ORDER RECORD NO. 13--STATE BOARD OF CONTROL

IN THE MATTER OF THE PETITION OF THE FLYING W LAND AND LIVESTOCK COMPANY FOR ANNELLATION OF A CERTIFICATE OF APPROPRIATION FOR AN APPROPRIATION OF WATER FROM FISH CREEK, TRIBUTARY OF SOUTH PINEY CREEK, THROUGH THE EMPIRE DITCH, UNDER PERMIT 4170 WITH PRIORITY OF JULY 13,1895, AS ADJUDICATED TO ALICE SELLON (O.R. 4, P. 7; O.R. 12, P. 174; PROOF 7812)

IN WATER DIVISION NUMBER FOUR

FINDINGS AND ORDER

The matter was regularly before the State Board of Control this 21st day of November, 1956, the Board FINDS:

That on November 6, 1956, the Flying W Land and Livestock Company, through its Vice President, John N. Cortisman, filed a petition with the Board for the annellation of the adjudication of an appropriation of water from Fish Creek, tributary of South Piney Creek, through the Empire Ditch, under Permit 4170 with priority of July 13, 1895, in the name of Alice Sellon (O.R. 4, P. 7; O.R. 12, P. 174; Proof 7812) for the irrigation of 20 acres of land in the SE¼SE¼, Section 2, Township 29 North, Range 114 West;

That petitioner owns the land above of the above described land, as evidenced by a certificate of the County Clerk of Sublette County;

That petitioner desires to cancel this appropriation since it is a duplication of a portion of an appropriation under the Empire Ditch, as shown by Certificate Record 3, Page 161, which appropriation describes 125 acres of land including 20 acres in the SE¼SE¼, Section 2, Township 29 North, Range 114 West;

That the petitioner discovered this duplication of adjudications while preparing an application for enlargement of the Empire Ditch and that no one is harmed since it was not the original appropriator.

That the Board having considered the petition and being advised by the records of the offices of the State Board of Control and the facts presented and the showings presented in the matter, THEREFORE ORDERS:

That the petition be GRANTED;

That the appropriation of 0.14 cubic foot of water per second of time from Fish Creek, tributary of South Piney Creek, through the Empire Ditch, under Permit 4170 with priority of July 13, 1895, as adjudicated in the name of Alice Sellon, which is of record in Order Record 4 at Page 7, and Certificate Record 12 at Page 174, Proof 7812, for the irrigation of 20 acres of land in the SE¼SE¼, Section 2, Township 29 North, Range 114 West, be and the same is hereby CANCELLED.

DONE AT CHEYENNE, COUNTY OF LARAMIE, STATE OF WYOMING, THIS 21ST DAY OF NOVEMBER, 1956.

The right to water hereby confirmed and established is limited to irrigation ---------- and the use is restricted to the place where acquired and to the purpose for which acquired; rights for irrigation not to exceed one cubic foot of water per second for each seventy acres of land for which the appropriation is herein determined and established, except when there is surplus water in the stream as provided by Sections 71-216 to 71-224, Wyoming Compiled Statutes, 1945.

IN TESTIMONY WHEREOF, I, EARL LLOYD, President of the State Board of Control, have hereunto set my hand this 10th day of July, A. D. 1959, and caused the seal of said Board to be hereunto affixed.

Attest: George L. Christopulos Ex-officio Secretary.

Earl Lloyd President.

THE MILLS COMPANY, SHERIDAN 94037

WATER PURCHASE CONTRACT

THIS AGREEMENT, made in duplicate this 8th day of September 1959 by and between the FREMONT IRRIGATION COMPANY, a corporation organized and existing under the laws of the State of Wyoming, party of the first part, hereinafter referred to as the Company, and Donald J. Hesener of the County of Sublette State of Wyoming party of the second part, hereinafter referred to as the Purchaser, WITNESSETH that:

Wherever the Company is hereinafter referred to, such reference shall likewise mean and include the successors and assigns of the Company without expressly so stating; and whenever the Purchaser is hereinafter referred to such reference shall also mean and include the heirs, legatees, executors, administrators, successors and assigns of the Purchaser, without expressly so stating. And where there shall be more than one purchaser the word Purchaser shall mean all such purchasers.

In consideration of the sum of One Thousand Two Hundred Ten ($1210.00) Dollars, paid by the Purchaser to the Company as first installment under the terms of this agreement, the receipt whereof is hereby acknowledged, and of the stipulations and agreements herein entered into on the part of the Purchaser as hereinafter set forth, the Company hereby agrees to sell to the Purchaser a proportionate interest in the water or irrigation system or project known as the Fontenelle system or project, and water permits issued by the State Engineer of the State of Wyoming, in connection therewith under the ditch or canal known as the Canyon ditch or canal, now owned or that hereafter may be acquired by the Company, authorizing the diversion of water for the irrigation of the lands described herein through the said canal or ditch.

Such proportionate interest shall be in such ratio to such entire irrigation system and permits as the irrigable acreage of the lands described herein bears to the total irrigable acreage of the lands described in such water permits. Such proportionate interest conveyed to the Purchaser is a perpetual right to divert and conduct through the said irrigation system, laterals and ditches, to and upon the land described herein, water at the rate of one-seventieth of a cubic foot per second of time for each irrigable acre, of diversion from the Green River, as may be available to supply the priority of said water permits.

Such sale of such proportionate interest is hereby made subject to and under the express terms and conditions hereinafter set forth, to all and each of which terms and conditions said Purchaser hereby expressly consents and agrees, that is:

1. The right of the Company to the use of the said irrigation system to conduct water to lands other than those described in said permits and at any time hereafter to enlarge and extend said irrigation system for irrigation or power, is hereby expressly reserved.

2. The Company shall furnish and deliver through its said ditch or canal at the point of delivery determined upon, said point to be not more than one mile from the nearest legal sub-division of the lands hereinafter described, the amount of water in this agreement provided for to the Purchaser, continuously during the irrigation season of each year, except as hereinafter provided, and at no other time or times.

3. Such water shall be used for domestic and irrigation purposes only and only upon the following described lands; the same lying and being in the County of Sublette, State of Wyoming, and more particularly described as follows, to wit: Water for 2.2 acres in:

SW¼ and W½ SE¼, Section 2: N½ NW¼ Section 3: [illegible] Section 11: [illegible]

4. The Purchaser agrees that so long as the Company, its successors or assigns, shall retain control of the said irrigation system, the Company, may, whenever it shall become necessary in the current year, charge and collect from the Purchaser for the maintenance, operation and repair of the said irrigation system, an annual pro rata assessment not exceeding the sum of forty cents per annum on each acre held by the Purchaser

under the said canal or ditch. Provided such assessment, with the limitations above described, shall not exceed the proportionate share of the Purchaser in the said irrigation system and water permits. Said assessment is to be due and payable on the first day of November, in the year the assessment is made, and it is expressly stipulated and agreed that such assessment, when made, shall become a lien upon the proportionate interest of the Purchaser in said irrigation system and water permits and the land described herein, in favor of the Company, and in case the Purchaser shall remain in default for ninety days after the mailing by the Company of a written notice addressed to the last known place of residence of the Purchaser, the Company may enforce said payment by foreclosure upon said interest of the Purchaser in said irrigation system and water permits and upon the lands herein described, or by suit in any court of competent jurisdiction brought by the Company.

And it is also further provided, that in case of default in the payment of any of said assessments, it shall be lawful for the Company to shut off the water supply for the lands described herein from the use of the Purchaser until the amount of any such assessment due and remaining unpaid shall have been paid.

5. It is stipulated and agreed that if from casual, unforeseen, or unavoidable accidents, or if the volume of water shall prove insufficient from drought, or from any other cause beyond the control of the Company the full amount of water herein contracted for cannot be furnished as herein provided, the Company shall not be, in any way, liable because of any such shortage or deficiency of water supply occasioned by any of said causes.

6. It is further stipulated and agreed that, if for any reason or any cause, the supply of water shall be insufficient to furnish all the water granted by the State Engineer of the State of Wyoming to the Purchaser for use through said irrigation system according to its estimated capacity, or, if from any cause beyond the control of the Company the water supply shall be insufficient to furnish an amount equal to that provided for in all the contracts then in full force and effect between the Company and purchasers of proportionate interests in said irrigation system and water permits for use upon lands described therein, then and in such case the Company shall have the right to distribute the available water delivered through said irrigation system to the owners of proportionate interests in said irrigation system and water permits in pro rata shares, and for the purpose of so doing may establish and enforce such rules and regulations as it may deem necessary and expedient.

7. The Purchaser, in consideration of the agreements herein entered into on the part of the Company, hereby waives any and all claim or claims which might hereafter arise or accrue to the Purchaser for any loss or damage by reason of leakage or overflow from said canal, laterals or ditches, belonging to the Purchaser, either upon the land hereinbefore described or upon any other tract or tracts of land owned by the Purchaser anything in any statute, law or custom to the contrary notwithstanding.

8. It is agreed by the Purchaser that any of the foregoing described land for which application is being made for Desert Land Entry in the office of the United States Land and Survey Office of the Bureau of Land Management or any successor agency, that if said entry is allowed he will proceed with diligence to cultivate and improve such land and procure a Patent to the same as soon as possible.

9. At any time after the sale of water rights representing 50% of the total irrigable acreage under the said canal (ditch), the Company may elect to turn over the administration and management of the project by mailing a notice to each purchaser of a time and place for a meeting for the purpose of organizing a ditch company or organization. Each irrigable acre in the project shall represent one share of voting stock in any such ditch company or organization. Within 30 days after the sale of water rights representing 90% of the total irrigable acreage, such ditch company or organization shall be organized in the manner above described and management of the project turned over to the purchasers. The Purchaser does hereby appoint the Company attorney in fact to vote the shares of stock of the Purchaser in the organization of said Ditch Company at any such meeting at which the Purchaser is not present in person. When the organization of any such ditch company or organization is completed, the Company may elect to dispose of any unsold water right as follows: (a) to retain said water permits for future sale, with the right to vote the shares of stock represented thereby in any meeting of such ditch company or organization; (b) to sell said water permits to such newly organized ditch company or organization; or (c) to cancel said permits by petition to the State Engineer of Wyoming.

10. The Purchaser agrees to grant a right-of-way over, upon or across any of the above described land, free of charge, for the purpose of constructing, operating and maintaining any ditches or laterals necessary for the irrigation of any lands upon or in connection with such water or irrigation system or project, under such ditch or canal.

