## Section 2 - Zoning Map(s) and District Boundaries

The location and boundaries of the county's zoning districts are shown on the accompanying map(s) officially designated "Official Zoning Map, Sublette County, Wyoming" and on separate maps officially designated "Detailed Zoning Map, Sublette County, Wyoming."

These maps together with all explanatory matters and regulations thereon, are an integral part of this resolution. In the event of a conflict between zoning district boundaries shown on the "Official Zoning Map, Sublette County, Wyoming" and the "Detailed Zoning Map, Sublette County, Wyoming," the latter shall govern and prevail. District boundaries are normally lot lines; section and quarter-section lines; center lines of streets, highways, railroads or alleys. Questions regarding exact location of district boundaries shall be decided by the County Board of Commissioners. Decisions may be reviewed on appeal to the District Court of Sublette County.

The official copies of the "Official Zoning Map, Sublette County, Wyoming," and the "Detailed Zoning Maps, Sublette County, Wyoming," together with a copy of this resolution shall be available for public inspection during office hours. These maps shall be certified by the Chairman of the County Board and attested by the County Clerk. Any changes affecting zoning district boundaries or explanatory matter and regulations shall be recorded on the applicable maps. All amendments to the maps shall be made in conformity with Article IX, Sections 1 and 2 of this resolution. Any amendments shall be recorded on either or both maps within 24 hours of its adoption, showing general location, effective date, and nature of the change. Each map amendment shall become an amendment to Article III of this resolution and the section number assigned shall be numbered consecutively from 2.1, shall be dated, shall contain a legal description of the area to be changed, as well as the nature of the change.
