

a. Before a permit may be suspended or revoked, the permittee shall be given an opportunity to show compliance with all lawful requirements for the retention of the permit.

b. The Zoning Administrator or County Sanitarian shall notify the permittee of its intent to suspend or revoke the permit in the event that it becomes necessary due to:

(1) non-compliance with the terms of the permit;
or

(2) unapproved modifications in design or construction; or

(3) false information submitted in the application; or

(4) changing site conditions which would result in violations of applicable regulations;

(5) non-compliance with any requirements of these regulations; or

(6) any other reason necessary to effectuate applicable statutes, standards or regulations.

c. The notification shall include the reasons for suspension or revocation.

d. The suspension or revocation shall become final 20 days from the date of such notice unless within that time the permittee requests a hearing before the Board of County Commissioners. Such a request for hearing shall be made in writing to the Planning and Zoning Officer and shall state the grounds for the request. Any hearing held shall be conducted pursuant to the applicable regulations.

Section 16. Compliance With State and Local Water Quality Management Plans. No permit may be issued for any facility which is in conflict with an approved water quality management plan prepared under Sections 303, 208 and/or 201 of the Federal Clean Water Act, as amended.

Section 17. Facilities and systems not specifically covered by these standards. This section is provided to encourage new technology and equipment and provide a process for evaluation and permitting of designs which deviate from these regulations. The construction of innovative facilities and processes not in compliance with these regulations will be permitted provided that the facility, when constructed, can operate meeting the purpose of these regulations.
