PRODUCTION AND DELIVERY AGREEMENT

This Agreement ("Agreement") is made and entered into this 25th day of September, 1992 by and between ENRON OIL & GAS COMPANY, a Delaware corporation ("Grantor") and CACTUS HYDROCARBON 1992-A LIMITED PARTNERSHIP, a Delaware limited partnership ("Grantee").

WHEREAS, by Conveyance of Production Payment of even date herewith from Grantor to Grantee (the "Conveyance"), Grantee has purchased and acquired from Grantor and Grantor has sold and conveyed to Grantee a production payment interest in the Subject Interests described in Exhibit A hereto.

NOW, THEREFORE, as a material inducement to cause Grantee to purchase the Production Payment and in consideration of the mutual benefits and obligations of the parties hereunder, Grantee and Grantor have agreed, and hereby agree, as follows:

1. Definitions. Each capitalized term used herein but not defined herein shall have the meaning given to it in the Conveyance.

2. Taking In Kind; Marketing.

(a) The Production Payment Hydrocarbons shall be delivered to Grantee in kind or to the credit of Grantee, free of cost, at the Delivery Points.

(b) Grantee shall have the right (but not the obligation) to take in kind all Production Payment Hydrocarbons at the Delivery Points.

(c) All Production Payment Gas that is taken in kind by Grantee is referred to herein as "In Kind Gas". Grantor shall market and sell on behalf of Grantee all Production Payment Gas other than In Kind Gas.

(d) All Production Payment Oil that is taken in kind by Grantee is referred to herein as "In Kind Oil". Grantor shall market and sell on behalf of Grantee all Production Payment Oil other than In Kind Oil on the same basis as Grantor markets its own share of Oil from or attributable to the field in which the Subject Interests are located but never for less than the posted price therefor.

(e) All Production Payment Hydrocarbons marketed by Grantor on behalf of Grantee shall be sold pursuant to contracts containing terms no less favorable than the terms on which Grantor markets its own production from the Subject Interests. Any such sale by Grantor shall be subject always to the right of Grantee, upon notice to Grantor, to separately dispose of all or any portion of such Production Payment Hydrocarbons and shall

be only for such minimum periods of time (not to exceed one year with respect to Gas and not to exceed 30 days with respect to Oil) as are consistent with the minimum needs of the industry.

(f) All proceeds received by Grantor from the sale of Production Payment Hydrocarbons sold on behalf of Grantee pursuant to the terms hereof are received by Grantor in trust for Grantee and shall be held in trust by Grantor for Grantee; provided, however, Grantor shall pay such proceeds by wire transfer to such account as Grantee shall have designated from time to time to Grantee within five days after receipt thereof by Grantor. The foregoing sentence is subject to Grantee's right at any time Grantee considers prudent to direct the purchasers of any Production Payment Hydrocarbons to pay the proceeds thereof directly to Grantee by delivering to such purchasers the letters in lieu of transfer orders previously executed by Grantor and held by Grantee. In the event Grantee requests direct payment, Grantor will cooperate in instructing the purchasers to pay such proceeds directly to Grantee and shall execute such additional instruments as may be necessary or appropriate in connection therewith. In the event any Production Payment Hydrocarbons are sold by Grantor, on behalf of Grantee, under the terms of any agreement between Grantor and Grantee or any of its Affiliates, Grantee shall at all times be entitled to retain the proceeds of such sale or receive direct payment from its Affiliates.

(g) All Production Payment Hydrocarbons shall be delivered to Grantee, or to Grantee's credit, into the facilities installed and maintained by the First Transporter or first purchaser located at or near the Delivery Points, currently as produced and saved, in a natural state after removal of other substances by conventional mechanical field separation facilities.

3. Gathering and Transportation. Grantor at its sole cost and expense shall gather or cause to be gathered all Production Payment Hydrocarbons at the wellheads where produced and transport the same to the Delivery Points and thereafter perform all of its obligations under the terms of the Exchange Agreement (as hereinafter defined), without any charge or deduction to Grantee for any costs attributable to preparing Gas for delivery, delivering same to the Delivery Points and otherwise performing its obligations under the Exchange Agreement. Grantor shall be in exclusive control and possession of the Production Payment Hydrocarbons gathered at the wellheads and responsible for any loss, damage or injury caused thereby until the same shall have been redelivered to Grantee, or to Grantee's credit, as herein provided.

4. Processing; Plant Products; Exchange. It is recognized that as the owner of the Production Payment Grantee owns the Production Payment Gas in its natural state, including, without limitation, all liquefiable Hydrocarbons contained therein. It is recognized that certain of the Subject Interests currently are subject to those existing processing agreements which are Permitted Encumbrances (the "Processing Agreements").

If as a result of any Processing Agreement Production Payment Gas then in the possession of and owned by Grantee is processed, Grantee will have an interest in all plant products and liquids extracted (the "Liquids") and all residue gas remaining ("Plant Residue Gas") attributable or allocable to the Production Payment and the Production Payment Gas under the terms of the Processing Agreements. It is also recognized that the Plant Residue Gas probably will have a lower Btu Content than the Production Payment Gas. Accordingly, Grantor hereby grants Grantee the option to exchange at the tailgate of each processing plant Grantee's proportionate part of Plant Liquids from such processing plant during any Month for an amount of Plant Residue Gas at the tailgate of such processing plant the Btu Content of which shall be equal to the amount by which the Btu Content of the Production Payment Gas delivered to Grantee prior to processing in such processing plant exceeds the Btu Content of the Plant Residue Gas attributable to such Production Payment Gas. Grantor agrees that it will not exercise any processing rights if the Plant Residue Gas would not meet the quality requirements set forth in Section 7.

5. Rate of Production.

(a) Grantor shall prudently operate and produce, with respect to those Subject Interests operated by Grantor, and shall use its best efforts to cause to be prudently operated and produced, with respect to the Subject Interests not operated by Grantor, the Subject Wells in accordance with good engineering practices and the following requirements: (i) the amount of Hydrocarbons produced from any Subject Well shall not exceed in any Month the lower of (x) the maximum amount that the Subject Well is capable of producing at its maximum efficient rate of flow or (y) the respective allowable rate of flow under applicable orders, rules, regulations or laws, if any; (ii) the amount of Hydrocarbons produced from the Subject Wells shall be sufficient to prevent a net migration of Hydrocarbons from the reservoirs to which proved reserves are attributed underlying the Subject Interests; and (iii) subject to field rules established by governmental authorities having or asserting jurisdiction, the amount of Hydrocarbons produced from the Subject Wells shall be equitable and ratable, based on factors used in determining such field rules.

(b) If (i) there has been an acceleration in the rate of production of Hydrocarbons from any reservoir or reservoirs attributable to Grantor's net revenue interest in the Subject Interests from the rates originally projected by Seller in its reserve evaluation and cash flow report furnished to Grantee in connection with Grantee's purchase of the Production Payment or for any reason any of the capital expenditures that are required to be made pursuant to Section 10 hereof are not made as required, and (ii) the ratio of the Tail Reserves to the quantities of Hydrocarbons remaining to be delivered under the Production Payment is less than 2 to 1, (the circumstances described in (i) and (ii) above being called the "Hydrocarbon Delivery Acceleration Event") then in addition to any other rights or remedies available to Grantee, at Grantee's option the remaining Scheduled Quantities shall be adjusted as provided in Section 5(c). This option shall be exercised by

Grantee, if at all, no more often than once a year. As used in this Section 5, "Tail Reserves" means as of the date of any determination the Proved Developed Reserves of Hydrocarbons projected to be attributable to Grantor's net revenue interest in the Subject Interests upon termination of the Production Payment. As used in this Section 5, "Proved Developed Reserves" shall be as shown in the most recent report prepared by the third party petroleum engineering firm and furnished to Grantee pursuant to Section 14(b). For the purpose of making the calculations required by this Section 5(b), Oil shall be converted to Gas at a ratio of 1 Barrel of Oil to 15 MMBtus of Gas.

(c) Any adjustment of the Scheduled Quantities pursuant to Section 5(b) shall be determined by Grantee in good faith so as to result in a ratio of the Tail Reserves to the quantities of Hydrocarbons remaining to be delivered under the Production Payment, from time to time, greater than, but as near as reasonably possible to, the ratio set forth in Section 5(b).

(d) In the event of any disagreement between Grantor and Grantee regarding the ratio of Tail Reserves to the quantities of Hydrocarbons remaining to be delivered pursuant to the Production Payment at any time, DeGolyer & MacNaughton or another independent petroleum engineering firm mutually agreeable to Grantor and Grantee shall make such determination. The fees and expenses of such firm shall be borne equally by Grantor and Grantee. The determination of such firm shall be binding upon Grantor and Grantee. If within 15 days after either party notifies the other that it requests a determination by an independent firm, the parties are unable to agree upon such a firm, each party shall in good faith prepare a list of four independent petroleum engineering firms. Each list shall set forth that party's priority order with the highest priority firm listed first. Each party shall submit its list to the other within five days after the end of the 15 day period provided above. The list shall be compared and the first listed firm appearing in Grantee's list that also appears in Grantor's list shall be the firm used to make such determination. If either party fails to provide a list of that party's recommended firms, the first listing on the other party's list shall be the firm used to make the determination. If no firm is selected pursuant to the procedures followed herein, then the parties shall promptly petition the Chief Judge of the United States District Court for the Southern District of Texas to appoint an engineering firm from one of those named in either Grantor's or Grantee's list as aforesaid.

(e) In the event of any change in Scheduled Quantities pursuant to this Section 5, Grantee and Grantor shall execute and acknowledge an appropriate amendment to the Conveyance changing the affected Scheduled Quantities, and Grantor at its expense shall cause such amendment to be filed in all appropriate county records.

6

(f) Pursuant to Section 1.08 of the Conveyance, Grantor has covenanted and agreed not to pool, communitize or unitize the Production Payment or the Subject Interests with any lands or leases owned or leased by Grantor or any Affiliate of Grantor that are not included in the Subject Interests without the express written consent of Grantee. Grantee hereby agrees that it shall consent to any such pooling, communitization or unitization if Grantor can demonstrate to the satisfaction of Grantee that such pooling, communitization or unitization will not result in a net reduction in Proved Developed Reserves.

6. Scheduling.

(a) Not less than seven (7) business days prior to the first day of each Month, Grantor will notify Grantee of the daily quantities of Gas which Grantor expects to be produced from the Subject Interests during such Month. Within three business days after receipt of Grantor's notice, Grantee shall notify Grantor of the quantity of In Kind Gas that Grantee will take in kind during such Month. Grantor will use its best efforts to cause In Kind Gas to be delivered at uniform daily rates through each Month at the Delivery Points at the rates scheduled pursuant to this Section 6 (it being understood that Production Payment Gas taken in kind is the first Gas produced and saved each day attributable to the Subject Interests).

(b) It is understood that In Kind Gas will be transported for Grantee by the First Transporter and other third party transporters. Grantor shall immediately notify Grantee of any change (in excess of tolerances permitted by the First Transporter) in the rate of delivery of In Kind Gas at the Delivery Points. Variations in rates of deliveries from those scheduled which do not exceed the tolerances permitted by the First Transporter without penalty shall be permitted hereunder. Grantor and Grantee shall cooperate to ensure that nominations are timely made to transporting pipelines and that such nominations reflect the actual expected deliveries and receipts. Grantor and Grantee shall use reasonable efforts to give each other 48 hours advance notice of any adjustments to be made in quantities delivered or received.

(c) In the event any charges, penalties, costs or expenses are incurred or payable to any transporting pipeline, or any other party, as a result of Grantor's failure to notify Grantee of any increase or decrease in daily quantities to be delivered at the Delivery Points, then as between the parties hereto, Grantor shall be liable for and shall hold Grantee harmless from and against such charges, penalties, costs or expenses. In the event any charges, penalties, costs or expenses are incurred or payable to any transporting pipeline, or any other party, as a result of Grantee's failure to notify Grantor of any increase or decrease in daily quantities to be received at any Delivery Point, then as between the parties hereto, Grantee shall be liable for and shall hold Grantor harmless from and against such charges, penalties, costs, or expenses. Each party shall promptly notify the other of any notice received from any transporting pipeline, or other party, that

indicates an imbalance in deliveries exists or is occurring that may give rise to any such charges, penalties, costs or expenses.

7. Quality Requirements. All Production Payment Hydrocarbons delivered to Grantee, or to Grantee's credit, shall satisfy the quality requirements and specifications as set forth in the First Transporter's transportation agreements and/or published tariffs filed with the FERC for acceptance and transportation of Gas at the Delivery Points or as set forth in the first purchaser's agreements for acceptance and purchase of Oil, all without penalty or deduction for nonconformity, as the same may be modified from time to time. All costs and expenses of dehydrating, treating, and compressing Production Payment Hydrocarbons to satisfy such quality requirements shall be borne and paid by Grantor.

8. Pressure. Grantor shall deliver, or cause to be delivered, the Production Payment Gas at a pressure sufficient to deliver the same into the First Transporter's pipeline at the Delivery Points against the operating pressure of First Transporter's pipeline in existence from time to time. Grantor shall inform Grantee, as often as may be necessary, of the delivery rate and pressure of the Production Payment Gas delivered to Grantee or to Grantee's credit.

9. Operation of Subject Interests. At all times from the date hereof until the termination of the Production Payment and whether or not Grantor is the operator of the Subject Interests, Grantor, at Grantor's cost and expense, shall:

(a) cause the Subject Interests to be maintained in full force and effect, and to be developed, protected against drainage, and continuously operated for the production of Hydrocarbons in a good and workmanlike manner as would a prudent operator (and without regard to the burden of the Production Payment), all in accordance with generally accepted industry practices, applicable operating agreements, and all applicable federal, state and local laws, rules and regulations, and shall otherwise comply with all applicable laws, rules and regulations;

(b) pay, or cause to be paid, promptly as and when due and payable, all rentals and royalties payable in respect of the Subject Interests or the production therefrom, and all costs, expenses and liabilities incurred in or arising from the operation or development of the Subject Interests, or the producing, treating, gathering, storing, marketing or transporting of Hydrocarbons therefrom;

(c) cause all wells, machinery, equipment and facilities of any kind now or hereafter located on the Subject Interests, and necessary or useful in the operation thereof for the production of Hydrocarbons therefrom, to be provided and to be kept in good and effective operating condition as would a prudent operator (and without regard to the burden

of the Production Payment), and all repairs, renewals, replacements, additions and improvements thereof or thereto, useful or needful to such end, to be promptly made;

(d) give or cause to be given to Grantee written notice of every material adverse claim or demand made by any person affecting the Subject Interests, the Hydrocarbons produced therefrom, the Production Payment and/or the Production Payment Hydrocarbons in any manner whatsoever, and of any suit or other legal proceeding instituted with respect thereto, the result of which could reasonably be expected to have a material adverse effect on the Subject Interests, the Hydrocarbons produced therefrom, the Production Payment and/or the Production Payment Hydrocarbons, and at Grantor's expense cause all necessary and proper steps to be taken with reasonable diligence to protect and defend the Subject Interests, the Hydrocarbons produced therefrom, the Production Payment and the Production Payment Hydrocarbons against any such adverse claim or demand, including (but not limited to) the employment of counsel for the prosecution or defense of litigation and the contest, release or discharge of such adverse claim or demand;

(e) cause the Subject Interests to be kept free and clear of liens, charges and encumbrances of every character, other than (i) Taxes constituting a lien but not due and payable and (ii) the Permitted Encumbrances;

(f) pay all Taxes when due and before they become delinquent, and reimburse Grantee for any Taxes paid by Grantee as a result of the Production Payment or the Production Payment Hydrocarbons or the production of same;

(g) pay promptly when due and before they become delinquent all operating expenses and all billings under applicable joint operating agreements (except to the extent contested in good faith); and

(h) not resign as operator of any of the Subject Interests operated by Grantor until and unless the successor operator has been approved in writing by Grantee.

10. Capital Expenditures. Grantor agrees to make the monthly capital expenditures up to the amounts referred to on Schedule 2 hereto to drill, complete and equip for production, or recomplete and rework, as the case may be, the wells (including but not limited to necessary field development activities), as a prudent operator (and without regard to the burden of the Production Payment), except when (a) in the three month period immediately prior to the time that such capital expenditures are scheduled to be made the average daily rate of production of Hydrocarbons from all reservoirs attributable to Grantor's net revenue interest in the Subject Interests (excluding any periods of Force Majeure) exceeds the Target Deliveries (as hereinafter defined), and (b) the ratio of Tail Reserves to the quantities remaining to be delivered under the Production Payment

is at least 2 to 1. "Target Deliveries" shall mean a rate of production for each day of each year according to the following schedule:

For Each Day During:	A Rate of Production of Hydrocarbons Equal to:
1992	145 billion Btus
1993	145 billion Btus
1994	140 billion Btus
1995	135 billion Btus
1996 and thereafter	130 billion Btus

The Target Deliveries and the required ratio under clause (b) above are herein collectively referred to as the "Target Delivery and Reserve Tests."

11. Insurance; Damage or Loss.

(a) Grantor shall maintain or cause to be maintained, at its sole cost and expense and with financially sound and reputable insurers reasonably satisfactory to Grantee, insurance covering the Leases and all pipelines, wells and facilities located thereon against liabilities, casualties, risks and contingencies, and in such types as is customary in the case of independent oil companies engaged in operations of similar property, including, without limitation, insurance of the types and coverages described in Schedule 1 hereto and with limits of coverage no less than those set out in Schedule 1. Such insurance shall name Grantee as an additional insured as Grantee's interests appear. Grantor shall furnish certificates of such insurance to Grantee and shall obtain endorsements to such policies providing that the insurer will notify Grantee not less than 30 days prior to the expiration or termination of such policy of insurance.

(b) In the event of any damage to or loss of any flow line, well, equipment or facility on the Leases, Grantor (at no cost to Grantee) shall promptly redrill, rebuild, reconstruct, repair, restore or replace such damaged or lost property, provided that such work shall not be required if to do so would not be economically feasible (without regard to the burden of the Production Payment, but taking into account insurance proceeds and recoveries) or if the Target Delivery and Reserve Tests are then being met.

12. Abandonment of Wells.

(a) Until the termination of the Production Payment, Grantor shall not, without first obtaining the written consent of Grantee, abandon any well heretofore or hereafter completed for production of Hydrocarbons on any of the lands covered by or attributable to the Subject Interests or surrender, abandon or release any Lease or Subject

Interest or any part thereof; provided, however, that, without the consent of Grantee, but subject to the provisions of Section 12(c):

- (i) If and when, in Grantor's reasonable judgment, exercised in good faith and as would a prudent operator not burdened by the Production Payment, a well becomes no longer capable of producing Hydrocarbons in paying quantities (without regard to the burden of the Production Payment) and it would not be economically feasible (without regard to the burden of the Production Payment) to restore the productivity of such well by reworking, reconditioning, deepening, plugging back, or otherwise, Grantor shall have the right to abandon such well.
- (ii) Grantor shall have the right to surrender and release any Subject Interest or part thereof when, in the reasonable judgment of Grantor exercised in good faith and as would a prudent operator not burdened by the Production Payment, there is no well located thereon which is capable of producing Hydrocarbons in paying quantities and the drilling of an additional well thereon would not, in Grantor's reasonable opinion, be economically feasible (without regard to the burden of the Production Payment).

(b) For all purposes of this Agreement, (i) a well shall be deemed to be capable of producing Hydrocarbons "in paying quantities" unless and until there arises a condition which reasonably appears to be permanent, such that the aggregate value of the Hydrocarbons which are being produced or which it reasonably appears will be produced from such well, net of royalties and Taxes but without regard to the burden of the Production Payment, no longer exceeds or will not exceed the costs and expenses directly related to the operation and maintenance of such well (excluding office and management overhead and similar charges), and (ii) the restoration of the productivity of a well or the drilling of a well shall be deemed to be "economically feasible" whenever the aggregate value of the Hydrocarbons which it reasonably appears will be produced from such well, net of royalties and Taxes but without regard to the burden of the Production Payment, will exceed the costs and expenses directly related to such restoration or drilling and the operation and maintenance of such well (excluding office and management overhead and similar charges).

(c) Before abandoning any well or surrendering or releasing any Subject Interest or part thereof, Grantor shall provide written notice to Grantee, describing and offering to assign the applicable well or Subject Interest to Grantee upon Grantee's payment of the net salvage value (if any) attributable to Grantor's interest therein and assumption

of the obligations attributable to Grantor's interest therein. Failure of Grantee to respond to Grantor within 10 days (or within 48 hours if a rig is then on the location as specified in Grantor's notice) after receipt of such notice shall be deemed to be an election by Grantee not to accept such assignment.

13. Drilling of Replacement Wells. Grantor covenants and agrees that, in the event that any well now or hereafter completed for production of Hydrocarbons on any of the lands covered by or attributable to the Subject Interests shall for any reason (other than depletion of the reserves otherwise recoverable from such well) be no longer capable of producing Hydrocarbons in paying quantities, Grantor shall promptly drill an oil and gas well to replace such well, provided that such work shall not be conducted if in Grantor's reasonable judgment, exercised in good faith and as would a prudent operator not burdened by the Production Payment, the drilling of such replacement well would not be economically feasible or if the Target Delivery and Reserve Tests are then being met.

14. Information. At all times from the date hereof until the termination of the Production Payment, Grantor, at its own expense, shall furnish to Grantee the following reports and information at the times indicated below.

(a) Quarterly within 60 days after the end of each fiscal quarter of Grantor and annually within 120 days after the end of each fiscal year of Grantor, Grantor shall furnish Grantor's financial statements as of the end of and for such period, including a balance sheet and statements of income and cash flow, prepared in accordance with generally accepted accounting principles and, with respect to the annual financial statements, accompanied by a report of Grantor's independent certified public accountants stating that their examination was made in accordance with generally accepted auditing standards and that in their opinion such financial statements fairly present Grantor's financial condition, results of operations and changes in financial position in accordance with generally accepted accounting principles consistently applied.

