease month following the date of filing in the proper Land Office of three (3) *original* executed counterparts thereof, together with any required bond and proof of the qualification of the assignee to take and hold the interest assigned. Assignments *must* be filed within ninety (90) days from date of final execution and *each must* be accompanied by a filing fee of $10. Any assignment not accompanied by the required fee will *not* be accepted for filing. An assignment of record title may cover lands in only one lease. Where more than one assignment is made out of a lease, a separate instrument of transfer *must* be filed for each assignment.

2. *Qualifications of assignee.* Assignee must indicate whether or not he is over the age of 21 and a citizen of the United States. If assignee is an association (including a partnership), the assignment *must* be accompanied by a statement giving the same showing as to citizenship and holdings of its members as required of an individual. If assignee is a corporation, it *must* submit a statement containing the following information: (a) the State in which it is incorporated, (b) that it is authorized to hold oil and gas leases, (c) that the officer executing the assignment is authorized to act on behalf of the corporation in such matters; and (d) the percentage of the voting stock held of all of the stock owned by aliens or those having addresses outside the United States. If 10 percent or more of the stock of any class is owned or controlled by or on behalf of any one stockholder, a separate showing of his citizenship and holdings *must* be furnished. Where evidence of the corporation's citizenship and stock ownership has previously been furnished, reference by serial number to the record in which it has been filed, together with a statement as to any amendments, will be sufficient. With respect to qualifications of the assignee, there *must* be full compliance with the regulations 43 CFR 3123.2.

3. *Statement of interests.* Assignee must indicate whether or not he is the sole party in interest in the assignment. If not the sole party in interest, the assignee must submit at the time the assignment is filed a signed statement setting forth the names of the other interested parties. If there are other parties interested in the assignment, a separate statement must be signed by each and the assignee setting forth the nature and extent of the interest of each, the nature of the agreement between them, if oral, and a copy of the agreement, if written. All interested parties must furnish evidence of their qualifications to hold such lease interests. Such separate statement and written agreement, if any, must be filed not later than fifteen (15) days after the filing of the assignment.

4. *Overriding royalties or payments out of production.* Any overriding royalties or payments out of production created by the assignment but not set out therein *must* be described in an accompanying statement. If payments out of production are reserved by the assignor, outline in detail the amount, method of payment, and other pertinent terms.

5. *Effect of assignment.* Upon approval of the assignment, the assignee becomes the lessee of the Government as to the assigned interest and will be responsible for compliance with all the lease terms and conditions, including timely payment of annual rentals and maintenance of bond, if required. The approval of an assignment of part of the leased lands creates separate leases out of the assigned portion and the retained portion, but there is no change in either the anniversary date or the term of such leases except as provided under the regulations 43 CFR 3128.5. Oil and gas leases are governed by the regulations 43 CFR 3100 and 3128, of which sections 3128.1–6 relate to assignments of such leases or interests therein.

If there are other parties interested in the assignment, a separate statement must be signed by each and the assignee setting forth the nature and extent of the interest of each, the nature of the agreement between them, if oral, and a copy of the agreement, if written. All interested parties must furnish evidence of their qualifications to hold such lease interests. Such separate statement and written agreement, if any, must be filed not later than fifteen (15) days after the filing of the assignment.

4. *Overriding royalties or payments out of production.* Any overriding royalties or payments out of production created by the assignment but not set out therein must be described in an accompanying statement. If payments out of production are reserved by the assignor, outline in detail the amount, method of payment, and other pertinent terms.

5. *Effect of assignment.* Upon approval of the assignment, the assignee becomes the lessee of the Government as to the assigned interest and will be responsible for compliance with all the lease terms and conditions, including timely payment of annual rentals and maintenance of bond, if required. The approval of an assignment of part of the leased lands creates separate leases out of the assigned portion and the retained portion, but there is no change in either the anniversary date or the term of such leases except as provided under the regulations 43 CFR 3128.5. Oil and gas leases are governed by the regulations 43 CFR 3100 and 3128, of which sections 3128.1–6 relate to assignments of such leases or interests therein.

6. A copy of the executed lease out of which this assignment is made should be made available to the assignee by the assignor.

INSTRUCTIONS

1. *Use of Form.* This form is to be used *only* for assignment of record title interests in oil and gas leases. It is *not to be used* for assignments of working or royalty interest, operating agreements, or subleases. The assignment, if approved, will take effect as of the first day of the lease month following the date of filing in the proper Land Office of three original executed counterparts thereof, together with any required bond and proof of the qualification of the assignee to take and hold the interest assigned. Assignments must be filed within 90 days from date of final execution and each must be accompanied by a filing fee of $10. Any assignment not accompanied by the required fee will *not* be accepted for filing. An assignment of record title may cover lands in *only one lease.* Where more than one assignment is made out of a lease, a separate instrument of transfer must be filed for *each* assignment.

2. *Qualifications of Assignee.* Assignee must indicate whether a citizen by birth or naturalization. If assignee is an unincorporated association (including a partnership), the assignment must be accompanied by a statement giving the same showing as to citizenship and holdings of its members as required of an individual. If assignee is a corporation, it must submit a statement containing the following information: (a) the State in which it is incorporated; (b) that it is authorized to hold oil and gas leases; (c) that the officer executing the assignment is authorized to act on behalf of the corporation in such matters; and (d) the percentage of the voting stock and of all of the stock owned by aliens or those having addresses outside the United States. Where such ownership is over 10 percent, additional information may be required by the Bureau of Land Management prior to approval of the assignment. If 20 percent or more of the stock of any class is owned or controlled by or on behalf of any one stockholder, a separate showing of his citizenship and holdings must be furnished. Where such information has previously been furnished, a reference by serial number to the record in which it has been filed, together with a statement as to any amendments, will be sufficient.

3. *Statement of interests.* If assignee is not the sole party in interest to this assignment, the following information must be furnished: (a) the names and nature of the interest of all other interested parties; (b) the nature of the agreement between them, if oral; and, (c) a copy of any written agreement. Any such statement must be signed by all interested parties and include information as to citizenship, and acreage holdings of each interested party.

4. *Overriding Royalties or Payments out of Production.* Any overriding royalties or payments out of production created by the assignment but not set out therein must be described in an accompanying statement. If payments out of production are reserved by the assignor, outline in detail the amount, method of payment, and other pertinent terms.

5. *Effect of Assignment.* Upon approval of the assignment, the assignee becomes the lessee of the Government as to the assigned interest and will be responsible for compliance with all the lease terms and conditions, including timely payment of annual rentals and maintenance of bond, if required. Oil and gas leases are governed by the regulations 43 CFR, Parts 191 and 192, of which Secs. 192.140–192.145 relate to assignments of such leases or interests therein.

FOR CLAIMANT

Sec. 1. *Rights of lessee.*—The lessee is granted the exclusive right and privilege to drill for, mine, extract, remove, and dispose of all the oil and gas deposits, except helium gas, in the lands leased, together with the right to construct and maintain thereupon, all works, buildings, plants, waterways, roads, telegraph or telephone lines, pipelines, reservoirs, tanks, pumping stations, or other structures necessary to the full enjoyment thereof, for a period of 10 years, and so long thereafter as oil or gas is produced in paying quantities; subject to any unit agreement heretofore or hereafter approved by the Secretary of the Interior, the provisions of said agreement to govern the lands subject thereto where inconsistant with the terms of this lease.

Sec. 2. The lessee agrees

(a) *Bonds.*—(1) To file any bond required by this lease and the current regulations and until such bond is filed not to enter on the land under this lease. (2) To maintain any bond furnished by the lessee as a condition for the issuance of this lease. (3) To furnish a bond in a sum double the amount of $2 per acre annual rental but not less than $1,000 nor more than $10,000, upon the inclusion of any part of the leased land within the known geologic structure of a producing oil or gas field. (4) To furnish prior to beginning of drilling operations and maintain at all times thereafter as required by the lessor a bond in the penal sum of $10,000 with approved corporate surety, or with deposit of United States bonds as surety therefor, conditioned upon compliance with the terms of this lease, unless a bond in that amount is already being maintained or unless such a bond furnished by an operator of the lease is accepted. (5) Until a general lease bond is filed to furnish and maintain a bond in the penal sum of not less than $1,000 in those cases in which a bond is required by law for the protection of the owners of surface rights. In lieu of any of the bonds described herein, the lessee may file such other bond as the regulations may permit.

(b) *Cooperative or unit plan.*—Within 30 days of demand, or, if the leased land is committed to an approved unit or cooperative plan and such plan is terminated prior to the expiration of this lease, within 30 days of demand made thereafter, to subscribe to and to operate under such reasonable cooperative or unit plan for the development and operation of the area, field, or pool, or part thereof, embracing the lands included herein as the Secretary of the Interior may then determine to be practicable and necessary or advisable, which plan shall adequately protect the rights of all parties in interest, including the United States.

(c) *Wells.*—(1) To drill and produce all wells necessary to protect the leased land from drainage by wells on lands not the property of the lessor, or lands of the United States leased at a lower royalty rate, or as to which the royalties and rentals are paid into different funds than are those of this lease; or in lieu of any part of such drilling and production, with the consent of the Director of the Geological Survey, to compensate the lessor in full each month for the estimated loss of royalty through drainage in the amount determined by said Director; (2) at the election of the lessee, to drill and produce other wells in conformity with any system of well spacing or production allotments affecting the field or area in which the leased lands are situated, which is authorized and sanctioned by applicable law or by the Secretary of the Interior; and (3) promptly after due notice in writing to drill and produce such other wells as the Secretary of the Interior may reasonably require in order that the leased premises may be properly and timely developed and produced in accordance with good operating practice.

(d) *Rentals and royalties.*—(1) To pay rentals and royalties in amounts or value of production removed or sold from the the leased lands as follows:

Rentals.—To pay the lessor in advance an annual rental at the following rates:

(a) If the lands are wholly outside the known geologic structure of a producing oil or gas field:
  (i) For each lease year a rental of $1.00 per acre or fraction of an acre.
(b) If the lands are wholly or partly within the known geologic structure of a producing oil or gas field,
  (i) Beginning with the first lease year after 30 days' notice that all or part of the land is included in such a structure and for each year thereafter, prior to a discovery of oil or gas on the lands leased, $2 per acre or fraction of an acre.
  (ii) If this lease is committed to an approved cooperative or unit plan which includes a well capable of producing oil or gas and contains a general provision for allocation of production, the rental prescribed for the respective lease years in subparagraph (a) of this section, shall apply to the acreage not within a participating area.

Minimum royalty.—Commencing with the lease year beginning on or after a discovery on the leased land, to pay the lessor in lieu of rental, a minimum royalty of $1 per acre or fraction thereof at the expiration of each lease year, or the difference between the actual royalty paid during the year if less than $1 per acre, and the prescribed minimum royalty of $1 per acre, provided that if this lease is unitized, the minimum royalty shall be payable only on the participating acreage and rental shall be payable on the nonparticipating acreage as provided in subparagraph (b)(ii) above.

Royalty on production.—(1) To pay the lessor 12½ percent royalty on the production removed or sold from the leased lands computed in accordance with the Oil and Gas Operating Regulations (30 CFR Pt. 221).

(2) It is expressly agreed that the Secretary of the Interior may establish reasonable minimum values for purposes of computing royalty on any or all oil, gas, natural gasoline, and other products obtained from gas, due consideration being given to the highest price paid for a part or for a majority of production of like quality in the same field, to the price received by the lessee, to posted prices, and to other relevant matters and, whenever appropriate, after notice and opportunity to be heard.

(3) When paid in value, such royalties on production shall be due and payable monthly on the last day of the calendar month next following the calendar month in which produced. When paid in amount of production, such royalty products shall be delivered in merchantable condition on the premises where produced without cost to lessor, unless otherwise agreed to by the parties hereto, at such times and in such tanks provided by the lessee as reasonably may be required by the lessor, but in no case shall the lessee be required to hold such royalty oil or other products in storage beyond the last day of the calendar month next following the calendar month in which produced nor be responsible or held liable for the loss or destruction of royalty oil or other products in storage from causes over which he has no control.

(4) Rentals or minimum royalties may be waived, suspended or reduced and royalties on the entire leasehold or any portion thereof segregated for royalty purposes may be reduced if the Secretary of the Interior finds that, for the purpose of encouraging the greatest ultimate recovery of oil or gas and in the interest of conservation of natural resources, it is necessary, in his judgment, to do so in order to promote development, or because the lease cannot be successfully operated under the terms fixed herein.

(e) *Payments.*—Unless otherwise directed by the Secretary of the Interior, to make rental, royalty, or other payments to the lessor, to the order of the Bureau of Land Management at the places mentioned in the regulation 43 CFR 3102.2. If there is no well on the leased lands capable of producing oil or gas in paying quantities, the failure to pay rental on or before the anniversary date shall automatically terminate the lease by operation of law. However, if the time for payment falls on a day in which the proper office to receive payment is closed, payment shall be deemed timely if made on the next official working day.

(f) *Contracts for disposal of products.*—To file with the Oil and Gas Supervisor of the Geological Survey not later than 30 days after the effective date thereof any contract, or evidence of other arrangement, for the sale or disposal of oil, gas, natural gasoline, and other products of the leased land, *Provided*, That nothing in any such contract or other arrangement shall be construed as modifying any of the provisions of this lease including, but not limited to, provisions relating to gas waste, taking royalty in kind, and the method of computing royalties due as based on a minimum valuation and in accordance with the Oil and Gas Operating Regulations.