11. In consideration of the premises and the covenants herein contained to be performed by the Company, the Purchaser hereby agrees to pay unto the said party of the first part, its successors or assigns, the sum of (one thousand two hundred ten

Dollars ($ 1210.00) at the time of execution of this Contract and to pay the remainder of the purchase price,in 10 deferred payments, with interest thereon payable annually, before maturity, at the rate of six per cent per annum, and after maturity at the rate of eight per cent per annum, said deferred payments to be paid in installments as follows: (total purchase price, 7260.00)

No. of Payment	Date Due	Principal	Interest	Total
1st Deferred Payment	[illegible]	[illegible]	[illegible]	[illegible]
2nd Deferred Payment	1951	[illegible]	[illegible]	[illegible]
3rd Deferred Payment	1952	[illegible]	[illegible]	[illegible]
4th Deferred Payment	1953	[illegible]	[illegible]	[illegible]
5th Deferred Payment	1954	[illegible]	[illegible]	[illegible]
6th Deferred Payment	1955	[illegible]	[illegible]	[illegible]
7th Deferred Payment	[illegible]	[illegible]	[illegible]	[illegible]
8th Deferred Payment	1957	[illegible]	[illegible]	[illegible]
9th Deferred Payment	[illegible]	[illegible]	[illegible]	[illegible]
10th Deferred Payment	1959	[illegible]	[illegible]	[illegible]

And it is expressly stipulated and agreed that the Company shall have, and is hereby given, a first and prior lien on said proportionate interest in said irrigation system and water permits herein contracted for and upon the lands herein described, for all the above deferred payments as well as for assessments for maintenance, operation and repairs of said irrigation system as hereinbefore set forth. Said lien is to be in all respects prior to any and all other liens created or attempted to be created upon said proportionate interests and lands by the Purchaser. Said lien is to remain in full force and effect until the last of the deferred payments is fully paid and satisfied, and upon default being made on any of said deferred payments or assessments, the Company shall have the right to declare the entire amount unpaid immediately due and payable and to foreclose the lien hereby created by advertisement and sale or by court action and the Company may thereby sell and dispose of the land and proportionate interest in said irrigation system and water permits, and all the right, title and interest of the Purchaser therein including all rights, title and interest of the said Purchaser in and to all Desert Entry lands held by said purchaser and for which water rights, as hereinabove set forth and described, have been obtained, under the provisions of the laws of the State of Wyoming, governing the foreclosure of real estate mortgages, or in accordance with the provisions of Sections 24-421 to 429 inclusive of the Wyoming Compiled Statutes, 1945, or by a suit in equity, and out of the money arising from such sale, to retain the said principal sum and interest, together with all costs, fixed charges thereon, taxes and assessments due and remaining unpaid and an attorney's fee amounting to 5% of the total amount due and unpaid from the Purchaser. And the Purchaser hereby covenants and agrees to pay, all taxes and assessments upon said land and proportionate interest, and if the Purchaser shall fail to do so, then and in that case, the Company is hereby authorized to pay such taxes and assessments and any [illegible] money so expended by the Company shall be added to the [illegible] and shall draw interest at the rate of eight per cent per annum [illegible] created upon the shares of stock of any purchaser of a water right, [illegible] rights of way, easements, franchises, and irrigation system represented thereby [illegible] ferred payment or payments on his water right, interest, charges [illegible] ment by the Purchaser to the Company of the full purchase [illegible] to the interest in water permits, right of way, easements, [illegible] chaser has contracted under this Contract, free of all encumbrances.

12. In consideration of all and singular the premises, it is agreed that the Purchaser may enter into the use and enjoyment of said proportionate interest [illegible] and after the date of this contract, as fully as though all payments had been made, provided always, that such use and enjoyment of said right shall always be [illegible] singular the terms and conditions, and the intent thereof [illegible]

IN WITNESS WHEREOF, the parties have executed this agreement the day and year first above written.

WATER PURCHASE CONTRACT

THIS AGREEMENT, made in duplicate this 8th day of September, 1959 by and between the FREMONT IRRIGATION COMPANY, a corporation organized and existing under the laws of the State of Wyoming, party of the first part, hereinafter referred to as the Company, and Barbara Jean Hesener of the County of Sublette State of Wyoming party of the second part, hereinafter referred to as the Purchaser, WITNESSETH that:

Wherever the Company is hereinafter referred to, such reference shall likewise mean and include the successors and assigns of the Company without expressly so stating; and whenever the Purchaser is hereinafter referred to such reference shall also mean and include the heirs, legatees, executors, administrators, successors and assigns of the Purchaser, without expressly so stating. And where there shall be more than one purchaser the word Purchaser shall mean all such purchasers.

In consideration of the sum of One Thousand Four Hundred/Twenty ($1120.00) Dollars, paid by the Purchaser to the Company as first installment under the terms of this agreement, the receipt whereof is hereby acknowledged, and of the stipulations and agreements herein entered into on the part of the Purchaser as hereinafter set forth, the Company hereby agrees to sell to the Purchaser a proportionate interest in the water or irrigation system or project known as the Forty-Rod system or project, and water permits issued by the State Engineer of the State of Wyoming, in connection therewith under the ditch or canal known as the Canyon ditch or canal, now owned or that hereafter may be acquired by the Company, authorizing the diversion of water for the irrigation of the lands described herein through the said canal or ditch.

Such proportionate interest shall be in such ratio to such entire irrigation system and permits as the irrigable acreage of the lands described herein bears to the total irrigable acreage of the lands described in such water permits. Such proportionate interest conveyed to the Purchaser is a perpetual right to divert and conduct through the said irrigation system, laterals and ditches, to and upon the land described herein, water at the rate of one-seventieth of a cubic foot per second of time for each irrigable acre, of diversion from the Green River, as may be available to supply the priority of said water permits.

Such sale of such proportionate interest is hereby made subject to and under the express terms and conditions hereinafter set forth, to all and each of which terms and conditions said Purchaser hereby expressly consents and agrees, that is:

1. The right of the Company to the use of the said irrigation system to conduct water to lands other than those described in said permits and at any time hereafter to enlarge and extend said irrigation system for irrigation or power, is hereby expressly reserved.

2. The Company shall furnish and deliver through its said ditch or canal at the point of delivery determined upon, said point to be not more than one mile from the nearest legal sub-division of the lands hereinafter described, the amount of water in this agreement provided for to the Purchaser, continuously during the irrigation season of each year, except as hereinafter provided, and at no other time or times.

3. Such water shall be used for domestic and irrigation purposes only and only upon the following described lands; the same lying and being in the County of Sublette, State of Wyoming, and more particularly described as follows, to wit: Water for 28½ acres in:

W½NE¼, W½W½, SE¼NE¼, N½SW¼ and NW¼SE¼, Section 11: T. 35 N., R. 111 W., 6th P. M.

4. The Purchaser agrees that so long as the Company, its successors or assigns, shall retain control of the said irrigation system, the Company, may, whenever it shall become necessary in the current year, charge and collect from the Purchaser for the maintenance, operation and repair of the said irrigation system, an annual pro rata assessment not exceeding the sum of forty cents per annum on each acre held by the Purchaser

under the said canal or ditch. Provided such assessment, with the limitations above described, shall not exceed the proportionate share of the Purchaser in the said irrigation system and water permits. Said assessment is to be due and payable on the first day of November, in the year the assessment is made, and it is expressly stipulated and agreed that such assessment, when made, shall become a lien upon the proportionate interest of the Purchaser in said irrigation system and water permits and the land described herein, in favor of the Company, and in case the Purchaser shall remain in default for ninety days after the mailing by the Company of a written notice addressed to the last known place of residence of the Purchaser, the Company may enforce said payment by foreclosure upon said interest of the Purchaser in said irrigation system and water permits and upon the lands herein described, or by suit in any court of competent jurisdiction brought by the Company.

And it is also further provided, that in case of default in the payment of any of said assessments, it shall be lawful for the Company to shut off the water supply for the lands described herein from the use of the Purchaser until the amount of any such assessment due and remaining unpaid shall have been paid.

5. It is stipulated and agreed that if from casual, unforeseen, or unavoidable accidents, or if the volume of water shall prove insufficient from drought, or from any other cause beyond the control of the Company the full amount of water herein contracted for cannot be furnished as herein provided, the Company shall not be, in any way, liable because of any such shortage or deficiency of water supply occasioned by any of said causes.

6. It is further stipulated and agreed that, if for any reason or any cause, the supply of water shall be insufficient to furnish all the water granted by the State Engineer of the State of Wyoming to the Purchaser for use through said irrigation system according to its estimated capacity, or, if from any cause beyond the control of the Company the water supply shall be insufficient to furnish an amount equal to that provided for in all the contracts then in full force and effect between the Company and purchasers of proportionate interests in said irrigation system and water permits for use upon lands described therein, then and in such case the Company shall have the right to distribute the available water delivered through said irrigation system to the owners of proportionate interests in said irrigation system and water permits in pro rata shares, and for the purpose of so doing may establish and enforce such rules and regulations as it may deem necessary and expedient.

7. The Purchaser, in consideration of the agreements herein entered into on the part of the Company, hereby waives any and all claim or claims which might hereafter arise or accrue to the Purchaser for any loss or damage by reason of leakage or overflow from said canal, laterals or ditches, belonging to the Purchaser, either upon the land hereinbefore described or upon any other tract or tracts of land owned by the Purchaser anything in any statute, law or custom to the contrary notwithstanding.

8. It is agreed by the Purchaser that any of the foregoing described land for which application is being made for Desert Land Entry in the office of the United States Land and Survey Office of the Bureau of Land Management or any successor agency, that if said entry is allowed he will proceed with diligence to cultivate and improve such land and procure a Patent to the same as soon as possible.

9. At any time after the sale of water rights representing 50% of the total irrigable acreage under the said canal (ditch), the Company may elect to turn over the admi: istration and management of the project by mailing a notice to each purchaser of a time and place for a meeting for the purpose of organizing a ditch company or organization. Each irrigable acre in the project shall represent one share of voting stock in any such ditch company or organization. Within 30 days after the sale of water rights representing 90% of the total irrigable acreage, such ditch company or organization shall be organized in the manner above described and management of the project turned over to the purchasers. The Purchaser does hereby appoint the Company attorney in fact to vote the shares of stock of the Purchaser in the organization of said Ditch Company at any such meeting at which the Purchaser is not present in person. When the organization of any such ditch company or organization is completed, the Company may elect to dispose of any unsold water right as follows: (a) to retain said water permits for future sale, with the right to vote the shares of stock represented thereby in any meeting of such ditch company or organization; (b) to sell said water permits to such newly organized ditch company or organization; or (c) to cancel said permits by petition to the State Engineer of Wyoming.

10. The Purchaser agrees to grant a right-of-way over, upon or across any of the above described land, free of charge, for the purpose of constructing, operating and maintaining any ditches or laterals necessary for the irrigation of any lands upon or in connection with such water or irrigation system or project, under such ditch or canal.