(b) Annually on or before March 31 of each year (commencing with March 31, 1993), Grantor shall furnish to Grantee an engineering report satisfactory to Grantee prepared by DeGolyer & MacNaughton or other independent petroleum engineering consulting firm acceptable to Grantee. Further, on or before March 31 of each year (commencing March 31, 1993) Grantor shall furnish to Grantee its own internally prepared summary of the above-mentioned engineering report but which summary shall also contain a cash flow report. Each such report shall be prepared in accordance with customary and generally accepted standards and practices for petroleum engineers, shall be based on such assumptions as to costs, product prices and similar factors as Grantee shall designate from time to time and shall otherwise be in same format (in form and substance) as the D&M report. The initial reports (due on or before March 31, 1993) shall be as of January 1, 1993; and subsequent reports shall be as of January 1 of the respective year.

Grantee shall also be furnished a copy of any reserve report prepared for Grantor by any independent petroleum engineering firm covering the Subject Interests. Each report prepared by a third party petroleum engineering firm shall incorporate all current information and data available to Grantor pertinent to the estimation of oil and gas reserves attributable to Subject Interests and shall set forth an estimation of the oil and gas reserves, classified by appropriate categories, as of such date attributable to the Subject Interests and a projection of the rate of production of such reserves.

The updated reports prepared by Grantor shall use the same parameters and assumptions as the report prepared by the third party engineering firm and shall set forth, in addition to the above information:

- (i) the projected net cash flow (before income taxes) from such reserves;
- (ii) a calculation of the present worth of such cash flow from such reserves;
- (iii) a calculation of the present worth of such cash flow discounted at a rate or rates designated from time to time by Grantee; and
- (iv) a schedule or complete description of all assumptions, estimates and projections made or used in the preparation of such report, including without limitation estimated future product prices, capital expenditures, operating expenses and taxes.

(c) Upon request of Grantee, but not more often than semi-annually, Grantor shall furnish reports concerning the expediency of any change in methods of treatment or operation of all or any Subject Wells and productive of Hydrocarbons, any new drilling or development, any method of secondary recovery by repressuring or otherwise, or any other action with respect to the Subject Interests, the decision as to which may increase or reduce the quantity of Hydrocarbons ultimately recoverable from the Subject Interests, or the rate of production therefrom, or which may shorten or prolong the period of time required for liquidation of the Production Payment.

(d) Monthly, Grantor shall furnish a report showing the gross production of Hydrocarbons from each Subject Well or Property, the gross production of Hydrocarbons attributable to the Subject Interests (including any thereof used in lease operations), the quantity of Hydrocarbons sold for Grantor's account or taken in kind by Grantor, the quantity of Production Payment Hydrocarbons sold for Grantee's account, and the quantity of Production Payment Hydrocarbons delivered in kind to Grantee and disposed of by Grantee, the Taxes paid by Grantor on production from the Subject Interests (including the

Production Payment) or deducted from or paid out of such proceeds, the current status of any Gas imbalances, if any, affecting the Subject Interests, the cumulative amount of Hydrocarbons remaining to be delivered pursuant to the Production Payment, and the number of wells operated, wells drilled and wells abandoned.

(e) Upon request, Grantor shall make available to Grantee for inspection at Grantor's offices originals or copies of surface maps showing property lines and well locations, well logs, core analysis data, flow and pressure tests, natural gas analysis and casing programs and other similar information related to the Subject Interests, Subject Wells and the production therefrom. Grantee agrees to hold such information confidential unless such information is already in the public domain or is required to be disclosed by a court or governmental agency or authority.

(f) Quarterly, a certificate executed by an officer of Grantor certifying that to the best of his knowledge after reasonable investigation Grantor is in compliance in all material respects with the terms of the Conveyance and this Agreement, or if not, specifying in reasonable detail any exceptions thereto.

(g) Upon request, Grantor shall furnish such other information as Grantee may reasonably request.

15. Access to Subject Interests. Grantor shall permit the duly authorized representatives of Grantee, at any reasonable time, but at Grantee's risk and expense, to make such inspection of the Subject Interests and the property, machinery, equipment and facilities used in the operation thereof as such representatives shall deem proper.

16. Remedies of Grantee; Mortgage and Security Interest. At any time and from time to time until the termination of the Production Payment, if Grantor shall fail to perform or observe any of the covenants or agreements provided herein or in the Conveyance to be performed or observed by Grantor, Grantee, in addition to Grantee's right to recover damages and all other remedies available to Grantee at law or in equity, may, if such failure shall continue unremedied after 15 days after written notice thereof is delivered to Grantor:

(a) perform or cause to be performed on behalf of and at the expense of Grantor, any obligation which has not been performed or observed by Grantor, including, without limitation, transportation of Production Payment Hydrocarbons to the Delivery Points and any and all obligations of Grantor under the Exchange Agreement, in which event Grantee may advance funds and incur and pay bills for expenses for such purposes and shall be reimbursed out of the proceeds attributable to Grantor's interest in the Subject Interests, together with interest on the unpaid amounts thereof at the Floating Rate, from

the date of such advance or payment by Grantee until the date reimbursed by Grantor; and/or

(b) upon written notice to Grantor, succeed to and exercise any and all rights of the Grantor with respect to the possession, operation and development of the Subject Interests, and use in connection therewith all property of Grantor as may be useful or appropriate for the production, treating, storing or transportation of Hydrocarbons or other minerals, and all other properties and rights of a similar character then held by Grantor and situated upon or useful or held for future use in connection with the exploration, development or operation of the Subject Interests for the production, treating, storing or transportation of Hydrocarbons or other minerals, and Grantee shall have the right on behalf and for the account of Grantor, to sell and utilize all of the Hydrocarbons attributable to Grantor's interest in the Subject Interests and to apply the proceeds thereof to the costs and expenses of the exploration, development and operation of the Subject Interests and the production, treating, storing or transportation of Hydrocarbons or other minerals, and to reimburse Grantee for any amounts so expended by Grantee, and Grantor shall reimburse Grantee upon demand for all amounts so expended by Grantee, to the extent such amounts are not paid out of Grantor's interest in the proceeds of such Hydrocarbons, together with interest on such amounts at the Floating Rate; and/or

(c) pay any of the costs, expenses, Taxes (which Taxes are not being contested in good faith by the Grantor) or other amounts which Grantor has agreed to pay under the Conveyance which have become delinquent, and to be reimbursed out of the proceeds of the Hydrocarbons attributable to the Grantor's interest in the Subject Interests, together with interest on the unliquidated amounts thereof, at the Floating Rate from the date of such payment; and/or

(d) apply to a court of equity for the specific performance or observance of any such covenant or condition and in aid of the execution of any power herein granted and for the appointment of a receiver of the Subject Interests and the Hydrocarbons produced therefrom.

Subject in all respects to the provisions of Section 22 below, in order to secure payment of all amounts advanced or paid by Grantee under this Section 16 and to secure performance by Grantor of all of its other covenants, agreements, warranties and representations under (i) this Agreement, (ii) Section 7.06 of the Purchase and Sale Agreement of even date herewith between Grantor and Grantee (the "Purchase and Sale Agreement") and (iii) the Hydrocarbon Exchange Agreement of even date herewith between Grantor and Grantee (the "Exchange Agreement"), as such agreements may be modified or amended from time to time (all of such payment and performance obligations being hereinafter collectively referred to as the "Operating and Producing Obligations"), Grantor hereby mortgages, warrants and grants to Grantee a lien and security interest in all of

Grantor's interest in the Subject Interests (all of which Subject Interests are more fully described in the exhibits attached to this Agreement and any amendments or modifications to this Agreement executed from time to time) and in Grantor's interest in all equipment, fixtures, inventory, goods, accounts, contract rights (including all rights in or under the Permitted Encumbrances, including those that are listed in the exhibits hereto), general intangibles and all other (real, personal and mixed) property now owned or hereafter acquired, insofar as the same (i) are located on the leases, operating rights and mineral interests more fully described in the exhibits to this Agreement and any amendments or modifications to this Agreement executed from time to time (the "Leases"), or (ii) are used in connection with, or relate to the ownership or operation of, the Leases or Subject Interests, or (iii) arise out of the sale or other conveyance of oil, gas or other minerals produced and saved from the Subject Interests, together with any and all products and proceeds of any of the foregoing; provided, however, that the total amount (liquidated or unliquidated) of Operating and Producing Obligations secured hereby shall never exceed \$25,000,000 at any time. In furtherance of the foregoing, Grantor hereby bargains, sells, transfers, assigns, sets over and delivers to the Grantee a security interest, in, all of the Hydrocarbons and the proceeds therefrom, produced and to be produced from the Subject Interests from and after the date hereof, and Grantor hereby authorizes and empowers the Grantee to demand, collect and receive said Hydrocarbons, and the proceeds therefrom, produced and to be produced from the interests of Grantor in said Subject Interests, and to execute any release, receipt, division order, transfer order and relinquishment or other instrument that may be required or necessary to collect and receive such production or the proceeds therefrom and Grantor hereby authorizes and directs all pipeline companies, gathering companies and others purchasing Hydrocarbons or having in their possession any Hydrocarbons or the proceeds therefrom, to pay and deliver to the Grantee all such Production Payment, Hydrocarbons or proceeds therefrom accruing. The mortgage, lien and security interest granted hereby shall be subject only to the Permitted Encumbrances and Grantor shall not create or suffer to exist any mortgage, lien and security interest superior to those granted hereby, except for the Permitted Encumbrances. Grantee shall be entitled to all rights and remedies of a mortgagee and secured party under the laws of the state in which the Subject Interests are located and all such other rights as may exist at law or in equity. Specifically, Grantee shall be authorized and empowered to sell the Subject Interests, or any part thereof pursuant to a power of sale expressly granted by Grantor to Grantee under the laws of the State of Wyoming, including without limitation Section 34-4-101 et seq., Wyoming Statutes Annotated, 1977 republished edition (1989 Supp.) or any successor statute. Further, in order to enforce the security interests granted hereby, Grantee may proceed under the Uniform Commercial Code as in effect in Wyoming (the "UCC") as to all or any part of the property and rights subject to the lien hereof and may exercise all of the rights, remedies and powers of a secured party under the UCC, including without limitation the right and power to sell at public or private sale or sales or otherwise dispose of, lease or utilize such property and any part thereof in any manner authorized or permitted under the UCC in such order or manner as Grantee may elect.

Any purchaser of Hydrocarbons from or attributable to the Subject Interests is authorized and directed to make payment to Grantee out of the Hydrocarbons attributable to Grantor's interest in the Subject Interests for any amount which Grantee shall certify to such purchaser that it has paid and which Grantor is obligated to pay hereunder. In the event any amounts paid over to Grantee in accordance with the terms of this Section 16 include proceeds attributable to the royalty and overriding royalty interests taken into account in determining Grantor's net revenue interest in the Subject Interests as set forth on Exhibit A to the Conveyance, Grantee will account to the owners of such royalty and overriding royalty interests for any proceeds attributable to such interests actually received by Grantee, provided that Grantor has provided Grantee in a timely fashion complete and accurate information to enable Grantee to make such payments. In the event any Taxes are payable and have not been deducted on any amounts paid over to Grantee pursuant to the terms of this Section 16, Grantee will pay the Taxes due on such proceeds. Any insurer is authorized and directed to make payment to Grantee of proceeds of insurance described in Section 11(a) hereof for any amount which Grantee shall certify to such insurer that it has expended in redrilling, rebuilding, reconstructing, repairing, restoring or replacing damaged or lost property which Grantor has failed or refused to do promptly pursuant to Section 11(b) hereof. For purposes of more fully effecting the assignment made under this Section 16 and continuing the rights of Grantee thereunder, the Grantor hereby appoints Grantee as its attorney-in-fact to pursue any and all rights, remedies and payments (including attorneys' fees and interest) under Sections 30-5-301 through 30-5-305, Wyoming Statutes Annotated, 1977 Republished Edition (1989 Supp.), or any successor statutes, in respect of the Hydrocarbons and proceeds therefrom, including, but not limited to, proceeds accruing prior to the effective date of the assignment contained in this Section 16. The power of attorney granted to Grantee under this Section 16, being coupled with an interest, shall be irrevocable so long as the Production Payment remains in effect.

If and to the extent any Operating and Producing Obligations are not performed or discharged by Grantor, and Grantee, or any third party on behalf of Grantee, advances amounts therefor in excess of \$25,000,000 that have not been repaid or otherwise discharged, such outstanding amounts in excess of \$25,000,000 (herein called "Excess Unpaid Operating and Producing Obligations") shall be a general unsecured demand obligation of Grantor to Grantee, provided however, in the event there exists at any time such Excess Unpaid Operating and Producing Obligations, Grantee shall have the right to reduce Basis Adjustment Amounts under the Conveyance in the following manner:

(a) Grantee shall give notice to Grantor of the existence of Excess Unpaid Operating and Producing Obligations with a verified and sworn statement reflecting how such amounts were computed and showing when and for what items of cost or expense the amounts were paid or advanced hereunder by Grantee;

(b) Grantee shall also notify Grantor that Grantee desires to convert the Excess Unpaid Operating and Producing Obligations to Basis Adjustment Amounts under the Conveyance; which notice shall specify the amount to be converted and the effective date of such conversion, which effective date shall be the first day of a Month;

(c) Unless Grantor can show to Grantee's reasonable satisfaction that the amounts to be so converted are incorrect or have been improperly computed, Grantor shall agree to add such amount to the Basis Adjustment Amount set forth in clause (d) of the definition of Basis Adjustment Amount in the Conveyance;

(d) Grantor and Grantee shall execute, acknowledge and deliver an amendment to the Conveyance, in proper recordable form, as is necessary to reflect the addition of the converted Excess Unpaid Operating and Producing Obligations to Basis Adjustment Amounts in accordance with the foregoing provisions; and

(e) The Excess Unpaid Operating and Producing Obligations under this Agreement shall thereupon be reduced by the amount added to the Basis Adjustment Amount under the Conveyance; and thereafter such converted amount shall not be thereafter subject to the lien or the other rights of Grantee under this paragraph 16.

It is understood and agreed that regardless of whether Grantee elects to convert any Excess Unpaid Operating and Producing Obligations to Basis Adjustment Amounts in accordance with the foregoing, the total amount secured by the mortgage, lien and security interest granted herein, as to Grantor, shall in no event exceed the lesser of (i) the full amount of the Operating and Producing Obligations, and (ii) \$25,000,000 in the aggregate from time to time outstanding, and if Grantee (or any successor) forecloses the mortgage, lien and security interests created hereby, (a) only those amounts secured by the lien foreclosed may be realized by virtue of the foreclosure and any amounts realized by said foreclosure in excess of the lesser of (i) the full amount of the Operating and Producing Obligations and (ii) \$25,000,000, shall be paid to Grantor, (b) any Excess Unpaid Operating and Producing Obligations shall continue as a general unsecured demand obligations of Grantor, and (c) the Production Payment shall continue in force and effect and the respective successors of Grantor and Grantee shall thereupon be bound by the provisions hereof and the mortgage, lien and security interests granted herein shall secure all obligations of Grantor's successors owed to Grantee or its successors. In addition to the foregoing, Grantor may at any time request that Grantee fully release the lien, mortgage and security interest granted hereunder, and Grantee may in its sole and exclusive judgment grant or disallow each such request; provided, however, Grantee shall have no obligation whatsoever, express or implied, to grant any such request.

17. Force Majeure. In the event of either party being rendered unable, in whole or in part, by Force Majeure to carry out its obligations under this Agreement other than

to make payments due hereunder, it is agreed that on such party giving notice and full particulars of such Force Majeure in writing or by telecopy to the other party as soon as possible after the occurrence of the cause relied on, then the obligations of the party giving such notice, so far as they are affected by such Force Majeure, shall be suspended during the continuance of any inability so caused but for no longer period, and such cause shall as far as possible be remedied with all reasonable dispatch.

18. Notices. All notices, requests, demands, instructions and other communications required or permitted to be given hereunder shall be in writing and shall be delivered personally, mailed by certified mail, postage prepaid and return receipt requested or sent by telecopier, as follows:

19. Applicable Law. THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF WYOMING, EXCEPT TO THE EXTENT THE LAWS OF ANY OTHER STATE ARE MANDATORILY APPLICABLE.

20. Indemnity. It is understood and agreed that under neither this Agreement nor the Conveyance does Grantee assume or shall Grantee ever be liable or responsible in any way for the payment of any costs, expenses or liabilities incurred in connection with developing, exploring, drilling, equipping, testing, operating, producing, maintaining or plugging and abandoning the Subject Interests or any well or facility thereon or storing, handling, treating or transporting to the Delivery Points production therefrom. Grantor shall fully defend, protect, indemnify and hold Grantee, its officers, employees, representatives and agents harmless from and against any and all claims, demands, suits and causes of action of every kind and character, including reasonable attorneys' fees and costs of defense, which may be made or asserted by any third party or governmental agency or entity, or by Grantor, Grantor's employees, agents, contractors and subcontractors and their respective employees and agents, on account of

(a) any breach of the provisions of this Agreement, the Conveyance, the Exchange Agreement or any other document or instrument executed in connection herewith or therewith, and

(b) personal injury, death or property damage (including, without limitation, claims or liabilities of any kind related to pollution and environmental damage), any civil or criminal fines or penalties and any public or private causes of action alleging statutory liability, relating to, arising out of, or in any way incidental to the Subject Interests, the wells and facilities thereon or used in connection therewith, the operation thereof and the production therefrom,

whether through an act or omission of Grantee or any other party hereto or otherwise, and whether or not arising out of the sole, joint or concurrent negligence, fault or strict liability of Grantee or any other person or entity indemnified hereunder. This indemnity shall apply, without limitation, to any liability imposed upon any party indemnified hereunder as a result of any statute, rule, regulation or theory of strict liability. Further, the provisions of this Section 20 shall survive the termination of this Agreement, the Production Payment or any other document or instrument delivered in connection herewith or therewith.

21. Successors and Assigns. All the covenants and agreements of Grantor and Grantee herein contained shall be deemed to be covenants running with the land and shall be binding upon the successors and assigns of Grantor's interest in the Subject Interests and Grantee's interest in the Production Payment and shall inure to the benefit of Grantor, Grantee, and their respective successors and permitted assigns. The foregoing notwithstanding, nothing herein is intended to modify or shall have the effect of modifying the restrictions on assignment set forth in the Conveyance regarding mortgage, assignments, transfer or pooling of Grantor's interest in the Subject Interests; and the preceding sentence shall not be deemed to permit any assignment or other transfer of the interest of Grantor in any of the Subject Interests that is not specifically permitted by the provisions of the Conveyance. Nothing contained in this instrument or in the Conveyance shall in any way limit or restrict the right of Grantee, or Grantee's successors and assigns, to sell, convey, assign or mortgage the Production Payment or its rights under this Agreement in whole or in part. If Grantee, or Grantee's successors and assigns, at any time shall execute a mortgage, pledge or deed of trust covering all or any part of the Production Payment as security for any obligation, the mortgagee, the pledgee or the trustee therein named or the holder of the obligation secured thereby shall be entitled, to the extent such mortgage, pledge or deed of trust so provides and upon the occurrence or existence of the event or condition therein stated, if so conditioned, to exercise all of the rights, remedies, powers and privileges herein conferred upon Grantee, and to give or withhold all consents herein required or permitted to be obtained from Grantee. Further, all representations, warranties, covenants, agreements and indemnification provisions hereof (including without limitation those given in paragraph 20 above) shall inure to the benefit of (and may be directly enforced against Grantor by) any successor, assign, lender, pledgee or mortgagee of Grantee.

22. Damages. It is recognized that Grantee will look solely to the Production Payment Hydrocarbons for satisfaction and discharge of the Production Payment (including any Basis Adjustment Amount), and that Grantor is not personally liable for the payment and discharge thereof. However, the foregoing provision shall not relieve Grantor of any obligations under this Agreement or any obligation that gives rise to damages for any breach of any of the express or implied provisions hereof or of the Conveyance, the Purchase and Sale Agreement or the Exchange Agreement.

23. Cost of Litigation. In the event of a breach of this Agreement the Conveyance, the Purchase and Sale Agreement or the Exchange Agreement, or if a dispute is not resolved by mutual agreement, and either party should sue the other party to enforce its rights or for breach of any such agreement or for any other dispute, the party prevailing in such litigation shall be entitled to recover its costs and reasonable attorneys' fees in addition to any other remedy or recovery to which it may be entitled.

24. Entire Agreement; Amendments; Waiver. This Agreement, the Conveyance, the Purchase and Sale Agreement, the Exchange Agreement and any other documents delivered in connection herewith or therewith constitute the entire agreement between the parties hereto. This Agreement may not be amended and no rights hereunder may be waived except by a written document signed by the duly authorized representatives of the parties. No waiver of any of the provisions of this Agreement shall be deemed to be or shall constitute a waiver of any other provisions hereof (whether or not similar), nor shall such waiver constitute a continuing waiver unless otherwise expressly provided.

25. Headings. The headings of the sections of this Agreement are for guidance and convenience of reference only and shall not limit or otherwise affect any of the terms or provisions of this Agreement.

26. Counterpart Execution. This Agreement may be executed by Grantor and Grantee in any number of counterparts, each of which shall be deemed an original instrument, but all of which shall constitute but one and the same Agreement.

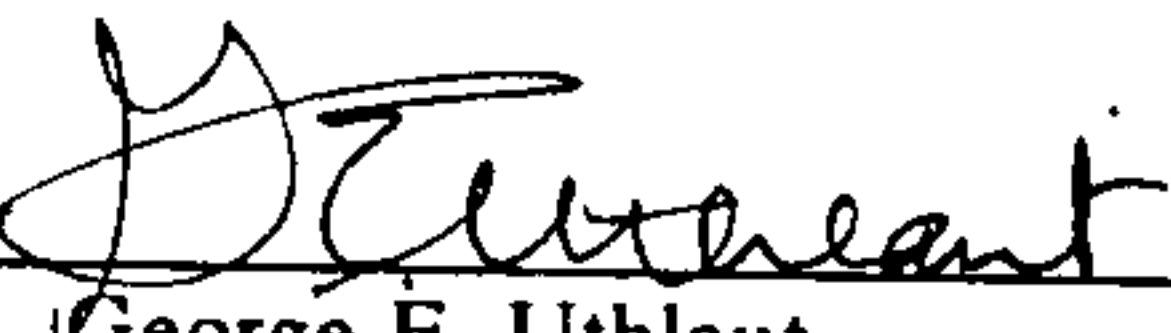

27. Partial Invalidity. Except as otherwise expressly stated herein, in the event any provision contained in this Agreement shall for any reason be held invalid, illegal or unenforceable by a court or regulatory agency of competent jurisdiction by reason of a statutory change or enactment, such invalidity, illegality or unenforceability shall not affect the remaining provisions of this Agreement.