(g) *Statements, plans and reports.*—At such times and in such form as the lessor may prescribe, to furnish detailed statements showing the amounts and quality of all products removed and sold from the lease, the proceeds therefrom, and the amount used for production purposes or unavoidably lost; a plat showing development work and improvements on the leased lands; and reports with respect to stockholders, investments, depreciation

Records.—To keep a daily drilling record, a log, and information on all well surveys and tests in form acceptable to the lessor of all wells drilled on the leased lands, and an acceptable record of all subsurface investigations affecting said lands, and to furnish them, or copies thereof, to the lessor when required. All information obtained under this paragraph, upon the request of lessee, shall not be open to inspection by the public until the expiration of the lease.

(i) *Inspection.*—To keep open at all reasonable times for the inspection of any duly authorized officer of the Department the leased premises and all wells, improvements, machinery, and fixtures thereon and all books, accounts, maps and records relative to operations and surveys or investigations on the leased lands or under the lease. All information obtained pursuant to any such inspection, upon the request of the lessee, shall not be open to inspection by the public until the expiration of the lease.

(j) *Diligence, prevention of waste, health and safety of workmen.*—To exercise reasonable diligence in drilling and producing the wells herein provided for unless consent to suspend operations temporarily is granted by the lessor; to carry on all operations in accordance with approved methods and practice as provided in the Oil and Gas Operating Regulations, having due regard for the prevention of waste of oil or gas or damage to deposits or formations containing oil, gas, or water or to coal measures or other mineral deposits, for conservation of gas energy, for the preservation and conservation of the property for future productive operations, and for the health and safety of workmen and employees; to plug properly and effectively all wells drilled in accordance with the provisions of this lease or of any prior lease or permit upon which the right to this lease was based before abandoning the same, to carry out at expense of the lessee all reasonable orders of the lessor relative to the matters in this paragraph, and that on failure of the lessee so to do the lessor shall have the right to enter on the property and to accomplish the purpose of such orders at the lessee's cost; *Provided*, That the lessee shall not be held responsible for delays or casualties occasioned by causes beyond lessee's control.

(k) *Taxes and wages, freedom of purchase.*—To pay when due all taxes lawfully assessed and levied under the laws of the State or the United States upon improvements, oil, and gas produced from the lands hereunder, or other rights, property, or assets of the lessee, to accord all workmen and employees complete freedom of purchase, and to pay all wages due workmen and employees at least twice each month in the lawful money of the United States.

(l) *Equal Opportunity clause.*—During the performance of this contract the lessee agrees as follows:

(1) *Equal Opportunity clause.*—During the performance of this lease, the lessee agrees as follows:

(1) The lessee will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The lessee will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation, and selection for training, including apprenticeship. The lessee agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this Equal Opportunity clause.

(2) The lessee will, in all solicitations or advertisements for employees placed by or on behalf of the lessee, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin.

(3) The lessee will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer, advising the labor union or workers' representative of the lessee's commitments under this Equal Opportunity clause, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(4) The lessee will comply with all provisions of Executive Order No. 11246 of September 24, 1965, as amended, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(5) The lessee will furnish all information and reports required by Executive Order No. 11246 of September 24, 1965, as amended, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(6) In the event of the lessee's noncompliance with the Equal Opportunity clause of this contract or with any of the said rules, regulations, or orders, this contract may be cancelled, terminated or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order No. 11246 of September 24, 1965, as amended, and such other sanctions may be imposed and remedies invoked as provided in Executive Order No. 11246 of September 24, 1965, as amended, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(7) The lessee will include the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order No. 11246 of September 24, 1965, as amended, so that such provisions will be binding upon each subcontractor or vendor. The lessee will take such action with respect to any subcontract or purchase order as the contracting agency may direct as a means of enforcing such provisions including sanctions for noncompliance: *Provided, however*, That in the event the lessee becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the contracting agency, the lessee may request the United States to enter into such litigation to protect the interests of the United States.

(m) *Assignment of oil and gas lease or interest therein.*—As required by applicable law, to file for approval by the lessor any instrument of transfer made of this lease or any interest therein, including assignments of record title, operating agreements and subleases, working or royalty interests, within 90 days from the date of final execution thereof.

(n) *Pipelines to purchase or convey at reasonable rates and without discrimination.*—If owner, or operator, or owner of a controlling interest in any pipeline or of any company operating the same which may be operated accessible to the oil or gas derived from lands under this lease, to accept and convey and, if a purchaser of such products to purchase at reasonable rates and without discrimination the oil or gas of the Government or of any citizen or company not the owner of any pipeline, operating a lease or purchasing or selling oil, gas, natural gasoline, or other products under the provisions of the act, or under the provisions of the act of August 7, 1947 (61 Stat. 913, 30 U.S.C. sec. 351).

(o) *Lands patented with oil and gas deposits reserved to the United States.*—To comply with all statutory requirements and regulations thereunder, if the lands embraced herein have been or shall hereafter be disposed of under the laws reserving to the United States the deposits of oil and gas therein, subject to such conditions as are or may hereafter be provided by the laws reserving such oil or gas.

(p) *Reserved or segregated lands.*—If any of the land included in this lease is embraced in a reservation or segregated for any particular purpose, to conduct operations thereunder in conformity with such requirements as may be made by the Director, Bureau of Land Management, for the protection and use of the land for the purpose for which it was reserved or segregated, so far as may be consistent with the use of the land for the purpose of this lease which latter shall be regarded as the dominant use unless otherwise provided herein or separately stipulated.

(q) *Protection of surface, natural resources, and improvements.* The lessee agrees to take such reasonable steps as may be needed to prevent operations on the leased lands from unnecessarily: (1) causing or contributing to soil erosion or damaging crops, including forage, and timber growth thereon or on Federal or non-Federal lands in the vicinity, (2) polluting air and water, (3) damaging improvements owned by the United States or other parties, or (4) marring, damaging or removing fossils, historic or prehistoric ruins, or artifacts and upon any partial or total relinquishment or the cancellation or expiration of this lease, or at any other time prior thereto when required and to the extent deemed necessary by the lessor to fill any pits, ditches and other excavations, remove or cover all debris, and so far as reasonably possible, restore the surface of the leased land and access roads to their former condition, including the removal of structures as and if required. The lessor may prescribe the steps to be taken and restoration to be made with respect to the leased lands and improvements thereon whether or not owned by the United States. *Antiquities and objects of historic value.*—When American antiquities or other objects of historic or scientific interest including but not limited to historic or prehistoric ruins, fossils or artifacts are discovered in the performances of this lease, the item(s) or condition(s) will be left intact and immediately brought to the attention of the contracting officer or his authorized representative.

(r) *Overriding royalties.*—Not to create overriding royalties in excess of five percent except as otherwise authorized by the regulations.

(s) *Deliver premises in cases of forfeiture.*—To deliver up to the lessor in good order and condition the land leased including all improvements which are necessary for the preservation of producing wells.

Sec. 3. The lessor reserves:

(a) *Easements and rights-of-way.*—The right to permit for joint or several use easements or rights-of-way, including easements in tunnels upon, through, or in the lands leased, occupied, or used as may be necessary or appropriate to the working of the same or of other lands containing the deposits described in the act, and the treatment and shipment of products thereof by or under authority of the Government, its lessees or permittees, and for other public purposes.

(b) *Disposition of surface.*—The right to lease, sell, or otherwise dispose of the surface of the leased lands under existing law or laws hereafter enacted, insofar as said surface is not necessary for the use of the lessee in the extraction and removal of the oil and gas therein, or to dispose of any resource in such lands which will not unreasonably interfere with operations under this lease.

(c) *Monopoly and fair prices.*—Full power and authority to promulgate and enforce all orders necessary to insure the sale of the production of the leased lands to the United States and to the public at reasonable prices, to protect the interests of the United States, to prevent monopoly, and to safeguard the public welfare.

(d) *Helium.*—Pursuant to Section 1 of the act as amended, the ownership of helium and the right to extract or have it extracted from all gas produced under this lease, subject to such rules and regulations as shall be prescribed by the Secretary of the Interior. If the lessor elects to take the helium, the lessee shall deliver all or any portion of gas containing the same to the lessor, in the manner required by the lessor, at any point on the leased premises, or, if the area is served at the time of production by a gas gathering system owned or operated by the lessee, at any point in that system specified by the lessor, for extraction of the helium by such means as the lessor may provide. The residue shall be returned to the lessee, with no substantial delay in the delivery of the gas produced from the well to the owner or purchaser thereof. Save for the value of the helium extracted, the lessee shall not suffer a diminution of the value of the gas produced from the well, or loss otherwise, including any expense caused solely by the requirement of the delivery of the gas to permit the extraction of helium, for which he is not reasonably compensated. The lessor reserves the right to erect, maintain, and operate any and all reduction works necessary for extraction of helium on the leased premises. The lessee further agrees to include in any contract of sale of gas from the lands subject to this lease provisions setting forth that the lessor owns, and reserves the right to extract or have extracted, any helium in the gas sold, and that the lessor may take the gas from a pipeline carrier or any other gas gathering system and extract the helium and return the gas to the owner thereof, without delay other than that caused by the extraction process, save for the value of the helium, the owner shall not suffer any diminution of the value of the gas from which helium has been extracted, or any other loss arising from the extraction of helium, including any expense caused solely by the requirement of the delivery of the gas to permit the extraction of helium, for which he is not reasonably compensated. It is further agreed that any rights reserved vested in the lessor under this paragraph shall also run to any agent or assignee of the lessor or any purchaser of the rights of the lessor.

(e) *Taking of royalties.*—All rights pursuant to section 36 of the act to take royalties in amount or in value of production.

(f) *Casing.*—All rights pursuant to section 40 of the act to purchase casing, and lease or operate valuable water wells.

Sec. 4. *Drilling and producing restrictions.*—It is agreed that the rate of prospecting and developing and the quantity and rate of production from the lands covered by this lease shall be subject to control in the public interest by the Secretary of the Interior, and in the exercise of his judgment the Secretary may take into consideration, among other things, Federal laws, State laws, and regulations issued thereunder, or lawful agreements among operators regulating either drilling or production, or both. After unitization, the Secretary of the Interior, or any person, committee, or State or Federal officer or agency so authorized in the unit plan, may alter or modify from time to time, the rate of prospecting and development and the quantity and rate of production from the lands covered by this lease.

Sec. 5. *Surrender and termination of lease.*—The lessee may surrender this lease or any legal subdivision thereof by filing in the proper land office a written relinquishment, in triplicate, which shall be effective as of the date of filing subject to the continued obligation of the lessee and his surety to make payment of all accrued rentals and royalties and to place all wells on the land to be relinquished in condition for suspension or abandonment in accordance with the applicable lease terms and regulations.

Sec. 6. *Purchase of materials, etc., on termination of lease.*—Upon the expiration of this lease, or the earlier termination thereof pursuant to the last preceding section, the lessee shall have the privilege at any time within a period of 90 days thereafter of removing from the premises all machinery, equipment, tools, and materials other than improvements needed for producing wells. Any materials, tools, appliances, machinery, structures, and equipment subject to removal as above provided, which are allowed to remain on the leased lands shall become the property of the lessor on expiration of the 90 day period or such extension thereof as may be granted because of adverse climatic conditions throughout said period: *Provided*, That the lessee shall remove any or all of such property where so directed by the lessor.

Sec. 7. *Proceedings in case of default.*—If the lessee shall not comply with any of the provisions of the act or the regulations thereunder or of the lease, or shall make default in the performance or observence of any of the terms hereof (except that of payment of annual rental which results in the automatic termination of the lease), and such default shall continue for a period of 30 days after service of written notice thereof by the lessor, this lease may be canceled by the Secretary of the Interior in accordance with section 31 of the act, except that if this lease covers lands known to contain valuable deposits of oil or gas, the lease may be canceled only by judicial proceedings in the manner provided in section 31 of the act; but this provision shall not be construed to prevent the exercise by the lessor of any legal or equitable remedy which the lessor might otherwise have. Upon cancellation of this lease, any casing, material, or equipment determined by the lessor to be necessary for use in plugging or preserving any well drilled on the leased land shall become the property of the lessor. A waiver of any particular cause of cancellation and forfeiture shall not prevent the cancellation and forfeiture of this lease for any other cause of cancellation and forfeiture, or for the same cause occurring at any other time.

Sec. 8. *Heirs and successors-in-interest.*—It is further agreed that each obligation hereunder shall extend to and be binding upon, and every benefit hereof shall inure to, the heirs, executors, administrators, successors, or assigns of the respective parties hereto.

Sec. 9. *Unlawful interest.*—It is also further agreed that no Member of, or Delegate to, Congress, or Resident Commissioner, after his election or appointment, or either before or after he has qualified and during his continuance in office, and that no officer, agent, or employee of the Department of the Interior, except as provided in 43 CFR 7.4(a)(1), shall be admitted to any share or part in this lease or derive any benefit that may arise therefrom; and the provisions of Sec. 3741 of the Revised Statutes of the United States, as amended (41 U.S.C. Sec. 22) and Secs. 431, 432, and 433, Title 18 U.S. Code, relating to contracts, enter into and form a part of this lease so far as the same may be applicable.