11. In consideration of the premises and the covenants herein contained to be performed by the Company, the Purchaser hereby agrees to pay unto the said party of the first part, its successors or assigns, the sum of One Thousand Four Hundred Twenty

Dollars ($ 1420.00) at the time of execution of this Contract and to pay the remainder of the purchase price,in 10 deferred payments, with interest thereon payable annually, before maturity, at the rate of six per cent per annum, and after maturity at the rate of eight per cent per annum, said deferred payments to be paid in installments as follows: (Total purchase price, $5[illegible].00)

No. of Payment	Date Due	Principal	Interest	Total
1st Deferred Payment	Sept. 6, 1960	0.00	[illegible]	[illegible]
2nd Deferred Payment	" 1961	[illegible]	[illegible]	[illegible]
3rd Deferred Payment	" 1962	$52.00	[illegible]	[illegible]
4th Deferred Payment	" 1963	$52.00	357.81	1209.81
5th Deferred Payment	" 1964	$52.00	[illegible]	[illegible]
6th Deferred Payment	" 1965	$52.00	[illegible]	[illegible]
7th Deferred Payment	" 1966	$52.00	[illegible]	[illegible]
8th Deferred Payment	" 1967	$52.00	[illegible]	[illegible]
9th Deferred Payment	" 1968	$52.00	[illegible]	[illegible]
10th Deferred Payment	" 1969	$52.00	[illegible]	[illegible]

And it is expressly stipulated and agreed that the Company shall have, and is hereby given, a first and prior lien on said proportionate interest in said irrigation system and water permits herein contracted for and upon the lands herein described, for all the above deferred payments as well as for assessments for maintenance, operation and repairs of said irrigation system as hereinbefore set forth. Said lien is to be in all respects prior to any and all other liens created or attempted to be created upon said proportionate interests and lands by the Purchaser. Said lien is to remain in full force and effect until the last of the deferred payments is fully paid and satisfied, and upon default being made on any of said deferred payments or assessments, the Company shall have the right to declare the entire amount unpaid immediately due and payable and to foreclose the lien hereby created by advertisement and sale or by court action and the Company may thereby sell and dispose of the land and proportionate interest in said irrigation system and water permits, and all the right, title and interest of the Purchaser therein including all rights, title and interest of the said Purchaser in and to all Desert Entry lands held by said purchaser and for which water rights, as hereinabove set forth and described, have been obtained, under the provisions of the laws of the State of Wyoming, governing the foreclosure of real estate mortgages, or in accordance with the provisions of Sections 24-421 to 429 inclusive of the Wyoming Compiled Statutes, 1945, or by a suit in equity, and out of the money arising from such sale, to retain the said principal sum and interest, together with all costs, fixed charges thereon, taxes and assessments due and remaining unpaid and an attorney's fee amounting to 5% of the total amount due and unpaid from the Purchaser. And the Purchaser hereby covenants and agrees to pay all taxes and assessments upon said land and proportionate interest, and if the Purchaser shall fail to do so, then and in that case, the Company is hereby authorized to pay such taxes and assessments, and any such sum or sums of money so expended by the Company shall be added to the debt hereby created and secured, and the same shall draw interest at the rate of eight per cent per annum; but no lien shall be created, or attempted to be created, upon the shares of stock of any purchaser of a water right, nor upon the interests in water permits, rights of way, easements, franchises, and irrigation system represented thereby, other than to secure the deferred payment or payments on his water right, interest, charges, taxes and assessments incident thereto. Payment by the Purchaser to the Company of the full purchase price of a water right, shall entitle such Purchaser to the interest in water permits, right of way, easements, franchises and irrigation system for which such Purchaser has contracted under this Contract, free of all encumbrances.

12. In consideration of all and singular the premises, it is agreed that the Purchaser may enter into the use and enjoyment of said proportionate interest herein contracted for to the full extent of said right from and after the date of this contract, as fully as though all payments had been made; provided always, that such use and enjoyment of said right shall always be, and it is hereby so made to be, subject to all and singular the terms and conditions, and the intent thereof, in this contract hereinbefore set forth.

IN WITNESS WHEREOF, the parties have executed this agreement the day and year first above written.

WATER PURCHASE CONTRACT

THIS AGREEMENT, made in duplicate this 8th day of September 19 59 by and between the FREMONT IRRIGATION COMPANY, a corporation organized and existing under the laws of the State of Wyoming, party of the first part, hereinafter referred to as the Company, and Lyl A. Curtis of the County of Sublette State of Wyoming party of the second part, hereinafter referred to as the Purchaser, WITNESSETH that:

Wherever the Company is hereinafter referred to, such reference shall likewise mean and include the successors and assigns of the Company without expressly so stating; and whenever the Purchaser is hereinafter referred to such reference shall also mean and include the heirs, legatees, executors, administrators, successors and assigns of the Purchaser, without expressly so stating. And where there shall be more than one purchaser the word Purchaser shall mean all such purchasers.

In consideration of the sum of Twelve Hundred Fifty ($1250.00) Dollars, paid by the Purchaser to the Company as first installment under the terms of this agreement, the receipt whereof is hereby acknowledged, and of the stipulations and agreements herein entered into on the part of the Purchaser as hereinafter set forth, the Company hereby agrees to sell to the Purchaser a proportionate interest in the water or irrigation system or project known as the Forty-Bed system or project, and water permits issued by the State Engineer of the State of Wyoming, in connection therewith under the ditch or canal known as the Canyon ditch or canal, now owned or that hereafter may be acquired by the Company, authorizing the diversion of water for the irrigation of the lands described herein through the said canal or ditch.

Such proportionate interest shall be in such ratio to such entire irrigation system and permits as the irrigable acreage of the lands described herein bears to the total irrigable acreage of the lands described in such water permits. Such proportionate interest conveyed to the Purchaser is a perpetual right to divert and conduct through the said irrigation system, laterals and ditches, to and upon the land described herein, water at the rate of one-seventieth of a cubic foot per second of time for each irrigable acre, of diversion from the Green River, as may be available to supply the priority of said water permits.

Such sale of such proportionate interest is hereby made subject to and under the express terms and conditions hereinafter set forth, to all and each of which terms and conditions said Purchaser hereby expressly consents and agrees, that is:

1. The right of the Company to the use of the said irrigation system to conduct water to lands other than those described in said permits and at any time hereafter to enlarge and extend said irrigation system for irrigation or power, is hereby expressly reserved.

2. The Company shall furnish and deliver through its said ditch or canal at the point of delivery determined upon, said point to be not more than one mile from the nearest legal sub-division of the lands hereinafter described, the amount of water in this agreement provided for to the Purchaser, continuously during the irrigation season of each year, except as hereinafter provided, and at no other time or times.

3. Such water shall be used for domestic and irrigation purposes only and only upon the following described lands; the same lying and being in the County of Sublette, State of Wyoming, and more particularly described as follows, to wit: Water for 250 acres in:

Section 9: [illegible], and [illegible]. Section 10: [illegible], 35 N., [illegible]. 111 W., 6th P. M.

4. The Purchaser agrees that so long as the Company, its successors or assigns, shall retain control of the said irrigation system, the Company, may, whenever it shall become necessary in the current year, charge and collect from the Purchaser for the maintenance, operation and repair of the said irrigation system, an annual pro rata assessment not exceeding the sum of forty cents per annum on each acre held by the Purchaser

under the said canal or ditch. Provided such assessment, with the limitations above described, shall not exceed the proportionate share of the Purchaser in the said irrigation system and water permits. Said assessment is to be due and payable on the first day of November, in the year the assessment is made, and it is expressly stipulated and agreed that such assessment, when made, shall become a lien upon the proportionate interest of the Purchaser in said irrigation system and water permits and the land described herein, in favor of the Company, and in case the Purchaser shall remain in default for ninety days after the mailing by the Company of a written notice addressed to the last known place of residence of the Purchaser, the Company may enforce said payment by foreclosure upon said interest of the Purchaser in said irrigation system and water permits and upon the lands herein described, or by suit in any court of competent jurisdiction brought by the Company.

And it is also further provided, that in case of default in the payment of any of said assessments, it shall be lawful for the Company to shut off the water supply for the lands described herein from the use of the Purchaser until the amount of any such assessment due and remaining unpaid shall have been paid.

5. It is stipulated and agreed that if from casual, unforeseen, or unavoidable accidents, or if the volume of water shall prove insufficient from drought, or from any other cause beyond the control of the Company the full amount of water herein contracted for cannot be furnished as herein provided, the Company shall not be, in any way, liable because of any such shortage or deficiency of water supply occasioned by any of said causes.

6. It is further stipulated and agreed that, if for any reason or any cause, the supply of water shall be insufficient to furnish all the water granted by the State Engineer of the State of Wyoming to the Purchaser for use through said irrigation system according to its estimated capacity, or, if from any cause beyond the control of the Company the water supply shall be insufficient to furnish an amount equal to that provided for in all the contracts then in full force and effect between the Company and purchasers of proportionate interests in said irrigation system and water permits for use upon lands described therein, then and in such case the Company shall have the right to distribute the available water delivered through said irrigation system to the owners of proportionate interests in said irrigation system and water permits in pro rata shares, and for the purpose of so doing may establish and enforce such rules and regulations as it may deem necessary and expedient.

7. The Purchaser, in consideration of the agreements herein entered into on the part of the Company, hereby waives any and all claim or claims which might hereafter arise or accrue to the Purchaser for any loss or damage by reason of leakage or overflow from said canal, laterals or ditches, belonging to the Purchaser, either upon the land hereinbefore described or upon any other tract or tracts of land owned by the Purchaser anything in any statute, law or custom to the contrary notwithstanding.

8. It is agreed by the Purchaser that any of the foregoing described land for which application is being made for Desert Land Entry in the office of the United States Land and Survey Office of the Bureau of Land Management or any successor agency, that if said entry is allowed he will proceed with diligence to cultivate and improve such land and procure a Patent to the same as soon as possible.

9. At any time after the sale of water rights representing 50% of the total irrigable acreage under the said canal (ditch), the Company may elect to turn over the administration and management of the project by mailing a notice to each purchaser of a time and place for a meeting for the purpose of organizing a ditch company or organization. Each irrigable acre in the project shall represent one share of voting stock in any such ditch company or organization. Within 30 days after the sale of water rights representing 90% of the total irrigable acreage, such ditch company or organization shall be organized in the manner above described and management of the project turned over to the purchasers. The Purchaser does hereby appoint the Company attorney in fact to vote the shares of stock of the Purchaser in the organization of said Ditch Company at any such meeting at which the Purchaser is not present in person. When the organization of any such ditch company or organization is completed, the Company may elect to dispose of any unsold water right as follows: (a) to retain said water permits for future sale, with the right to vote the shares of stock represented thereby in any meeting of such ditch company or organization; (b) to sell said water permits to such newly organized ditch company or organization; or (c) to cancel said permits by petition to the State Engineer of Wyoming.

10. The Purchaser agrees to grant a right-of-way over, upon or across any of the above described land, free of charge, for the purpose of constructing, operating and maintaining any ditches or laterals necessary for the irrigation of any lands upon or in connection with such water or irrigation system or project, under such ditch or canal.