EXECUTED in multiple originals as of the date first set forth above.

ARTICLE II

QUANTITY AND SCHEDULING

1. Commencing on the effective date hereof and continuing through the term hereof, Cactus will deliver or cause to be delivered each day at EOG's Points of Receipt to or for the account of EOG, the Exchange Quantity of Hydrocarbons from Cactus' interests in the properties described in Exhibit "A" attached hereto. Cactus agrees that for as long as this Agreement is in effect it will tender all Hydrocarbons attributable to its interest created by the Conveyance to EOG at EOG's Points of Receipt. Commencing on the date of initial receipt by EOG of the Exchange Quantity hereunder at EOG's Points of Receipt, EOG will deliver or cause to be delivered to or for the account of Cactus the Equivalent Quantity of gas at Cactus' Points of Receipt, such exchange to occur, to the maximum extent possible, on the same day during the term hereof. As long as Cactus is tendering for exchange hereunder an Exchange Quantity equal to the MMBtu Equivalents scheduled on Schedule 1 to the Conveyance, EOG shall exchange the Equivalent Quantity

with Cactus at Cactus' Points of Receipt in the respective quantities for each of Cactus' Points of Receipt as set forth on Exhibit "C" hereto.

2. During the term hereof EOG agrees to accept from Cactus the full Exchange Quantity at EOG's Points of Receipt and Cactus agrees to accept from EOG the Equivalent Quantities, in the respective amounts set forth elsewhere herein, at Cactus' Points of Receipt.

3. In the event Cactus fails to deliver, on any day, the full Scheduled Quantity of MMBtu Equivalent of Hydrocarbons, then the quantities of gas exchanged hereunder by EOG at each of Cactus' Points of Receipt shall be reduced by a quantity that is equal to the difference between the full Scheduled Quantity and the quantity actually tendered for exchange by Cactus hereunder times a fraction, the numerator of which is the volume scheduled (as set forth in Exhibit "C" hereto) for such day at each such point of receipt and the denominator of which is the total of the volumes so scheduled for all of Cactus' Points of Receipt.

4. If, pursuant to the terms of the Conveyance, Cactus receives more than the Scheduled Quantity and therefore delivers Hydrocarbons for exchange at EOG's Points of Receipt in excess of the said Scheduled Quantity, then EOG shall exchange such excess at Cactus' Points of Receipt by increasing the quantities at each of Cactus' Points of Receipt by a quantity that is equal to the difference between the Scheduled Quantity and the quantity actually tendered for exchange by Cactus hereunder times a fraction, the numerator of which is the volume scheduled (as set forth in Exhibit "C" hereto) for such day at each such point of receipt and the denominator of which is the total of the volumes so scheduled for all of Cactus' Points of Receipt.

5. Subject to the remaining provisions hereof, it is the express understanding of the parties that the Exchange Quantity will be limited to Hydrocarbons available and produced from Cactus' sources of supply described in Exhibit "A" attached hereto and covered by the Conveyance.

6. Cactus shall inform EOG, as often as may be necessary, of the delivery rate and pressure of the gas to be delivered hereunder at the EOG's Points of Receipt. Further, not less than seven (7) Business Days prior to the first Day of each Month, Cactus will notify EOG of the estimated Exchange Quantity which Cactus expects to be available for delivery hereunder at each of EOG's Points of Receipt during such Month. The Exchange Quantity may be increased or decreased from the volumes set forth in such notice at any time by notice from Cactus to EOG or by mutual agreement of the parties. The revised Exchange Quantity shall be equal to Cactus' then current production level from its properties described in Exhibit "A" hereto unless otherwise agreed by EOG, and shall remain in effect for the remainder of such Month subject to further changes pursuant hereto. During each Month, Cactus shall advise EOG to increase or decrease the Exchange Quantity as soon as Cactus is aware that such changes are necessary, but not more than forty-eight (48) hours after such change in rate of production. EOG will effect such change in the Exchange Quantity as soon as possible following receipt of any such notice from Cactus.

ARTICLE III

CONDITIONS OF DELIVERY AND EXCHANGE

1. For purposes of this Agreement, as between the parties hereto, Cactus (subject in all respects to the provisions of the Conveyance) will hold title to and shall be

deemed to be in control and possession of the Hydrocarbons to be exchanged hereunder until it has been tendered to or to the account of EOG at EOG's Points of Receipt and EOG will hold title to and be deemed to be in control and possession of the gas to be exchanged hereunder until it has been tendered to or for the account of Cactus at the Cactus' Points of Receipt.

2. Subject to the provisions of the Conveyance, no party receiving Hydrocarbons at any respective point of receipt will have responsibility for any Hydrocarbons to be transported or delivered hereunder or on account of anything which may be done, happen or arise with respect thereto until the Hydrocarbons are delivered into its control or possession in accordance with the foregoing, and no party will have responsibility for such Hydrocarbons or on account of anything which may be done, happen or arise with respect thereto after delivery into the control and possession of another party in accordance with the foregoing.

3. Cactus shall have the right to manage and administer its real property interests in the area covered by the dedicated sources of supply in a manner as Cactus, in its sole good faith judgment, sees fit under and pursuant to the terms of the Conveyance, and nothing in this Agreement shall modify, alter, amend, impair, increase or diminish any of the rights or obligations of the parties under the Conveyance.

4. It is understood that this Exchange Agreement does not require EOG to deliver the same gas or gas from the same source of supply to Cactus at Cactus' Points of Receipt, but rather to exchange with Cactus the Equivalent Volume of gas which may be produced from other sources or acquired by EOG as EOG sees fit in its discretion. The obligation of EOG to deliver the Equivalent Quantities is therefore on a firm,

non-interruptible basis subject only to the express conditions hereof. EOG represents to Cactus that it has or can acquire sufficient quantities of gas to fulfill its obligation hereunder to deliver the Equivalent Quantity at Cactus' Points of Receipt each day during the term hereof.

ARTICLE IV

DELIVERY PRESSURE AND COSTS

1. The parties will deliver and/or exchange gas or cause same to be delivered and/or exchanged hereunder at a pressure sufficient to enter the pipeline facilities of the other party or its First Transporter at the respective points of receipt specified hereunder. In the event compression is required, the party responsible for delivering gas shall be responsible for installing such compression as to enable same to enter the facilities of the other party or its First Transporter at the respective points of receipt, all in order as may be necessary to effect the exchange of gas hereunder. It shall not be a condition of force majeure or otherwise act as an excuse for nonperformance under this Agreement that the gas has not been compressed to a sufficient pressure to enter such facilities.

2. Pursuant to the provisions contained in the Conveyance, Cactus shall receive all Hydrocarbons at EOG's Points of Receipt hereunder free and clear of all costs and expenses, including all costs of operating and producing Cactus' property interests from which Hydrocarbons are delivered to EOG hereunder. EOG agrees to bear all costs and expenses connected with the delivery of the Equivalent Quantity of gas to Cactus at Cactus' Points of Receipt, it being understood that Cactus shall be entitled to the Equivalent Quantity at Cactus' Points of Receipt without reduction, cost or expense for the full term hereof.

ARTICLE V**QUALITY AND RATES**

1. The gas supplies received and delivered by the parties hereunder will conform to the quality specifications set forth in the general terms and conditions of the FERC Gas Tariff then on file for the First Transporter receiving the Hydrocarbons tendered for exchange hereunder or, with respect to Oil, or if no FERC Gas Tariff is then on file, the quality specifications shall be those in use by such First Transporter.

2. The parties recognize that due to operating conditions, varying market demands and the difficulty of apportioning receipts of Hydrocarbons from various sources, the parties may not be able to tender and receive Hydrocarbons during any Month at exactly constant rates. The parties agree to use reasonable efforts to maintain as nearly a constant rate of deliveries and takes as practicable. Each party shall provide the other notice as soon as possible of any changes in scheduled rates of delivery or receipt during any Month.

ARTICLE VI**MEASUREMENT**

1. Standards of measurement and tests used at each respective point of receipt hereunder shall be as set forth in the general terms and conditions of the FERC Gas Tariff then on file for the First Transporter receiving Hydrocarbons as such point(s) or, with respect to Oil, or if no FERC Tariff is on file, the measurement and testing methods used by such First Transporter.

2. For purposes of this Agreement, each party receiving Hydrocarbons at any respective point of receipt will have the right, but shall not be required to, install, maintain

and operate, or cause to be done, at its own expense, a measuring station located at each such point of receipt. The measuring station will be so equipped with orifice meters, recording gauges, or other types of meter or meters of standard make and design commonly acceptable in the industry, as to accomplish the accurate measurement of Hydrocarbons delivered hereunder. Each party shall monitor measurement performed by third parties (including each party's First Transporter) to insure that all measurement is as accurate as possible in accordance with acceptable industry standards. If either party believes that any measuring equipment hereunder is registering inaccurately it shall notify the other party who shall promptly take all measures possible to investigate such matter and correct such inaccurate measurement.

ARTICLE VII

GOVERNMENTAL REGULATION

1. This Agreement and the services performed hereunder are subject to all valid laws, orders, rules and regulations of duly constituted authorities having jurisdiction. Neither party shall take any action that would cause this Agreement or the Hydrocarbons exchanged hereunder to become subject to the jurisdiction of FERC.

2. The exchange of gas between the parties hereunder may require the assistance of third-party gatherers, and interstate and intrastate pipelines, including the First Transporter. However, the party responsible for delivering and/or receiving gas hereunder shall not be excused from performance in the event any such third parties are unable to deliver and/or receive gas to be exchanged hereunder. Each party shall use its best efforts to cause such third parties at the respective points of receipt to receive such gas in

accordance with the terms hereof in order to fulfill the covenants contained in paragraph 2 of Article II herein.

ARTICLE VIII

FAILURE TO DELIVER OR RECEIVE EQUIVALENT QUANTITIES

It is recognized that due to operational conditions in pipelines, it may not always be possible for EOG to exchange with Cactus the Equivalent Quantities on a daily basis and that final reconciliation of the measurement and delivery of Hydrocarbons at the EOG Points of Receipt and the measurement and delivery of Equivalent Quantities at Cactus' Points of Receipt may occur some time later. In such event or in the event Equivalent Quantities of gas are not delivered or accepted when required hereunder, the following provisions shall apply:

1. In the event it is determined that during any period hereunder EOG has not exchanged with Cactus at Cactus' Points of Receipt the Equivalent Quantity (regardless of whether due to failure of performance by a third party, failure of equipment or other event or occurrence, whether or not beyond the control of EOG) EOG shall, on the first day of the Month immediately following the Month (or if such day is not a Business Day, on the preceding Business Day) in which the Equivalent Quantity has not been delivered by EOG, pay to Cactus a sum of money equal to the Index Price of the gas EOG failed to deliver, computed for each of Cactus' Points of Receipt (the total of all such amounts being herein called the "Index Value"). If the cost incurred by Cactus, or its purchaser, in purchasing gas from a third party supplier to replace the Equivalent Quantity (or portions thereof) not delivered by EOG in accordance herewith, including any costs necessary to transport and/or deliver such gas to Cactus' Points of Receipt at which such delivery shortages occurred, or

Cactus' or its purchaser's ultimate market, whichever is less, and, if applicable, any additional fixed and/or variable transportation costs, pipeline surcharges and fuel (collectively the "Replacement Cost"), is greater or less than the Index Value, the amount paid will be adjusted as provided in the following paragraph. Cactus agrees to mitigate its damages and act in good faith and in a commercially reasonable manner in purchasing any gas required to replace any shortage in the Equivalent Quantity due from EOG hereunder so as to minimize EOG's obligation to Cactus under this provision, while taking into consideration availability and reliability of supplies of gas delivered to the respective Cactus' Points of Receipt or Cactus' ultimate market for such gas, whichever is less.

Cactus shall notify EOG in writing, as soon as reasonably possible, for each delivery shortage occurring hereunder of the Replacement Cost. Such notice shall be accompanied by a detailed statement showing how the amount due was calculated together with supporting schedules in reasonable detail. If the Replacement Cost exceeds the Index Value, EOG will pay Cactus the difference within 30 days after EOG's receipt of the statement rendered pursuant to this paragraph. If the Replacement Cost is less than the Index Value, Cactus will pay EOG the difference within 30 days after the delivery of such statement. All amounts due under this paragraph will bear interest at the Applicable Rate from the date specified in the preceding paragraph for payment of the Index Value until such amounts are paid.

EOG and Cactus may mutually agree (but neither party shall be under any obligation to do so) that in lieu of EOG making and Cactus accepting cash payments as provided for under this Article VIII.1., EOG may deliver and Cactus may accept deliveries of gas in such quantities, at such times, and at Cactus' Points of Receipt as the parties may mutually agree

so as to result in delivery of gas to Cactus in the same Month or subsequent Months as the Equivalent Quantities are to be delivered equal in value to the relevant delivery shortfall(s), if any.

2. EOG shall never have the right nor the obligation to deliver more than the Equivalent Quantities on any day, it being understood that the first quantities of gas delivered to or for Cactus' account at Cactus' Points of Receipt hereunder during the term hereof which are the Equivalent Quantity to the Hydrocarbons tendered by Cactus to EOG or for EOG's account at EOG's Points of Receipt on each day hereunder shall be presumed to be the Exchange Quantities and, if delivered, shall satisfy EOG's obligation hereunder for such day. Any gas in excess of the Exchange Quantity delivered at Cactus' Points of Receipt shall belong to EOG free and clear of any claim by Cactus and shall not be deemed to be Exchange Quantities under this Agreement.

3. In the event Cactus or its designee is unable for any reason (whether or not beyond the control of Cactus) to accept all or any portion of the Equivalent Quantities delivered to or for the account of Cactus at Cactus' Points of Receipt hereunder, whether or not beyond the control of Cactus, Cactus shall be liable to EOG for any losses, costs or expenses resulting directly therefrom including, if applicable, any demand charges, reservation charges or other gas transportation charges attributable to the Equivalent Quantities tendered by EOG, but not taken by Cactus, any additional fixed and/or variable transportation costs, pipeline surcharges and fuel. EOG agrees to mitigate its damages and act in good faith and in a commercially reasonable manner in selling or transporting any Equivalent Quantities of gas away from the Cactus' Points of Receipt, taking into consideration availability and reliability of transportation at such points or elsewhere.

EOG shall notify Cactus in writing as soon as reasonably possible after Cactus' failure to accept all or a portion of the Equivalent Quantities hereunder of the amount to be paid by Cactus to EOG pursuant to the foregoing provision. Such notice shall be accompanied by a detailed statement showing how the amount due was calculated together with supporting schedules in reasonable detail. In the event (regardless of how occurring) that the above sum is not paid within thirty (30) days after Cactus' Receipt of such statement, the amount due shall accrue interest at the Applicable Rate until paid.

4. No party shall be liable to the other party for consequential damages hereunder whether in tort, contract or otherwise.

ARTICLE IX STATEMENTS

1. Cactus agrees to furnish, or cause to be furnished to EOG, by the twenty-fifth (25th) day of each month, a statement showing the quantity of Hydrocarbons delivered to or for the account of EOG by Cactus at EOG's Points of Receipt hereunder during the preceding Month.

2. EOG agrees to furnish, or cause to be furnished to Cactus, by the twenty-fifth (25th) day of each month, a statement showing the quantity of gas delivered to, or for the account of Cactus by EOG at Cactus' Points of Receipt hereunder during the preceding month.

3. Cactus shall have the right, from time to time during the term hereof, to inspect the books, accounts and records of EOG with respect to its performance of this Agreement and the computation of gas volumes delivered and/or exchanged hereunder, such right to be exercised during reasonable business hours with the full cooperation of EOG.

EOG shall maintain all books, records, charts and other data in connection with this Agreement for a period until two years after the final termination of this Agreement.

ARTICLE X

In the event any price referred to herein is not published, but the range of prices is published in the applicable portion of the applicable publication, the price used shall be the average of the prices quoted as the "range". In the event any applicable publication referred to herein is no longer published, or the prices required hereunder are no longer available, the price last determined on the basis of such publication shall continue as the applicable Index Price until an alternate method is established pursuant to the provisions hereof. Grantor and Grantee will use their reasonable efforts to negotiate a mutually acceptable alternative index representing the estimated spot price of Gas or Oil, as applicable, at the applicable location (the "Spot Price"). If by the end of the first Month for which the price could not be determined as set forth above the parties are unable to agree upon a substitute methodology and/or publication to determine the Index Price, then Grantor and Grantee shall each in good faith prepare a list of up to five alternative published references posting or prices representative of Spot Prices for Gas or Oil, as applicable, delivered in the same geographic area. Each list shall be set forth in that party's priority order with the highest priority index listed first. Each party shall submit its list

to the other within ten days after the end of the first Month for which the price could not be determined as set forth above. The lists shall be compared and the first listed index appearing in Grantee's list that also appears in Grantor's list shall constitute the replacement index and shall be used to determine the applicable Index Price. In the event there is no match the parties shall exchange lists again within 10 days and the first index appearing in Grantee's list that also appears in Grantor's list shall constitute the replacement index and shall be used to determine the Index Price. If either party fails to provide a list of that party's alternative published references within the time herein provided, such party's list shall not be considered and the first listing on the other party's list shall be the replacement index. If no replacement index is established pursuant to the procedures followed herein, then the replacement index shall be the average of the first index submitted by each party on its final list.

PRODUCTION AND DELIVERY AGREEMENT

between

ENRON OIL & GAS COMPANY

"Grantor"

and

CACTUS HYDROCARBON 1992-A LIMITED PARTNERSHIP

"Grantee"

Dated

September 25, 1992

PRODUCTION AND DELIVERY AGREEMENT

This Agreement ("Agreement") is made and entered into this 25th day of September, 1992 by and between ENRON OIL & GAS COMPANY, a Delaware corporation ("Grantor") and CACTUS HYDROCARBON 1992-A LIMITED PARTNERSHIP, a Delaware limited partnership ("Grantee").

WHEREAS, by Conveyance of Production Payment of even date herewith from Grantor to Grantee (the "Conveyance"), Grantee has purchased and acquired from Grantor and Grantor has sold and conveyed to Grantee a production payment interest in the Subject Interests described in Exhibit A hereto.

NOW, THEREFORE, as a material inducement to cause Grantee to purchase the Production Payment and in consideration of the mutual benefits and obligations of the parties hereunder, Grantee and Grantor have agreed, and hereby agree, as follows:

1. Definitions. Each capitalized term used herein but not defined herein shall have the meaning given to it in the Conveyance.

2. Taking In Kind; Marketing.

(a) The Production Payment Hydrocarbons shall be delivered to Grantee in kind or to the credit of Grantee, free of cost, at the Delivery Points.

(b) Grantee shall have the right (but not the obligation) to take in kind all Production Payment Hydrocarbons at the Delivery Points.

(c) All Production Payment Gas that is taken in kind by Grantee is referred to herein as "In Kind Gas". Grantor shall market and sell on behalf of Grantee all Production Payment Gas other than In Kind Gas.

(d) All Production Payment Oil that is taken in kind by Grantee is referred to herein as "In Kind Oil". Grantor shall market and sell on behalf of Grantee all Production Payment Oil other than In Kind Oil on the same basis as Grantor markets its own share of Oil from or attributable to the field in which the Subject Interests are located but never for less than the posted price therefor.

(e) All Production Payment Hydrocarbons marketed by Grantor on behalf of Grantee shall be sold pursuant to contracts containing terms no less favorable than the terms on which Grantor markets its own production from the Subject Interests. Any such sale by Grantor shall be subject always to the right of Grantee, upon notice to Grantor, to separately dispose of all or any portion of such Production Payment Hydrocarbons and shall

be only for such minimum periods of time (not to exceed one year with respect to Gas and not to exceed 30 days with respect to Oil) as are consistent with the minimum needs of the industry.

(f) All proceeds received by Grantor from the sale of Production Payment Hydrocarbons sold on behalf of Grantee pursuant to the terms hereof are received by Grantor in trust for Grantee and shall be held in trust by Grantor for Grantee; provided, however, Grantor shall pay such proceeds by wire transfer to such account as Grantee shall have designated from time to time to Grantee within five days after receipt thereof by Grantor. The foregoing sentence is subject to Grantee's right at any time Grantee considers prudent to direct the purchasers of any Production Payment Hydrocarbons to pay the proceeds thereof directly to Grantee by delivering to such purchasers the letters in lieu of transfer orders previously executed by Grantor and held by Grantee. In the event Grantee requests direct payment, Grantor will cooperate in instructing the purchasers to pay such proceeds directly to Grantee and shall execute such additional instruments as may be necessary or appropriate in connection therewith. In the event any Production Payment Hydrocarbons are sold by Grantor, on behalf of Grantee, under the terms of any agreement between Grantor and Grantee or any of its Affiliates, Grantee shall at all times be entitled to retain the proceeds of such sale or receive direct payment from its Affiliates.

(g) All Production Payment Hydrocarbons shall be delivered to Grantee, or to Grantee's credit, into the facilities installed and maintained by the First Transporter or first purchaser located at or near the Delivery Points, currently as produced and saved, in a natural state after removal of other substances by conventional mechanical field separation facilities.