FOR CLAIMANT

exclusive right and privilege to drill for, mine, extract, remove, and dispose of all the oil and gas deposits, except helium gas, in the lands leased, together with the right to construct and maintain thereupon, all works, buildings, plants, waterways, roads, telegraph or telephone lines, pipelines, reservoirs, tanks, pumping stations, or other structures necessary to the full enjoyment thereof, for a period of 10 years, and so long thereafter as oil or gas is produced in paying quantities; subject to any unit agreement heretofore or hereafter approved by the Secretary of the Interior, the provisions of said agreement to govern the lands subject thereto where inconsistent with the terms of this lease.

Sec. 2. The lessee agrees:

(a) *Bonds.*—(1) To file any bond required by this lease and the current regulations and until such bond is filed not to enter on the land under this lease. (2) To maintain any bond furnished by the lessee as a condition for the issuance of this lease. (3) To furnish a bond in a sum double the amount of $2 per acre annual rental but not less than $1,000 nor more than $10,000, upon the inclusion of any part of the leased land within the known geologic structure of a producing oil or gas field. (4) To furnish prior to beginning of drilling operations and maintain at all times thereafter as required by the lessor a bond in the penal sum of $10,000 with approved corporate surety, or with deposit of United States bonds as surety therefor, conditioned upon compliance with the terms of this lease, unless a bond in that amount is already being maintained or unless such a bond furnished by an operator of the lease is accepted. (5) Until a general lease bond is filed to furnish and maintain a bond in the penal sum of not less than $1,000 in those cases in which a bond is required by law for the protection of the owners of surface rights. In lieu of any of the bonds described herein, the lessee may file such other bond as the regulations may permit.

(b) *Cooperative or unit plan.*—Within 30 days of demand, or, if the leased land is committed to an approved unit or cooperative plan and such plan is terminated prior to the expiration of this lease, within 30 days of demand made thereafter, to subscribe to and to operate under such reasonable cooperative or unit plan for the development and operation of the area, field, or pool, or part thereof, embracing the lands included herein as the Secretary of the Interior may then determine to be practicable and necessary or advisable, which plan shall adequately protect the rights of all parties in interest, including the United States.

(c) *Wells.*—(1) To drill and produce all wells necessary to protect the leased land from drainage by wells on lands not the property of the lessor, or lands of the United States leased at a lower royalty rate, or as to which the royalties and rentals are paid into different funds than are those of this lease; or in lieu of any part of such drilling and production, with the consent of the Director of the Geological Survey, to compensate the lessor in full each month for the estimated loss of royalty through drainage in the amount determined by said Director, (2) at the election of the lessee, to drill and produce other wells in conformity with any system of well spacing or production allotments affecting the field or area in which the leased lands are situated, which is authorized and sanctioned by applicable law or by the Secretary of the Interior; and (3) promptly after due notice in writing to drill and produce such other wells as the Secretary of the Interior may reasonably require in order that the leased premises may be properly and timely developed and produced in accordance with good operating practice.

(d) *Rentals and royalties.*—(1) To pay rentals and royalties in amounts or value of production removed or sold from the the leased lands as follows:

Rentals.—To pay the lessor in advance an annual rental at the following rates:

(a) If the lands are wholly outside the known geologic structure of a producing oil or gas field:
  (i) For each lease year a rental of $1.00 per acre or fraction of an acre.
(b) If the lands are wholly or partly within the known geologic structure of a producing oil or gas field:
  (i) Beginning with the first lease year after 30 days' notice that all or part of the land is included in such a structure and for each year thereafter, prior to a discovery of oil or gas on the lands leased, $2 per acre or fraction of an acre.
  (ii) If this lease is committed to an approved cooperative or unit plan which includes a well capable of producing oil or gas and contains a general provision for allocation of production, the rental prescribed for the respective lease years in subparagraph (a) of this section, shall apply to the acreage not within a participating area.

Minimum royalty.—Commencing with the lease year beginning on or after a discovery on the leased land, to pay the lessor in lieu of rental, a minimum royalty of $1 per acre or fraction thereof at the expiration of each lease year, or the difference between the actual royalty paid during the year if less than $1 per acre, and the prescribed minimum royalty of $1 per acre, provided that if this lease is unitized, the minimum royalty shall be payable only on the participating acreage and rental shall be payable on the nonparticipating acreage as provided in subparagraph (b)(ii) above.

Royalty on production.—(1) To pay the lessor 12½ percent royalty on the production removed or sold from the leased lands computed in accordance with the Oil and Gas Operating Regulations (30 CFR Pt. 221).

(2) It is expressly agreed that the Secretary of the Interior may establish reasonable minimum values for purposes of computing royalty on any or all oil, gas, natural gasoline, and other products obtained from gas, due consideration being given to the highest price paid for a part or for a majority of production of like quality in the same field, to the price received by the lessee, to posted prices, and to other relevant matters and, whenever appropriate, after notice and opportunity to be heard.

(3) When paid in value, such royalties on production shall be due and payable monthly on the last day of the calendar month next following the calendar month in which produced. When paid in amount of production, such royalty products shall be delivered in merchantable condition on the premises where produced without cost to lessor, unless otherwise agreed to by the parties hereto, at such times and in such tanks provided by the lessee as reasonably may be required by the lessor, but in no case shall the lessee be required to hold such royalty oil or other products in storage beyond the last day of the calendar month next following the calendar month in which produced nor be responsible or held liable for the loss or destruction of royalty oil or other products in storage from causes over which he has no control.

(4) Rentals or minimum royalties may be waived, suspended or reduced and royalties on the entire leasehold or any portion thereof segregated for royalty purposes may be reduced if the Secretary of the Interior finds that, for the purpose of encouraging the greatest ultimate recovery of oil or gas and in the interest of conservation of natural resources, it is necessary, in his judgment, to do so in order to promote development, or because the lease cannot be successfully operated under the terms fixed herein.

(e) *Payments.*—Unless otherwise directed by the Secretary of the Interior, to make rental, royalty, or other payments to the lessor, to the order of the Bureau of Land Management at the places mentioned in the regulation 43 CFR 3102.2. If there is no well on the leased lands capable of producing oil or gas in paying quantities, the failure to pay rental on or before the anniversary date shall automatically terminate the lease by operation of law. However, if the time for payment falls on a day in which the proper office to receive payment is closed, payment shall be deemed timely if made on the next official working day.

(f) *Contracts for disposal of products.*—To file with the Oil and Gas Supervisor of the Geological Survey not later than 30 days after the effective date thereof any contract, or evidence of other arrangement, for the sale or disposal of oil, gas, natural gasoline, and other products of the leased land, *Provided*, That nothing in any such contract or other arrangement shall be construed as modifying any of the provisions of this lease, including, but not limited to, provisions relating to gas waste, taking royalty in kind, and the method of computing royalties due as based on a minimum valuation and in accordance with the Oil and Gas Operating Regulations.

(g) *Statements, plats and reports.*—At such times and in such form as the lessor may prescribe, to furnish detailed statements showing the amounts and quality of all products removed and sold from the lease, the proceeds therefrom, and the amount used for production purposes or unavoidably lost, a plat showing development work and improvements on the leased lands; and a report with respect to stockholders, investments, depreciation and costs.

(h) *Well records.*—To keep a daily drilling record, a log, and [illegible] information on all well surveys and tests in form acceptable to or prescribed by the lessor of all wells drilled on the lands, or all other lines prior thereto [illegible] required and to the extent deemed necessary by the lessor to fill any pits, ditches and other excavations, remove or cover all debris, and so far as reasonably possible, restore the surface of the leased land and access roads to their former condition, including the removal of structures as and if required. The lessor may prescribe the steps to be taken and restoration to be made with respect to the leased lands and improvements thereon whether or not owned by the United States. *Antiquities and objects of historic value.*—When American antiquities or other objects of historic or scientific interest including but not limited to historic or prehistoric ruins, fossils or artifacts are discovered in the performances of this lease, the item(s) or condition(s) will be left intact and immediately brought to the attention of the contracting officer or his authorized representative.

(i) *Overriding royalties.*—Not to create overriding royalties in excess of five percent except as otherwise authorized by the regulations.

(j) *Deliver premises in case of forfeiture.*—To deliver up to the lessor in good order and condition the land leased including all improvements which are necessary for the preservation of producing wells.

Sec. 3. The lessor reserves:

(a) *Easements and rights of way.*—The right to permit for joint or several use easements or rights of way, including easements in tunnels upon, through, or in the lands leased, occupied, or used as may be necessary or appropriate to the working of the same or of other lands containing the deposits described in the act, and the treatment and shipment of products thereof by or under authority of the Government, its lessees or permittees, and for other public purposes.

(b) *Disposition of surface.*—The right to lease, sell, or otherwise dispose of the surface of the leased lands under existing law or laws hereafter enacted, insofar as said surface is not necessary for the use of the lessee in the extraction and removal of the oil and gas therein, or to dispose of any resource in such lands which will not unreasonably interfere with operations under this lease.

(c) *Monopoly and fair prices.*—Full power and authority to promulgate and enforce all orders necessary to insure the sale of the production of the leased lands to the United States and to the public at reasonable prices, to protect the interests of the United States, to prevent monopoly, and to safeguard the public welfare.

(d) *Helium.*—Pursuant to Section 1 of the act as amended, the ownership of helium and the right to extract or have it extracted from all gas produced under this lease, subject to such rules and regulations as shall be prescribed by the Secretary of the Interior. If the lessor elects to take the helium, the lessee shall deliver all or any portion of gas containing the same to the lessor, in the manner required by the lessor, at any point on the leased premises, or, if the area is served at the time of production by a gas gathering system owned or operated by the lessee, at any point in that system specified by the lessor, for extraction of the helium by such means as the lessor may provide. The residue shall be returned to the lessee, with no substantial delay in the delivery of the gas produced from the well to the owner or purchaser thereof. Save for the value of the helium extracted, the lessee shall not suffer a diminution of the value of the gas produced from the well, or loss otherwise, including any expense caused solely by the requirement of the delivery of the gas to permit the extraction of helium, for which he is not reasonably compensated. The lessor reserves the right to erect, maintain, and operate any and all reduction works necessary for extraction of helium on the leased premises. The lessee further agrees to include in any contract of sale of gas from the lands subject to this lease provisions setting forth that the lessor owns, and reserves the right to extract or have extracted, any helium in the gas sold, and that the lessor may take the gas from a pipeline carrier or any other gas gathering system and extract the helium and return the gas to the owner thereof, without delay other than that caused by the extraction process; save for the value of the helium, the owner shall not suffer any diminution of the value of the gas from which helium has been extracted, or any other loss arising from the extraction of helium, including any expense caused solely by the requirement of the delivery of the gas to permit the extraction of helium, for which he is not reasonably compensated. It is further agreed that any rights reserved vested in the lessor under this paragraph shall also run to any agent or assignee of the lessee or any purchaser of the rights of the lessor.

(e) *Taking of royalties.*—All rights pursuant to section 36 of the act to take royalties in amount or in value of production.

(f) *Casing.*—All rights pursuant to section 40 of the act to purchase casing, and lease or operate valuable water wells.

Sec. 4. *Drilling and producing restrictions.*—It is agreed that the rate of prospecting and developing and the quantity and rate of production from the lands covered by this lease shall be subject to control in the public interest by the Secretary of the Interior, and in the exercise of his judgment the Secretary may take into consideration, among other things, Federal laws, State laws, and regulations issued thereunder, or lawful agreements among operators regulating either drilling or production, or both. After unitization, the Secretary of the Interior, or any person, committee, or State or Federal officer or agency so authorized in the unit plan, may alter or modify from time to time, the rate of prospecting and development and the quantity and rate of production from the lands covered by this lease.

Sec. 5. *Surrender and termination of lease.*—The lessee may surrender this lease or any legal subdivision thereof by filing in the proper land office a written relinquishment, in triplicate, which shall be effective as of the date of filing subject to the continued obligation of the lessee and his surety to make payment of all accrued rentals and royalties and to place all wells on the land to be relinquished in condition for suspension or abandonment in accordance with the applicable lease terms and regulations.

Sec. 6. *Purchase of materials, etc., on termination of lease.*—Upon the expiration of this lease, or the earlier termination thereof pursuant to the last preceding section, the lessee shall have the privilege at any time within a period of 90 days thereafter of removing from the premises all machinery, equipment, tools, and materials other than improvements needed for producing wells. Any materials, tools, appliances, machinery, structures, and equipment subject to removal as above provided, which are allowed to remain on the leased lands shall become the property of the lessor on expiration of the 90-day period or such extension thereof as may be granted because of adverse climatic conditions throughout said period: *Provided*, That the lessee shall remove any or all of such property where so directed by the lessor.

Sec. 7. *Proceedings in case of default.*—If the lessee shall not comply with any of the provisions of the act or the regulations thereunder or of the lease, or shall make default in the performance or observance of any of the terms hereof (except that of payment of annual rental which results in the automatic termination of the lease), and such default shall continue for a period of 30 days after service of written notice thereof by the lessor, this lease may be canceled by the Secretary of the Interior in accordance with section 31 of the act, except that if this lease covers lands known to contain valuable deposits of oil or gas, the lease may be canceled only by judicial proceedings in the manner provided in section 31 of the act; but this provision shall not be construed to prevent the exercise by the lessor of any legal or equitable remedy which the lessor might otherwise have. Upon cancellation of this lease, any casing, material, or equipment determined by the lessor to be necessary for use in plugging or preserving any well drilled on the leased land shall become the property of the lessor. A waiver of any particular cause of cancellation and forfeiture shall not prevent the cancellation and forfeiture of this lease for any other cause of cancellation and forfeiture, or for the same cause occurring at any other time.