11. In consideration of the premises and the covenants herein contained to be performed by the Company, the Purchaser hereby agrees to pay unto the said party of the first part, its successors or assigns, the sum of One Thousand Two Hundred Fifty

Dollars ($1250.00) at the time of execution of this Contract and to pay the remainder of the purchase price,in 10 deferred payments, with interest thereon payable annually, before maturity, at the rate of six per cent per annum, and after maturity at the rate of eight per cent per annum, said deferred payments to be paid in installments as follows: (Total purchase price, $2500.00)

No. of Payment	Date Due	Principal	Interest	Total
1st Deferred Payment	Sept.8,1960	0.00	375.00	375.00
2nd Deferred Payment	" 1961	250.00	375.00	625.00
3rd Deferred Payment	" 1962	750.00	360.00	1110.00
4th Deferred Payment	" 1963	750.00	315.00	1065.00
5th Deferred Payment	" 1964	750.00	270.00	1020.00
6th Deferred Payment	" 1965	750.00	225.00	975.00
7th Deferred Payment	" 1966	750.00	180.00	930.00
8th Deferred Payment	" 1967	750.00	135.00	885.00
9th Deferred Payment	" 1968	750.00	90.00	840.00
10th Deferred Payment	" 1969	750.00	45.00	795.00

And it is expressly stipulated and agreed that the Company shall have, and is hereby given, a first and prior lien on said proportionate interest in said irrigation system and water permits herein contracted for and upon the lands herein described, for all the above deferred payments as well as for assessments for maintenance, operation and repairs of said irrigation system as hereinbefore set forth. Said lien is to be in all respects prior to any and all other liens created or attempted to be created upon said proportionate interests and lands by the Purchaser. Said lien is to remain in full force and effect until the last of the deferred payments is fully paid and satisfied, and upon default being made on any of said deferred payments or assessments, the Company shall have the right to declare the entire amount unpaid immediately due and payable and to foreclose the lien hereby created by advertisement and sale or by court action and the Company may thereby sell and dispose of the land and proportionate interest in said irrigation system and water permits, and all the right, title and interest of the Purchaser therein including all rights, title and interest of the said Purchaser in and to all Desert Entry lands held by said purchaser and for which water rights, as hereinabove set forth and described, have been obtained, under the provisions of the laws of the State of Wyoming, governing the foreclosure of real estate mortgages, or in accordance with the provisions of Sections 24-421 to 429 inclusive of the Wyoming Compiled Statutes, 1945, or by a suit in equity, and out of the money arising from such sale, to retain the said principal sum and interest, together with all costs, fixed charges thereon, taxes and assessments due and remaining unpaid and an attorney's fee amounting to 5% of the total amount due and unpaid from the Purchaser. And the Purchaser hereby covenants and agrees to pay all taxes and assessments upon said land and proportionate interest, and if the Purchaser shall fail to do so, then and in that case, the Company is hereby authorized to pay such taxes and assessments, and any such sum or sums of money so expended by the Company shall be added to the debt hereby created and secured, and the same shall draw interest at the rate of eight per cent per annum; but no lien shall be created, or attempted to be created, upon the shares of stock of any purchaser of a water right, nor upon the interests in water permits, rights of way, easements, franchises, and irrigation system represented thereby, other than to secure the deferred payment or payments on his water right, interest, charges, taxes and assessments incident thereto. Payment by the Purchaser to the Company of the full purchase price of a water right, shall entitle such Purchaser to the interest in water permits, right of way, easements, franchises and irrigation system for which such Purchaser has contracted under this Contract, free of all encumbrances.

12. In consideration of all and singular the premises, it is agreed that the Purchaser may enter into the use and enjoyment of said proportionate interest herein contracted for to the full extent of said right from and after the date of this contract, as fully as though all payments had been made; provided always, that such use and enjoyment of said right shall always be, and it is hereby so made to be, subject to all and singular the terms and conditions, and the intent thereof, in this contract hereinbefore set forth.

IN WITNESS WHEREOF, the parties have executed this agreement the day and year first above written.

WATER PURCHASE CONTRACT

THIS AGREEMENT, made in duplicate this 8th day of September, 1959 by and between the FREMONT IRRIGATION COMPANY, a corporation organized and existing under the laws of the State of Wyoming, party of the first part, hereinafter referred to as the Company, and Charlotte M. Curtis of the County of Sublette State of Wyoming party of the second part, hereinafter referred to as the Purchaser, WITNESSETH that:

Wherever the Company is hereinafter referred to, such reference shall likewise mean and include the successors and assigns of the Company without expressly so stating; and whenever the Purchaser is hereinafter referred to such reference shall also mean and include the heirs, legatees, executors, administrators, successors and assigns of the Purchaser, without expressly so stating. And where there shall be more than one purchaser the word Purchaser shall mean all such purchasers.

In consideration of the sum of Seven Hundred Forty-five ($745.00) Dollars, paid by the Purchaser to the Company as first installment under the terms of this agreement, the receipt whereof is hereby acknowledged, and of the stipulations and agreements herein entered into on the part of the Purchaser as hereinafter set forth, the Company hereby agrees to sell to the Purchaser a proportionate interest in the water or irrigation system or project known as the Forty-Rod system or project, and water permits issued by the State Engineer of the State of Wyoming, in connection therewith under the ditch or canal known as the Canyon ditch or canal, now owned or that hereafter may be acquired by the Company, authorizing the diversion of water for the irrigation of the lands described herein through the said canal or ditch.

Such proportionate interest shall be in such ratio to such entire irrigation system and permits as the irrigable acreage of the lands described herein bears to the total irrigable acreage of the lands described in such water permits. Such proportionate interest conveyed to the Purchaser is a perpetual right to divert and conduct through the said irrigation system, laterals and ditches, to and upon the land described herein, water at the rate of one-seventieth of a cubic foot per second of time for each irrigable acre, of diversion from the Green River, as may be available to supply the priority of said water permits.

Such sale of such proportionate interest is hereby made subject to and under the express terms and conditions hereinafter set forth, to all and each of which terms and conditions said Purchaser hereby expressly consents and agrees, that is:

1. The right of the Company to the use of the said irrigation system to conduct water to lands other than those described in said permits and at any time hereafter to enlarge and extend said irrigation system for irrigation or power, is hereby expressly reserved.

2. The Company shall furnish and deliver through its said ditch or canal at the point of delivery determined upon, said point to be not more than one mile from the nearest legal sub-division of the lands hereinafter described, the amount of water in this agreement provided for to the Purchaser, continuously during the irrigation season of each year, except as hereinafter provided, and at no other time or times.

3. Such water shall be used for domestic and irrigation purposes only and only upon the following described lands; the same lying and being in the County of Sublette, State of Wyoming, and more particularly described as follows, to wit: Water for 1h9 acres in:

SW¼NW¼, SE¼NW¼, W½SW¼, SW¼SW¼, W½SE¼ and SE¼SW¼, Section 3, T. 35 N., R. 111 W., 6th P. M.

4. The Purchaser agrees that so long as the Company, its successors or assigns, shall retain control of the said irrigation system, the Company, may, whenever it shall become necessary in the current year, charge and collect from the Purchaser for the maintenance, operation and repair of the said irrigation system, an annual pro rata assessment not exceeding the sum of forty cents per annum on each acre held by the Purchaser

under the said canal or ditch. Provided such assessment, with the limitations above described, shall not exceed the proportionate share of the Purchaser in the said irrigation system and water permits. Said assessment is to be due and payable on the first day of November, in the year the assessment is made, and it is expressly stipulated and agreed that such assessment, when made, shall become a lien upon the proportionate interest of the Purchaser in said irrigation system and water permits and the land described herein, in favor of the Company, and in case the Purchaser shall remain in default for ninety days after the mailing by the Company of a written notice addressed to the last known place of residence of the Purchaser, the Company may enforce said payment by foreclosure upon said interest of the Purchaser in said irrigation system and water permits and upon the lands herein described, or by suit in any court of competent jurisdiction brought by the Company.

And it is also further provided, that in case of default in the payment of any of said assessments, it shall be lawful for the Company to shut off the water supply for the lands described herein from the use of the Purchaser until the amount of any such assessment due and remaining unpaid shall have been paid.

5. It is stipulated and agreed that if from casual, unforeseen, or unavoidable accidents, or if the volume of water shall prove insufficient from drought, or from any other cause beyond the control of the Company the full amount of water herein contracted for cannot be furnished as herein provided, the Company shall not be, in any way, liable because of any such shortage or deficiency of water supply occasioned by any of said causes.

6. It is further stipulated and agreed that, if for any reason or any cause, the supply of water shall be insufficient to furnish all the water granted by the State Engineer of the State of Wyoming to the Purchaser for use through said irrigation system according to its estimated capacity, or, if from any cause beyond the control of the Company the water supply shall be insufficient to furnish an amount equal to that provided for in all the contracts then in full force and effect between the Company and purchasers of proportionate interests in said irrigation system and water permits for use upon lands described therein, then and in such case the Company shall have the right to distribute the available water delivered through said irrigation system to the owners of proportionate interests in said irrigation system and water permits in pro rata shares, and for the purpose of so doing may establish and enforce such rules and regulations as it may deem necessary and expedient.

7. The Purchaser, in consideration of the agreements herein entered into on the part of the Company, hereby waives any and all claim or claims which might hereafter arise or accrue to the Purchaser for any loss or damage by reason of leakage or overflow from said canal, laterals or ditches, belonging to the Purchaser, either upon the land hereinbefore described or upon any other tract or tracts of land owned by the Purchaser anything in any statute, law or custom to the contrary notwithstanding.

8. It is agreed by the Purchaser that any of the foregoing described land for which application is being made for Desert Land Entry in the office of the United States Land and Survey Office of the Bureau of Land Management or any successor agency, that if said entry is allowed he will proceed with diligence to cultivate and improve such land and procure a Patent to the same as soon as possible.

9. At any time after the sale of water rights representing 50% of the total irrigable acreage under the said canal (ditch), the Company may elect to turn over the administration and management of the project by mailing a notice to each purchaser of a time and place for a meeting for the purpose of organizing a ditch company or organization. Each irrigable acre in the project shall represent one share of voting stock in any such ditch company or organization. Within 30 days after the sale of water rights representing 90% of the total irrigable acreage, such ditch company or organization shall be organized in the manner above described and management of the project turned over to the purchasers. The Purchaser does hereby appoint the Company attorney in fact to vote the shares of stock of the Purchaser in the organization of said Ditch Company at any such meeting at which the Purchaser is not present in person. When the organization of any such ditch company or organization is completed, the Company may elect to dispose of any unsold water right as follows: (a) to retain said water permits for future sale, with the right to vote the shares of stock represented thereby in any meeting of such ditch company or organization; (b) to sell said water permits to such newly organized ditch company or organization; or (c) to cancel said permits by petition to the State Engineer of Wyoming.

10. The Purchaser agrees to grant a right-of-way over, upon or across any of the above described land, free of charge, for the purpose of constructing, operating and maintaining any ditches or laterals necessary for the irrigation of any lands upon or in connection with such water or irrigation system or project, under such ditch or canal.