3. Gathering and Transportation. Grantor at its sole cost and expense shall gather or cause to be gathered all Production Payment Hydrocarbons at the wellheads where produced and transport the same to the Delivery Points and thereafter perform all of its obligations under the terms of the Exchange Agreement (as hereinafter defined), without any charge or deduction to Grantee for any costs attributable to preparing Gas for delivery, delivering same to the Delivery Points and otherwise performing its obligations under the Exchange Agreement. Grantor shall be in exclusive control and possession of the Production Payment Hydrocarbons gathered at the wellheads and responsible for any loss, damage or injury caused thereby until the same shall have been redelivered to Grantee, or to Grantee's credit, as herein provided.

4. Processing; Plant Products; Exchange. It is recognized that as the owner of the Production Payment Grantee owns the Production Payment Gas in its natural state, including, without limitation, all liquefiable Hydrocarbons contained therein. It is recognized that certain of the Subject Interests currently are subject to those existing processing agreements which are Permitted Encumbrances (the "Processing Agreements").

If as a result of any Processing Agreement Production Payment Gas then in the possession of and owned by Grantee is processed, Grantee will have an interest in all plant products and liquids extracted (the "Liquids") and all residue gas remaining ("Plant Residue Gas") attributable or allocable to the Production Payment and the Production Payment Gas under the terms of the Processing Agreements. It is also recognized that the Plant Residue Gas probably will have a lower Btu Content than the Production Payment Gas. Accordingly, Grantor hereby grants Grantee the option to exchange at the tailgate of each processing plant Grantee's proportionate part of Plant Liquids from such processing plant during any Month for an amount of Plant Residue Gas at the tailgate of such processing plant the Btu Content of which shall be equal to the amount by which the Btu Content of the Production Payment Gas delivered to Grantee prior to processing in such processing plant exceeds the Btu Content of the Plant Residue Gas attributable to such Production Payment Gas. Grantor agrees that it will not exercise any processing rights if the Plant Residue Gas would not meet the quality requirements set forth in Section 7.

5. Rate of Production.

(a) Grantor shall prudently operate and produce, with respect to those Subject Interests operated by Grantor, and shall use its best efforts to cause to be prudently operated and produced, with respect to the Subject Interests not operated by Grantor, the Subject Wells in accordance with good engineering practices and the following requirements: (i) the amount of Hydrocarbons produced from any Subject Well shall not exceed in any Month the lower of (x) the maximum amount that the Subject Well is capable of producing at its maximum efficient rate of flow or (y) the respective allowable rate of flow under applicable orders, rules, regulations or laws, if any; (ii) the amount of Hydrocarbons produced from the Subject Wells shall be sufficient to prevent a net migration of Hydrocarbons from the reservoirs to which proved reserves are attributed underlying the Subject Interests; and (iii) subject to field rules established by governmental authorities having or asserting jurisdiction, the amount of Hydrocarbons produced from the Subject Wells shall be equitable and ratable, based on factors used in determining such field rules.

(b) If (i) there has been an acceleration in the rate of production of Hydrocarbons from any reservoir or reservoirs attributable to Grantor's net revenue interest in the Subject Interests from the rates originally projected by Seller in its reserve evaluation and cash flow report furnished to Grantee in connection with Grantee's purchase of the Production Payment or for any reason any of the capital expenditures that are required to be made pursuant to Section 10 hereof are not made as required, and (ii) the ratio of the Tail Reserves to the quantities of Hydrocarbons remaining to be delivered under the Production Payment is less than 2 to 1, (the circumstances described in (i) and (ii) above being called the "Hydrocarbon Delivery Acceleration Event") then in addition to any other rights or remedies available to Grantee, at Grantee's option the remaining Scheduled Quantities shall be adjusted as provided in Section 5(c). This option shall be exercised by

Grantee, if at all, no more often than once a year. As used in this Section 5, "Tail Reserves" means as of the date of any determination the Proved Developed Reserves of Hydrocarbons projected to be attributable to Grantor's net revenue interest in the Subject Interests upon termination of the Production Payment. As used in this Section 5, "Proved Developed Reserves" shall be as shown in the most recent report prepared by the third party petroleum engineering firm and furnished to Grantee pursuant to Section 14(b). For the purpose of making the calculations required by this Section 5(b), Oil shall be converted to Gas at a ratio of 1 Barrel of Oil to 15 MMBtus of Gas.

(c) Any adjustment of the Scheduled Quantities pursuant to Section 5(b) shall be determined by Grantee in good faith so as to result in a ratio of the Tail Reserves to the quantities of Hydrocarbons remaining to be delivered under the Production Payment, from time to time, greater than, but as near as reasonably possible to, the ratio set forth in Section 5(b).

(d) In the event of any disagreement between Grantor and Grantee regarding the ratio of Tail Reserves to the quantities of Hydrocarbons remaining to be delivered pursuant to the Production Payment at any time, DeGolyer & MacNaughton or another independent petroleum engineering firm mutually agreeable to Grantor and Grantee shall make such determination. The fees and expenses of such firm shall be borne equally by Grantor and Grantee. The determination of such firm shall be binding upon Grantor and Grantee. If within 15 days after either party notifies the other that it requests a determination by an independent firm, the parties are unable to agree upon such a firm, each party shall in good faith prepare a list of four independent petroleum engineering firms. Each list shall set forth that party's priority order with the highest priority firm listed first. Each party shall submit its list to the other within five days after the end of the 15 day period provided above. The list shall be compared and the first listed firm appearing in Grantee's list that also appears in Grantor's list shall be the firm used to make such determination. If either party fails to provide a list of that party's recommended firms, the first listing on the other party's list shall be the firm used to make the determination. If no firm is selected pursuant to the procedures followed herein, then the parties shall promptly petition the Chief Judge of the United States District Court for the Southern District of Texas to appoint an engineering firm from one of those named in either Grantor's or Grantee's list as aforesaid.

(e) In the event of any change in Scheduled Quantities pursuant to this Section 5, Grantee and Grantor shall execute and acknowledge an appropriate amendment to the Conveyance changing the affected Scheduled Quantities, and Grantor at its expense shall cause such amendment to be filed in all appropriate county records.

(f) Pursuant to Section 1.08 of the Conveyance, Grantor has covenanted and agreed not to pool, communitize or unitize the Production Payment or the Subject Interests with any lands or leases owned or leased by Grantor or any Affiliate of Grantor that are not included in the Subject Interests without the express written consent of Grantee. Grantee hereby agrees that it shall consent to any such pooling, communitization or unitization if Grantor can demonstrate to the satisfaction of Grantee that such pooling, communitization or unitization will not result in a net reduction in Proved Developed Reserves.

6. Scheduling.

(a) Not less than seven (7) business days prior to the first day of each Month, Grantor will notify Grantee of the daily quantities of Gas which Grantor expects to be produced from the Subject Interests during such Month. Within three business days after receipt of Grantor's notice, Grantee shall notify Grantor of the quantity of In Kind Gas that Grantee will take in kind during such Month. Grantor will use its best efforts to cause In Kind Gas to be delivered at uniform daily rates through each Month at the Delivery Points at the rates scheduled pursuant to this Section 6 (it being understood that Production Payment Gas taken in kind is the first Gas produced and saved each day attributable to the Subject Interests).

(b) It is understood that In Kind Gas will be transported for Grantee by the First Transporter and other third party transporters. Grantor shall immediately notify Grantee of any change (in excess of tolerances permitted by the First Transporter) in the rate of delivery of In Kind Gas at the Delivery Points. Variations in rates of deliveries from those scheduled which do not exceed the tolerances permitted by the First Transporter without penalty shall be permitted hereunder. Grantor and Grantee shall cooperate to ensure that nominations are timely made to transporting pipelines and that such nominations reflect the actual expected deliveries and receipts. Grantor and Grantee shall use reasonable efforts to give each other 48 hours advance notice of any adjustments to be made in quantities delivered or received.

(c) In the event any charges, penalties, costs or expenses are incurred or payable to any transporting pipeline, or any other party, as a result of Grantor's failure to notify Grantee of any increase or decrease in daily quantities to be delivered at the Delivery Points, then as between the parties hereto, Grantor shall be liable for and shall hold Grantee harmless from and against such charges, penalties, costs or expenses. In the event any charges, penalties, costs or expenses are incurred or payable to any transporting pipeline, or any other party, as a result of Grantee's failure to notify Grantor of any increase or decrease in daily quantities to be received at any Delivery Point, then as between the parties hereto, Grantee shall be liable for and shall hold Grantor harmless from and against such charges, penalties, costs, or expenses. Each party shall promptly notify the other of any notice received from any transporting pipeline, or other party, that

indicates an imbalance in deliveries exists or is occurring that may give rise to any such charges, penalties, costs or expenses.

7. Quality Requirements. All Production Payment Hydrocarbons delivered to Grantee, or to Grantee's credit, shall satisfy the quality requirements and specifications as set forth in the First Transporter's transportation agreements and/or published tariffs filed with the FERC for acceptance and transportation of Gas at the Delivery Points or as set forth in the first purchaser's agreements for acceptance and purchase of Oil, all without penalty or deduction for nonconformity, as the same may be modified from time to time. All costs and expenses of dehydrating, treating, and compressing Production Payment Hydrocarbons to satisfy such quality requirements shall be borne and paid by Grantor.

8. Pressure. Grantor shall deliver, or cause to be delivered, the Production Payment Gas at a pressure sufficient to deliver the same into the First Transporter's pipeline at the Delivery Points against the operating pressure of First Transporter's pipeline in existence from time to time. Grantor shall inform Grantee, as often as may be necessary, of the delivery rate and pressure of the Production Payment Gas delivered to Grantee or to Grantee's credit.

9. Operation of Subject Interests. At all times from the date hereof until the termination of the Production Payment and whether or not Grantor is the operator of the Subject Interests, Grantor, at Grantor's cost and expense, shall:

(a) cause the Subject Interests to be maintained in full force and effect, and to be developed, protected against drainage, and continuously operated for the production of Hydrocarbons in a good and workmanlike manner as would a prudent operator (and without regard to the burden of the Production Payment), all in accordance with generally accepted industry practices, applicable operating agreements, and all applicable federal, state and local laws, rules and regulations, and shall otherwise comply with all applicable laws, rules and regulations;

(b) pay, or cause to be paid, promptly as and when due and payable, all rentals and royalties payable in respect of the Subject Interests or the production therefrom, and all costs, expenses and liabilities incurred in or arising from the operation or development of the Subject Interests, or the producing, treating, gathering, storing, marketing or transporting of Hydrocarbons therefrom;

(c) cause all wells, machinery, equipment and facilities of any kind now or hereafter located on the Subject Interests, and necessary or useful in the operation thereof for the production of Hydrocarbons therefrom, to be provided and to be kept in good and effective operating condition as would a prudent operator (and without regard to the burden

of the Production Payment), and all repairs, renewals, replacements, additions and improvements thereof or thereto, useful or needful to such end, to be promptly made;

(d) give or cause to be given to Grantee written notice of every material adverse claim or demand made by any person affecting the Subject Interests, the Hydrocarbons produced therefrom, the Production Payment and/or the Production Payment Hydrocarbons in any manner whatsoever, and of any suit or other legal proceeding instituted with respect thereto, the result of which could reasonably be expected to have a material adverse effect on the Subject Interests, the Hydrocarbons produced therefrom, the Production Payment and/or the Production Payment Hydrocarbons, and at Grantor's expense cause all necessary and proper steps to be taken with reasonable diligence to protect and defend the Subject Interests, the Hydrocarbons produced therefrom, the Production Payment and the Production Payment Hydrocarbons against any such adverse claim or demand, including (but not limited to) the employment of counsel for the prosecution or defense of litigation and the contest, release or discharge of such adverse claim or demand;

(e) cause the Subject Interests to be kept free and clear of liens, charges and encumbrances of every character, other than (i) Taxes constituting a lien but not due and payable and (ii) the Permitted Encumbrances;

(f) pay all Taxes when due and before they become delinquent, and reimburse Grantee for any Taxes paid by Grantee as a result of the Production Payment or the Production Payment Hydrocarbons or the production of same;

(g) pay promptly when due and before they become delinquent all operating expenses and all billings under applicable joint operating agreements (except to the extent contested in good faith); and

(h) not resign as operator of any of the Subject Interests operated by Grantor until and unless the successor operator has been approved in writing by Grantee.

10. Capital Expenditures. Grantor agrees to make the monthly capital expenditures up to the amounts referred to on Schedule 2 hereto to drill, complete and equip for production, or recomplete and rework, as the case may be, the wells (including but not limited to necessary field development activities), as a prudent operator (and without regard to the burden of the Production Payment), except when (a) in the three month period immediately prior to the time that such capital expenditures are scheduled to be made the average daily rate of production of Hydrocarbons from all reservoirs attributable to Grantor's net revenue interest in the Subject Interests (excluding any periods of Force Majeure) exceeds the Target Deliveries (as hereinafter defined), and (b) the ratio of Tail Reserves to the quantities remaining to be delivered under the Production Payment

is at least 2 to 1. "Target Deliveries" shall mean a rate of production for each day of each year according to the following schedule:

For Each Day During:	A Rate of Production of Hydrocarbons Equal to:
1992	145 billion Btus
1993	145 billion Btus
1994	140 billion Btus
1995	135 billion Btus
1996 and thereafter	130 billion Btus

The Target Deliveries and the required ratio under clause (b) above are herein collectively referred to as the "Target Delivery and Reserve Tests."

11. Insurance; Damage or Loss.

(a) Grantor shall maintain or cause to be maintained, at its sole cost and expense and with financially sound and reputable insurers reasonably satisfactory to Grantee, insurance covering the Leases and all pipelines, wells and facilities located thereon against liabilities, casualties, risks and contingencies, and in such types as is customary in the case of independent oil companies engaged in operations of similar property, including, without limitation, insurance of the types and coverages described in Schedule 1 hereto and with limits of coverage no less than those set out in Schedule 1. Such insurance shall name Grantee as an additional insured as Grantee's interests appear. Grantor shall furnish certificates of such insurance to Grantee and shall obtain endorsements to such policies providing that the insurer will notify Grantee not less than 30 days prior to the expiration or termination of such policy of insurance.

(b) In the event of any damage to or loss of any flow line, well, equipment or facility on the Leases, Grantor (at no cost to Grantee) shall promptly redrill, rebuild, reconstruct, repair, restore or replace such damaged or lost property, provided that such work shall not be required if to do so would not be economically feasible (without regard to the burden of the Production Payment, but taking into account insurance proceeds and recoveries) or if the Target Delivery and Reserve Tests are then being met.

12. Abandonment of Wells.

(a) Until the termination of the Production Payment, Grantor shall not, without first obtaining the written consent of Grantee, abandon any well heretofore or hereafter completed for production of Hydrocarbons on any of the lands covered by or attributable to the Subject Interests or surrender, abandon or release any Lease or Subject

Interest or any part thereof; provided, however, that, without the consent of Grantee, but subject to the provisions of Section 12(c):

- (i) If and when, in Grantor's reasonable judgment, exercised in good faith and as would a prudent operator not burdened by the Production Payment, a well becomes no longer capable of producing Hydrocarbons in paying quantities (without regard to the burden of the Production Payment) and it would not be economically feasible (without regard to the burden of the Production Payment) to restore the productivity of such well by reworking, reconditioning, deepening, plugging back, or otherwise, Grantor shall have the right to abandon such well.
- (ii) Grantor shall have the right to surrender and release any Subject Interest or part thereof when, in the reasonable judgment of Grantor exercised in good faith and as would a prudent operator not burdened by the Production Payment, there is no well located thereon which is capable of producing Hydrocarbons in paying quantities and the drilling of an additional well thereon would not, in Grantor's reasonable opinion, be economically feasible (without regard to the burden of the Production Payment).

(b) For all purposes of this Agreement, (i) a well shall be deemed to be capable of producing Hydrocarbons "in paying quantities" unless and until there arises a condition which reasonably appears to be permanent, such that the aggregate value of the Hydrocarbons which are being produced or which it reasonably appears will be produced from such well, net of royalties and Taxes but without regard to the burden of the Production Payment, no longer exceeds or will not exceed the costs and expenses directly related to the operation and maintenance of such well (excluding office and management overhead and similar charges), and (ii) the restoration of the productivity of a well or the drilling of a well shall be deemed to be "economically feasible" whenever the aggregate value of the Hydrocarbons which it reasonably appears will be produced from such well, net of royalties and Taxes but without regard to the burden of the Production Payment, will exceed the costs and expenses directly related to such restoration or drilling and the operation and maintenance of such well (excluding office and management overhead and similar charges).

(c) Before abandoning any well or surrendering or releasing any Subject Interest or part thereof, Grantor shall provide written notice to Grantee, describing and offering to assign the applicable well or Subject Interest to Grantee upon Grantee's payment of the net salvage value (if any) attributable to Grantor's interest therein and assumption

of the obligations attributable to Grantor's interest therein. Failure of Grantee to respond to Grantor within 10 days (or within 48 hours if a rig is then on the location as specified in Grantor's notice) after receipt of such notice shall be deemed to be an election by Grantee not to accept such assignment.

13. Drilling of Replacement Wells. Grantor covenants and agrees that, in the event that any well now or hereafter completed for production of Hydrocarbons on any of the lands covered by or attributable to the Subject Interests shall for any reason (other than depletion of the reserves otherwise recoverable from such well) be no longer capable of producing Hydrocarbons in paying quantities, Grantor shall promptly drill an oil and gas well to replace such well, provided that such work shall not be conducted if in Grantor's reasonable judgment, exercised in good faith and as would a prudent operator not burdened by the Production Payment, the drilling of such replacement well would not be economically feasible or if the Target Delivery and Reserve Tests are then being met.

14. Information. At all times from the date hereof until the termination of the Production Payment, Grantor, at its own expense, shall furnish to Grantee the following reports and information at the times indicated below.

(a) Quarterly within 60 days after the end of each fiscal quarter of Grantor and annually within 120 days after the end of each fiscal year of Grantor, Grantor shall furnish Grantor's financial statements as of the end of and for such period, including a balance sheet and statements of income and cash flow, prepared in accordance with generally accepted accounting principles and, with respect to the annual financial statements, accompanied by a report of Grantor's independent certified public accountants stating that their examination was made in accordance with generally accepted auditing standards and that in their opinion such financial statements fairly present Grantor's financial condition, results of operations and changes in financial position in accordance with generally accepted accounting principles consistently applied.

(b) Annually on or before March 31 of each year (commencing with March 31, 1993), Grantor shall furnish to Grantee an engineering report satisfactory to Grantee prepared by DeGolyer & MacNaughton or other independent petroleum engineering consulting firm acceptable to Grantee. Further, on or before March 31 of each year (commencing March 31, 1993) Grantor shall furnish to Grantee its own internally prepared summary of the above-mentioned engineering report but which summary shall also contain a cash flow report. Each such report shall be prepared in accordance with customary and generally accepted standards and practices for petroleum engineers, shall be based on such assumptions as to costs, product prices and similar factors as Grantee shall designate from time to time and shall otherwise be in same format (in form and substance) as the D&M report. The initial reports (due on or before March 31, 1993) shall be as of January 1, 1993; and subsequent reports shall be as of January 1 of the respective year.

Grantee shall also be furnished a copy of any reserve report prepared for Grantor by any independent petroleum engineering firm covering the Subject Interests. Each report prepared by a third party petroleum engineering firm shall incorporate all current information and data available to Grantor pertinent to the estimation of oil and gas reserves attributable to Subject Interests and shall set forth an estimation of the oil and gas reserves, classified by appropriate categories, as of such date attributable to the Subject Interests and a projection of the rate of production of such reserves.

The updated reports prepared by Grantor shall use the same parameters and assumptions as the report prepared by the third party engineering firm and shall set forth, in addition to the above information:

- (i) the projected net cash flow (before income taxes) from such reserves;
- (ii) a calculation of the present worth of such cash flow from such reserves;
- (iii) a calculation of the present worth of such cash flow discounted at a rate or rates designated from time to time by Grantee; and
- (iv) a schedule or complete description of all assumptions, estimates and projections made or used in the preparation of such report, including without limitation estimated future product prices, capital expenditures, operating expenses and taxes.

(c) Upon request of Grantee, but not more often than semi-annually, Grantor shall furnish reports concerning the expediency of any change in methods of treatment or operation of all or any Subject Wells and productive of Hydrocarbons, any new drilling or development, any method of secondary recovery by repressuring or otherwise, or any other action with respect to the Subject Interests, the decision as to which may increase or reduce the quantity of Hydrocarbons ultimately recoverable from the Subject Interests, or the rate of production therefrom, or which may shorten or prolong the period of time required for liquidation of the Production Payment.

(d) Monthly, Grantor shall furnish a report showing the gross production of Hydrocarbons from each Subject Well or Property, the gross production of Hydrocarbons attributable to the Subject Interests (including any thereof used in lease operations), the quantity of Hydrocarbons sold for Grantor's account or taken in kind by Grantor, the quantity of Production Payment Hydrocarbons sold for Grantee's account, and the quantity of Production Payment Hydrocarbons delivered in kind to Grantee and disposed of by Grantee, the Taxes paid by Grantor on production from the Subject Interests (including the

Production Payment) or deducted from or paid out of such proceeds, the current status of any Gas imbalances, if any, affecting the Subject Interests, the cumulative amount of Hydrocarbons remaining to be delivered pursuant to the Production Payment, and the number of wells operated, wells drilled and wells abandoned.

(e) Upon request, Grantor shall make available to Grantee for inspection at Grantor's offices originals or copies of surface maps showing property lines and well locations, well logs, core analysis data, flow and pressure tests, natural gas analysis and casing programs and other similar information related to the Subject Interests, Subject Wells and the production therefrom. Grantee agrees to hold such information confidential unless such information is already in the public domain or is required to be disclosed by a court or governmental agency or authority.

(f) Quarterly, a certificate executed by an officer of Grantor certifying that to the best of his knowledge after reasonable investigation Grantor is in compliance in all material respects with the terms of the Conveyance and this Agreement, or if not, specifying in reasonable detail any exceptions thereto.

(g) Upon request, Grantor shall furnish such other information as Grantee may reasonably request.