Sec. 8. *Heirs and successors-in-interest.*—It is further agreed that each obligation hereunder shall extend to and be binding upon, and every benefit hereof shall inure to, the heirs, executors, administrators, successors, or assigns of the respective parties hereto.

Sec. 9. *Unlawful interest.*—It is also further agreed that no Member of, or Delegate to, Congress, or Resident Commissioner, after his election or appointment, or either before or after he has qualified and during his continuance in office, and that no officer, agent, or employee of the Department of the Interior, except as provided in 43 CFR 7.4(a)(1), shall be admitted to any share or part in this lease or derive any benefit that may arise therefrom; and the provisions of Sec. 3741 of the Revised Statutes of the United States, as amended (41 U.S.C. Sec. 22) and Secs. 431, 432, and 433, Title 18 U.S. Code, relating to contracts, enter into and form a part of this lease so far as the same may be applicable.

(m) *Assignment of oil and gas lease or interest therein.*—As required by applicable law, to file for approval by the lessor any instrument of transfer made of this lease or any interest therein, including assignments of record title, operating agreements and subleases, working or royalty interests, within 90 days from the date of final execution thereof.

(n) *Pipelines to purchase or convey at reasonable rates and without discrimination.*—If owner, or operator, or owner of a controlling interest in any pipeline or of any company operating the same which may be operated accessible to the oil or gas derived from lands under this lease, to accept and convey and, if a purchaser of such products to purchase at reasonable rates and without discrimination the oil or gas of the Government or of any citizen or company not the owner of any pipeline, operating a lease or purchasing or selling oil, gas, natural gasoline, or other products under the provisions of the act, or under the provisions of the act of August 7, 1947 (61 Stat. 913, 30 U.S.C. sec. 351).

(o) *Lands patented with oil and gas deposits reserved to the United States.*—To comply with all statutory requirements and regulations thereunder, if the lands embraced herein have been or shall hereafter be disposed of under the laws reserving to the United States the deposits of oil and gas therein, subject to such conditions as are or may hereafter be provided by the laws reserving such oil or gas.

(p) *Reserved or segregated lands.*—If any of the land included in this lease is embraced in a reservation or segregated for any particular purpose, to conduct operations thereunder in conformity with such requirements as may be made by the Director, Bureau of Land Management, for the protection and use of the land for the purpose for which it was reserved or segregated, so far as may be consistent with the use of the land for the purpose of this lease which latter shall be regarded as the dominant use unless otherwise provided herein or separately stipulated.

(q) *Protection of surface, natural resources, and improvements.* The lessee agrees to take such reasonable steps as may be needed to prevent operations on the leased lands from unnecessarily: (1) causing or contributing to soil erosion or damaging crops, including forage, and timber growth thereon or on Federal or non-Federal lands in the vicinity, (2) polluting air and water; (3) damaging improvements owned by the United States or other parties, or (4) destroying, damaging or removing fossils, historic or prehistoric ruins, or artifacts and upon any partial or [illegible] thereof, to the lessor when required. All information obtained under this paragraph, upon the request of lessee, shall not be open to inspection by the public until the expiration of the lease.

(i) *Inspection.*—To keep open at all reasonable times for the inspection of any duly authorized officer of the Department, the leased premises and all wells, improvements, machinery, and fixtures thereon and all books, accounts, maps and records relative to operations and surveys or investigations on the leased lands or under the lease. All information obtained pursuant to any such inspection, upon the request of the lessee, shall not be open to inspection by the public until the expiration of the lease.

(j) *Diligence, prevention of waste, health and safety of workmen.*—To exercise reasonable diligence in drilling and producing the wells herein provided for unless consent to suspend operations temporarily is granted by the lessor, to carry on all operations in accordance with approved methods and practice as provided in the Oil and Gas Operating Regulations, having due regard for the prevention of waste of oil or gas or damage to deposits or formations containing oil, gas, or water or to coal measures or other mineral deposits, for conservation of gas energy, for the preservation and conservation of the property for future productive operations, and for the health and safety of workmen and employees; to plug properly and effectively all wells drilled in accordance with the provisions of this lease or of any prior lease or permit upon which the right to this lease was based before abandoning the same, to carry out at expense of the lessee all reasonable orders of the lessor relative to the matters in this paragraph, and that on failure of the lessee so to do the lessor shall have the right to enter on the property and to accomplish the purpose of such orders at the lessee's cost: *Provided*, That the lessee shall not be held responsible for delays or casualties occasioned by causes beyond lessee's control.

(l) *Equal Opportunity clause.*—During the performance of this contract the lessee agrees as follows:

(1) *Equal opportunity clause.*—During the performance of this lease, the lessee agrees as follows:

(1) The lessee will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation, and selection for training, including apprenticeship. (5) The lessee will furnish all information and reports required by Executive Order No. 11246 of September 24, 1965, as amended, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(6) In the event of the lessee's noncompliance with the Equal Opportunity clause of this contract or with any of the said rules, regulations, or orders, this contract may be cancelled, terminated or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order No. 11246 of September 24, 1965, as amended, and such other sanctions may be imposed and remedies invoked as provided in Executive Order No. 11246 of September 24, 1965, as amended, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

In Testimony Whereof, I have hereunto set my hand and affixed the seal of said Commissioner at my office in Room 113 of State Capitol Building of Cheyenne, Wyoming on this 12th day of November, A. D. 1976.

SLO-25

SECTION 1. RIGHTS OF LESSEE. The lessee is granted the exclusive right and privilege to drill for, mine, extract, remove, and dispose of all the oil and gas in the lands leased together with the right to construct and maintain thereupon all works, buildings, plants, waterways, roads, communication lines, pipe lines, reservoirs, tanks, pumping stations, or other structures necessary to the full enjoyment thereof, for a period of ten (10) years and so long thereafter as oil or gas may be produced in paying quantities.

SECTION 2. THE LESSEE AGREES

(a) BOND. To furnish a bond with an approved corporate surety company authorized to transact business in the State of Wyoming, or such other surety as may be acceptable to the lessor, in the penal sum as required by the current rules of the State Board of Land Commissioners, conditioned upon the payment of all rentals and royalties accruing to the lessor under the terms hereof and upon the full compliance of all other terms and conditions of this lease and the Rules and Regulations relating thereto, and also conditioned for the payment of all damages to the surface and improvements thereon where the lease covers lands the surface of which has been sold or otherwise disposed. Such bond or bonds furnished prior to the development of the lands contained in this lease may be increased in such reasonable amounts as the lessor may decide upon commencement of drilling operations, and after the discovery of oil or gas.

(b) PAYMENTS. To make all payments accruing hereunder to the Commissioner of Public Lands, Capitol Building, Cheyenne, Wyoming 82001.

(c) RENTALS. Prior to the discovery of oil or gas in paying quantities to pay the lessor an annual rental, beginning with the effective date hereof, at the rate of One Dollar ($1.00) per acre or fraction thereof for each year during the primary term hereof. Failure to pay rental on or before the anniversary date shall automatically terminate this lease by operation of law. If the time for payment falls on a day when the State Land Office is closed, payment shall be deemed timely if made on the next official working day.

After the discovery of oil or gas in paying quantities to pay the lessor an annual rental beginning with the next day of the lease year succeeding the year in which actual discovery was made and the annual rental of One Dollar ($1.00) per acre or fraction thereof unless changed by affirmative action. Such rental so paid for any one year shall be credited against the royalty for that year. Failure to pay the obligation hereunder to pay annual rentals when due shall terminate this lease without any rental payment.

(d) ROYALTIES. The royalties to be paid by lessee are: (1) on oil, one eighth of that produced, saved and sold from said land, the same to be delivered at the wells or to the credit of lessor into the pipe line to which the wells may be connected; (2) on gas, including casinghead gas or other hydrocarbon substances, produced from said lands and sold or used off the premises or in the manufacture of gasoline or other products therefrom, the market value at the well of one-eighth of the gas so sold or used, provided that on gas sold at the wells the royalty shall be one-eighth of the amount realized from such sale.

Should any well drilled upon lands covered by this lease obtain production of oil, gas, or other hydrocarbons and if the lessee is unable to establish a satisfactory market for the oil, gas, or hydrocarbons produced from said well, the lessee may apply for and the lessor may grant permission for the suspension of production operations until such time as a satisfactory market for the product from said well can be developed. During the time any such suspension of operations is in effect the lessee is not obligated to pay the annual rental of One Dollar ($1.00) per acre or fraction thereof provided by the above, and this lease shall remain in effect as though oil or gas was being produced from said lands.

(e) OTHER KINDRED HYDROCARBONS AND SUBSTANCES. On all other hydrocarbons of the gaseous substances and elements produced or saved, including propane, butane, sulphur, nitrogen, carbon dioxide, and helium, at such royalty as may be mutually determined to be fair and reasonable.

The royalty purposes on gas and natural gasoline value shall be as approved by the lessor and the determination of the value of natural gas less the fair cost of extraction shall be considered a deductible item, provided, however, that the allowance for the cost of extraction may exceed one-third of the amount or value only on approval of the lessor and in no event shall the cost for gas or natural gasoline, be less than that fixed by the United States of America for its royalties from the same field.

In cases where natural gas is produced and the natural gas gasoline extracted therefrom only one royalty shall be paid, except in the event the residue dry gas shall be marketed it shall then become a separate commodity and a royalty shall be paid thereon as above provided.

Natural gas and oil actually used for operating purposes upon the land and except as to the use or sale thereof, gas or liquid hydrocarbons returned to the sand for stimulating the production of oil or secondary recovery purposes shall be royalty free.

(f) DISPOSITION OF ROYALTY OIL AND GAS. To deliver to the lessor, or to such individual, firm or corporation as the lessor may designate, all royalty oil, gas, or other kindred hydrocarbons, free of charge on the premises where produced, or, at the option of the lessor, and in lieu of said royalties in kind the lessee agrees to pay the lessor the field or market price or value of all royalty oil, gas, or other kindred hydrocarbons produced and saved, when the lessor elects to take its royalty oil, gas, or other hydrocarbons in kind such oil, gas or other kindred hydrocarbons shall be good merchantable oil, gas, or other kindred hydrocarbons. The lessee shall if necessary furnish storage for royalty oil free of charge for thirty (30) days after the end of the calendar month in which the oil is produced, upon the leased premises, or at such place as the lessor and the lessee may mutually agree upon, provided, however, that the lessee shall not be held liable for loss or destruction of royalty oil in storage from causes beyond its control.

The free storage of oil, as hereon provided, shall apply only as long as the said oil is the property of the lessor.

(g) MEASUREMENTS OF PRODUCTION. To accurately measure and correct for temperature all production from said lands in conformance with the Rules and Regulations adopted by the Board of Land Commissioners and to notify the lessor in accordance therewith.

To keep books, records, and reports pertaining to the production from the land herein leased as well as those pertaining to the production from offset wells operated by the lessee, his operator or sublessee, on other lands, which shall be opened at all times for the inspection of any duly authorized agent of the lessor.

To furnish the lessor with original pipe line reports showing the day, month, year, amount, gravities and temperatures of all oil run and with monthly reports showing the month, year, amount and price of all gas and natural-gas gasoline and other products produced and sold from the land herein leased, and the amount of gas returned to the sand.

(h) MONTHLY PAYMENTS AND STATEMENTS. Unless the time of payment is otherwise extended by the Commissioner of Public Lands, to make payment on or before the twentieth (20th) day of the calendar month succeeding the month of production and removal and sale of oil and gas from said land and to furnish sworn monthly statements therewith showing in detail the quantity and quality of the production (per well if required where practical) from the land hereby leased, and the quantity and quality of the production (per well where practical) from offset wells upon cornering or contiguous lands operated by the lessee, his operator or sub lessee and such other information as may be called for in the form of report prescribed by the lessor.

(i) WELLS TO BE DRILLED. To drill and operate effectively all wells necessary to reasonably offset wells upon and production from adjoining lands.

To drill such additional wells at such times or places as are necessary and essential to the proper development and commercial production of the oil and gas content of said land.

(j) LOG OF WELLS AND REPORTS. To keep a log, in the form approved by the lessor, of each well drilled by the lessee on the lands herein leased, showing the strata and character of the formations, water sands and mineral deposits penetrated by the drill, amount of casing, size and where set, and such other information as the lessor may require, which log or copy thereof shall be furnished to the lessor.

To file progress reports, in the form prescribed by the lessor, at the end of each thirty (30) day period while each well is being drilled.

To file annually, or at such times as the lessor may require, maps showing the development of the structure and the location of all wells, pipe lines and other works used in connection with the operations of the lessee upon said land.

To make such other reports pertaining to the production and operations by the lessee on said land, and report such other information as may be possessed by the lessee on the wells, production or operations of others on lands on the same geologic structure that may be of importance in effecting proper development and operation of the lands herein leased, as may be called for by the lessor. All logs, maps and reports shall be submitted in duplicate and the Commissioner may waive such reports as conditions may warrant.