11. In consideration of the premises and the covenants herein contained to be performed by the Company, the Purchaser hereby agrees to pay unto the said party of the first part, its successors or assigns, the sum of Seven Hundred Forty-five Dollars ($ 745.00) at the time of execution of this Contract and to pay the remainder of the purchase price, in 10 deferred payments, with interest thereon payable annually, before maturity, at the rate of six per cent per annum, and after maturity at the rate of eight per cent per annum, said deferred payments to be paid in installments as follows: (Total purchase price, $4470.00)

No. of Payment	Date Due	Principal	Interest	Total
1st Deferred Payment	Sept.8,1960	0.00	223.50	223.50
2nd Deferred Payment	" 1961	49.00	223.50	272.50
3rd Deferred Payment	" 1962	447.00	214.56	661.56
4th Deferred Payment	" 1963	447.00	187.74	634.74
5th Deferred Payment	" 1964	447.00	160.92	607.92
6th Deferred Payment	" 1965	447.00	134.10	581.10
7th Deferred Payment	" 1966	447.00	107.28	554.28
8th Deferred Payment	" 1967	447.00	80.46	527.46
9th Deferred Payment	" 1968	447.00	53.64	500.64
10th Deferred Payment	" 1969	447.00	26.82	473.82

And it is expressly stipulated and agreed that the Company shall have, and is hereby given, a first and prior lien on said proportionate interest in said irrigation system and water permits herein contracted for and upon the lands herein described, for all the above deferred payments as well as for assessments for maintenance, operation and repairs of said irrigation system as hereinbefore set forth. Said lien is to be in all respects prior to any and all other liens created or attempted to be created upon said proportionate interests and lands by the Purchaser. Said lien is to remain in full force and effect until the last of the deferred payments is fully paid and satisfied, and upon default being made on any of said deferred payments or assessments, the Company shall have the right to declare the entire amount unpaid immediately due and payable and to foreclose the lien hereby created by advertisement and sale or by court action and the Company may thereby sell and dispose of the land and proportionate interest in said irrigation system and water permits, and all the right, title and interest of the Purchaser therein including all rights, title and interest of the said Purchaser in and to all Desert Entry lands held by said purchaser and for which water rights, as hereinabove set forth and described, have been obtained, under the provisions of the laws of the State of Wyoming, governing the foreclosure of real estate mortgages, or in accordance with the provisions of Sections 24-421 to 429 inclusive of the Wyoming Compiled Statutes, 1945, or by a suit in equity, and out of the money arising from such sale, to retain the said principal sum and interest, together with all costs, fixed charges thereon, taxes and assessments due and remaining unpaid and an attorney's fee amounting to 5% of the total amount due and unpaid from the Purchaser. And the Purchaser hereby covenants and agrees to pay all taxes and assessments upon said land and proportionate interest, and if the Purchaser shall fail to do so, then and in that case, the Company is hereby authorized to pay such taxes and assessments, and any such sum or sums of money so expended by the Company shall be added to the debt hereby created and secured, and the same shall draw interest at the rate of eight per cent per annum; but no lien shall be created, or attempted to be created, upon the shares of stock of any purchaser of a water right, nor upon the interests in water permits, rights of way, easements, franchises, and irrigation system represented thereby, other than to secure the deferred payment or payments on his water right, interest, charges, taxes and assessments incident thereto. Payment by the Purchaser to the Company of the full purchase price of a water right, shall entitle such Purchaser to the interest in water permits, right of way, easements, franchises and irrigation system for which such Purchaser has contracted under this Contract, free of all encumbrances.

12. In consideration of all and singular the premises, it is agreed that the Purchaser may enter into the use and enjoyment of said proportionate interest herein contracted for to the full extent of said right from and after the date of this contract, as fully as though all payments had been made; provided always, that such use and enjoyment of said right shall always be, and it is hereby so made to be, subject to all and singular the terms and conditions, and the intent thereof, in this contract hereinbefore set forth.

IN WITNESS WHEREOF, the parties have executed this agreement the day and year first above written.

Proof No. 5416

THE STATE OF WYOMING

Certificate of Appropriation of Water

Certificate Record No. 65, Page 142

WHEREAS, Frank D. Ball, III and Sue Ball (Successors to Lewis Travis, original appropriator) have presented to the Board of Control of the State of Wyoming proof of the appropriation of water from Natural Channel of North Piney Creek, tributary of Green River through the Bedier Ditch under Permit No. 3043 for irrigation of the lands herein described, lying and being in Sublette County, Wyoming.

NOW KNOW YE, That the State Board of Control, under the provisions of the Statutes of Wyoming, has, by an order duly made and entered on the 22nd day of September, A. D. 1959, in Order Record No. 14, Page 175, determined and established the priority and amount of such appropriation as follows:

Name of Appropriator Frank D. Ball, III and Sue Ball; Postoffice Address Big Piney, Wyoming;

Date of Appropriation February 27, 1901; Total Acreage Three Hundred Forty-eight (348) Acres;

Amount of Appropriation 4.95 cu. ft. per sec.; Description of land to be irrigated and for which this appropriation is determined and established:

THE STATE OF WYOMING

Certificate of Appropriation of Water

Certificate Record No. 65, Page 141

WHEREAS, Gordon M. Mickelson and Margaret C. Mickelson (As successors to A. W. Smith, original appropriator) have presented to the Board of Control of the State of Wyoming proof of the appropriation of water from North Piney Creek, tributary of Green River Ditch under ~~Permit No.~~ Territorial Appropriation through the Mule Shoe for irrigation of the lands herein described, lying and being in Sublette County, Wyoming.

NOW KNOW YE, That the State Board of Control, under the provisions of the Statutes of Wyoming, has, by an order duly made and entered on the 22nd day of September, A. D. 1959, in Order Record No. 14, Page 169, determined and established the priority and amount of such appropriation as follows:

Name of Appropriator Gordon M. Mickelson and Margaret C. Mickelson; Postoffice Address Big Piney, Wyoming;

Date of Appropriation May 1, 1888; Total Acreage One Hundred Two (102) Acres;

Amount of Appropriation 1.44 cu. ft. per sec.; Description of land to be irrigated and for which this appropriation is determined and established:

IN THE MATTER OF THE PETITION OF ELLEN RICHIE AND SONS) TO CORRECTLY SHOW THE LOCATION OF THE HEADGATE OF THE) BERNICE DITCH, DIVERTING WATER FROM COTTONWOOD CREEK,) TRIBUTARY OF EAST FORK OF NEW FORK RIVER, UNDER PERMIT) 15912 WITH PRIORITY OF SEPTEMBER 11, 1920 (O.R. 6, P.) 344; O.R. 45, P. 214; PROOF 14205))

IN WATER DIVISION NUMBER FOUR

FINDINGS AND ORDER

THIS MATTER coming regularly before the State Board of Control this 22nd day of November, 1957, the Board FINDS:

THAT the petitioner, Ellen Richie and Sons, a partnership, by Ellen Richie, a partner, sets forth under that it is the sole [illegible] water from Cottonwood Creek, tributary of East Fork of New Fork River, through the Bernice Ditch, under Permit 15912 with priority [illegible], as enlarged in the name of Mary C. Mathis, (O.R. 6, P. 344; O.R. 45, P. 214; Proof 14205) and of all the lands irrigated thereby;

THAT Permit 15912, as issued for the Bernice Ditch, erroneously shows the headgate location as South 50° 56' East 1166 feet [illegible] Section 29, Township 32 North, Range 107 West, and the map filed with said permit shows the sections improperly numbered as well [illegible];

THAT the petitioner requests that a proper Order of the Board be entered correctly describing the location of the ditch and [illegible];

THAT the correct location of the point of diversion of the Bernice Ditch is South 48° 10' East 2075 feet from the Northwest [illegible], Township 32 North, Range 106 West, which has never been changed;

THAT a print of a map filed in the State Engineer's Office to accompany an application for Enlargement of the Bernice Ditch [illegible] prepared by a Registered Professional Engineer and Land Surveyor, and correctly showing the location of the headgate of said ditch, ac[illegible] the petition.

The Board, now being advised by the records of the Offices of the State Board of Control and the State Engineer and the showings [illegible] in the matter, THEREUPON ORDERS:

THAT the petition be GRANTED;

THAT the records of the Office of the State Board of Control be corrected to show the point of diversion of the appropriation [illegible] water from Cottonwood Creek, tributary of East Fork of New Fork River, through the Bernice Ditch, under Permit 15912 with priority of September 11, 1920, as [illegible] by Mary C. Mathis, for the irrigation of 37.1 acres $S\frac{1}{2}NW\frac{1}{4}$, 40 acres $NW\frac{1}{4}SW\frac{1}{4}$, 13.5 acres $SW\frac{1}{4}SW\frac{1}{4}$, Section 25, Township 32 North, Range 107 West, and [illegible] domestic purposes, as located South 48° 10' East 2075 feet from the Northwest Corner of Section 29, Township 32 North, Range 106 West, and that the location [illegible] the Bernice Ditch be as shown on the print of the map filed in the State Engineer's Office under Permit No. 5928 Enl. for Enlargement of the Bernice Ditch.

IN THE MATTER OF THE PETITION OF HAZEL NORRIS AND MONTE NORRIS)
FOR AN AMENDED CERTIFICATE FOR AN APPROPRIATION OF WATER FROM)
NORTH PINEY CREEK, TRIBUTARY OF GREEN RIVER, THROUGH THE TRAVIS) IN WATER DIVISION NUMBER FOUR
NO. ONE DITCH, UNDER PERMIT 2347 WITH PRIORITY OF NOVEMBER 6,)
1899 (O.R. 3, P. 93; C.R. 3, P. 126; PROOF 4310))

FINDINGS AND ORDER

THIS MATTER coming regularly before the State Board of Control this 10th day of May, 1957, the Board FINDS:

THAT the petitioners, Hazel Norris and Monte Norris, set forth under oath that they are the sole owners of an appropriation of water from North Piney Creek, tributary of Green River, through the Travis No. One Ditch, under Permit 2347 with priority of November 6, 1899, adjudicated in the name of Kate Travis, for the irrigation of 30 Ac. $SE\frac{1}{4}NE\frac{1}{4}$, Section 31;

35 Ac. $SW\frac{1}{4}NW\frac{1}{4}$
30 Ac. $SE\frac{1}{4}NW\frac{1}{4}$, Section 32, Township 30 North, Range 112 West;
105

THAT an error was made when the Order of adjudication and Certificate of Appropriation of water were issued, as both Permit 2347 and the proof submitted thereunder by Kate Travis correctly describe the lands as being in Range 111 West;

THAT the purpose of the petition is to amend the records, by the issurance of a proper Order and Amended Certificate, to correctly show the lands as being in the foregoing subdivisions in Range 111 West; not 112 West, as adjudicated;

THAT a statement from the Bureau of Land Management, dated January 7, 1957, shows that the $SE\frac{1}{4}NE\frac{1}{4}$, Section 31 and $S\frac{1}{2}NW\frac{1}{4}$, Section 32, Township 30 North, Range 112 West, were public lands until September 26, 1956 when a desert land entry was approved in the name of Glyndon Homer Spence for the $SE\frac{1}{4}NE\frac{1}{4}$, Section 31 and $SW\frac{1}{4}NW\frac{1}{4}$, Section 32, Township 30 North, Range 112 West, and a desert land entry was approved in the name of Helen Jenkins Kvenild on March 1, 1955, for the $SE\frac{1}{4}NW\frac{1}{4}$ of Section 32, Township 30 North, Range 112 West;

THAT a certificate of the County Clerk of Sublette County, showing the petitioners to be the owners of the $SE\frac{1}{4}NE\frac{1}{4}$, Section 31 and $S\frac{1}{2}NW\frac{1}{4}$, Section 32, Township 30 North, Range 111 West, accompanies the petition.