15. Access to Subject Interests. Grantor shall permit the duly authorized representatives of Grantee, at any reasonable time, but at Grantee's risk and expense, to make such inspection of the Subject Interests and the property, machinery, equipment and facilities used in the operation thereof as such representatives shall deem proper.

16. Remedies of Grantee; Mortgage and Security Interest. At any time and from time to time until the termination of the Production Payment, if Grantor shall fail to perform or observe any of the covenants or agreements provided herein or in the Conveyance to be performed or observed by Grantor, Grantee, in addition to Grantee's right to recover damages and all other remedies available to Grantee at law or in equity, may, if such failure shall continue unremedied after 15 days after written notice thereof is delivered to Grantor:

(a) perform or cause to be performed on behalf of and at the expense of Grantor, any obligation which has not been performed or observed by Grantor, including, without limitation, transportation of Production Payment Hydrocarbons to the Delivery Points and any and all obligations of Grantor under the Exchange Agreement, in which event Grantee may advance funds and incur and pay bills for expenses for such purposes and shall be reimbursed out of the proceeds attributable to Grantor's interest in the Subject Interests, together with interest on the unpaid amounts thereof at the Floating Rate, from

the date of such advance or payment by Grantee until the date reimbursed by Grantor; and/or

(b) upon written notice to Grantor, succeed to and exercise any and all rights of the Grantor with respect to the possession, operation and development of the Subject Interests, and use in connection therewith all property of Grantor as may be useful or appropriate for the production, treating, storing or transportation of Hydrocarbons or other minerals, and all other properties and rights of a similar character then held by Grantor and situated upon or useful or held for future use in connection with the exploration, development or operation of the Subject Interests for the production, treating, storing or transportation of Hydrocarbons or other minerals, and Grantee shall have the right on behalf and for the account of Grantor, to sell and utilize all of the Hydrocarbons attributable to Grantor's interest in the Subject Interests and to apply the proceeds thereof to the costs and expenses of the exploration, development and operation of the Subject Interests and the production, treating, storing or transportation of Hydrocarbons or other minerals, and to reimburse Grantee for any amounts so expended by Grantee, and Grantor shall reimburse Grantee upon demand for all amounts so expended by Grantee, to the extent such amounts are not paid out of Grantor's interest in the proceeds of such Hydrocarbons, together with interest on such amounts at the Floating Rate; and/or

(c) pay any of the costs, expenses, Taxes (which Taxes are not being contested in good faith by the Grantor) or other amounts which Grantor has agreed to pay under the Conveyance which have become delinquent, and to be reimbursed out of the proceeds of the Hydrocarbons attributable to the Grantor's interest in the Subject Interests, together with interest on the unliquidated amounts thereof, at the Floating Rate from the date of such payment; and/or

(d) apply to a court of equity for the specific performance or observance of any such covenant or condition and in aid of the execution of any power herein granted and for the appointment of a receiver of the Subject Interests and the Hydrocarbons produced therefrom.

Subject in all respects to the provisions of Section 22 below, in order to secure payment of all amounts advanced or paid by Grantee under this Section 16 and to secure performance by Grantor of all of its other covenants, agreements, warranties and representations under (i) this Agreement, (ii) Section 7.06 of the Purchase and Sale Agreement of even date herewith between Grantor and Grantee (the "Purchase and Sale Agreement") and (iii) the Hydrocarbon Exchange Agreement of even date herewith between Grantor and Grantee (the "Exchange Agreement"), as such agreements may be modified or amended from time to time (all of such payment and performance obligations being hereinafter collectively referred to as the "Operating and Producing Obligations"), Grantor hereby mortgages, warrants and grants to Grantee a lien and security interest in all of

Grantor's interest in the Subject Interests (all of which Subject Interests are more fully described in the exhibits attached to this Agreement and any amendments or modifications to this Agreement executed from time to time) and in Grantor's interest in all equipment, fixtures, inventory, goods, accounts, contract rights (including all rights in or under the Permitted Encumbrances, including those that are listed in the exhibits hereto), general intangibles and all other (real, personal and mixed) property now owned or hereafter acquired, insofar as the same (i) are located on the leases, operating rights and mineral interests more fully described in the exhibits to this Agreement and any amendments or modifications to this Agreement executed from time to time (the "Leases"), or (ii) are used in connection with, or relate to the ownership or operation of, the Leases or Subject Interests, or (iii) arise out of the sale or other conveyance of oil, gas or other minerals produced and saved from the Subject Interests, together with any and all products and proceeds of any of the foregoing; provided, however, that the total amount (liquidated or unliquidated) of Operating and Producing Obligations secured hereby shall never exceed \$25,000,000 at any time. In furtherance of the foregoing, Grantor hereby bargains, sells, transfers, assigns, sets over and delivers to the Grantee a security interest, in, all of the Hydrocarbons and the proceeds therefrom, produced and to be produced from the Subject Interests from and after the date hereof, and Grantor hereby authorizes and empowers the Grantee to demand, collect and receive said Hydrocarbons, and the proceeds therefrom, produced and to be produced from the interests of Grantor in said Subject Interests, and to execute any release, receipt, division order, transfer order and relinquishment or other instrument that may be required or necessary to collect and receive such production or the proceeds therefrom and Grantor hereby authorizes and directs all pipeline companies, gathering companies and others purchasing Hydrocarbons or having in their possession any Hydrocarbons or the proceeds therefrom, to pay and deliver to the Grantee all such Production Payment, Hydrocarbons or proceeds therefrom accruing. The mortgage, lien and security interest granted hereby shall be subject only to the Permitted Encumbrances and Grantor shall not create or suffer to exist any mortgage, lien and security interest superior to those granted hereby, except for the Permitted Encumbrances. Grantee shall be entitled to all rights and remedies of a mortgagee and secured party under the laws of the state in which the Subject Interests are located and all such other rights as may exist at law or in equity. Specifically, Grantee shall be authorized and empowered to sell the Subject Interests, or any part thereof pursuant to a power of sale expressly granted by Grantor to Grantee under the laws of the State of Wyoming, including without limitation Section 34-4-101 et seq., Wyoming Statutes Annotated, 1977 republished edition (1989 Supp.) or any successor statute. Further, in order to enforce the security interests granted hereby, Grantee may proceed under the Uniform Commercial Code as in effect in Wyoming (the "UCC") as to all or any part of the property and rights subject to the lien hereof and may exercise all of the rights, remedies and powers of a secured party under the UCC, including without limitation the right and power to sell at public or private sale or sales or otherwise dispose of, lease or utilize such property and any part thereof in any manner authorized or permitted under the UCC in such order or manner as Grantee may elect.

Any purchaser of Hydrocarbons from or attributable to the Subject Interests is authorized and directed to make payment to Grantee out of the Hydrocarbons attributable to Grantor's interest in the Subject Interests for any amount which Grantee shall certify to such purchaser that it has paid and which Grantor is obligated to pay hereunder. In the event any amounts paid over to Grantee in accordance with the terms of this Section 16 include proceeds attributable to the royalty and overriding royalty interests taken into account in determining Grantor's net revenue interest in the Subject Interests as set forth on Exhibit A to the Conveyance, Grantee will account to the owners of such royalty and overriding royalty interests for any proceeds attributable to such interests actually received by Grantee, provided that Grantor has provided Grantee in a timely fashion complete and accurate information to enable Grantee to make such payments. In the event any Taxes are payable and have not been deducted on any amounts paid over to Grantee pursuant to the terms of this Section 16, Grantee will pay the Taxes due on such proceeds. Any insurer is authorized and directed to make payment to Grantee of proceeds of insurance described in Section 11(a) hereof for any amount which Grantee shall certify to such insurer that it has expended in redrilling, rebuilding, reconstructing, repairing, restoring or replacing damaged or lost property which Grantor has failed or refused to do promptly pursuant to Section 11(b) hereof. For purposes of more fully effecting the assignment made under this Section 16 and continuing the rights of Grantee thereunder, the Grantor hereby appoints Grantee as its attorney-in-fact to pursue any and all rights, remedies and payments (including attorneys' fees and interest) under Sections 30-5-301 through 30-5-305, Wyoming Statutes Annotated, 1977 Republished Edition (1989 Supp.), or any successor statutes, in respect of the Hydrocarbons and proceeds therefrom, including, but not limited to, proceeds accruing prior to the effective date of the assignment contained in this Section 16. The power of attorney granted to Grantee under this Section 16, being coupled with an interest, shall be irrevocable so long as the Production Payment remains in effect.

If and to the extent any Operating and Producing Obligations are not performed or discharged by Grantor, and Grantee, or any third party on behalf of Grantee, advances amounts therefor in excess of \$25,000,000 that have not been repaid or otherwise discharged, such outstanding amounts in excess of \$25,000,000 (herein called "Excess Unpaid Operating and Producing Obligations") shall be a general unsecured demand obligation of Grantor to Grantee, provided however, in the event there exists at any time Excess Unpaid Operating and Producing Obligations, Grantee shall have the right to reduce such Excess Unpaid Operating and Producing Obligations by electing to convert same to Basis Adjustment Amounts under the Conveyance in the following manner:

(a) Grantee shall give notice to Grantor of the existence of Excess Unpaid Operating and Producing Obligations with a verified and sworn statement reflecting how such amounts were computed and showing when and for what items of cost or expense the amounts were paid or advanced hereunder by Grantee;

(b) Grantee shall also notify Grantor that Grantee desires to convert the Excess Unpaid Operating and Producing Obligations to Basis Adjustment Amounts under the Conveyance, which notice shall specify the amount to be converted and the effective date of such conversion, which effective date shall be the first day of a Month;

(c) Unless Grantor can show to Grantee's reasonable satisfaction that the amounts to be so converted are incorrect or have been improperly computed, Grantor shall agree to add such amount to the Basis Adjustment Amount set forth in clause (d) of the definition of Basis Adjustment Amount in the Conveyance;

(d) Grantor and Grantee shall execute, acknowledge and deliver an amendment to the Conveyance, in proper recordable form, as is necessary to reflect the addition of the converted Excess Unpaid Operating and Producing Obligations to Basis Adjustment Amounts in accordance with the foregoing provisions; and

(e) The Excess Unpaid Operating and Producing Obligations under the Agreement shall thereupon be reduced by the amount added to the Basis Adjustment Amount under the Conveyance; and thereafter such converted amount shall not be thereafter subject to the lien or the other rights of Grantee under this paragraph 16.

It is understood and agreed that regardless of whether Grantee elects to convert any Excess Unpaid Operating and Producing Obligations to Basis Adjustment Amounts in accordance with the foregoing, the total amount secured by the mortgage, lien and security interest granted herein, as to Grantor, shall in no event exceed the lesser of (i) the full amount of the Operating and Producing Obligations, and (ii) \$25,000,000 in the aggregate from time to time outstanding, and if Grantee (or any successor) forecloses the mortgage, lien and security interests created hereby, (a) only those amounts secured by the lien foreclosed may be realized by virtue of the foreclosure and any amounts realized by said foreclosure in excess of the lesser of (i) the full amount of the Operating and Producing Obligations and (ii) \$25,000,000, shall be paid to Grantor, (b) any Excess Unpaid Operating and Producing Obligations shall continue as a general unsecured demand obligation of Grantor, and (c) the Production Payment shall continue in force and effect and the respective successors of Grantor and Grantee shall thereupon be bound by the provisions hereof and the mortgage, lien and security interests granted herein shall secure all obligations of Grantor's successors owed to Grantee or its successors. In addition to the foregoing, Grantor may at any time request that Grantee fully release the lien, mortgage and security interest granted hereunder, and Grantee may in its sole and exclusive judgment grant or disallow each such request; provided, however, Grantee shall have no obligation whatsoever, express or implied, to grant any such request.

17. Force Majeure. In the event of either party being rendered unable, in whole or in part, by Force Majeure to carry out its obligations under this Agreement other than

to make payments due hereunder, it is agreed that on such party giving notice and full particulars of such Force Majeure in writing or by telecopy to the other party as soon as possible after the occurrence of the cause relied on, then the obligations of the party giving such notice, so far as they are affected by such Force Majeure, shall be suspended during the continuance of any inability so caused but for no longer period, and such cause shall as far as possible be remedied with all reasonable dispatch.

18. Notices. All notices, requests, demands, instructions and other communications required or permitted to be given hereunder shall be in writing and shall be delivered personally, mailed by certified mail, postage prepaid and return receipt requested or sent by telecopier, as follows:

19. Applicable Law. **THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF WYOMING, EXCEPT TO THE EXTENT THE LAWS OF ANY OTHER STATE ARE MANDATORILY APPLICABLE.**

20. Indemnity. It is understood and agreed that under neither this Agreement nor the Conveyance does Grantee assume or shall Grantee ever be liable or responsible in any way for the payment of any costs, expenses or liabilities incurred in connection with developing, exploring, drilling, equipping, testing, operating, producing, maintaining or plugging and abandoning the Subject Interests or any well or facility thereon or storing, handling, treating or transporting to the Delivery Points production therefrom. Grantor shall fully defend, protect, indemnify and hold Grantee, its officers, employees, representatives and agents harmless from and against any and all claims, demands, suits and causes of action of every kind and character, including reasonable attorneys' fees and costs of defense, which may be made or asserted by any third party or governmental agency or entity, or by Grantor, Grantor's employees, agents, contractors and subcontractors and their respective employees and agents, on account of

(a) any breach of the provisions of this Agreement, the Conveyance, the Exchange Agreement or any other document or instrument executed in connection herewith or therewith, and

(b) personal injury, death or property damage (including, without limitation, claims or liabilities of any kind related to pollution and environmental damage), any civil or criminal fines or penalties and any public or private causes of action alleging statutory liability, relating to, arising out of, or in any way incidental to the Subject Interests, the wells and facilities thereon or used in connection therewith, the operation thereof and the production therefrom,

whether through an act or omission of Grantee or any other party hereto or otherwise, and whether or not arising out of the sole, joint or concurrent negligence, fault or strict liability of Grantee or any other person or entity indemnified hereunder. This indemnity shall apply, without limitation, to any liability imposed upon any party indemnified hereunder as a result of any statute, rule, regulation or theory of strict liability. Further, the provisions of this Section 20 shall survive the termination of this Agreement, the Production Payment or any other document or instrument delivered in connection herewith or therewith.

21. Successors and Assigns. All the covenants and agreements of Grantor and Grantee herein contained shall be deemed to be covenants running with the land and shall be binding upon the successors and assigns of Grantor's interest in the Subject Interests and Grantee's interest in the Production Payment and shall inure to the benefit of Grantor, Grantee, and their respective successors and permitted assigns. The foregoing notwithstanding, nothing herein is intended to modify or shall have the effect of modifying the restrictions on assignment set forth in the Conveyance regarding mortgage, assignments, transfer or pooling of Grantor's interest in the Subject Interests; and the preceding sentence shall not be deemed to permit any assignment or other transfer of the interest of Grantor in any of the Subject Interests that is not specifically permitted by the provisions of the Conveyance. Nothing contained in this instrument or in the Conveyance shall in any way limit or restrict the right of Grantee, or Grantee's successors and assigns, to sell, convey, assign or mortgage the Production Payment or its rights under this Agreement in whole or in part. If Grantee, or Grantee's successors and assigns, at any time shall execute a mortgage, pledge or deed of trust covering all or any part of the Production Payment as security for any obligation, the mortgagee, the pledgee or the trustee therein named or the holder of the obligation secured thereby shall be entitled, to the extent such mortgage, pledge or deed of trust so provides and upon the occurrence or existence of the event or condition therein stated, if so conditioned, to exercise all of the rights, remedies, powers and privileges herein conferred upon Grantee, and to give or withhold all consents herein required or permitted to be obtained from Grantee. Further, all representations, warranties, covenants, agreements and indemnification provisions hereof (including without limitation those given in paragraph 20 above) shall inure to the benefit of (and may be directly enforced against Grantor by) any successor, assign, lender, pledgee or mortgagee of Grantee.

22. Damages. It is recognized that Grantee will look solely to the Production Payment Hydrocarbons for satisfaction and discharge of the Production Payment (including any Basis Adjustment Amount), and that Grantor is not personally liable for the payment and discharge thereof. However, the foregoing provision shall not relieve Grantor of any obligations under this Agreement or any obligation that gives rise to damages for any breach of any of the express or implied provisions hereof or of the Conveyance, the Purchase and Sale Agreement or the Exchange Agreement.

23. Cost of Litigation. In the event of a breach of this Agreement the Conveyance, the Purchase and Sale Agreement or the Exchange Agreement, or if a dispute is not resolved by mutual agreement, and either party should sue the other party to enforce its rights or for breach of any such agreement or for any other dispute, the party prevailing in such litigation shall be entitled to recover its costs and reasonable attorneys' fees in addition to any other remedy or recovery to which it may be entitled.

24. Entire Agreement; Amendments; Waiver. This Agreement, the Conveyance, the Purchase and Sale Agreement, the Exchange Agreement and any other documents delivered in connection herewith or therewith constitute the entire agreement between the parties hereto. This Agreement may not be amended and no rights hereunder may be waived except by a written document signed by the duly authorized representatives of the parties. No waiver of any of the provisions of this Agreement shall be deemed to be or shall constitute a waiver of any other provisions hereof (whether or not similar), nor shall such waiver constitute a continuing waiver unless otherwise expressly provided.

25. Headings. The headings of the sections of this Agreement are for guidance and convenience of reference only and shall not limit or otherwise affect any of the terms or provisions of this Agreement.

26. Counterpart Execution. This Agreement may be executed by Grantor and Grantee in any number of counterparts, each of which shall be deemed an original instrument, but all of which shall constitute but one and the same Agreement.

27. Partial Invalidity. Except as otherwise expressly stated herein, in the event any provision contained in this Agreement shall for any reason be held invalid, illegal or unenforceable by a court or regulatory agency of competent jurisdiction by reason of a statutory change or enactment, such invalidity, illegality or unenforceability shall not affect the remaining provisions of this Agreement.

(d) All amounts, sums, revenues and income which become payable to Grantor from any of the Mortgaged Properties (including after-acquired properties) or under any contract, present or future, relating to any gas pipeline system and processing plant or unit now or hereafter constituting a part of the Mortgaged Properties; and

(e) All of Grantor's rights, title and interest in and to any equipment, inventory accounts, general intangibles and any and all other personal property of Grantor of any kind or character.

The office where the records of Grantor with respect to the Mortgaged Properties are kept is located at 1400 Smith Street, Suite 2983-A, Houston, TX 77002, and Grantor agrees that the place at which such records are kept will not be changed without thirty (30) days' prior written notice to Agent.

Provided, however, Grantor shall be entitled to receive and collect all amounts, sums, revenues and income attributable to the Mortgaged Properties until the Agent shall have instructed such pipeline companies, gathering companies, and other production purchasers and other Persons owing moneys to Grantor that an Event of Default has occurred and to deliver the Production Payment Hydrocarbons and Proceeds therefrom directly to the Agent (which instructions shall be given only after the occurrence of any Event of Default), and such pipeline companies, gathering companies, production purchasers and other Persons owing moneys to Grantor shall be fully protected in delivering the same to the Agent.

6.2 Authorization. Grantor hereby authorizes and directs that all such pipeline companies, purchasers, transporters and other Persons owing moneys to Grantor under contracts herein assigned, pay such amounts direct to the Agent upon receipt of notice from the Agent that an Event of Default has occurred as follows:

Texas Commerce Bank National Association, as
 Administrative Agent
 712 Main Street
 Houston, Texas 77002
 Attention: Loan Operations Division

and such authorization shall continue until this Mortgage is released. No notice or verification from Grantor shall be required. The Agent is authorized to collect and receive all such amounts and no party making payment shall have any responsibility to see to the application of any funds paid to the Agent, but shall be fully protected in making such payment to the Agent under the assignments herein contained. Should the Agent bring suit against any Person for collection of any amounts or sums included within this assignment (and the Agent for the benefit of the Noteholders shall have the right to bring any such suit) it may sue either in its own name or in the name of Grantor.

6.3 Transfer Orders, etc. Independent of the foregoing provisions and authorities herein granted, Grantor agrees to execute and deliver any and all transfer orders, payment orders, division orders and other instruments that may be requested by the Agent or that may be required by any purchaser of the Production Payment Hydrocarbons for the purpose of effectuating payment of the proceeds of runs to the Agent. If under any existing sales agreements, other than division orders or transfer orders, any proceeds of runs are required to be paid by the purchaser to Grantor so that under such existing agreement payment cannot be made of such proceeds of runs to Agent, Grantor's interest in all proceeds of runs under such sales agreements and in all other proceeds of runs which for any reason may be paid to Grantor shall, when received by Grantor, constitute trust funds in Grantor's hands and shall be immediately paid over to the Agent for the benefit of the Noteholders.