(k) PRODUCTION. To operate the wells upon the land herein leased in a competent and efficient manner in an endeavor to recover all the oil and gas economically possible from said land and to prevent the undue drainage of the oil and gas thereunder by wells operated by the lessee or others on cornering or contiguous lands to those leased herein. All plans or methods for the purpose of stimulating or increasing production on lands herein leased other than those in common use shall first be presented to the lessor for approval before being put into actual operation.

No production agreements limiting, restricting, prorating, or otherwise affecting the natural production from said land shall be entered into by the lessee, nor shall the lessee limit, restrict or prorate the natural production from said land in any way or in any event, except with the consent in writing of the lessor first had and obtained.

(l) DILIGENCE, PREVENTION OF WASTE. To exercise reasonable diligence in drilling, producing, and operating of wells on the land covered hereby, unless consent to suspend operations temporarily is granted by the lessor, to carry on all operations hereunder in a good and workmanlike manner in accordance with approved methods and practice, having due regard for the prevention of waste of oil and gas, or the entrance of water to the oil or gas bearing sands or strata to the destruction or injury of such deposits, the preservation and conservation of the property for future productive operations and to the health and safety of workmen and employees; to plug securely in an approved manner any well before abandoning it and not to abandon any well without permission of the lessor; not to drill any well within two hundred (200) feet of any of the outer boundaries of the land covered hereby, unless to protect against drainage by wells drilled on lands adjoining less than 200 feet from the property lines thereof, to conduct all operations subject to the inspection of the lessor, to carry out at the lessee's expense all reasonable orders and requirements of the lessor relative to the prevention of waste and conservation of the property and the health and safety of workmen including the replanting and reseeding of drilling sites and other areas disturbed by drilling operations, and on failure of the lessee so to do the lessor shall have the right, together with other recourse herein provided, to enter on the property to repair damage or prevent waste at the lessee's expense; to abide by and conform to said applicable regulations prescribed; to reimburse the owner of the surface, if other than the lessor, or lessee of grazing rights thereof for actual damages thereto and injury to improvements thereon, provided, that the lessee shall not be held responsible for acts of providence or actions beyond its control.

(m) TAXES AND WAGES, FREEDOM OF PURCHASE. To pay, when due, all taxes lawfully assessed and levied under the laws of the State of Wyoming upon improvements, oil and gas produced from the land hereunder, or other rights, property or assets of the lessee; to accord all workmen and employees complete freedom of purchase, and to pay all wages due workmen and employees in conformance with the laws of the State of Wyoming.

(n) STATUTORY REQUIREMENTS AND REGULATIONS. To comply with all valid State statutory requirements and valid regulations thereunder and the Wyoming Blue Sky Law.

(o) ASSIGNMENTS OF LEASE, PRODUCTION AGREEMENTS. Not to assign this lease or any interest therein nor sublet any portion of the leased premises, except with the consent in writing of the lessor first had and obtained.

All overriding royalties to be valid must have the approval of the Board and be recorded with the lease. The Board reserves the right of disapproval of such overriding royalties when in its opinion they become excessive and hence are detrimental to the proper development of the leased lands.

(p) DELIVER PREMISES IN CASE OF FORFEITURE. To deliver up the leased premises, with all permanent improvements thereon, in good order and condition in case of forfeiture of this lease, but this shall not be construed to prevent the removal, alteration or renewal of equipment and improvements in the ordinary course of operations.

(q) REGULATIONS. To conduct all operations under this lease in accordance with the valid Rules and Regulations governing the production of oil and gas which may now or hereafter be approved by the lessor.

SECTION 3. THE LESSOR EXPRESSLY RESERVES

(a) The right to lease, sell or otherwise dispose of the surface of the land embraced within this lease under existing laws or laws hereafter enacted, and in accordance with the Rules of the Board of Land Commissioners insofar as the surface is not necessary for the use of the lessee in the conduct of operations hereunder.

(b) From the date of this lease the surface lands heretofore granted for Rights of Way and Easements and reserves the right to grant such other Rights of Way and Easements as provided by the statutes of the State of Wyoming, as long as such Rights of Way and Easements do not conflict with the operations for oil and gas on the land herein leased.

(c) The right, with consent of the lessee, to commit the herein leased lands in a unit or co-operative plan of development, and to establish, alter, change, or revoke the drilling, producing, and royalty requirements of the lease to conform therewith.

(d) The right to alter or modify the quantity and rate of production to the end that waste may be eliminated or that production may conform to the lessee's fair share of allowable production under any system of State or National curtailment and proration authorized by law.

SECTION 4. APPRAISAL OF IMPROVEMENTS. The lessee shall have the right, subject to the provisions of Title 36, Section 76 (as to State and State School lands), and Title 11, Section 631-B (as to Farm Loan Board lands), Wyoming Statutes 1957, to remove any improvements owned by lessee within a reasonable time after the termination of this lease. Lessee agrees that any such improvements not removed within a reasonable time after termination of this lease shall be disposed of pursuant to the above statutes.

SECTION 5. FORFEITURE CLAUSE. The Board shall have the power and authority to cancel leases procured by fraud, deceit or misrepresentation, or for the use of the lands for unlawful or illegal purposes, or for the violation of the covenants of the lease, upon proper proof thereof. In the event that the lessee shall default in the performance or observance of any of the terms, covenants and stipulations hereof, or of the general regulations promulgated by the Board of Land Commissioners and in force on the date hereof, the lessor shall serve notice of such failure or default either by personal service or by certified or registered mail upon the lessee, and if such failure or default continues for a period of thirty (30) days after the service of such notice, then and in that event the lessor may, at its option, declare a forfeiture and cancel this lease, whereupon all rights and privileges obtained by the lessee hereunder shall terminate and cease and the lessor may re-enter and take possession of said premises or any part thereof; but these provisions shall not be construed to prevent the exercise by lessor of any legal or equitable remedy which the lessor might otherwise have. A waiver of any particular cause or forfeiture shall not prevent the cancellation and forfeiture of this lease for any other cause of forfeiture, or for the same cause occurring at any other time.

SECTION 6. RELINQUISHMENT AND SURRENDER. This lease may be relinquished and surrendered to lessor as to all or any legal subdivision of said lands as follows:

(a) If no operations have been conducted under the lease on the land to be relinquished, the lessee shall file with the Commissioner of Public Lands a written relinquishment or surrender, duly signed and acknowledged and stating therein that no operations have been conducted on the land. The relinquishment so filed shall become effective on the date and hour of receipt thereof in the Office of the Commissioner or at some later date if such be so specified by the lessee therein. If the said relinquishment fails to state that no operations have been conducted the effective date of relinquishment shall be the date the relinquishment is approved by the Board.

(b) If operations have been conducted under the lease on land proposed to be relinquished the lessee shall give sixty (60) days notice and shall file with the Commissioner a written relinquishment or surrender duly acknowledged and stating therein that operations have been conducted on the land. The relinquishment shall not become effective until the land and the wells thereon shall have been placed in condition acceptable to lessor and shall have been approved by the State Oil and Gas Supervisor.

All rentals becoming due prior to a surrender or relinquishment becoming effective shall be payable by lessee unless payment thereof shall be waived by lessor. A relinquishment having become effective there shall be no recourse by lessee, and the lessor as to the relinquished lands may not be compelled.

SECTION 7. HEIRS AND SUCCESSORS IN INTEREST. It is further covenanted and agreed that each obligation hereunder shall extend to and be binding upon, and every benefit thereof shall inure to the heirs, executors, administrators, successors of, or assigns of the respective parties hereto.

SECTION 8. If the lessor owns an interest in oil and gas in said land less than the entire fee simple estate, then the royalties and rentals to be paid lessor shall be reduced proportionately.

SECTION 9. This lease is issued by virtue of and under the authority conferred by Title 36, Wyoming Statutes 1957, as to the State and School Lands and Title 11, Wyoming Statutes 1957, as to Farm Loan Lands, and rules and regulations governing the issuance of Oil and Gas leases pursuant thereto.

LEASE TERMS

Sec. 1. *Rights* [redacted] The lessee is granted the exclusive right and privilege [redacted] for, mine, extract, remove, and dispose of all the oil and gas deposits, except helium gas, in the lands leased, together with the right to construct and maintain thereupon, all works, buildings, plants, waterways, roads, telegraph or telephone lines, pipelines, reservoirs, tanks, pumping stations, or other structures necessary to the full enjoyment thereof, for a period of 10 years, and so long thereafter as oil or gas is produced in paying quantities; subject to any unit agreement heretofore or hereafter approved by the Secretary of the Interior, the provisions of said agreement to govern the lands subject thereto where inconsistent with the terms of this lease.

Sec. 2. The lessee agrees:

(a) *Bonds.*—(1) To file any bond required by this lease and the current regulations and until such bond is filed not to enter upon the land under this lease. (2) To maintain any bond furnished by the lessee as a condition for the issuance of this lease. (3) To furnish a bond in a sum double the amount of $2 per acre annual rental but not less than $1,000 nor more than $10,000, where the inclusion of any part of the leased land within the known geologic structure of a producing oil or gas field. (4) To furnish prior to the beginning of drilling operations and maintain at all times thereafter as required by the lessor a bond in the penal sum of $10,000 with approved corporate surety, or deposit of United States bonds as surety therefor, conditioned upon compliance with the terms of this lease, unless a bond in such amount is already being maintained or unless such a bond furnished by an operator of the lease is accepted. (5) Until a general lease bond is filed to furnish and maintain a bond in the penal sum of not less than $1,000 in those cases in which the lessor is required by law for the protection of the owners of surface rights. In lieu of any of the bonds described herein, the lessee may file such other bond as the regulations may permit.

(b) *Cooperative or unit plan.*—Within 30 days of demand, where the leased land is committed to an approved unit or cooperative plan and such plan is terminated prior to the expiration of the lease, within 30 days of demand made thereafter, to subscribe to and to operate under such reasonable cooperative or unit plan for the development and operation of the area, field, or pool, or part thereof, embracing the lands included herein as the Secretary of the Interior may then determine to be practicable and necessary or advisable, which plan shall adequately protect the rights of all parties in interest, including the United States.

(c) *Wells.*—(1) To drill and produce all wells necessary to protect the leased land from drainage by wells on lands not the property of the lessor, or lands of the United States leased at a lower royalty rate, or as to which the royalties and rentals are payable into different funds than are those of this lease; or in lieu thereof, with the consent of the Director of the Geological Survey, to compensate the lessor monthly for each month for the estimated loss of royalty through drainage in the amount determined by said Director; (2) at the election of the lessee, to drill and produce other wells in conformity with any system of well spacing or production allotments affecting the field or area in which the leased lands are situated, which is authorized and sanctioned by applicable law or by the Secretary of the Interior; and (3) promptly after due notice in writing to drill and produce such other wells as the Secretary of the Interior may reasonably require in order that the leased premises may be properly and timely developed and produced in accordance with good operating practice.

(d) *Rentals and royalties.*—(1) To pay rentals and royalties on the amounts or value of production removed or sold from the leased lands as follows:

(a) *Rentals.*—To pay the lessor in advance an annual rental at the following rates.

(a) If the lands are wholly outside the known geologic structure of a producing oil or gas field:

(i) For each lease year a rental of 50 cents per acre or fraction of an acre.

(b) If the lands are wholly or partly within the known geologic structure of a producing oil or gas field:

(i) Beginning with the first lease year after 30 days' notice that all or part of the land is included in such a structure and for each year thereafter, prior to a discovery of oil or gas on the lands leased, $2 per acre or fraction of an acre.

(ii) If this lease is committed to an approved cooperative or unit plan which includes a well capable of producing oil or gas and contains a general provision for allocation of production, the rental prescribed for the respective lease years in subparagraph (a) of this section, shall apply to the acreage not within a participating area.

(b) *Minimum royalty.*—Commencing with the lease year beginning on or after a discovery on the leased land, to pay the lessor in lieu of rental, a minimum royalty of $1 per acre or fraction thereof at the expiration of each lease year, or the difference between the actual royalty paid during the year if less than $1 per acre and the prescribed minimum royalty of $1 per acre, except that if this lease is unitized, the minimum royalty shall be payable only on the participating acreage and rental shall be payable on the nonparticipating acreage as provided in subparagraphs (b)(i) and (ii) above.

(c) *Royalty on production.*—(1) To pay the lessor 12½ percent in amount or value, on the production removed or sold from the leased lands as determined in accordance with the Oil and Gas Operating Regulations (30 CFR Pt. 221).

(2) It is expressly agreed that the Secretary of the Interior may establish reasonable minimum values for purposes of computing royalty on any or all oil, gas, natural gasoline, and other products obtained from gas, due consideration being given to the highest price paid for a part or for a majority of production of like quality in the same field, to the price received by the lessee, posted prices, and to other relevant matters and, whenever appropriate, after notice and opportunity to be heard.

(d) When paid in value, such royalties on production shall be due and payable monthly on the last day of the calendar month next following the calendar month in which produced. When paid in amount of production, such royalty products shall be delivered in merchantable condition on the premises where produced without cost to lessor, unless otherwise agreed to by the parties hereto, at such times and in such tanks provided by the lessee as reasonably may be required by the lessor, but in no case shall the lessee be required to hold such royalty oil or other products in storage beyond the last day of the calendar month next following the calendar month in which produced nor be responsible or held liable for the loss or destruction of royalty oil or other products in storage from causes over which he has no control.