The Board, now being advised by the records of the office of the State Board of Control and the showings presented in the matter, THEREFORE ORDERS:

THAT the petition be GRANTED;

THAT an Amended Certificate of Appropriation be issued to Hazel Norris and Monte Norris, as successors to Kate Travis, in lieu of the Certificate of record in Certificate Record 3 on Page 126, and to correct the Order of adjudication of record in Order Record 3, Page 93, Proof 4310, to amend an appropriation of water from North Piney Creek, tributary of Green River, through the Travis No. One Ditch, under Permit 2347 with priority of November 6, 1899, in accordance with the following tabulation:

IN THE MATTER OF THE PETITION OF FRITZ MARTIN)
FOR AN AMENDED CERTIFICATE OF APPROPRIATION FOR)
AN APPROPRIATION OF WATER FROM BEAR RIVER,)
THROUGH THE HANNA DITCH, UNDER PERMIT 3412 WITH) IN WATER DIVISION NUMBER FOUR
PRIORITY OF DECEMBER 31, 1907 (R. S., P. 222;)
S.W. 7, P. 7; BOOK 3434))

FINDINGS AND ORDER

THIS MATTER coming regularly before the State Board of Control on the 13th day of May, 1941, there and FINDS:

THAT the petitioner, Fritz Martin, has filed under said No. 3412 in the name of Wm. Hanna an application to appropriate water from Bear River, through the Hanna Ditch, under Permit 3412 with priority of December 31, 1907, for domestic use, W. W. Dyer (R. S., P. 222; S.W. 7, P. 7; Book 3434) having filed his

affidavit that said water has been actually diverted thereby;

THAT the lands additional to those described in said application to which he desires to divert said water are described as follows:

2½ Ac. SW¼NW¼ (Lot 7)
2½ Ac. NE¼SW¼
2½ Ac. SW¼SW¼ (Lot 10)
7½ Ac. SE¼SW¼ (Lot 9), Section 5;

2½ Ac. SE¼NW¼
2½ Ac. NW¼SE¼
2½ Ac. SW¼SE¼ (Lot 15)
2½ Ac. SE¼SW¼
2½ Ac. NW¼SE¼
2½ Ac. NE¼SW¼
2½ Ac. SW¼SE¼
2½ Ac. SE¼SW¼
2½ Ac. NW¼SE¼, Section 8;

2½ Ac. NE¼NW¼
2½ Ac. NW¼NE¼, Section 17, All in Township 9 North, Range 7 West;

THAT the petitioner has not filed proof of appropriation of water under said Permit No. 3412 on the SW¼SW¼ (Lot 7) of Section 4, Township 9 North, Range 7 West, because a portion of the original ditch and headgate are on land owned by [illegible] and he is unable to secure a right of way over said land for the ditch and headgate, but that he has otherwise complied with said permit in regard to said land;

THAT said Order of the Board and the Certificate of Appropriation to be issued thereunder may contain a provision that the point of diversion for water to the NW¼SE¼ of Sect. 32, Township [illegible] North, Range 7 West, which should have described in error as in the W½SE¼ of said Sect. 32;

THAT a further error was made in the original application in describing the land to be irrigated in the SE¼SE¼ (Lot 15) of Section 5, Township 9 North, Range 7 West, inasmuch as the original appropriation and the petitioner's use of the water of the Bear River is and is to be limited to 5 acres, and as evidenced by a letter from the Bureau of Land Management, dated March 21, 1941, accompanying the petition;

THAT the petitioner requests that a proper Order of the Board of State Engineer and an Amended Certificate of Appropriation be issued to him to describe the lands irrigated by said appropriation of water under Permit No. 3412 as:

2½ Ac. NW¼SW¼ (Lot 7)
2½ Ac. NE¼SW¼
2½ Ac. SW¼SW¼ (Lot 10)
7½ Ac. SE¼SW¼ (Lot 9), Section 5;

5 Ac. NE¼NE¼ (Lot 1)
2½ Ac. SE¼NE¼ (Lot 4), Section 8;

ORDER RECORD No. 14 --STATE BOARD OF CONTROL

WATER PURCHASE CONTRACT

THIS AGREEMENT, made in duplicate this day of , 19 by and between the FREMONT IRRIGATION COMPANY, a corporation organized and existing under the laws of the State of Wyoming, party of the first part, hereinafter referred to as the Company, and

of the County of State of
party of the second part, hereinafter referred to as the Purchaser, WITNESSETH that:

Wherever the Company is hereinafter referred to, such reference shall likewise mean and include the successors and assigns of the Company without expressly so stating; and whenever the Purchaser is hereinafter referred to such reference shall also mean and include the heirs, legatees, executors, administrators, successors and assigns of the Purchaser, without expressly so stating. And where there shall be more than one purchaser the word Purchaser shall mean all such purchasers.

In consideration of the sum of ($) Dollars, paid by the Purchaser to the Company as first installment under the terms of this agreement, the receipt whereof is hereby acknowledged, and of the stipulations and agreements herein entered into on the part of the Purchaser as hereinafter set forth, the Company hereby agrees to sell to the Purchaser a proportionate interest in the water or irrigation system or project known as the system or project, and water permits issued by the State Engineer of the State of Wyoming, in connection therewith under the ditch or canal known as the ditch or canal, now owned or that hereafter may be acquired by the Company, authorizing the diversion of water for the irrigation of the lands described herein through the said canal or ditch.

Such proportionate interest shall be in such ratio to such entire irrigation system and permits as the irrigable acreage of the lands described herein bears to the total irrigable acreage of the lands described in such water permits. Such proportionate interest conveyed to the Purchaser is a perpetual right to divert and conduct through the said irrigation system, laterals and ditches, to and upon the land described herein, water at the rate of one-seventieth of a cubic foot per second of time for each irrigable acre, of diversion from the River, as may be available to supply the priority of said water permits.

Such sale of such proportionate interest is hereby made subject to and under the express terms and conditions hereinafter set forth, to all and each of which terms and conditions said Purchaser hereby expressly consents and agrees, that is:

1. The right of the Company to the use of the said irrigation system to conduct water to lands other than those described in said permits and at any time hereafter to enlarge and extend said irrigation system for irrigation or power, is hereby expressly reserved.

2. The Company shall furnish and deliver through its said ditch or canal at the point of delivery determined upon, said point to be not more than one mile from the nearest legal sub-division of the lands hereinafter described, the amount of water in this agreement provided for to the Purchaser, continuously during the irrigation season of each year, except as hereinafter provided, and at no other time or times.

3. Such water shall be used for domestic and irrigation purposes only and only upon the following described lands; the same lying and being in the County of Sublette, State of Wyoming, and more particularly described as follows, to wit:

4. The Purchaser agrees that so long as the Company, its successors or assigns, shall retain control of the said irrigation system, the Company, may, whenever it shall become necessary in the current year, charge and collect from the Purchaser for the maintenance, operation and repair of the said irrigation system, an annual pro rata assessment not exceeding the sum of forty cents per annum on each acre held by the Purchaser

under the said canal or ditch. Provided such assessment, with the limitations above described, shall not exceed the proportionate share of the Purchaser in the said irrigation system and water permits. Said assessment is to be due and payable on the first day of November, in the year the assessment is made, and it is expressly stipulated and agreed that such assessment, when made, shall become a lien upon the proportionate interest of the Purchaser in said irrigation system and water permits and the land described herein, in favor of the Company, and in case the Purchaser shall remain in default for ninety days after the mailing by the Company of a written notice addressed to the last known place of residence of the Purchaser, the Company may enforce said payment by foreclosure upon said interest of the Purchaser in said irrigation system and water permits and upon the lands herein described, or by suit in any court of competent jurisdiction brought by the Company.

And it is also further provided, that in case of default in the payment of any of said assessments, it shall be lawful for the Company to shut off the water supply for the lands described herein from the use of the Purchaser until the amount of any such assessment due and remaining unpaid shall have been paid.

5. It is stipulated and agreed that if from casual, unforeseen, or unavoidable accidents, or if the volume of water shall prove insufficient from drought, or from any other cause beyond the control of the Company the full amount of water herein contracted for cannot be furnished as herein provided, the Company shall not be, in any way, liable because of any such shortage or deficiency of water supply occasioned by any of said causes.

6. It is further stipulated and agreed that, if for any reason or any cause, the supply of water shall be insufficient to furnish all the water granted by the State Engineer of the State of Wyoming to the Purchaser for use through said irrigation system according to its estimated capacity, or, if from any cause beyond the control of the Company the water supply shall be insufficient to furnish an amount equal to that provided for in all the contracts then in full force and effect between the Company and purchasers of proportionate interests in said irrigation system and water permits for use upon lands described therein, then and in such case the Company shall have the right to distribute the available water delivered through said irrigation system to the owners of proportionate interests in said irrigation system and water permits in pro rata shares, and for the purpose of so doing may establish and enforce such rules and regulations as it may deem necessary and expedient.

7. The Purchaser, in consideration of the agreements herein entered into on the part of the Company, hereby waives any and all claim or claims which might hereafter arise or accrue to the Purchaser for any loss or damage by reason of leakage or overflow from said canal, laterals or ditches, belonging to the Purchaser, either upon the land hereinbefore described or upon any other tract or tracts of land owned by the Purchaser anything in any statute, law or custom to the contrary notwithstanding.

8. It is agreed by the Purchaser that any of the foregoing described land for which application is being made for Desert Land Entry in the office of the United States Land and Survey Office of the Bureau of Land Management or any successor agency, that if said entry is allowed he will proceed with diligence to cultivate and improve such land and procure a Patent to the same as soon as possible.