6.4 Collection of Proceeds; Lien Rights; Rights to Timely Payments. Grantor authorizes and empowers the Agent, on behalf of the Noteholders, to receive, hold and collect all sums of money paid to the Agent in accordance with this assignment and to apply the same as is hereinafter provided, all without any liability or responsibility on the part of the Agent or the Noteholders, save as to good faith in so receiving and applying said sums. All payments provided for in this assignment shall be paid promptly to the Agent, and any provision contained in any note or notes evidencing said indebtedness or any part thereof to the contrary notwithstanding, the Agent may apply the same or so much thereof

as it elects to the payment of Secured Obligations, application to be made in such manner as it elects, regardless of whether the application so made shall exceed the payments of principal and interest then due as provided in the note or notes evidencing said indebtedness. After such application has been so made by the Agent, the balance of any such payment or payments remaining shall be paid to Grantor. It is understood and agreed that should said payments provided for by this assignment be less than the sum or sums then due on said indebtedness, such sum or sums then due shall nevertheless be paid by Grantor in accordance with the provisions of the Notes or other instrument or instruments evidencing Secured Obligations and neither this assignment nor any provision herein contained shall in any manner be construed to affect the terms and provisions of said Notes or other Loan Documents. Likewise, neither this assignment nor any provision herein contained shall in any manner be construed to affect the lien, rights and remedies herein granted securing the Secured Obligations nor Grantor's liability therefor. The rights under this assignment are cumulative of the other rights, remedies and powers granted under this Mortgage and are cumulative of any other security which the Agent, for the benefit of the Noteholders or the Noteholders individually now hold or may hereafter hold to secure the payment of said Secured Obligations. The Grantor hereby appoints the Trustee and the Agent as its attorneys-in-fact to pursue any and all rights of the Grantor to liens on and security interests in the Production Payment Hydrocarbons securing payment of proceeds to runs attributable to the Production Payment Hydrocarbons, including, but not limited to, those liens and security interests provided for by Section 34.1-9-319 Wyoming Statutes Annotated, 1977 Republished Edition (1991), or any successor statute. In addition to the rights granted to the Trustee and the Agent in Article I hereof, the Grantor hereby further transfers and assigns to the Trustee and the Agent any and all such liens, security interests, financing statements or similar interests of the Grantor attributable to its interest in the Production Payment Hydrocarbons and proceeds of runs therefrom arising or created by said statutory provision, judicial decision or otherwise. For purposes of more fully effecting the assignment made under this Article VI and continuing the rights of Agent and Trustee thereunder, the Grantor hereby appoints Trustee and Agent as its attorneys-in-fact to pursue any and all rights, remedies and payments (including attorneys' fees and interest) under Sections 30-5-301 through 30-5-305, Wyoming Statutes Annotated, 1977 Republished Edition (1989 Supp.), or any successor statutes, in respect of the Production Payment Hydrocarbons and proceeds therefrom, including, but not limited to, proceeds accruing prior to the effective date of the assignment contained in this Article VI, in Section 6.1. The powers of attorney granted to Trustee and Agent under this Section 6.4, being coupled with an interest, shall be irrevocable so long as the Secured Obligations or any part thereof remains unpaid.

6.5 Change of Purchaser. Should any Person now or hereafter purchasing or taking Production Payment Hydrocarbons fail to make

payment promptly to the Grantor or Agent or the Noteholders of the hereby assigned Proceeds of runs, the Agent or the Noteholders shall have the right to make, or to require Grantor to make, a change of connection and the right to designate or approve the purchaser with whose facilities a new connection shall be made, without liability or responsibility in connection therewith, so long as ordinary care is used in making such designation, and Grantor agrees to pay to the Agent for the benefit of the Noteholders the amount of any proceeds of runs not promptly paid to the Agent by any person having responsibility for payment thereof.

6.6 No Liability. The Agent and all Noteholders and their successors and assigns are hereby absolved from all liability for failure to enforce collection of the Proceeds of runs and from all other responsibility in connection therewith, except the responsibility to account to Grantor for funds actually received. Grantor agrees to indemnify and hold harmless the Agent, Noteholders and the Trustee against any and all liabilities, actions, claims, judgments, costs, charges and attorneys' fees by reason of the assertion that it received either before or after payment in full of the Secured Obligations funds from the production of Production Payment Hydrocarbons claimed by third Persons, and the Agent, Noteholders and the Trustee shall each have the right to defend against any such claims or actions, employing attorneys of their own selection, and if not furnished with indemnity satisfactory to them, they shall have the right to compromise and adjust any such claims, actions and judgments, and in addition to the rights to be indemnified as herein provided, all amounts paid by the Agent, Noteholders or the Trustee in compromise, satisfaction or discharge of any such claim, action or judgment, and all court costs, attorneys' fees and other expenses of every character incurred by the Trustee or Agent or the Noteholders pursuant to the provisions of this section shall be a demand obligation owing by Grantor, shall bear interest from date of expenditure until paid at the same rate as is provided in the Note for interest on past due principal, and shall be a part of the Secured Obligations.

6.7 Cumulative Remedies. Nothing herein contained shall detract from or limit the absolute obligation of Grantor to make promptly payment of the Notes, of all amounts owing thereon, and of all amounts owing hereunder at the time and in the manner provided in the Notes or provided herein, regardless of whether the proceeds herein assigned are sufficient to pay the same, and the rights under this assignment shall be cumulative of all other security of any and every character now or hereafter existing to secure the payment of the Notes and all other Secured Obligations. Moneys received under the assignments herein contained shall not be deemed applied to payment of the Secured Obligations unless and until such funds are actually applied to the Secured Obligations. The Noteholders may, in their sole discretion, permit funds received by it to be returned to Grantor (rather than applied to

Grantor's indebtedness) by deposit to its account for use in Grantor's operations.

ARTICLE VII

Possession Until Default; Defeasance

7.1 Possession. Unless an Event of Default (as defined in Article IX hereof) shall occur and continuing, Grantor shall retain full right to the Mortgaged Properties (except the Proceeds of runs assigned under Article VI hereof upon the Agent's notice provided for therein), subject, however, to all of the terms and provisions of this Mortgage.

7.2 Release. If all of the Secured Obligations are paid or performed in full, and if the covenants, warranties, undertakings and agreements made in this Mortgage and the Credit Agreement are kept and performed then and in that event only all rights under this Mortgage shall terminate and the properties hereby conveyed shall become wholly clear of the liens, conveyances and assignments evidenced hereby, and such liens shall be released by the Noteholders in due form at Grantor's cost; provided, however, that Grantor's obligation to indemnify and hold harmless the Trustee, the Agent and the Noteholders, as provided for in this Mortgage, shall survive any such termination.

ARTICLE VIII

Waiver and Partial Release

8.1 Waiver and Consent. The Agent may, at any time and from time to time and without joinder of the Trustee or the Noteholders:

(a) Waive compliance by Grantor with any covenant herein made by Grantor to the extent and in the manner specified in such writing;

(b) Consent to Grantor's doing any act which hereunder Grantor is prohibited from doing, or to Grantor's failing to do any act which hereunder Grantor is required to do, to the extent and in the manner specified in writing; or

(c) Release any part of the Mortgaged Properties, or any interest therein, or any Proceeds of runs from the lien of this Mortgage.

No such act by the Agent shall in any way impair the rights of the Noteholders hereunder except to the extent specifically agreed to by the Agent in such writing. Nothing contained in this

Mortgage shall in any way limit the rights of the Banks against the Agent pursuant to the Credit Agreement.

8.2 No Impairment. The lien and other security rights of the Noteholders hereunder shall not be impaired by any indulgence, including but not limited to:

(a) Any forbearance, renewal, extension, modification, or rearrangement (whether one or more) which the Noteholders, through the Agent, may grant with respect to any Secured Obligations; or

(b) Any surrender, compromise, release, renewal, extension, exchange or substitution which the Noteholders may grant in respect of any item of the Mortgaged Properties or any part thereof or any interest therein, or any of the Proceeds of runs; or

(c) Any release or indulgence granted to any endorser, guarantor or surety of any Secured Obligations.

ARTICLE IX

Event of Default and General Remedies

9.1 Default. An event of default shall occur hereunder upon the occurrence of any of the "Events of Default" as defined in the Credit Agreement (hereinafter an "Event of Default").

9.2 Application of the Proceeds of Sale. The Proceeds of any sale held by the Trustee, the Agent or any receiver or public officer in foreclosure of the liens evidenced hereby shall be applied:

FIRST, to the payment of all necessary costs and expenses incident to such foreclosure sale, including but not limited to expenses of advertising, sale and conveyance and all court costs and charges of every character in the event foreclosed by it, and a reasonable fee to the Trustee acting under the provisions of Article X if foreclosed by the Trustee by power of sale as provided in said section, not exceeding ten percent (10%) or such fee as is provided by General Law for foreclosure by the Trustee, to be estimated upon the amount realized at such sale.

SECOND, to the payment of the Secured Obligations in such order as the Agent may elect, including attorneys' fees, which shall be cumulative of the Trustee's fee hereinabove provided for and shall be due and payable whether the lien of this Mortgage be foreclosed by sale or by judicial process; and

THIRD, the remainder, if any there shall be, shall be paid to Grantor or to Grantor's representative, successors or assigns.

9.3 Noteholders' Right to Purchase. The Noteholders shall have the right to become the purchaser at any sale held by any court, Trustee or substitute or successor trustee or by any receiver or public officer, and any of the Noteholders shall have the right to credit upon the amount of the bid made therefor, to the extent necessary to satisfy such bid, the Secured Obligations owing the such Noteholder or if such Noteholder holds less than all of the Secured Obligations, the pro rata part thereof owing to such Noteholder, accounting to all Noteholders not joining in such bid in cash for the portion of the bid or bids apportionable to such nonbidding Noteholder or Noteholders.

9.4 Remedies Cumulative. All remedies herein expressly provided for are cumulative of any and all other remedies existing at law or in equity, and the Trustee, the Agent and the Noteholders shall, in addition to the remedies herein provided, be entitled to avail themselves of all such other remedies as may now or hereafter exist at law or in equity for the collection of said indebtedness and the enforcement of the covenants herein and the foreclosure of the liens evidenced hereby, and the resort to any remedy provided for hereunder or provided for by law shall not prevent the concurrent or subsequent employment of any other appropriate remedy or remedies.

9.5 No Waiver. The Agent or Noteholders may resort to any security given by this Mortgage or to any other security now existing or hereafter given to secure the payment of the Secured Obligations, in whole or in part, and in such portions and in such order as may seem best to the Noteholders in their sole and uncontrolled discretion, and any action shall not in any way be considered as a waiver of any of the rights, benefits or liens evidenced by this instrument.

9.6 Power of Attorney. If an Event of Default shall have occurred and be continuing, Grantor will, upon request of the Trustee or the Agent, execute and deliver to such person or persons as may be designated by the Trustee or the Agent appropriate powers of attorney to act for and on behalf of Grantor in all transactions of Grantor with any federal or state agency relating to any of the Mortgaged Properties.

9.7 Entering Mortgage Properties. Upon the occurrence of an Event of Default, the Trustee, the Agent, or any of them, are authorized prior or subsequent to the institution of any foreclosure proceedings to enter upon the Mortgaged Properties, or any part thereof, and to exercise without interference from Grantor any and all rights which Grantor has with respect to the management, possession and operation of the Mortgaged Properties.

All costs, expenses and liabilities of every character incurred by the Trustee or the Agent in managing, operating and maintaining such properties, including, without limitation, costs of additional drilling and reworking, whether successful or unsuccessful, shall constitute a demand obligation owing by Grantor and shall draw interest at the same rate as is provided in the Note for interest on past due principal until paid, all of which shall constitute a portion of the Secured Obligations.

9.8 Performance by Agent. Upon the occurrence of an Event of Default, if Grantor should fail to comply with any of the covenants or obligations of Grantor hereunder, then the Agent on behalf of the Noteholders, or the Trustee may perform the same for the account and at the expense of Grantor but shall not be obligated so to do, and any and all expenses incurred or paid in so doing shall be payable by Grantor to the Agent with interest at the same rate as is provided in the Notes for interest on past due principal from the date when same was so incurred or paid, and the amount thereof shall be payable on demand, and shall be secured by and under this Mortgage, and the amount and nature of such expense and the time when paid shall be fully established by the affidavit of the Agent or any officer or agent thereof, or by the affidavit of the Trustee; provided, however, that the exercise of the privileges granted in this paragraph shall not be considered or constitute a waiver of the right of the Agent upon the happening of an Event of Default hereunder to declare the Secured Obligations to be at once due and payable but is cumulative of such right and all other rights herein given.

9.9 Appointment of Receiver. This instrument shall be effective as a mortgage as well as a deed of trust and may be foreclosed as to any of the Mortgaged Properties covered hereby in any manner permitted by the General Laws of any state in which any part of the Mortgaged Properties is situated, and any foreclosure suit may be brought by the Trustee or by the Agent on behalf of the Noteholders. In addition to all other remedies herein provided for, Grantor agrees that after an Event of Default has occurred the Trustee or the Agent on behalf of the Noteholders shall as a matter of right be entitled to the appointment of a receiver or receivers to be designated by the Trustee or the Agent for all or any part of the Mortgaged Properties, whether such receivership be incident to a proposed sale of such property or otherwise, and Grantor does hereby consent to the appointment of such receiver or receivers, agrees not to oppose any application therefor by the Trustee or the Agent and agrees that such appointment shall not affect the rights of the Trustee or the Agent pursuant to this Mortgage.

ARTICLE X

Remedies

10.1 Sale of Mortgaged Properties. Upon the occurrence of an Event of Default, and subject to the terms of the Credit Agreement, the Trustee, his successor or substitute, upon the written request of the Agent, or the Agent shall be authorized and empowered and it shall be his special duty to sell the Mortgaged Properties or any part thereof, the power of sale permitted and provided for by statute being expressly granted to the Trustee and/or Agent by Grantor. Such sale may be at one or more sales, as an entirety or in parcels, as the Trustee may elect (or as required by General Law), at such place or places and otherwise in such manner and upon such notice as may be required by law, or, in the absence of any such requirement as the Trustee or Agent may deem appropriate.

Upon the occurrence of an Event of Default, the Trustee, his successor or substitute and/or the Agent, in lieu of or in addition to exercising the power of sale herein above given, shall have the right and power to proceed by suit or suits in equity or at law, whether for the specific performance of any covenant or agreement of Grantor herein contained or in aid of the execution of any power herein granted, or for foreclosure or the sale of the Mortgaged Properties or any part thereof under the judgment or decree of any court of competent jurisdiction, or for the enforcement of any other appropriate legal or equitable remedy. In the event the Agent shall request the Trustee to sell the Mortgaged Properties or to proceed by suit as provided in this section, the Agent shall have the right to direct the time, method and place of conducting and proceeding for any remedy available to the Trustee or of exercising any trust or power conferred upon him; provided, however, that the Trustee shall have the power to decline to follow any such direction of the Agent if the Trustee shall be advised by counsel that the action or proceeding so directed may not lawfully be taken. If and to the extent permitted by applicable General Laws:

(a) Any foreclosure sale hereunder may be as an entirety or in such parcels as the Agent may request or may elect, and any sale may be adjourned by announcement at the time and place appointed for such sale without further notice except as may be required by law.

(b) Any and all statements of fact or other recitals made by the Agent or by the Trustee or any substitute appointed hereunder as to nonpayment of the Secured Obligations or as to the occurrence of any Event of Default, or as to all of said Secured Obligations having become due and payable, or as to the refusal, failure or inability to act of the Trustee or any substitute or successor Trustee, or as to any other act or thing having been duly done by the Agent or

by such Trustee, substitute or successor, shall be taken as prima facie evidence of the truth of the facts so stated and recited.

(c) The Trustee, his successor or substitute, with respect to the Mortgaged Properties, may appoint or delegate any one or more Persons as agent to perform any act or acts necessary or incident to any foreclosure proceeding instituted by the Trustee, but in the name and on behalf of the Trustee, his successor or substitute.

(d) It shall not be necessary for the Trustee or any public officer acting under execution or order of the court to have physically present or constructively in his possession any of the Mortgaged Properties.

(e) Any sale or sales of the Mortgaged Properties pursuant to judicial proceedings shall operate to divest all right, title, interest, claim and demand whatsoever, either at law or in equity, of Grantor of, in and to the premises and property sold, and shall be a perpetual bar, both at law and in equity, against Grantor, its successors or assigns, and against any and all Persons claiming or who shall thereafter claim all or any of the property sold from, through or under Grantor, its successors or assigns; nevertheless, Grantor, if requested by the Trustee or the Agent so to do, shall join in the execution and delivery of all proper conveyances, assignments and transfers of the Mortgaged Properties so sold.

(f) Upon any sale, whether made under the power of sale hereby given or by virtue of judicial proceedings, the receipt of the Trustee, or of the officer making a sale under judicial proceedings, shall be a sufficient discharge to the purchaser or purchasers at any sale for his or their purchase money, and such purchaser or purchasers, his or their assigns or personal representatives, shall not, after paying such purchase money and receiving such receipt of the Trustee or of such officer therefor, be obliged to see to the application of such purchase price, or be in any way answerable for any loss, misapplication or nonapplication thereof.

(g) The purchaser at any such sale shall not, nor shall his or its heirs, legal representatives, successors or assigns be deemed to have, by reason of the acquisition of property of rights mortgaged hereunder, assumed any liability or obligation of any lessee or operator of the Mortgaged Properties, or any part thereof, arising by reason of any occurrence taking place prior to such sale.

(h) After each sale of Mortgaged Properties, the Trustee shall make to the purchaser or purchasers at such sale good and sufficient conveyances in the name of Grantor, conveying the property so sold to the purchaser or purchasers in fee

simple with general warranty of title, and shall receive the proceeds of said sale or sales and apply the same as herein provided, and Grantor binds itself, its successors and assigns, to warrant and forever defend such title.

(i) The power of sale, with respect to the Mortgaged Properties, granted herein shall not be exhausted by any sale held hereunder by the Trustee or his substitute or successor, and such power of sale shall exist and may be exercised in any manner provided by law or herein from time to time and as many times as the Agent may deem necessary until all of the Mortgaged Properties have been duly sold and all secured indebtedness has been fully paid.

10.2 Power of Sale, Foreclosure Mortgaged Properties. Upon the occurrence of an Event of Default, the Trustee, his successors or substitute, is authorized and empowered, and it shall be his special duty at the request of the Agent, to enforce this trust and to sell the Mortgaged Properties as an entirety or in parcels, as the Trustee acting may designate, at such place or places and upon having given notice of such sale in accordance with the applicable General Laws of Wyoming now in force governing sales of real estate under powers of sale conferred by deed of trust. If the applicable General Laws should be hereafter amended to provide a different notice of sale applicable to sale of real estate under power of sale in a deed of trust, then the Trustee may, in his sole discretion, give either the notice of sale now provided to be given under the applicable General Laws or that prescribed by the amended applicable General Laws. Any sale made by the Trustee hereunder may be as an entirety or in such parcels as the Agent may request, and any sale may be adjourned by announcement at the time and place appointed for such sale without further notice excepted as may be required by General Laws. After each sale, the Trustee shall make to the purchaser or purchasers at such sale good and sufficient conveyances in the name of Grantor, conveying the property so sold to the purchaser or purchasers in fee simple with general warranty of title binding upon Grantor, its successors and assigns, and shall receive the proceeds of said sale or sales and apply the same as herein provided. The power of sale granted herein shall not be exhausted by any sale held hereunder by the Trustee or his substitute or successor, and such power of sale may be exercised from time to time and as many times as the Agent may deem necessary until all of the Mortgaged Properties have been duly sold and all secured indebtedness has been duly paid. Any such sale shall be a perpetual bar against Grantor, and Grantor's heirs, legal representatives or successors in interest, as the case may be, as to the property sold.

10.3 Waiver of Appraisement. To the full extent that Grantor may do so under applicable General Laws, Grantor agrees that Grantor will not at any time insist upon, plead, claim or take the benefit or advantage of any law now or hereafter in force providing for any appraisement, valuation, stay, extension or redemption, and

Grantor, for Grantor, Grantor's successors and assigns, and for any and all persons ever claiming any interest in the Mortgaged Properties, to the extent permitted by any General Laws, hereby waives and releases all rights of redemption, valuation, appraisal, stay of execution, notice of election to mature or declare due the whole of the secured indebtedness and marshaling in the event of foreclosure of the liens hereby created. If any General Laws referred to in this section and now in force, of which Grantor or Grantor's successors might take advantage despite this section, shall hereafter be repealed or cease to be in force, such law shall not thereafter be deemed to preclude the application of this section.

ARTICLE XI

Concerning the Trustee

11.1 Substitute Trustees. The Trustee may resign by an instrument in writing addressed to the Agent. The Trustee or any successor or substitute Trustee may be removed at any time with or without cause by an instrument in writing executed by the Agent and such power of removal may be exercised as frequently and at such times as the Agent may elect. In case of the absence, death, resignation or removal of the Trustee, or the inability, failure, or refusal of the Trustee to act, a successor or substitute Trustee may be appointed by the Agent by instrument complying with any applicable requirements of law, and in the absence of any such requirement, without other formality than appointment and designation in writing executed by the Agent. Such right to appoint a substitute Trustee shall exist and may be exercised as often and whenever the Agent may elect. Such appointment and designation shall be full evidence of the right and authority to make the same and of all facts therein required, and upon the making of any such appointment and designation, all of the estate and title of the Trustee in the Mortgaged Properties shall vest in the named successor Trustee and he shall thereupon succeed to, hold, possess and exercise all the rights, powers, privileges, immunities and duties herein conferred upon the Trustee. All references herein to the Trustee shall be deemed to refer to the Trustee (including any successor appointed and designated as herein provided) from time to time acting hereunder.

If no successor Trustee shall have been appointed as contemplated by the foregoing provisions in this Section, or if appointed shall not have accepted the appointment, within 30 days after the occurrence of a vacancy in the office of the Trustee, the Agent or such retiring Trustee may apply to any court of competent jurisdiction to appoint a successor Trustee or Trustees.

11.2 Rights of Trustee. Any Trustee from time to time serving hereunder shall have the absolute right, acting independently, to

take any action and to exercise any right, remedy, power or privilege conferred upon the Trustee, and any action taken by any Trustee from time to time serving hereunder shall be binding upon all other Trustees and no person dealing with any Trustee from time to time serving hereunder shall be obligated to confirm the power and authority of such Trustee to act without the concurrence of the other Trustees.

11.3 No Actions by Trustee. The Trustee shall not be required to take any action for the enforcement of this instrument or the exercise of any rights or remedies hereunder or to appear in or defend any action, suit or other proceeding in connection therewith, where, in the opinion of the Trustee, such action will be likely to involve him in expense or liability, unless the Trustee be tendered security and indemnity satisfactory to him, against cost, expense or liability in connection therewith.

11.4 Limitation of Obligations of the Trustee. It shall be no part of the duty of the Trustee to see to any recording, filing or registration of this instrument or any other instrument supplemental hereto, or to see to the payment of or be under any duty in respect of any tax or assessment or other governmental charge which may be levied or assessed on the Mortgaged Properties or against Grantor or to see to the performance or observance by Grantor of any of the covenants or agreements herein contained. The Trustee shall not be responsible for the execution, acknowledgement or validity of this instrument or of any instrument supplemental hereto or of the Notes, or for the sufficiency of the security purported to be created hereby, and makes no representation in respect thereof or in respect of the rights of the holder of the Notes. The Trustee shall have the right to consult with counsel upon any matters arising hereunder, and shall be fully protected in relying as to legal matters on the advice of the counsel. The Trustee shall not incur any personal liability hereunder except for his own willful misconduct; and the Trustee shall have the right to rely on any instrument, document or signature authorizing or supporting any action taken or proposed to be taken by him hereunder, believed by him in good faith to be genuine.