(e) Rentals or minimum royalties may be waived, suspended or reduced and royalties on the entire leasehold or any portion thereof segregated for royalty purposes may be reduced if the Secretary of the Interior finds that, for the purpose of encouraging the greatest ultimate recovery of oil or gas and in the interest of conservation of natural resources, it is necessary, in his judgment, to do so in order to promote development, or because the lease cannot be successfully operated under the terms provided herein.

(f) *Payments.*—Unless otherwise directed by the Secretary of the Interior, to make rental, royalty, or other payments to the lessor or to the order of the Bureau of Land Management at the office mentioned in the regulation 43 CFR 3102.2. If there is a well on the leased lands capable of producing oil or gas in paying quantities, the failure to pay rental on or before the anniversary date shall automatically terminate the lease by operation of law. However, if the time for payment falls on a day in which the proper office to receive payment is closed, payment shall be deemed timely if made on the next official working day.

(g) *Contracts for disposal of products.*—To file with the Oil and Gas Supervisor of the Geological Survey not later than 30 days after the effective date thereof any contract, or evidence of other arrangement, for the sale or disposal of oil, gas, natural gasoline, and other products of the leased land; *Provided*, That nothing in any such contract or other arrangement shall be considered as modifying any of the provisions of this lease, including, but not limited to, provisions relating to gas waste, taking royalty in kind, and the method of computing royalties due as based on the uniform valuation and in accordance with the Oil and Gas Operating Regulations.

(h) *Statements, plats and reports.*—At such times and in such form as the lessor may prescribe, to furnish detailed statements showing the amounts and quality of all products removed and sold from the lease, the proceeds therefrom, and the amount used for production purposes or unavoidably lost; a plat showing developments work and improvements on the leased lands; and a report with respect to stockholders, investments, depreciation and costs.

(h) *Well records.*—To [redacted] drilling record, a log, and complete information on all well surveys and tests in form acceptable to or prescribed by the lessor of all wells drilled on the leased lands, and a complete acceptable record of all subsurface investigations affecting said lands, and to furnish them, or copies thereof, to the lessor when required. All information obtained under this paragraph, upon the request of lessee, shall not be open to inspection by the public until the expiration of the lease.

(i) *Inspection.*—To keep open at all reasonable times for the inspection of any duly authorized officer of the Department, the leased premises and all wells, improvements, machinery, and fixtures thereon and all books, accounts, maps and records relative to operations and surveys or investigations on the leased lands or under the lease. All information obtained pursuant to any such inspection, upon the request of the lessee, shall not be open to inspection by the public until the expiration of the lease.

(j) *Diligence, prevention of waste, health and safety of workmen.*—To exercise reasonable diligence in drilling and producing the wells herein provided for unless consent to suspend operations temporarily is granted by the lessor; to carry on all operations in accordance with approved methods and practice as provided in the Oil and Gas Operating Regulations, having due regard for the prevention of waste of oil or gas or damage to deposits or formations containing oil, gas, or water or to coal measures or other mineral deposits, for conservation of gas energy, for the preservation and conservation of the property for future productive operations, and for the health and safety of workmen and employees; to plug properly and effectively all wells drilled in accordance with the provisions of this lease or of any prior lease or permit upon which the right to this lease was based before abandoning the same; to carry out at expense of the lessee all reasonable orders of the lessor relative to the matters in this paragraph, and that on failure of the lessee so to do the lessor shall have the right to enter on the property and to accomplish the purpose of such orders at the lessee's cost: *Provided*, That the lessee shall not be held responsible for delays or casualties occasioned by causes beyond lessee's control.

(k) *Taxes and wages, freedom of purchase.*—To pay when due all taxes lawfully assessed and levied under the laws of the State or the United States upon improvements, oil, and gas produced from the lands hereunder, or other rights, property, or assets of the lessee; to accord all workmen and employees complete freedom of purchase, and to pay all wages due workmen and employees at least twice each month in the lawful money of the United States.

(l) *Equal Opportunity clause.*—During the performance of this contract the lessee agrees as follows:

(1) The lessee will not discriminate against any employee or applicant for employment because of race, creed, color, or national origin. The lessee will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, creed, color, or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The lessee agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

(2) The lessee will, in all solicitations or advertisements for employees placed by or on behalf of the lessee, state that all qualified applicants will receive consideration for employment without regard to race, creed, color, or national origin.

(3) The lessee will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer, advising the labor union or workers' representative of the lessee's commitments under Section 202 of Executive Order No. 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(4) The lessee will comply with all provisions of Executive Order No. 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(5) The lessee will furnish all information and reports required by Executive Order No. 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(6) In the event of the lessee's noncompliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be cancelled, terminated or suspended in whole or in part and the lessee may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order No. 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order No. 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(7) The lessee will include the provisions of Paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order No. 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The lessee will take such action with respect to any subcontract or purchase order as the contracting agency may direct as a means of enforcing such provisions including sanctions for noncompliance: *Provided, however*, That in the event the lessee becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the contracting agency, the lessee may request the United States to enter into such litigation to protect the interests of the United States.

(m) *Assignment of oil and gas lease or interest therein.*—As required by applicable law, to file for approval by the lessor any instrument of transfer made of this lease or any interest therein, including assignments of record title, operating agreements and subleases, working or royalty interests, within 90 days from the date of final execution thereof.

(n) *Pipelines to purchase or convey at reasonable rates and without discrimination.*—If owner, or operator, or owner of a controlling interest in any pipeline or of any company operating the same which may be operated accessible to the oil or gas derived from lands under this lease, to accept and convey and, if a purchaser of such products to purchase at reasonable rates and without discrimination the oil or gas of the Government or of any citizen or company not the owner of any pipeline, operating a lease or purchasing or selling oil, gas, natural gasoline, or other products under the provisions of the act, or under the provisions of the act of August 7, 1947 (61 Stat. 913, 30 U.S.C. sec. 351).

(o) *Lands patented with oil and gas deposits reserved to the United States.*—To comply with all statutory requirements and regulations thereunder, if the lands embraced herein have been or shall hereafter be disposed of under the laws reserving to the United States the deposits of oil and gas therein, subject to such conditions as are or may hereafter be provided by the laws reserving such oil or gas.

(p) *Reserved or segregated lands.*—If any of the land included in this lease is embraced in a reservation or segregated for any particular purpose, to conduct operations thereunder in conformity with such requirements as may be made by the Director, Bureau of Land Management, for the protection and use of the land for the purpose for which it was reserved or segregated, so far as may be consistent with the use of the land for the purpose of this lease which latter shall be regarded as the dominant use unless otherwise provided herein or separately stipulated.

(q) *Protection of surface, natural resources, and improvements.* The lessee agrees to take such reasonable steps as may be needed to prevent operations on the leased lands from unnecessarily: (1) causing or contributing to soil erosion or damaging crops, including forage, and timber growth thereon or on Federal or non-Federal lands in the vicinity; (2) polluting air and water; (3) damaging improvements owned by the United States or other parties; or (4) destroying, damaging or removing fossils, historic or prehistoric ruins, or artifacts and upon any partial or total relinquishment or the cancellation or expiration of this lease, or at any other time prior thereto when required and to the extent deemed necessary by the lessor to fill any pits, ditches and other excavations, remove [redacted] debris, and so far as reasonably possible, restore the surface of the leased land and access roads to their former condition, including the removal of structures as and if required. The lessor may prescribe the steps to be taken and restoration to be made with respect to the leased lands and improvements thereon whether or not owned by the United States. *Antiquities and objects of historic value.*—When American antiquities or other objects of historic or scientific interest including but not limited to historic or prehistoric ruins, fossils or artifacts are discovered in the performances of this lease, the item(s) or condition(s) will be left intact and immediately brought to the attention of the contracting officer or his authorized representative.

(r) *Overriding royalties.*—Not to create overriding royalties in excess of five percent except as otherwise authorized by the regulations.

(s) *Deliver premises in cases of forfeiture.*—To deliver up to the lessor in good order and condition the land leased including all improvements which are necessary for the preservation of producing wells.

Sec. 3. The lessor reserves:

(a) *Easements and rights-of-way.*—The right to permit for joint or several use easements or rights-of-way, including easements in tunnels upon, through, or in the lands leased, occupied, or used as may be necessary or appropriate to the working of the same or of other lands containing the deposits described in the act, and the treatment and shipment of products thereof by or under authority of the Government, its lessees or permittees, and for other public purposes.

(b) *Disposition of surface.*—The right to lease, sell, or otherwise dispose of the surface of the leased lands under existing law or laws hereafter enacted, insofar as said surface is not necessary for the use of the lessee in the extraction and removal of the oil and gas therein, or to dispose of any resource in such lands which will not unreasonably interfere with operations under this lease.

(c) *Monopoly and fair prices.*—Full power and authority to promulgate and enforce all orders necessary to insure the sale of the production of the leased lands to the United States and to the public at reasonable prices, to protect the interests of the United States, to prevent monopoly, and to safeguard the public welfare.

(d) *Helium.*—Pursuant to Section 1 of the act as amended, the ownership of helium and the right to extract or have it extracted from all gas produced under this lease, subject to such rules and regulations as shall be prescribed by the Secretary of the Interior. If the lessor elects to take the helium, the lessee shall deliver all or any portion of gas containing the same to the lessor, in the manner required by the lessor, at any point on the leased premises, or, if the area is served at the time of production by a gas-gathering system owned or operated by the lessee, at any point in that system specified by the lessor, for extraction of the helium by such means as the lessor may provide. The residue shall be returned to the lessee, with no substantial delay in the delivery of the gas produced from the well to the owner or purchaser thereof. Save for the value of the helium extracted, the lessee shall not suffer a diminution of the value of the gas produced from the well, or loss otherwise, including any expense caused solely by the requirement of the delivery of the gas to permit the extraction of helium, for which he is not reasonably compensated. The lessor reserves the right to erect, maintain, and operate any and all reduction works necessary for extraction of helium on the leased premises. The lessee further agrees to include in any contract of sale of gas from the lands subject to this lease provisions setting forth that the lessor owns, and reserves the right to extract or have extracted, any helium in the gas sold, and that the lessor may take the gas from a pipeline carrier or any other gas-gathering system and extract the helium and return the gas to the owner thereof, without delay other than that caused by the extraction process; save for the value of the helium, the owner shall not suffer any diminution of the value of the gas from which helium has been extracted, or any other loss arising from the extraction of helium, including any expense caused solely by the requirement of the delivery of the gas to permit the extraction of helium, for which he is not reasonably compensated. It is further agreed that any rights reserved vested in the lessor under this paragraph shall also run to any agent or assignee of the lessor or any purchaser of the rights of the lessor.

(e) *Taking of royalties.*—All rights pursuant to section 36 of the act to take royalties in amount or in value of production.

(f) *Casing.*—All rights pursuant to section 40 of the act to purchase casing, and lease or operate valuable water wells.

Sec. 4. *Drilling and producing restrictions.*—It is agreed that the rate of prospecting and developing and the quantity and rate of production from the lands covered by this lease shall be subject to control in the public interest by the Secretary of the Interior, and in the exercise of his judgment the Secretary may take into consideration, among other things, Federal laws, State laws, and regulations issued thereunder, or lawful agreements among operators regulating either drilling or production, or both. After unitization, the Secretary of the Interior, or any person, committee, or State or Federal officer or agency so authorized in the unit plan, may alter or modify from time to time, the rate of prospecting and development and the quantity and rate of production from the lands covered by this lease.

Sec. 5. *Surrender and termination of lease.*—The lessee may surrender this lease or any legal subdivision thereof by filing in the proper land office a written relinquishment, in triplicate, which shall be effective as of the date of filing subject to the continued obligation of the lessee and his surety to make payment of all accrued rentals and royalties and to place all wells on the land to be relinquished in condition for suspension or abandonment in accordance with the applicable lease terms and regulations.

Sec. 6. *Purchase of materials, etc., on termination of lease.*—Upon the expiration of this lease, or the earlier termination thereof pursuant to the last preceding section, the lessee shall have the privilege at any time within a period of 90 days thereafter of removing from the premises all machinery, equipment, tools, and materials other than improvements needed for producing wells. Any materials, tools, appliances, machinery, structures, and equipment subject to removal as above provided, which are allowed to remain on the leased lands shall become the property of the lessor on expiration of the 90-day period or such extension thereof as may be granted because of adverse climatic conditions throughout said period: *Provided*, That the lessee shall remove any or all of such property where so directed by the lessor.

Sec. 7. *Proceedings in case of default.*—If the lessee shall not comply with any of the provisions of the act or the regulations thereunder or of the lease, or shall make default in the performance or observance of any of the terms hereof (except that of payment of annual rental which results in the automatic termination of the lease), and such default shall continue for a period of 30 days after service of written notice thereof by the lessor, this lease may be canceled by the Secretary of the Interior in accordance with section 31 of the act, except that if this lease covers lands known to contain valuable deposits of oil or gas, the lease may be canceled only by judicial proceedings in the manner provided in section 31 of the act; but this provision shall not be construed to prevent the exercise by the lessor of any legal or equitable remedy which the lessor might otherwise have. Upon cancellation of this lease, any casing, material, or equipment determined by the lessor to be necessary for use in plugging or preserving any well drilled on the leased land shall become the property of the lessor. A waiver of any particular cause of cancellation and forfeiture shall not prevent the cancellation and forfeiture of this lease for any other cause of cancellation and forfeiture, or for the same cause occurring at any other time.