9. At any time after the sale of water rights representing 50% of the total irrigable acreage under the said canal (ditch), the Company may elect to turn over the administration and management of the project by mailing a notice to each purchaser of a time and place for a meeting for the purpose of organizing a ditch company or organization. Each irrigable acre in the project shall represent one share of voting stock in any such ditch company or organization. Within 30 days after the sale of water rights representing 90% of the total irrigable acreage, such ditch company or organization shall be organized in the manner above described and management of the project turned over to the purchasers. The Purchaser does hereby appoint the Company attorney in fact to vote the shares of stock of the Purchaser in the organization of said Ditch Company at any such meeting at which the Purchaser is not present in person. When the organization of any such ditch company or organization is completed, the Company may elect to dispose of any unsold water right as follows: (a) to retain said water permits for future sale, with the right to vote the shares of stock represented thereby in any meeting of such ditch company or organization; (b) to sell said water permits to such newly organized ditch company or organization; or (c) to cancel said permits by petition to the State Engineer of Wyoming.

10. The Purchaser agrees to grant a right-of-way over, upon or across any of the above described land, free of charge, for the purpose of constructing, operating and maintaining any ditches or laterals necessary for the irrigation of any lands upon or in connection with such water or irrigation system or project, under such ditch or canal.

11. In consideration of the premises and the covenants herein contained to be performed by the Company, the Purchaser hereby agrees to pay unto the said party of the first part, its successors or assigns, the sum of

Dollars ($) at the time of execution of this Contract and to pay the remainder of the purchase price,in deferred payments, with interest thereon payable annually, before maturity, at the rate of six per cent per annum, and after maturity at the rate of eight per cent per annum, said deferred payments to be paid in installments as follows:

No. of Payment	Date Due	Principal	Interest	Total
1st Deferred Payment	1-1-19[illegible]	[illegible]	[illegible]	[illegible]
2nd Deferred Payment	1-1-19[illegible]	[illegible]	[illegible]	[illegible]
3rd Deferred Payment	1-1-19[illegible]	[illegible]	[illegible]	[illegible]
4th Deferred Payment	1-1-19[illegible]	[illegible]	[illegible]	[illegible]
5th Deferred Payment	1-1-19[illegible]	[illegible]	[illegible]	[illegible]
6th Deferred Payment	1-1-19[illegible]	[illegible]	[illegible]	[illegible]
7th Deferred Payment	1-1-19[illegible]	[illegible]	[illegible]	[illegible]
8th Deferred Payment	1-1-19[illegible]	[illegible]	[illegible]	[illegible]
9th Deferred Payment	1-1-19[illegible]	[illegible]	[illegible]	[illegible]
10th Deferred Payment	1-1-19[illegible]	[illegible]	[illegible]	[illegible]

And it is expressly stipulated and agreed that the Company shall have, and is hereby given, a first and prior lien on said proportionate interest in said irrigation system and water permits herein contracted for and upon the lands herein described, for all the above deferred payments as well as for assessments for maintenance, operation and repairs of said irrigation system as hereinbefore set forth. Said lien is to be in all respects prior to any and all other liens created or attempted to be created upon said proportionate interests and lands by the Purchaser. Said lien is to remain in full force and effect until the last of the deferred payments is fully paid and satisfied, and upon default being made on any of said deferred payments or assessments, the Company shall have the right to declare the entire amount unpaid immediately due and payable and to foreclose the lien hereby created by advertisement and sale or by court action and the Company may thereby sell and dispose of the land and proportionate interest in said irrigation system and water permits, and all the right, title and interest of the Purchaser therein including all rights, title and interest of the said Purchaser in and to all Desert Entry lands held by said purchaser and for which water rights, as hereinabove set forth and described, have been obtained, under the provisions of the laws of the State of Wyoming, governing the foreclosure of real estate mortgages, or in accordance with the provisions of Sections 24-421 to 429 inclusive of the Wyoming Compiled Statutes, 1945, or by a suit in equity, and out of the money arising from such sale, to retain the said principal sum and interest, together with all costs, fixed charges thereon, taxes and assessments due and remaining unpaid and an attorney's fee amounting to 5% of the total amount due and unpaid from the Purchaser. And the Purchaser hereby covenants and agrees to pay all taxes and assessments upon said land and proportionate interest, and if the Purchaser shall fail to do so, then and in that case, the Company is hereby authorized to pay such taxes and assessments, and any such sum or sums of money so expended by the Company shall be added to the debt hereby created and secured, and the same shall draw interest at the rate of eight per cent per annum; but no lien shall be created, or attempted to be created, upon the shares of stock of any purchaser of a water right, nor upon the interests in water permits, rights of way, easements, franchises, and irrigation system represented thereby, other than to secure the deferred payment or payments on his water right, interest, charges, taxes and assessments incident thereto. Payment by the Purchaser to the Company of the full purchase price of a water right, shall entitle such Purchaser to the interest in water permits, right of way, easements, franchises and irrigation system for which such Purchaser has contracted under this Contract, free of all encumbrances.

12. In consideration of all and singular the premises, it is agreed that the Purchaser may enter into the use and enjoyment of said proportionate interest herein contracted for to the full extent of said right from and after the date of this contract, as fully as though all payments had been made; provided always, that such use and enjoyment of said right shall always be, and it is hereby so made to be, subject to all and singular the terms and conditions, and the intent thereof, in this contract hereinbefore set forth.

IN WITNESS WHEREOF, the parties have executed this agreement the day and year first above written.

Certificate of Construction of Reservoir

Certificate Record No. [redacted] Page [redacted]

WHEREAS, Town of Pinedale, Wyoming has presented to the State Board of Control of the State of Wyoming, proof of construction of the Fremont (Fremont Lake) Reservoir, Permit No. [redacted] Res., located in Section [redacted], T. [redacted], R [redacted] County, Wyoming; and

[redacted]

Reservoir location:
Part of lots 2, 3, 4 and 5, Section 6; Part of lots 3 & 4, Section 7 and unsurveyed portions of said sections in Reservoir basin;
Lots 1, 2, 3, 4 and unsurveyed portion of Section 1;
Lots 1, 2, 3, 4 and unsurveyed portion of Section 11;
Lots 1, 2, 3, 4, 5 and unsurveyed portion of Section 14; all in Township 34 N., Range 108 W., and

All of Section 12; All of Section 13 except the $SE\frac{1}{4}NE\frac{1}{4}$, $W\frac{1}{2}SE\frac{1}{4}$, Township 34 N., Range 108 W.;
Lots 1, 2, 3, 4 and unsurveyed portion of Section 24;
Lots 1, 2, 3, 4, 5 and unsurveyed portion of Section 25, Township 34 N., Range 108 W.; and

Part of Sections 7, 8, 17, 18, 19, 20, 29, 30, 31, 32, Township 35 N., Range 108 W., Unsurveyed; and

Lots 1, 2, 3, 4, 5 and unsurveyed portions of Section 36, Township 35 N., Range 109 W.

Whereas, the proof of construction sets forth that said reservoir has been completed in accordance with the terms of said permit to a capacity sufficient to impound 9541.12 acre-feet of water; and that the source of the quantity of water authorized to be stored in the Fremont (Fremont Lake) Reservoir is obtained from Pine Creek, tributary of West Fork or New Fork River, tributary of New Fork River, tributary of Green River, on which the reservoir is located, ~~and through the~~ Ditch, ~~Permit No.~~

NOW KNOW YE, That the State Board of Control, under the provisions of the Statutes of Wyoming, has by an order duly made and entered on the 12th day of February, A. D. 19 62, in Order Record No. 14, Page 479, determined the priority and capacity of said reservoir as follows:

Name of Owner Town of Pinedale, Wyoming ; Address Pinedale, Wyoming;

Date of Priority September 10, 1931 ; Total available storage capacity in the Fremont (Fremont Lake) Reservoir, as constructed under provisions of Permit No. 4452 Res., is --9544.12-- acre-feet, which is the capacity in the reservoir between elevations 7406.45 feet and 7408.45 feet.

The right to store water is limited to such an amount as shall be beneficially used, not to exceed one filling annually of said reservoir, for power, municipal, manufacturing, irrigation, fish propogation, industrial and recreation purposes.

IN TESTIMONY WHEREOF, I, EARL LLOYD, President of the State Board of Control, have hereunto set my hand this 12th day of February, A. D. 19 62, and caused the seal of said Board to be hereunto affixed.

WHEREAS, E. G. Mack has presented to the Board of Control of the State of Wyoming proof of the appropriation of water from Beaman Spring No. One, tributary of Dell Creek, tributary of Hoback River through the Beaman Spring No. One Pipe Line ~~Ditch~~ under Permit No. 21892 for stock and domestic purposes ~~for irrigation of the lands herein described, lying and being~~ in Sublette County, Wyoming.

NOW KNOW YE, That the State Board of Control, under the provisions of the Statutes of Wyoming, has, by an order duly made and entered on the 12th day of February, A. D. 19 62, in Order Record No. 14, Page 476, determined and established the priority and amount of such appropriation as follows:

Name of Appropriator E. G. Mack; Postoffice Address Bondurant, Wyoming;

Date of Appropriation July 31, 1957; Total Acreage None;

Amount of Appropriation 0.01 cu. ft. per sec.; Description of land ~~to be irrigated and~~ for which this appropriation is determined and established:

TWP.	RANGE	SEC.	NE¼				NW¼				SW¼				SE¼				TOTAL
			NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	
THIS APPROPRIATION IS LIMITED TO AN AMOUNT NOT TO EXCERD 0.01 CU. FT. OF WATER PER SEC. FOR STOCK AND DOMESTIC USE IN THE SE¼NE¼, SEC. 20, 38 N., 113 W.																			

The right to water hereby confirmed and established is limited to ~~irrigation~~ stock and domestic uses and the use is restricted to the place where acquired and to the purpose for which acquired; ~~rights for irrigation not to exceed one cubic foot of water per second for each seventy acres of land for which the appropriation is herein determined and established, except when there is surplus water in the stream as provided by Sections 41-151 to 41-159, Wyoming Statutes, 1957.~~

IN TESTIMONY WHEREOF, I, EARL LLOYD, President of the State Board of Control, have hereunto set my hand this 12th day of February, A. D. 19 62, and caused the seal of said Board to be hereunto affixed.

Attest: George L. Christopulos Ex-officio Secretary.

Lots 1, 2, 3, 4, 5 and unsurveyed portion of Section 23, Township 34 N., Range 109 W.
Part of Sections 7, 8, 17, 18, 19, 20, 29, 30, 31, 32, Township 35 N., Range 108 W. Unsurveyed.
Lots 1, 2, 3, 4, 5 and unsurveyed portions of Section 36, Township 35 N., Range 109 W.