ARTICLE XII

Security Agreement

12.1 Security Agreement. Without limiting any of the provisions of this instrument, Grantor (referred to in this Article XII as "Debtor"), expressly GRANTS unto the Agent, acting on behalf of and for the benefit of the Noteholders, as Secured Party (referred to in this Article XII as "Secured Party"), a security interest in all the Mortgaged Properties (including both those now and those hereafter existing) to the full extent that such

properties may be subject to the Uniform Commercial Code. The security interest granted hereby also covers and includes all equipment, contract rights, general intangibles and accounts with respect to the Mortgaged Properties and all products and Proceeds of the Mortgaged Properties (said properties, contract rights, general intangibles, accounts, products and proceeds being hereinafter collectively referred to as the "Collateral", for the purposes of this paragraph). Debtor covenants and agrees with Secured Party that:

(a) In addition to and cumulative of any other remedies granted in this Mortgage to Secured Party or the Trustee, Secured Party may, upon the occurrence of an Event of Default, proceed under said Uniform Commercial Code as to all or any part of the Collateral and shall have and may exercise with respect to the Collateral all the rights, remedies and powers of a secured party after default under said Uniform Commercial Code, including, without limitation, the right and power to sell, at public or private sale or sales, or otherwise dispose of, lease or utilize the Collateral and any part or parts thereof in any manner authorized or permitted under said Uniform Commercial Code after default by a debtor, and to apply the Proceeds thereof toward payment of any costs and expenses and attorneys' fees and legal expenses thereby incurred by Secured Party, and toward payment of the Secured Obligations in such order or manner as Secured Party may elect.

(b) Upon the occurrence of an Event of Default, Secured Party shall have the right (without limitation) to take possession of the Collateral and to enter upon any premises where same may be situated for such purpose without being deemed guilty of trespass and without liability for damages thereby occasioned, and to take any action deemed necessary or appropriate or desirable by Secured Party, at its option and in its discretion, to repair, refurbish or otherwise prepare the Collateral for sale, lease or other use or disposition as herein authorized.

(c) To the extent permitted by applicable General Laws, Debtor expressly waives any notice of sale, demand or presentation (including notice of intent to accelerate and notice of acceleration) or other disposition of the Collateral and any other right or remedies of a debtor or formalities prescribed by General Law relative to sale or disposition of the Collateral or exercise of any other right or remedy of Secured Party existing after default hereunder; and to the extent any such notice is required and cannot be waived, Debtor agrees that if such notice is mailed, postage prepaid, to Debtor at the address shown with debtor's signature hereinbelow at least five days before the time of the sale or disposition, such notice shall be deemed reasonable and shall fully satisfy any requirement for giving of said notice.

(d) Secured Party is expressly granted the right, at its option, to transfer at any time to itself or to its nominee the Collateral, or any part thereof, and to receive the monies, income, proceeds or benefits attributable or accruing thereto and to hold the same as security for the Secured Obligations or to apply it on the principal and interest or other amounts owing on any of the Secured Obligations, whether or not then due, in such order or manner as Secured Party may elect. All rights to marshalling of assets of Debtor, including any such right with respect to the Collateral, are hereby waived.

(e) All recitals in any instrument of assignment or any other instrument executed by Secured Party incident to sale, transfer, assignment, lease or other disposition or utilization of the Collateral or any part thereof hereunder shall be full proof of the matter stated therein, no other proof shall be required to establish full legal propriety of the sale or other action or of any fact, condition or thing incident thereto, and all prerequisites of such sale or other action and of any fact, condition or thing incident thereto shall be presumed conclusively to have been performed or to have occurred.

(f) Secured Party may require Debtor to assemble the Collateral and make it available to Secured Party at a place to be designated by Secured Party that is reasonably convenient to both parties. All expenses of retaking, holding, preparing for sale, lease or other use or disposition, selling, leasing or otherwise using or disposing of the Collateral and the like which are incurred or paid by Secured Party as authorized or permitted hereunder, including also all attorneys' fees, legal expenses and costs, shall be added to the Secured Obligations by this instrument, and Debtor shall be liable therefor.

(g) Should Secured Party elect to exercise its right under said Uniform Commercial Code as to part of the personal property and fixtures described herein, this election shall not preclude Secured Party or the Trustee from exercising the rights and remedies granted by the preceding paragraphs of this instrument as to the remaining personal property and fixtures.

(h) Secured Party may, at its election, at any time after delivery of this instrument, sign one or more copies hereof in order that such copies may be used as a financing statement under said Uniform Commercial Code. Such signature by Secured Party may be placed between the last sentence of this instrument and the Debtor's acknowledgment or may follow the Debtor's acknowledgement. Secured Party's signature need not be acknowledged and is not necessary to the effectiveness

hereof as a deed of trust, mortgage, assignment, pledge or security agreement.

(i) Any copy of this instrument which is signed by both Debtor and Secured Party may also serve as a financing statement under said Uniform Commercial Code between the Debtor, whose address is designated with its signature, and the Secured Party, whose address is 712 Main Street, Houston, Texas 77002.

ARTICLE XIII

Miscellaneous

13.1 Mortgage, Deed of Trust, Security Agreement and Financing Statement. This instrument is a mortgage, a deed of trust, a security agreement, a financing statement and an assignment, of both real/immoveable and personal/moveable property, and also covers proceeds and fixtures. The minerals or the like (including oil and gas) or accounts will be financed at the wellhead or minehead of the wells or mines located on the real property described or referred to in Exhibit A. With respect to any portions of the Mortgaged Properties located in any state or other jurisdiction the laws of which do not provide for the use or enforcement of a deed of trust or the office, rights and authority of the Trustee as herein provided, or in the event Agent elects, in its sole discretion, to enforce this instrument as a mortgage, the general language of conveyance hereof to the Trustee is intended, and the same shall be construed, as words of mortgage unto and in favor of the Agent and the rights and authority granted to the Trustee herein may be enforced and asserted by the Agent in accordance with the General Laws of the jurisdiction in which such portions of the Mortgaged Properties are located and the same may be foreclosed at the option of the Agent as to any or all such portions of the Mortgaged Properties in any manner permitted by the General Laws of the jurisdiction in which such portions of the Mortgaged Properties are so situated.

13.2 No Waiver. All options and rights of election herein provided to the Agent for the benefit of the Noteholders are continuing, and the failure to exercise any such option or right of election upon a particular default or breach or upon any subsequent default or breach shall not be construed as waiving the right to exercise such option or election at any later date. By the acceptance of payment of any indebtedness secured hereby after its due date, the Noteholders do not waive the right either to require prompt payment when due of all other sums so secured or to regard as an Event of Default failure to pay any other sums due which are secured hereby. No exercise of the rights and powers herein granted and no delay or omission in the exercise of such rights and powers shall be held to exhaust the same or be construed as a waiver thereof, and every such right and power may be exercised at any time and from time to time.

13.3 No Diminution of Liens. No release of any part of the Mortgaged Properties shall in any wise alter, vary or diminish the force, effect or lien of this instrument on the balance of Mortgaged Properties.

13.4 No Usury. Any provision contained herein or in the Notes or in any other instrument evidencing or relating to any Secured Obligations to the contrary notwithstanding, neither the Agent nor

any Noteholders shall be entitled to receive or collect, nor shall Grantor be obligated to pay, interest on any of the Secured Obligations in excess of the maximum rate of interest permitted by applicable General Laws, and if any provision of the Notes or of any other such instrument shall ever be construed or held to permit the collection or to require the payment of any amount of interest in excess of that permitted by applicable General Laws, the provisions of this section shall control and shall override any contrary or inconsistent provision of the Notes or other Loan Documents.

13.5 Notices. Any notice, request, demand or other instrument which may be required or permitted to be given or furnished to or served upon Grantor, the Trustee, the Agent or the Noteholders shall be given in the manner specified in the Credit Agreement for giving notices.

13.6 Renewals and Extensions. Renewals, extensions, modifications, reorganizations, rearrangements and increases in the amount of the Secured Obligations may be given at any time and amendments may be made to this Mortgage and other agreements relating to any of the Secured Obligations or the Mortgaged Properties and/or such properties may at any time be released or partially released and/or the Noteholders may take or hold other security for the Secured Obligations without notice to or joinder or consent of any persons hereafter acquiring any interest in the Mortgaged Properties. The Trustee or the Noteholders may resort first to such other security or any part thereof or first to the security herein given or any part thereof, or from time to time to either or both, even to the partial or complete abandonment of either security, and such action shall not be a waiver of any rights conferred by this instrument, which shall continue as a first lien upon all of the Mortgaged Properties not expressly released until the Secured Obligations are fully paid.

13.7 Severability. If any provision hereof or of the Notes or other Loan Documents is invalid or unenforceable in any jurisdiction, the other provisions hereof or of the Notes shall remain in full force and effect in such jurisdiction, and the remaining provisions hereof shall be liberally construed in favor of the Trustee, Agent and the Noteholders in order to effectuate the provisions hereof, and the invalidity or unenforceability of any provision hereof in any jurisdiction shall not affect the validity or enforceability of any such provision in any other jurisdiction.

13.8 Successors and Assigns. All of the terms, provisions, covenants and conditions hereof shall be binding upon Grantor, and the successors and assigns of Grantor, and shall inure to the benefit of the Trustee and the Noteholders and their respective successors and assigns and shall constitute covenants running with the lands comprising and covered by the Mortgaged Properties, but this provision shall not be construed to authorize any sale or

other disposition of the Mortgaged Properties contrary to any other provisions hereof.

13.9 Counterparts. This Mortgage is being executed in several counterparts, each of which is an original and all of which are identical, containing all property descriptions included in the Exhibit. One of such counterparts has been delivered to each of Grantor, Agent, Trustee and the Banks. Numerous additional counterparts have been executed, all of which are identical except that, to facilitate filing and recordation there are omitted from certain counterparts those property descriptions in the Exhibit which contain specific descriptions of properties located in jurisdictions other than the filing or recording jurisdiction in which the particular counterpart is to be filed or recorded. Each of such counterparts shall be deemed to be an original and all of such counterparts shall together constitute but one and the same instrument.

13.10 Captions. All Article and Section titles or captions in this Mortgage or in any appendix, schedule or exhibit hereto are for convenience only and shall not be deemed a part of this Mortgage and shall not effect the meaning or interpretation of this Mortgage.

13.11 Amendments. This Mortgage shall not be amended, supplemented or otherwise modified, and no portion of the Mortgaged Properties may be released from the lien of this Mortgage, except by an instrument signed in writing by the Agent and the Grantor (no joinder of the Trustee or any Noteholder being required).

13.12 Governing Law; Submission to Jurisdiction; Waiver of Objection to Venue. To the extent required by the General Laws of the jurisdiction in which the Mortgaged Properties are located (by the reason that such Mortgaged Properties are located in such jurisdiction), the laws of that jurisdiction shall apply to the enforcement of the rights and remedies created herein with the respect to such portions of the Mortgaged Properties (both real and personal) situated in such state or as to which the General Laws of such state are applicable as a matter of Federal Laws. Otherwise this Mortgage shall be governed by and construed in accordance with the laws of the State of Texas. The rights and remedies of the Agent, the Noteholders and the Trustee shall be governed by the laws of the State of Texas.

13.13 Jurisdiction and Venue. The Grantor hereby submits to the nonexclusive jurisdiction of the United States District Court for the Southern District of Texas or any state district court for the State of Texas sitting in Houston, Harris County, Texas for the purpose of all proceedings arising out of or relating to this Mortgage with the transactions contemplated hereby. The Grantor hereby irrevocably waives to the fullest extent permitted by law any objections that it may now or hereafter have to the laying of the venue of any such proceeding brought in such court or any claim

that any such proceeding brought in such court have been brought in an inconvenient forum.

13.14 Effective Date. This Mortgage is effective as of the Effective Date.

IN WITNESS WHEREOF, the undersigned have caused this instrument to be executed by their duly authorized undersigned officers this 28th day of September, 1992, but to be effective for all purposes as of the Effective Date.

It is understood and agreed that should said payments provided for by this assignment be less than the sum or sums then due on said indebtedness, such sum or sums then due shall nevertheless be paid by Grantor in accordance with the provisions of the Notes or other instrument or instruments evidencing Secured Obligations and neither this assignment nor any provision herein contained shall in any manner be construed to affect the terms and provisions of said Notes or other Loan Documents. The powers of attorney granted to Trustee and Agent under this Section 6.4, being coupled with an interest, shall be irrevocable so long as the Secured Obligations or any part thereof remains unpaid.

6.5 Change of Purchaser. Should any Person now or hereafter purchasing or taking Production Payment Hydrocarbons fail to make

payment promptly to the Grantor or Agent or the Noteholders of the hereby assigned Proceeds of runs, the Agent or the Noteholders shall have the right to make, or to require Grantor to make, a change of connection and the right to designate or approve the purchaser with whose facilities a new connection shall be made, without liability or responsibility in connection therewith, so long as ordinary care is used in making such designation, and Grantor agrees to pay to the Agent for the benefit of the Noteholders the amount of any proceeds of runs not promptly paid to the Agent by any person having responsibility for payment thereof.

6.6 No Liability. The Agent and all Noteholders and their successors and assigns are hereby absolved from all liability for failure to enforce collection of the Proceeds of runs and from all other responsibility in connection therewith, except the responsibility to account to Grantor for funds actually received. Grantor agrees to indemnify and hold harmless the Agent, Noteholders and the Trustee against any and all liabilities, actions, claims, judgments, costs, charges and attorneys' fees by reason of the assertion that it received either before or after payment in full of the Secured Obligations funds from the production of Production Payment Hydrocarbons claimed by third Persons, and the Agent, Noteholders and the Trustee shall each have the right to defend against any such claims or actions, employing attorneys of their own selection, and if not furnished with indemnity satisfactory to them, they shall have the right to compromise and adjust any such claims, actions and judgments, and in addition to the rights to be indemnified as herein provided, all amounts paid by the Agent, Noteholders or the Trustee in compromise, satisfaction or discharge of any such claim, action or judgment, and all court costs, attorneys' fees and other expenses of every character incurred by the Trustee or Agent or the Noteholders pursuant to the provisions of this section shall be a demand obligation owing by Grantor, shall bear interest from date of expenditure until paid at the same rate as is provided in the Note for interest on past due principal, and shall be a part of the Secured Obligations.

6.7 Cumulative Remedies. Nothing herein contained shall detract from or limit the absolute obligation of Grantor to make promptly payment of the Notes, of all amounts owing thereon, and of all amounts owing hereunder at the time and in the manner provided in the Notes or provided herein, regardless of whether the proceeds herein assigned are sufficient to pay the same, and the rights under this assignment shall be cumulative of all other security of any and every character now or hereafter existing to secure the payment of the Notes and all other Secured Obligations. Moneys received under the assignments herein contained shall not be deemed applied to payment of the Secured Obligations unless and until such funds are actually applied to the Secured Obligations. The Noteholders may, in their sole discretion, permit funds received by it to be returned to Grantor (rather than applied to

Grantor's indebtedness) by deposit to its account for use in Grantor's operations.

7.2 Release. If all of the Secured Obligations are paid or performed in full, and if the covenants, warranties, undertakings and agreements made in this Mortgage and the Credit Agreement are kept and performed then and in that event only all rights under this Mortgage shall terminate and the properties hereby conveyed shall become wholly clear of the liens, conveyances and assignments evidenced hereby, and such liens shall be released by the Noteholders in due form at Grantor's cost; provided, however, that Grantor's obligation to indemnify and hold harmless the Trustee, the Agent and the Noteholders, as provided for in this Mortgage, shall survive any such termination.

Mortgage shall in any way limit the rights of the Banks against the Agent pursuant to the Credit Agreement.

8.2 No Impairment. The lien and other security rights of the Noteholders hereunder shall not be impaired by any indulgence, including but not limited to:

9.3 Noteholders' Right to Purchase. The Noteholders shall have the right to become the purchaser at any sale held by any court, Trustee or substitute or successor trustee or by any receiver or public officer, and any of the Noteholders shall have the right to credit upon the amount of the bid made therefor, to the extent necessary to satisfy such bid, the Secured Obligations owing the such Noteholder or if such Noteholder holds less than all of the Secured Obligations, the pro rata part thereof owing to such Noteholder, accounting to all Noteholders not joining in such bid in cash for the portion of the bid or bids apportionable to such nonbidding Noteholder or Noteholders.

9.4 Remedies Cumulative. All remedies herein expressly provided for are cumulative of any and all other remedies existing at law or in equity, and the Trustee, the Agent and the Noteholders shall, in addition to the remedies herein provided, be entitled to avail themselves of all such other remedies as may now or hereafter exist at law or in equity for the collection of said indebtedness and the enforcement of the covenants herein and the foreclosure of the liens evidenced hereby, and the resort to any remedy provided for hereunder or provided for by law shall not prevent the concurrent or subsequent employment of any other appropriate remedy or remedies.

9.5 No Waiver. The Agent or Noteholders may resort to any security given by this Mortgage or to any other security now existing or hereafter given to secure the payment of the Secured Obligations, in whole or in part, and in such portions and in such order as may seem best to the Noteholders in their sole and uncontrolled discretion, and any action shall not in any way be considered as a waiver of any of the rights, benefits or liens evidenced by this instrument.

9.6 Power of Attorney. If an Event of Default shall have occurred and be continuing, Grantor will, upon request of the Trustee or the Agent, execute and deliver to such person or persons as may be designated by the Trustee or the Agent appropriate powers of attorney to act for and on behalf of Grantor in all transactions of Grantor with any federal or state agency relating to any of the Mortgaged Properties.

9.7 Entering Mortgage Properties. Upon the occurrence of an Event of Default, the Trustee, the Agent, or any of them, are authorized prior or subsequent to the institution of any foreclosure proceedings to enter upon the Mortgaged Properties, or any part thereof, and to exercise without interference from Grantor any and all rights which Grantor has with respect to the management, possession and operation of the Mortgaged Properties.

All costs, expenses and liabilities of every character incurred by the Trustee or the Agent in managing, operating and maintaining such properties, including, without limitation, costs of additional drilling and reworking, whether successful or unsuccessful, shall constitute a demand obligation owing by Grantor and shall draw interest at the same rate as is provided in the Note for interest on past due principal until paid, all of which shall constitute a portion of the Secured Obligations.

9.8 Performance by Agent. Upon the occurrence of an Event of Default, if Grantor should fail to comply with any of the covenants or obligations of Grantor hereunder, then the Agent on behalf of the Noteholders, or the Trustee may perform the same for the account and at the expense of Grantor but shall not be obligated so to do, and any and all expenses incurred or paid in so doing shall be payable by Grantor to the Agent with interest at the same rate as is provided in the Notes for interest on past due principal from the date when same was so incurred or paid, and the amount thereof shall be payable on demand, and shall be secured by and under this Mortgage, and the amount and nature of such expense and the time when paid shall be fully established by the affidavit of the Agent or any officer or agent thereof, or by the affidavit of the Trustee; provided, however, that the exercise of the privileges granted in this paragraph shall not be considered or constitute a waiver of the right of the Agent upon the happening of an Event of Default hereunder to declare the Secured Obligations to be at once due and payable but is cumulative of such right and all other rights herein given.

9.9 Appointment of Receiver. This instrument shall be effective as a mortgage as well as a deed of trust and may be foreclosed as to any of the Mortgaged Properties covered hereby in any manner permitted by the General Laws of any state in which any part of the Mortgaged Properties is situated, and any foreclosure suit may be brought by the Trustee or by the Agent on behalf of the Noteholders. In addition to all other remedies herein provided for, Grantor agrees that after an Event of Default has occurred the Trustee or the Agent on behalf of the Noteholders shall as a matter of right be entitled to the appointment of a receiver or receivers to be designated by the Trustee or the Agent for all or any part of the Mortgaged Properties, whether such receivership be incident to a proposed sale of such property or otherwise, and Grantor does hereby consent to the appointment of such receiver or receivers, agrees not to oppose any application therefor by the Trustee or the Agent and agrees that such appointment shall not affect the rights of the Trustee or the Agent pursuant to this Mortgage.

ARTICLE X

Remedies

10.1 Sale of Mortgaged Properties. Upon the occurrence of an Event of Default, and subject to the terms of the Credit Agreement, the Trustee, his successor or substitute, upon the written request of the Agent, or the Agent shall be authorized and empowered and it shall be his special duty to sell the Mortgaged Properties or any part thereof, the power of sale permitted and provided for by statute being expressly granted to the Trustee and/or Agent by Grantor. Such sale may be at one or more sales, as an entirety or in parcels, as the Trustee may elect (or as required by General Law), at such place or places and otherwise in such manner and upon such notice as may be required by law, or, in the absence of any such requirement as the Trustee or Agent may deem appropriate.

Upon the occurrence of an Event of Default, the Trustee, his successor or substitute and/or the Agent, in lieu of or in addition to exercising the power of sale herein above given, shall have the right and power to proceed by suit or suits in equity or at law, whether for the specific performance of any covenant or agreement of Grantor herein contained or in aid of the execution of any power herein granted, or for foreclosure or the sale of the Mortgaged Properties or any part thereof under the judgment or decree of any court of competent jurisdiction, or for the enforcement of any other appropriate legal or equitable remedy. In the event the Agent shall request the Trustee to sell the Mortgaged Properties or to proceed by suit as provided in this section, the Agent shall have the right to direct the time, method and place of conducting and proceeding for any remedy available to the Trustee or of exercising any trust or power conferred upon him; provided, however, that the Trustee shall have the power to decline to follow any such direction of the Agent if the Trustee shall be advised by counsel that the action or proceeding so directed may not lawfully be taken. If and to the extent permitted by applicable General Laws:

(a) Any foreclosure sale hereunder may be as an entirety or in such parcels as the Agent may request or may elect, and any sale may be adjourned by announcement at the time and place appointed for such sale without further notice except as may be required by law.