Sec. 8. *Heirs and successors-in-interest.*—It is further agreed that each obligation hereunder shall extend to and be binding upon, and every benefit hereof shall inure to, the heirs, executors, administrators, successors, or assigns of the respective parties hereto.

Sec. 9. *Unlawful interest.*—It is also further agreed that no Member of, or Delegate to, Congress, or Resident Commissioner, after his election or appointment, or either before or after he has qualified and during his continuance in office, and that no officer, agent, or employee of the Department of the Interior, except as provided in 43 CFR 7.4(a)(1), shall be admitted to any share or part in this lease or derive any benefit that may arise therefrom; and the provisions of Sec. 3741 of the Revised Statutes of the United States, as amended (41 U.S.C. Sec. 22) and Secs. 431, 432, and 433, Title 18 U.S. Code, relating to contracts, enter into and form a part of this lease so far as the same may be applicable.

(s) *Surface premises in cases of forfeiture.*—To deliver up to the lessor in good order and condition the land leased including all improvements which are necessary for the preservation of producing wells.

SEC. 3. The lessor reserves:

(a) *Easements and rights-of-way.*—The right to permit for joint or several use easements or rights-of-way, including easements in tunnels upon, through, or in the lands leased, occupied, or used as may be necessary or appropriate to the working of the same or of other lands containing the deposits described in the act, and the treatment and shipment of products thereof by or under authority of the Government, its lessees or permittees, and for other public purposes.

(b) *Disposition of surface.*—The right to lease, sell, or otherwise dispose of the surface of the leased lands under existing law or laws hereafter enacted, insofar as said surface is not necessary for the use of the lessee in the extraction and removal of the oil and gas therein, or to dispose of any resource in such lands which will not unreasonably interfere with operations under this lease.

(c) *Monopoly and fair prices.*—Full power and authority to promulgate and enforce all orders necessary to insure the sale of the production of the leased lands to the United States and to the public at reasonable prices, to protect the interests of the United States, to prevent monopoly, and to safeguard the public welfare.

(d) *Helium.*—Pursuant to section 1 of the act, as amended, the ownership and the right to extract helium from all gas produced under this lease, subject to such rules and regulations as shall be prescribed by the Secretary of the Interior. In case the lessor elects to take the helium the lessee shall deliver all gas containing same, or portion thereof desired, to the lessor at any point on the leased premises in the manner required by the lessor, for the extraction of the helium in such plant or reduction works for that purpose as the lessor may provide, whereupon the residue shall be returned to the lessee with no substantial delay in the delivery of gas produced from the well to the purchaser thereof. The lessee shall not suffer a diminution of value of the gas from which the helium has been extracted, or loss otherwise, for which he is not reasonably compensated, save for the value of the helium extracted. The lessor further reserves the right to erect, maintain, and operate any and all reduction works and other equipment necessary for the extraction of helium on the premises leased.

(e) *Taking of royalties.*—All rights pursuant to section 36 of the act, to take royalties in amount or in value of production.

(f) *Casing.*—All rights pursuant to section 40 of the act to purchase casing, and lease or operate valuable water wells.

SEC. 4. *Drilling and producing restrictions.*—It is agreed that the rate of prospecting and developing and the quantity and rate of production from the lands covered by this lease shall be subject to control in the public interest by the Secretary of the Interior, and in the exercise of his judgment the Secretary may take into consideration, among other things, Federal laws, State laws, and regulations issued thereunder, or lawful agreements among operators regulating either drilling or production, or both. After unitization, the Secretary of the Interior, or any person, committee, or State or Federal officer or agency so authorized in the unit plan, may alter or modify from time to time, the rate of prospecting and development and the quantity and rate of production from the lands covered by this lease.

SEC. 5. *Surrender and termination of lease.*—The lessee may surrender this lease or any legal subdivision thereof by filing in the proper land office a written relinquishment, in triplicate, which shall be effective as of the date of filing subject to the continued obligation of the lessee and his surety to make payment of all accrued rentals and royalties and to place all wells on the land to be relinquished in condition for suspension or abandonment in accordance with the applicable lease terms and regulations.

SEC. 6. *Purchase of materials, etc., on termination of lease.*—Upon the expiration of this lease, or the earlier termination thereof pursuant to the last preceding section, the lessee shall have the privilege at any time within a period of 90 days thereafter of removing from the premises all machinery, equipment, tools, and materials other than improvements needed for producing wells. Any materials, tools, appliances, machinery, structures, and equipment subject to removal as above provided, which are allowed to remain on the leased lands shall become the property of the lessor on expiration of the 90-day period or such extension thereof as may be granted because of adverse climatic conditions throughout said period: *Provided*, That the lessee shall remove any or all of such property where so directed by the lessor.

SEC. 7. *Proceedings in case of default.*—If the lessee shall not comply with any of the provisions of the act or the regulations thereunder or of the lease, or default [redacted] in the performance or observance of any of the terms hereof (except the payment of annual rental which results in the automatic termination of the lease), and such default shall continue for a period of 30 days after service of written notice thereof by the lessor, this lease may be canceled by the Secretary of the Interior in accordance with section 31 of the act, except that if this lease covers lands known to contain valuable deposits of oil or gas, the lease may be canceled only by judicial proceedings in the manner provided in section 31 of the act; but this provision shall not be construed to prevent the exercise by the lessor of any legal or equitable remedy which the lessor might otherwise have. Upon cancellation of this lease, any casing, material, or equipment determined by the lessor to be necessary for use in plugging or preserving any well drilled on the leased land shall become the property of the lessor. A waiver of any particular cause of forfeiture shall not prevent the cancellation and forfeiture of this lease for any other cause of forfeiture, or for the same cause occurring at any other time.

SEC. 8. *Heirs and successors-in-interest.*—It is further agreed that each obligation hereunder shall extend to and be binding upon, and every benefit hereof shall inure to, the heirs, executors, administrators, successors, or assigns of the respective parties hereto.

SEC. 9. *Unlawful interest.*—It is also further agreed that no Member of, or Delegate to, Congress, or Resident Commissioner, after his election or appointment, or either before or after he has qualified and during his continuance in office, and that no officer, agent, or employee of the Department of the Interior, except as provided in 43 CFR 7.4 (a) (1), shall be admitted to any share or part in this lease or derive any benefit that may arise therefrom; and the provisions of Sec. 3741 of the Revised Statutes of the United States, as amended (41 U. S. C. Sec. 22) and Secs. 431, 432 and 433, Title 18 U. S. Code, relating to contracts, enter into and form a part of this lease so far as the same may be applicable.

INSTRUCTIONS

A. GENERAL INSTRUCTIONS

1. [redacted] must be filed on a typewriter or printed [redacted] in ink [redacted].

2. [redacted] to be used in offering to lease noncompetitive public domain lands or oil and gas deposits reserved to the United States in disposals of such lands for the purpose of drilling, mining, extracting, removing and disposing of oil and gas deposits, except helium. This form should not be used in offering to lease acquired lands or lands on a known geologic structure of a producing oil or gas field.

3. Offers to lease may be made by individuals 21 years of age or over who are citizens of the United States, and by associations, partnerships or corporations.

4. The [redacted] must be prepared in quadruplicate and filed in the proper land office. The term "filing" means the receipt of the offer in the proper land office. If the land is in a State that has more than one land office, the offer must be filed with the Bureau of Land Management, Department of the Interior, Washington 25, D. C. See 43 CFR 192.42(f). If less than five copies are filed, the offeror will have 30 days from the date of first filing to file the other required copies, failing in which the offer will be rejected and returned to the offeror without further priority.

5. The offeror must mark one of the copies first filed at the top with the word "Original." If that is not done, the land office will so mark one copy. If there is any variation in the land descriptions among the five copies, the copy marked "Original" shall govern as to the lands covered by the offer.

6. If additional space is needed in furnishing any of the required information it should be prepared on additional sheets, numbered and attached and made part of this offer to lease, such additional sheets to be attached to each copy of the form submitted.

7. If any of the land described in item 2 of the offer is [redacted] filing with the offer is filed but is rejected [redacted] lease for [redacted] thereafter becomes available, the offer will be amended to include the omitted land, if [redacted] before the issuance of the amendment on Form 4-2103, the land office receives the withdrawal of the offer as to such land or an election to convert a separate lease to be dated in accordance with 43 CFR 192.42(g), in which case such separate lease will be issued. In the latter case, the rental charged and the lease term will be the same as to expire the same land [redacted] included in the original lease when it was issued.

8. As an incident to the assignment of the whole interest in all or any part of the lease, the lessee may assign the whole interest in all or any part of the offer. As an incident to the assignment of [redacted] undivided fractional interest in the whole lease, the lessee may assign any [redacted] undivided fractional interest in the whole offer. Applications for approval of assignments of an offer must be filed [redacted] that the assignee agrees to be bound by the terms of the lease [redacted] and must [redacted]

will be returned. Where at the time the lease is to be issued, the land applied for or any part of it is within a known geologic structure of a producing oil or gas field, the lessee will be billed for the additional rental of $1 for an acre on all the leased land as the yearly rental on such land is $2 per acre.

Item 5 (a).—Offeror will indicate whether a citizen by birth or naturalization. If production is obtained under this lease or allocated to it, the citizenship status of the lessee will be verified.

If offeror is an unincorporated association (including a partnership), the offer must be accompanied by a statement giving the same showing as to citizenship and holdings of its members as required of an individual.

If offeror is a corporation it must submit a statement containing the following information: the State in which it is incorporated; that it is authorized to hold oil and gas leases and that the officer executing the lease is authorized to act on behalf of the corporation in such matters, the percentage of the voting stock and of all of the stock owned by aliens or those having addresses outside the United States. Where such ownership is over 10 percent, additional information may be required by the Bureau before the lease is issued or when production is obtained. If any appreciable percentage of the stock is held by aliens of the excepted class the application will be denied. If 20 percent or more of the stock of any class is owned or controlled by or on behalf of any one stockholder a separate showing of his citizenship and holdings must be furnished.

Item 5 (b).—Acreage included in unitized leases and leases subject to certain development contracts approved by the Secretary under authority of sec. 17 (b) is not chargeable.

Item 5 (c).—Whenever applicable the stipulations referred to will be made a part of this lease and will be furnished the lessee with the lease when issued. The forms covering them with a brief description are as follows: 4-216 Stipulations for lands where the surface control is under the jurisdiction of the Department of Agriculture; 4-467 Lands potentially prospective; 4-467 (a) Lands within the flow limits of a reservoir site; 4-467 (b) Lands within the drainage area of a constructed reservoir; 4-3273 Lands withdrawn for power purposes; and 4-1383, Wildlife Refuge, Game Range, and Coordination Lands. Whenever other stipulations are necessary, lessee will be required to agree to them before the issuance of the lease.

Item 5 (e).—If there are settlers attach a sheet giving the name and postoffice address of each and description of the lands claimed by metes and bounds or protracted surveys and approximate legal subdivisions.

Item 6.—Offeror must indicate whether or not he is the sole party in interest in this offer and the lease, if issued. If not the sole party in interest, the offeror must [redacted] at the time the offer is filed a signed statement setting forth the names of the other interested parties. If there are other parties interested in the offer, a separate statement must be signed by them and the offeror, [redacted] the extent of the interest of each, the nature of the [redacted] and a copy of the agreement if written [redacted] and other agreements, if any, must be filed within [redacted] of the lease offer. [redacted]

B. SPECIAL INSTRUCTIONS

Item 2.—Total area of land requested should be shown in acres in space preceded at left by item 2. That area, except where the rule of approximation applies, must not exceed 2,560 acres or be less than 640 acres or the equivalent of a section, except as provided in 43 CFR 192.42 (d). All of the land must be within, or entirely surround an area of 6 surveyed sections on a side in length or width. The description of surveyed and unsurveyed lands, or lands covered by protracted surveys must conform to the provisions of 43 CFR 191.5(a).

Item 3.—This space is not to be filled in. When lease is issued this space will contain the designation of the lease by serial number and [redacted] area.

Item 4.—The total amount remitted should include a $10 filing fee and the first year's rental of the land requested at the rate of 50 cents an acre or fraction thereof, any fraction being counted as an additional acre. The $10 filing fee is retained as a service charge, even in those cases where the offer to lease is completely rejected. It serves to protect the offeror's priority with respect to the land requested. It is important that the rental payment submitted with the offer be sufficient to cover all the land requested at the rate of 50 cents an acre or fraction thereof. If the land requested includes [redacted] regular quarter-quarter section [redacted] except where the [redacted] attorney is within the purview [redacted] the offer is signed by an attorney in fact [redacted] the offeror and the offer is not accompanied by a statement [redacted] with respect to holding. [redacted] required by 43 CFR 192.42(c)(4) or is not supplemented by the required statement within 15 days after the date of the offer. (e) The offer is signed by a guardian or trustee in behalf of a minor and is not accompanied by the evidence required by 43 CFR 192.42(c)(5). (f) Less than five copies of the offer are filed and the copies including any required by 43 CFR 192.42(c)(4) are not received in the land office before the expiration of 30 days from the date of receipt of the copies first filed, in which there is noncompliance with item (b) (a) and 5(c) of the Special Instructions. The offeror will be given an opportunity to file a new offer within 15 days from notice of the rejection, and the first and second rental payments on the old offer will be applied to the new offer if the new offer shows the serial and receipt numbers of the old offer. [redacted] advance rental will be returned unless within the 15-day period allowed [redacted] offer is filed.