(b) Any and all statements of fact or other recitals made by the Agent or by the Trustee or any substitute appointed hereunder as to nonpayment of the Secured Obligations or as to the occurrence of any Event of Default, or as to all of said Secured Obligations having become due and payable, or as to the refusal, failure or inability to act of the Trustee or any substitute or successor Trustee, or as to any other act or thing having been duly done by the Agent or

by such Trustee, substitute or successor, shall be taken as prima facie evidence of the truth of the facts so stated and recited.

(c) The Trustee, his successor or substitute, with respect to the Mortgaged Properties, may appoint or delegate any one or more Persons as agent to perform any act or acts necessary or incident to any foreclosure proceeding instituted by the Trustee, but in the name and on behalf of the Trustee, his successor or substitute.

(d) It shall not be necessary for the Trustee or any public officer acting under execution or order of the court to have physically present or constructively in his possession any of the Mortgaged Properties.

(e) Any sale or sales of the Mortgaged Properties pursuant to judicial proceedings shall operate to divest all right, title, interest, claim and demand whatsoever, either at law or in equity, of Grantor of, in and to the premises and property sold, and shall be a perpetual bar, both at law and in equity, against Grantor, its successors or assigns, and against any and all Persons claiming or who shall thereafter claim all or any of the property sold from, through or under Grantor, its successors or assigns; nevertheless, Grantor, if requested by the Trustee or the Agent so to do, shall join in the execution and delivery of all proper conveyances, assignments and transfers of the Mortgaged Properties so sold.

(f) Upon any sale, whether made under the power of sale hereby given or by virtue of judicial proceedings, the receipt of the Trustee, or of the officer making a sale under judicial proceedings, shall be a sufficient discharge to the purchaser or purchasers at any sale for his or their purchase money, and such purchaser or purchasers, his or their assigns or personal representatives, shall not, after paying such purchase money and receiving such receipt of the Trustee or of such officer therefor, be obliged to see to the application of such purchase price, or be in any way answerable for any loss, misapplication or nonapplication thereof.

(g) The purchaser at any such sale shall not, nor shall his or its heirs, legal representatives, successors or assigns be deemed to have, by reason of the acquisition of property of rights mortgaged hereunder, assumed any liability or obligation of any lessee or operator of the Mortgaged Properties, or any part thereof, arising by reason of any occurrence taking place prior to such sale.

(h) After each sale of Mortgaged Properties, the Trustee shall make to the purchaser or purchasers at such sale good and sufficient conveyances in the name of Grantor, conveying the property so sold to the purchaser or purchasers in fee

simple with general warranty of title, and shall receive the proceeds of said sale or sales and apply the same as herein provided, and Grantor binds itself, its successors and assigns, to warrant and forever defend such title.

(i) The power of sale, with respect to the Mortgaged Properties, granted herein shall not be exhausted by any sale held hereunder by the Trustee or his substitute or successor, and such power of sale shall exist and may be exercised in any manner provided by law or herein from time to time and as many times as the Agent may deem necessary until all of the Mortgaged Properties have been duly sold and all secured indebtedness has been fully paid.

10.2 Power of Sale, Foreclosure Mortgaged Properties. Upon the occurrence of an Event of Default, the Trustee, his successors or substitute, is authorized and empowered, and it shall be his special duty at the request of the Agent, to enforce this trust and to sell the Mortgaged Properties as an entirety or in parcels, as the Trustee acting may designate, at such place or places and upon having given notice of such sale in accordance with the applicable General Laws of Wyoming now in force governing sales of real estate under powers of sale conferred by deed of trust. If the applicable General Laws should be hereafter amended to provide a different notice of sale applicable to sale of real estate under power of sale in a deed of trust, then the Trustee may, in his sole discretion, give either the notice of sale now provided to be given under the applicable General Laws or that prescribed by the amended applicable General Laws. Any sale made by the Trustee hereunder may be as an entirety or in such parcels as the Agent may request, and any sale may be adjourned by announcement at the time and place appointed for such sale without further notice excepted as may be required by General Laws. After each sale, the Trustee shall make to the purchaser or purchasers at such sale good and sufficient conveyances in the name of Grantor, conveying the property so sold to the purchaser or purchasers in fee simple with general warranty of title binding upon Grantor, its successors and assigns, and shall receive the proceeds of said sale or sales and apply the same as herein provided. The power of sale granted herein shall not be exhausted by any sale held hereunder by the Trustee or his substitute or successor, and such power of sale may be exercised from time to time and as many times as the Agent may deem necessary until all of the Mortgaged Properties have been duly sold and all secured indebtedness has been duly paid. Any such sale shall be a perpetual bar against Grantor, and Grantor's heirs, legal representatives or successors in interest, as the case may be, as to the property sold.

10.3 Waiver of Appraisement. To the full extent that Grantor may do so under applicable General Laws, Grantor agrees that Grantor will not at any time insist upon, plead, claim or take the benefit or advantage of any law now or hereafter in force providing for any appraisement, valuation, stay, extension or redemption, and

Grantor, for Grantor, Grantor's successors and assigns, and for any and all persons ever claiming any interest in the Mortgaged Properties, to the extent permitted by any General Laws, hereby waives and releases all rights of redemption, valuation, appraisement, stay of execution, notice of election to mature or declare due the whole of the secured indebtedness and marshaling in the event of foreclosure of the liens hereby created. If any General Laws referred to in this section and now in force, of which Grantor or Grantor's successors might take advantage despite this section, shall hereafter be repealed or cease to be in force, such law shall not thereafter be deemed to preclude the application of this section.

ARTICLE XI

Concerning the Trustee

11.1 Substitute Trustees. The Trustee may resign by an instrument in writing addressed to the Agent. The Trustee or any successor or substitute Trustee may be removed at any time with or without cause by an instrument in writing executed by the Agent and such power of removal may be exercised as frequently and at such times as the Agent may elect. In case of the absence, death, resignation or removal of the Trustee, or the inability, failure, or refusal of the Trustee to act, a successor or substitute Trustee may be appointed by the Agent by instrument complying with any applicable requirements of law, and in the absence of any such requirement, without other formality than appointment and designation in writing executed by the Agent. Such right to appoint a substitute Trustee shall exist and may be exercised as often and whenever the Agent may elect. Such appointment and designation shall be full evidence of the right and authority to make the same and of all facts therein required, and upon the making of any such appointment and designation, all of the estate and title of the Trustee in the Mortgaged Properties shall vest in the named successor Trustee and he shall thereupon succeed to, hold, possess and exercise all the rights, powers, privileges, immunities and duties herein conferred upon the Trustee. All references herein to the Trustee shall be deemed to refer to the Trustee (including any successor appointed and designated as herein provided) from time to time acting hereunder.

If no successor Trustee shall have been appointed as contemplated by the foregoing provisions in this Section, or if appointed shall not have accepted the appointment, within 30 days after the occurrence of a vacancy in the office of the Trustee, the Agent or such retiring Trustee may apply to any court of competent jurisdiction to appoint a successor Trustee or Trustees.

11.2 Rights of Trustee. Any Trustee from time to time serving hereunder shall have the absolute right, acting independently, to

take any action and to exercise any right, remedy, power or privilege conferred upon the Trustee, and any action taken by any Trustee from time to time serving hereunder shall be binding upon all other Trustees and no person dealing with any Trustee from time to time serving hereunder shall be obligated to confirm the power and authority of such Trustee to act without the concurrence of the other Trustees.

11.3 No Actions by Trustee. The Trustee shall not be required to take any action for the enforcement of this instrument or the exercise of any rights or remedies hereunder or to appear in or defend any action, suit or other proceeding in connection therewith, where, in the opinion of the Trustee, such action will be likely to involve him in expense or liability, unless the Trustee be tendered security and indemnity satisfactory to him, against cost, expense or liability in connection therewith.

11.4 Limitation of Obligations of the Trustee. It shall be no part of the duty of the Trustee to see to any recording, filing or registration of this instrument or any other instrument supplemental hereto, or to see to the payment of or be under any duty in respect of any tax or assessment or other governmental charge which may be levied or assessed on the Mortgaged Properties or against Grantor or to see to the performance or observance by Grantor of any of the covenants or agreements herein contained. The Trustee shall not be responsible for the execution, acknowledgement or validity of this instrument or of any instrument supplemental hereto or of the Notes, or for the sufficiency of the security purported to be created hereby, and makes no representation in respect thereof or in respect of the rights of the holder of the Notes. The Trustee shall have the right to consult with counsel upon any matters arising hereunder, and shall be fully protected in relying as to legal matters on the advice of the counsel. The Trustee shall not incur any personal liability hereunder except for his own willful misconduct; and the Trustee shall have the right to rely on any instrument, document or signature authorizing or supporting any action taken or proposed to be taken by him hereunder, believed by him in good faith to be genuine.

ARTICLE XII

Security Agreement

12.1 Security Agreement. Without limiting any of the provisions of this instrument, Grantor (referred to in this Article XII as "Debtor"), expressly GRANTS unto the Agent, acting on behalf of and for the benefit of the Noteholders, as Secured Party (referred to in this Article XII as "Secured Party"), a security interest in all the Mortgaged Properties (including both those now and those hereafter existing) to the full extent that such

properties may be subject to the Uniform Commercial Code. The security interest granted hereby also covers and includes all equipment, contract rights, general intangibles and accounts with respect to the Mortgaged Properties and all products and Proceeds of the Mortgaged Properties (said properties, contract rights, general intangibles, accounts, products and proceeds being hereinafter collectively referred to as the "Collateral", for the purposes of this paragraph). Debtor covenants and agrees with Secured Party that:

(a) In addition to and cumulative of any other remedies granted in this Mortgage to Secured Party or the Trustee, Secured Party may, upon the occurrence of an Event of Default, proceed under said Uniform Commercial Code as to all or any part of the Collateral and shall have and may exercise with respect to the Collateral all the rights, remedies and powers of a secured party after default under said Uniform Commercial Code, including, without limitation, the right and power to sell, at public or private sale or sales, or otherwise dispose of, lease or utilize the Collateral and any part or parts thereof in any manner authorized or permitted under said Uniform Commercial Code after default by a debtor, and to apply the Proceeds thereof toward payment of any costs and expenses and attorneys' fees and legal expenses thereby incurred by Secured Party, and toward payment of the Secured Obligations in such order or manner as Secured Party may elect.

(b) Upon the occurrence of an Event of Default, Secured Party shall have the right (without limitation) to take possession of the Collateral and to enter upon any premises where same may be situated for such purpose without being deemed guilty of trespass and without liability for damages thereby occasioned, and to take any action deemed necessary or appropriate or desirable by Secured Party, at its option and in its discretion, to repair, refurbish or otherwise prepare the Collateral for sale, lease or other use or disposition as herein authorized.

(c) To the extent permitted by applicable General Laws, Debtor expressly waives any notice of sale, demand or presentation (including notice of intent to accelerate and notice of acceleration) or other disposition of the Collateral and any other right or remedies of a debtor or formalities prescribed by General Law relative to sale or disposition of the Collateral or exercise of any other right or remedy of Secured Party existing after default hereunder; and to the extent any such notice is required and cannot be waived, Debtor agrees that if such notice is mailed, postage prepaid, to Debtor at the address shown with debtor's signature hereinbelow at least five days before the time of the sale or disposition, such notice shall be deemed reasonable and shall fully satisfy any requirement for giving of said notice.

(d) Secured Party is expressly granted the right, at its option, to transfer at any time to itself or to its nominee the Collateral, or any part thereof, and to receive the monies, income, proceeds or benefits attributable or accruing thereto and to hold the same as security for the Secured Obligations or to apply it on the principal and interest or other amounts owing on any of the Secured Obligations, whether or not then due, in such order or manner as Secured Party may elect. All rights to marshalling of assets of Debtor, including any such right with respect to the Collateral, are hereby waived.

(e) All recitals in any instrument of assignment or any other instrument executed by Secured Party incident to sale, transfer, assignment, lease or other disposition or utilization of the Collateral or any part thereof hereunder shall be full proof of the matter stated therein, no other proof shall be required to establish full legal propriety of the sale or other action or of any fact, condition or thing incident thereto, and all prerequisites of such sale or other action and of any fact, condition or thing incident thereto shall be presumed conclusively to have been performed or to have occurred.

(f) Secured Party may require Debtor to assemble the Collateral and make it available to Secured Party at a place to be designated by Secured Party that is reasonably convenient to both parties. All expenses of retaking, holding, preparing for sale, lease or other use or disposition, selling, leasing or otherwise using or disposing of the Collateral and the like which are incurred or paid by Secured Party as authorized or permitted hereunder, including also all attorneys' fees, legal expenses and costs, shall be added to the Secured Obligations by this instrument, and Debtor shall be liable therefor.

(g) Should Secured Party elect to exercise its right under said Uniform Commercial Code as to part of the personal property and fixtures described herein, this election shall not preclude Secured Party or the Trustee from exercising the rights and remedies granted by the preceding paragraphs of this instrument as to the remaining personal property and fixtures.

(h) Secured Party may, at its election, at any time after delivery of this instrument, sign one or more copies hereof in order that such copies may be used as a financing statement under said Uniform Commercial Code. Such signature by Secured Party may be placed between the last sentence of this instrument and the Debtor's acknowledgment or may follow the Debtor's acknowledgment. Secured Party's signature need not be acknowledged and is not necessary to the effectiveness

hereof as a deed of trust, mortgage, assignment, pledge or security agreement.

(i) Any copy of this instrument which is signed by both Debtor and Secured Party may also serve as a financing statement under said Uniform Commercial Code between the Debtor, whose address is designated with its signature, and the Secured Party, whose address is 712 Main Street, Houston, Texas 77002.

(j) So long as any amount remains unpaid on the Secured Obligations, Debtor will not execute and there will not be filed in any public office any financing statement or statements affecting the Collateral other than financing statements in favor of Secured Party hereunder, unless the prior written specific consent and approval of Secured Party shall have first been obtained.

(k) Secured Party is authorized to file, in any jurisdiction where Secured Party deems it necessary, a financing statement or statements, and at the request of Secured Party, Debtor will join Secured Party in executing one or more financing statements pursuant to said Uniform Commercial Code in form satisfactory to Secured Party, and Debtor shall pay the cost of filing or recording this instrument, as a financing statement, in all public offices at any time and from time to time whenever filing or recording of any financing statement or of this instrument is deemed by Secured Party to be necessary or desirable.

(l) The office where the records of Debtor with respect to the Collateral and the Mortgaged Properties are kept is located at the address shown below the signature of Debtor to this Mortgage, and Debtor agrees that the place at which such records are kept will not be changed without the prior written consent of the Noteholders.

12.2 Additional Warranties and Representations. Debtor further warrants and represents to Secured Party that, except for the Permitted Encumbrances and the security interest granted hereby in the Collateral, Debtor is the owner and holder of the Collateral, free of any adverse claim, security interest or encumbrance, and Debtor agrees to defend the Collateral against all claims and demands of any Person at any time claiming the same or any interest therein. Debtor further warrants and represents that it has not heretofore signed any financing statement and no financing statement signed by Debtor is now on file in any public office.

ARTICLE XIII

Miscellaneous

13.1 Mortgage, Deed of Trust, Security Agreement and Financing Statement. This instrument is a mortgage, a deed of trust, a security agreement, a financing statement and an assignment, of both real/immoveable and personal/moveable property, and also covers proceeds and fixtures. The minerals or the like (including oil and gas) or accounts will be financed at the wellhead or minehead of the wells or mines located on the real property described or referred to in Exhibit A. With respect to any portions of the Mortgaged Properties located in any state or other jurisdiction the laws of which do not provide for the use or enforcement of a deed of trust or the office, rights and authority of the Trustee as herein provided, or in the event Agent elects, in its sole discretion, to enforce this instrument as a mortgage, the general language of conveyance hereof to the Trustee is intended, and the same shall be construed, as words of mortgage unto and in favor of the Agent and the rights and authority granted to the Trustee herein may be enforced and asserted by the Agent in accordance with the General Laws of the jurisdiction in which such portions of the Mortgaged Properties are located and the same may be foreclosed at the option of the Agent as to any or all such portions of the Mortgaged Properties in any manner permitted by the General Laws of the jurisdiction in which such portions of the Mortgaged Properties are so situated.

13.2 No Waiver. All options and rights of election herein provided to the Agent for the benefit of the Noteholders are continuing, and the failure to exercise any such option or right of election upon a particular default or breach or upon any subsequent default or breach shall not be construed as waiving the right to exercise such option or election at any later date. By the acceptance of payment of any indebtedness secured hereby after its due date, the Noteholders do not waive the right either to require prompt payment when due of all other sums so secured or to regard as an Event of Default failure to pay any other sums due which are secured hereby. No exercise of the rights and powers herein granted and no delay or omission in the exercise of such rights and powers shall be held to exhaust the same or be construed as a waiver thereof, and every such right and power may be exercised at any time and from time to time.

13.3 No Diminution of Liens. No release of any part of the Mortgaged Properties shall in any wise alter, vary or diminish the force, effect or lien of this instrument on the balance of Mortgaged Properties.

13.4 No Usury. Any provision contained herein or in the Notes or in any other instrument evidencing or relating to any Secured Obligations to the contrary notwithstanding, neither the Agent nor

any Noteholders shall be entitled to receive or collect, nor shall Grantor be obligated to pay, interest on any of the Secured Obligations in excess of the maximum rate of interest permitted by applicable General Law, and if any provision of the Notes or of any other such instrument shall ever be construed or held to permit the collection or to require the payment of any amount of interest in excess of that permitted by applicable General Laws, the provisions of this section shall control and shall override any contrary or inconsistent provision of the Notes or other Loan Documents.

13.5 Notices. Any notice, request, demand or other instrument which may be required or permitted to be given or furnished to or served upon Grantor, the Trustee, the Agent or the Noteholders shall be given in the manner specified in the Credit Agreement for giving notices.

13.6 Renewals and Extensions. Renewals, extensions, modifications, reorganizations, rearrangements and increases in the amount of the Secured Obligations may be given at any time and amendments may be made to this Mortgage and other agreements relating to any of the Secured Obligations or the Mortgaged Properties and/or such properties may at any time be released or partially released and/or the Noteholders may take or hold other security for the Secured Obligations without notice to or joinder or consent of any persons hereafter acquiring any interest in the Mortgaged Properties. The Trustee or the Noteholders may resort first to such other security or any part thereof or first to the security herein given or any part thereof, or from time to time to either or both, even to the partial or complete abandonment of either security, and such action shall not be a waiver of any rights conferred by this instrument, which shall continue as a first lien upon all of the Mortgaged Properties not expressly released until the Secured Obligations are fully paid.

13.7 Severability. If any provision hereof or of the Notes or other Loan Documents is invalid or unenforceable in any jurisdiction, the other provisions hereof or of the Notes shall remain in full force and effect in such jurisdiction, and the remaining provisions hereof shall be liberally construed in favor of the Trustee, Agent and the Noteholders in order to effectuate the provisions hereof, and the invalidity or unenforceability of any provision hereof in any jurisdiction shall not affect the validity or enforceability of any such provision in any other jurisdiction.

13.8 Successors and Assigns. All of the terms, provisions, covenants and conditions hereof shall be binding upon Grantor, and the successors and assigns of Grantor, and shall inure to the benefit of the Trustee and the Noteholders and their respective successors and assigns and shall constitute covenants running with the lands comprising and covered by the Mortgaged Properties, but this provision shall not be construed to authorize any sale or

other disposition of the Mortgaged Properties contrary to any other provisions hereof.

13.9 Counterparts. This Mortgage is being executed in several counterparts, each of which is an original and all of which are identical, containing all property descriptions included in the Exhibit. One of such counterparts has been delivered to each of Grantor, Agent, Trustee and the Banks. Numerous additional counterparts have been executed, all of which are identical except that, to facilitate filing and recordation there are omitted from certain counterparts those property descriptions in the Exhibit which contain specific descriptions of properties located in jurisdictions other than the filing or recording jurisdiction in which the particular counterpart is to be filed or recorded. Each of such counterparts shall be deemed to be an original and all of such counterparts shall together constitute but one and the same instrument.

13.10 Captions. All Article and Section titles or captions in this Mortgage or in any appendix, schedule or exhibit hereto are for convenience only and shall not be deemed a part of this Mortgage and shall not effect the meaning or interpretation of this Mortgage.

13.11 Amendments. This Mortgage shall not be amended, supplemented or otherwise modified, and no portion of the Mortgaged Properties may be released from the lien of this Mortgage, except by an instrument signed in writing by the Agent and the Grantor (no joinder of the Trustee or any Noteholder being required).

13.12 Governing Law; Submission to Jurisdiction; Waiver of Objection to Venue. To the extent required by the General Laws of the jurisdiction in which the Mortgaged Properties are located (by the reason that such Mortgaged Properties are located in such jurisdiction), the laws of that jurisdiction shall apply to the enforcement of the rights and remedies created herein with the respect to such portions of the Mortgaged Properties (both real and personal) situated in such state or as to which the General Laws of such state are applicable as a matter of Federal Laws. Otherwise this Mortgage shall be governed by and construed in accordance with the laws of the State of Texas. The rights and remedies of the Agent, the Noteholders and the Trustee shall be governed by the laws of the State of Texas.

13.13 Jurisdiction and Venue. The Grantor hereby submits to the nonexclusive jurisdiction of the United States District Court for the Southern District of Texas or any state district court for the State of Texas sitting in Houston, Harris County, Texas for the purpose of all proceedings arising out of or relating to this Mortgage with the transactions contemplated hereby. The Grantor hereby irrevocably waives to the fullest extent permitted by law any objections that it may now or hereafter have to the laying of the venue of any such proceeding brought in such court or any claim

that any such proceeding brought in such court have been brought in an inconvenient forum.