INSTRUCTIONS

1. *Use of form.* This form is to be used only for assignment of record title interests in oil and gas leases. It is *not* to be used for assignments of working or royalty interest, operating agreements, or subleases. The assignment, if approved, will take effect as of the first day of the lease month following the date of filing in the proper Land Office of three (3) *original* executed counterparts thereof, together with any required bond and proof of the qualification of the assignee to take and hold the interest assigned. Assignments *must* be filed within ninety (90) days from date of final execution and *each must* be accompanied by a filing fee of $10. Any assignment not accompanied by the required fee will *not* be accepted for filing. An assignment of record title may cover lands in only one lease. Where more than one assignment is made out of a lease, a separate instrument of transfer *must* be filed for *each* assignment.

2. *Qualifications of assignee.* Assignee *must* indicate whether or not he is over the age of 21 *and* a citizen of the United States. If assignee is an unincorporated association (including a partnership), the assignment *must* be accompanied by a statement giving the same showing as to citizenship and holdings of its members as required of an individual. If assignee is a corporation, it *must* submit a statement containing the following information: (a) the State in which it is incorporated; (b) that it is authorized to hold oil and gas leases; (c) that the officer executing the assignment is authorized to act on behalf of the corporation in such matters; and (d) the percentage of the voting stock and of all of the stock owned by aliens or those having addresses outside the United States. If 10 percent or more of the stock of any class is owned or controlled by or on behalf of any one stockholder, a separate showing of his citizenship and holdings *must* be furnished. Where evidence of the corporation's citizenship and stock ownership has previously been furnished, reference by serial number to the record in which it has been filed, together with a statement as to any amendments, will be sufficient. With respect to qualifications of the assignee, there *must* be full compliance with the regulations 43 CFR 3123.2.

3. *Statement of interests.* Assignee must indicate whether or not he is the sole party in interest in the assignment. If not the sole party in interest, the assignee *must* submit at the time the assignment is filed a signed statement setting forth the names of the other interested parties. If there are other parties interested in the assignment, a separate statement *must* be signed by each and the assignee setting forth the nature and extent of the interest of each, the nature of the agreement between them, if oral, and a copy of the agreement, if written. All interested parties *must* furnish evidence of their qualifications to hold such lease interests. Such separate statement and written agreement, if any, *must* be filed not later than fifteen (15) days after the filing of the assignment.

4. *Overriding royalties or payments out of production.* Any overriding royalties or payments out of production created by the assignment but not set out therein *must* be described in an accompanying statement. If payments out of production are reserved by the assignor, outline in detail the amount, method of payment, and other pertinent terms.

5. *Effect of assignment.* Upon approval of the assignment, the assignee becomes the lessee of the Government as to the assigned interest and will be responsible for compliance with all the lease terms and conditions, including timely payment of annual rentals and maintenance of bond, if required. The approval of an assignment of part of the leased lands creates separate leases out of the assigned portion and the retained portion, but there is no change in either the anniversary date or the term of such leases except as provided under the regulations 43 CFR 3128.5. Oil and gas leases are governed by the regulations 43 CFR 3100 and 3128, of which sections 3128.1–6 relate to assignments of such leases or interests therein.

6. A copy of the executed lease out of which this assignment is made should be made available to the assignee by the assignor.

5. Term. The Partnership shall commence when this Certificate has been filed for record with the clerk and recorder for the County of Arapahoe, Colorado. It shall continue for so long thereafter as the Partnership holds any noncash assets unless sooner dissolved by (i) the withdrawal, dissolution or bankruptcy of either General Partner unless the remaining General Partner elects to continue the Partnership in the manner provided below; (ii) the continued conduct of the Partnership business becoming unlawful; or (iii) any event which would cause a dissolution of the Partnership under The Uniform Limited Partnership Law of Colorado. The withdrawal, dissolution or bankruptcy of one of the General Partners shall not dissolve the Partnership if the remaining General Partner elects to continue the Partnership by written notice to all partners within 45 days after the occurrence of such event. If the General Partner so elects to continue the Partnership, the interest of the withdrawing, dissolving or bankrupt General Partner in the Partnership shall automatically be converted into a limited partner interest (with the same interest in costs, expenditures, receipts and capital) as of the day of such event; provided, however, that the successors in interest to such withdrawing, dissolving or bankrupt General Partner may choose to continue as General Partners of the Partnership, in which event such successors, collectively, shall have such rights, obligations and powers as the retiring, withdrawing, dissolving or bankrupt General Partner had with respect to the Partnership. A General Partner may withdraw from the Partnership in accordance with the Colorado Uniform Limited Partnership Act.

6. Contributions by Limited Partners. For the names of the limited partners and their respective cash contributions to the Partnership, see Exhibit A hereto. No limited partner has contributed any property other than cash.

7. Additional Contributions by Limited Partners. (a) If at any time (and from time to time) prior to December 1, 1979, MM&S determines that additional contributions to the capital of the Partnership are necessary or desirable for any purpose relating to property interests acquired with the Partnership's initial capital, MM&S shall mail a notice to each partner specifying the aggregate amount of additional capital to be contributed to the Partnership. Within 15 days after the receipt of such notice, each partner shall contribute to the capital of the Partnership an additional amount equal to his pro rata share (as determined according to the balances of the partners' respective capital accounts at the time the assessment is made and as set forth in the notice) of the total additional capital contributions specified in such notice. The total additional contributions to capital required to be made by all partners shall not exceed an amount equal to the sum of all initial capital contributions of all limited partners.

(b) If any partner fails to pay any additional contribution to capital when due, he shall be deemed in default on his obligation to the Partnership and MM&S may advance the amount of the required contribution (the "Assessment Amount") on behalf of the defaulting partner. Additionally, if the defaulting partner is a limited partner, MM&S may: (i) pay the Assessment Amount as a contribution to capital and in return therefor acquire an interest in the Partnership as a limited partner or (ii) offer to one or

6

more of the other partners the right to pay the Assessment Amount as a contribution to capital and thereby acquire additional limited partnership interests in the Partnership. If the Assessment Amount is advanced on a defaulting partner's behalf by MM&S, MM&S shall be credited with all partnership receipts otherwise attributable to the defaulting partner's entire interest in the Partnership, and charged with all Partnership costs and expenses otherwise attributable to the defaulting partner's entire interest in the Partnership until the excess of such receipts over such costs and expenses aggregate an amount equal to 300% of the amount advanced by MM&S. MM&S shall have no other right with respect to the amount so advanced. If MM&S pays a defaulting limited partner's Assessment Amount as a purchase of a limited partnership interest under clause (i) above, or if it is paid by another partner or partners under clause (ii) above, the defaulting limited partner shall have no obligation or right, at any time, to pay such assessment. In addition, in the case of a purchase under clause (i) or (ii), the defaulting limited partner's interest in the Partnership shall be reduced pro rata to the amount that his capital contribution bears to total capital contributions by all limited partners, including assessments, and the paying partner's limited partnership interest shall be correspondingly increased.

8. Return of Contributions of Limited Partners. No limited partner is specifically entitled to the return of any portion of his capital contribution to the Partnership until termination and dissolution of the Partnership.

In accordance with the provisions of subsection 6.2 of the Partnership Agreement, the Partnership shall distribute quarterly, or at such other times as determined by MM&S, such cash funds as are not, in the opinion of MM&S, necessary to the conduct of the Partnership's business. Any distributions to a partner shall reduce his distribution account and distributions shall be made to the partners, to the extent practicable, in proportion to the balance in their respective distribution accounts at the time of the distribution. MM&S may in its discretion, however, withhold distribution of funds to a partner which it determines will be necessary to pay costs or anticipated expenditures of the Partnership which are or will be chargeable to such partner.

9. Limited Partners' Share in Income. The gross receipts of the Partnership (which shall not include contributions to capital or the proceeds of loans obtained by the Partnership) shall be credited as follows:

	To Limited Partners	To MM&S	To Energy Associates
(a) Interest earned on invested capital contributions	99%	.75%	.25%
(b) Proceeds from the sale, farmout or other disposition of any prospect on which not all of the test wells have been drilled at the time of			

	To Limited Partners	To MM&S	To Energy Associates
such disposition, up to the amount of the Partnership's remaining tax basis in such prospect	To the same partners and in the same proportions as the costs and expenditures relating to such Prospect were charged		
(c) All dry hole and bottom hole payments received by the Partnership	Shall be used to offset the Partnership's costs and expenditures with respect to the well to which they relate		
(d) All Partnership receipts not allocated by paragraph (a), (b) or (c) above (including, without limitation, the balance of the proceeds of a sale subject to paragraph (b) above)	75%	18.75%	6.25%

All costs and expenditures charged to the limited partners and all gross receipts credited to the limited partners shall, except as otherwise provided herein, be allocated among the limited partners pro rata according to the balances of their respective capital accounts at the time such charges or credits arise.

Notwithstanding the foregoing, pursuant to Section 704 of the Internal Revenue Code and for purposes of any applicable state or local income tax law, the partners agree that the Partnership's income and percentage depletion shall be allocated among the partners in accordance with the Partnership Agreement's provisions for the allocation of Partnership receipts giving rise to the income, and the Partnership's deductions (except percentage depletion) and credits shall be allocated among the partners in accordance with the Partnership Agreement's provisions for the allocation of Partnership expenditures giving rise to the deduction or credit.

10. Substitution of Limited Partners. Any limited partner may, with the written consent of MM&S, assign all or any part of his interest in the Partnership by way of mortgage, pledge or other transfer for security purposes, and upon any foreclosure of any such security interest and proper notice thereof to MM&S, the Partnership shall make directly to such assignee such distributions as shall accrue under the provisions of the Partnership Agreement to such encumbered Partnership interest. The assignee, subject to fulfillment of the conditions set forth in subsection 10.4 of the Partnership Agreement, shall be entitled to become a substituted Limited Partner as that term is defined in The Uniform Limited Partnership Law of Colorado.

A limited partner may not sell, offer for sale, assign, pledge, hypothecate or otherwise transfer or encumber all or any part of his interest in the Partnership in the absence of either (a) an effective registration statement covering such transaction under the Securities Act of 1933 (the "Securities Act") and effective qualifications or registrations under all applicable state securities laws and regulations, or, (b) an opinion of counsel satisfactory to MM&S to the effect that registration under the Securities Act is not required and qualification or registration under any such state securities laws and regulations is not required (or that any applicable state qualifications or registration requirements have been satisfied in full) or (c) a letter from the staff of the Securities and Exchange Commission (the "SEC"), obtained in response to a written request setting forth all of the facts and circumstances concerning the contemplated disposition, stating that the staff of the SEC will not recommend to the SEC that any action be taken with respect to the contemplated disposition if it is consummated without registration under the Securities Act, and an opinion of counsel satisfactory to MM&S to the effect that qualification or registration under any state securities laws and regulations is not required (or that any state qualification or registration requirements have been satisfied in full). As a further condition to any such disposition, MM&S may require that the proposed transferee furnish MM&S with written representations substantially the same as those made by the limited partner in his subscription agreement and that the proposed transferee comply with the provisions of subsection 10.4 of the Partnership Agreement. Any assignee, transferee, donee, legatee or distributee (by conveyance, operation of law or otherwise) of all or part of a limited partner's interest in the Partnership, whether or not such person becomes a substituted limited partner as provided in subsection 10.4, shall be subject to and bound by the terms and conditions of the Partnership Agreement and the subscription agreement pertaining to the interest acquired by him.

If a Limited Partner shall die, his executor, administrator or trustee, or, if he shall be adjudicated insane or incompetent, his committee, conservator or representative, or if it shall be dissolved, merged or consolidated, its successor in interest, shall have the same rights and obligations which such limited partner would have had if he had not died or had not been adjudicated insane or incompetent or had not been dissolved, merged or consolidated, except that his executor, administrator, trustee, committee, conservator, representative or successor shall not become a substituted limited partner unless the conditions of subsection 10.4 of the Partnership's Agreement are satisfied.

Subsection 10.4 of the Partnership Agreement provides that no assignee, transferee or donee (by conveyance, operation of law or otherwise) of all or any part of a limited partner's interest in the Partnership, shall have the right to become a substituted limited partner unless (a) both General Partners consent in writing and (b) such assignee, transferee or donee executes and delivers such documents and takes such other action as MM&S shall reasonably deem necessary or advisable to cause him to become a substituted limited partner, and pays all reasonable expenses required by MM&S to be paid in connection therewith, which may include without limitation the cost of preparing and filing an amended limited partnership certificate or certificates.

11. Admission of Additional Limited Partners. No right is given to the partners to admit additional limited partners.

12. Priorities Among Limited Partners. Except to the extent delineated under paragraph 7(b) of this Certificate, no limited partner has been given (or may acquire) the right to priority over any other limited partner with respect to contributions or to income.

13. Continuation of Business. Paragraph 5 of this Certificate sets forth the terms upon which the business of the Partnership may be continued.

14. Right to Receive Property Other than Cash. No limited partner is given the right to demand and receive property other than cash in return for his contribution. Nevertheless, in accordance with the provisions of Section 12, upon dissolution of the Partnership, all assets of the Partnership not sold by the liquidator shall be conveyed and assigned to the partners in undivided interests as tenants in common in proportion to the partners' interest in receipts of the Partneship on the date of liquidation.

IN WITNESS WHEREOF this Certificate is signed and sworn to this 20 day of December, 1977.