Corrected Reservoir Location Inserted on May 2, 1962

Earl Lloyd
President, State Board of Control

the Fremont (

T._____, R_____, [illegible] County, [illegible]

Whereas, the proof of construction sets forth that said reservoir has been completed in accordance with the terms of said permit to a capacity sufficient to impound 9844.12 acre-feet of water; and that the source of the quantity of water authorized to be stored in the Fremont (Fremont Lake) Reservoir is obtained from Pine Creek, tributary of West Fork of New Fork River, tributary of New Fork River, tributary of Green River, on which the reservoir is located, ~~and~~ ~~through the~~ ~~Ditch, Permit No.~~

NOW KNOW YE, That the State Board of Control, under the provisions of the Statutes of Wyoming, has by an order duly made and entered on the 12th day of February, A. D. 19 62, in Order Record No. 14, Page 479, determined the priority and capacity of said reservoir as follows:

Name of Owner Town of Pinedale, Wyoming; Address Pinedale, Wyoming;

Date of Priority September 10, 1931; Total available storage capacity in the Fremont (Fremont Lake) Reservoir, as constructed under provisions of Permit No. 4452 Res., is --9844.12-- acre-feet, which is the capacity in the reservoir between elevations 7406.45 feet and 7408.45 feet.

The right to store water is limited to such an amount as shall be beneficially used, not to exceed one filling annually of said reservoir, for power, municipal, manufacturing, irrigation, fish propogation ~~and~~ industrial and recreation purposes.

IN TESTIMONY WHEREOF, I, EARL LLOYD, President of the State Board of Control, have hereunto set my hand this 12th day of February, A. D. 19 62, and caused the seal of said Board to be hereunto affixed.

THE MILLS COMPANY, SHERIDAN 99170

WATER PURCHASE CONTRACT

THIS AGREEMENT, made in duplicate this 19th day of June 1962 by and between the FREMONT IRRIGATION COMPANY, a corporation organized and existing under the laws of the State of Wyoming, party of the first part, hereinafter referred to as the Company, and Leda I. Peach of the County of Sublette State of Wyoming party of the second part, hereinafter referred to as the Purchaser, WITNESSETH that:

Wherever the Company is hereinafter referred to, such reference shall likewise mean and include the successors and assigns of the Company without expressly so stating; and whenever the Purchaser is hereinafter referred to such reference shall also mean and include the heirs, legatees, executors, administrators, successors and assigns of the Purchaser, without expressly so stating. And where there shall be more than one purchaser the word Purchaser shall mean all such purchasers.

In consideration of the sum of Nine Hundred Forty ($ 940.00) Dollars, paid by the Purchaser to the Company as first installment under the terms of this agreement, the receipt whereof is hereby acknowledged, and of the stipulations and agreements herein entered into on the part of the Purchaser as hereinafter set forth, the Company hereby agrees to sell to the Purchaser a proportionate interest in the water or irrigation system or project known as the Forty-Rod system or project, and water permits issued by the State Engineer of the State of Wyoming, in connection therewith under the ditch or canal known as the Canyon ditch or canal, now owned or that hereafter may be acquired by the Company, authorizing the diversion of water for the irrigation of the lands described herein through the said canal or ditch.

Such proportionate interest shall be in such ratio to such entire irrigation system and permits as the irrigable acreage of the lands described herein bears to the total irrigable acreage of the lands described in such water permits. Such proportionate interest conveyed to the Purchaser is a perpetual right to divert and conduct through the said irrigation system, laterals and ditches, to and upon the land described herein, water at the rate of one-seventieth of a cubic foot per second of time for each irrigable acre, of diversion from the Green River, as may be available to supply the priority of said water permits.

Such sale of such proportionate interest is hereby made subject to and under the express terms and conditions hereinafter set forth, to all and each of which terms and conditions said Purchaser hereby expressly consents and agrees, that is:

1. The right of the Company to the use of the said irrigation system to conduct water to lands other than those described in said permits and at any time hereafter to enlarge and extend said irrigation system for irrigation or power, is hereby expressly reserved.

2. The Company shall furnish and deliver through its said ditch or canal at the point of delivery determined upon, said point to be not more than one mile from the nearest legal sub-division of the lands hereinafter described, the amount of water in this agreement provided for to the Purchaser, continuously during the irrigation season of each year, except as hereinafter provided, and at no other time or times.

3. Such water shall be used for domestic and irrigation purposes only and only upon the following described lands; the same lying and being in the County of Sublette, State of Wyoming, and more particularly described as follows, to wit: Water rights for 188 acres in:

SW¼, SW¼SE¼, Sec. 2; and NW¼NW¼ Sec. 11; T. 35 N., R. 11 W., 6th P. M.

4. The Purchaser agrees that so long as the Company, its successors or assigns, shall retain control of the said irrigation system, the Company, may, whenever it shall become necessary in the current year, charge and collect from the Purchaser for the maintenance, operation and repair of the said irrigation system, an annual pro rata assessment not exceeding the sum of forty cents per annum on each acre held by the Purchaser

280

under the said canal or ditch. Provided such assessment, with the limitations above described, shall not exceed the proportionate share of the Purchaser in the said irrigation system and water permits. Said assessment is to be due and payable on the first day of November, in the year the assessment is made, and it is expressly stipulated and agreed that such assessment, when made, shall become a lien upon the proportionate interest of the Purchaser in said irrigation system and water permits and the land described herein, in favor of the Company, and in case the Purchaser shall remain in default for ninety days after the mailing by the Company of a written notice addressed to the last known place of residence of the Purchaser, the Company may enforce said payment by foreclosure upon said interest of the Purchaser in said irrigation system and water permits and upon the lands herein described, or by suit in any court of competent jurisdiction brought by the Company.

And it is also further provided, that in case of default in the payment of any of said assessments, it shall be lawful for the Company to shut off the water supply for the lands described herein from the use of the Purchaser until the amount of any such assessment due and remaining unpaid shall have been paid.

5. It is stipulated and agreed that if from casual, unforeseen, or unavoidable accidents, or if the volume of water shall prove insufficient from drought, or from any other cause beyond the control of the Company the full amount of water herein contracted for cannot be furnished as herein provided, the Company shall not be, in any way, liable because of any such shortage or deficiency of water supply occasioned by any of said causes.

6. It is further stipulated and agreed that, if for any reason or any cause, the supply of water shall be insufficient to furnish all the water granted by the State Engineer of the State of Wyoming to the Purchaser for use through said irrigation system according to its estimated capacity, or, if from any cause beyond the control of the Company the water supply shall be insufficient to furnish an amount equal to that provided for in all the contracts then in full force and effect between the Company and purchasers of proportionate interests in said irrigation system and water permits for use upon lands described therein, then and in such case the Company shall have the right to distribute the available water delivered through said irrigation system to the owners of proportionate interests in said irrigation system and water permits in pro rata shares, and for the purpose of so doing may establish and enforce such rules and regulations as it may deem necessary and expedient.

7. The Purchaser, in consideration of the agreements herein entered into on the part of the Company, hereby waives any and all claim or claims which might hereafter arise or accrue to the Purchaser for any loss or damage by reason of leakage or overflow from said canal, laterals or ditches, belonging to the Purchaser, either upon the land hereinbefore described or upon any other tract or tracts of land owned by the Purchaser anything in any statute, law or custom to the contrary notwithstanding.

8. It is agreed by the Purchaser that any of the foregoing described land for which application is being made for Desert Land Entry in the office of the United States Land and Survey Office of the Bureau of Land Management or any successor agency, that if said entry is allowed he will proceed with diligence to cultivate and improve such land and procure a Patent to the same as soon as possible.

9. At any time after the sale of water rights representing 50% of the total irrigable acreage under the said canal (ditch), the Company may elect to turn over the administration and management of the project by mailing a notice to each purchaser of a time and place for a meeting for the purpose of organizing a ditch company or organization. Each irrigable acre in the project shall represent one share of voting stock in any such ditch company or organization. Within 30 days after the sale of water rights representing 90% of the total irrigable acreage, such ditch company or organization shall be organized in the manner above described and management of the project turned over to the purchasers. The Purchaser does hereby appoint the Company attorney in fact to vote the shares of stock of the Purchaser in the organization of said Ditch Company at any such meeting at which the Purchaser is not present in person. When the organization of any such ditch company or organization is completed, the Company may elect to dispose of any unsold water right as follows: (a) to retain said water permits for future sale, with the right to vote the shares of stock represented thereby in any meeting of such ditch company or organization; (b) to sell said water permits to such newly organized ditch company or organization; or (c) to cancel said permits by petition to the State Engineer of Wyoming.

10. The Purchaser agrees to grant a right-of-way over, upon or across any of the above described land, free of charge, for the purpose of constructing, operating and maintaining any ditches or laterals necessary for the irrigation of any lands upon or in connection with such water or irrigation system or project, under such ditch or canal.

11. In consideration of the premises and the covenants herein contained to be performed by the Company, the Purchaser hereby agrees to pay unto the said party of the first part, its successors or assigns, the sum of Nine Hundred Forty Dollars ($940.00) at the time of execution of this Contract and to pay the remainder of the purchase price, in 10 deferred payments, with interest thereon payable annually, before maturity, at the rate of six per cent per annum, and after maturity at the rate of eight per cent per annum, said deferred payments to be paid in installments as follows: (Total purchase price, $5640.00)

No. of Payment	Date Due	Principal	Interest	Total
1st Deferred Payment	6-19-1963	0.00	$282.00	$282.00
2nd Deferred Payment	6-19-1964	$188.00	282.00	470.00
3rd Deferred Payment	6-19-1965	564.00	270.72	834.72
4th Deferred Payment	6-19-1966	564.00	236.88	800.88
5th Deferred Payment	6-19-1967	564.00	203.04	767.04
6th Deferred Payment	6-19-1968	564.00	169.20	733.20
7th Deferred Payment	6-19-1969	564.00	135.36	699.36
8th Deferred Payment	6-19-1970	564.00	101.52	665.52
9th Deferred Payment	6-19-1971	564.00	67.68	631.68
10th Deferred Payment	6-19-1972	564.00	33.84	597.84

And it is expressly stipulated and agreed that the Company shall have, and is hereby given, a first and prior lien on said proportionate interest in said irrigation system and water permits herein contracted for and upon the lands herein described, for all the above deferred payments as well as for assessments for maintenance, operation and repairs of said irrigation system as hereinbefore set forth. Said lien is to be in all respects prior to any and all other liens created or attempted to be created upon said proportionate interests and lands by the Purchaser. Said lien is to remain in full force and effect until the last of the deferred payments is fully paid and satisfied, and upon default being made on any of said deferred payments or assessments, the Company shall have the right to declare the entire amount unpaid immediately due and payable and to foreclose the lien hereby created by advertisement and sale or by court action and the Company may thereby sell and dispose of the land and proportionate interest in said irrigation system and water permits, and all the right, title and interest of the Purchaser therein including all rights, title and interest of the said Purchaser in and to all Desert Entry lands held by said purchaser and for which water rights, as hereinabove set forth and described, have been obtained, under the provisions of the laws of the State of Wyoming, governing the foreclosure of real estate mortgages, or in accordance with the provisions of Sections 24-421 to 429 inclusive of the Wyoming Compiled Statutes, 1945, or by a suit in equity, and out of the money arising from such sale, to retain the said principal sum and interest, together with all costs, fixed charges thereon, taxes and assessments due and remaining unpaid and an attorney's fee amounting to 5% of the total amount due and unpaid from the Purchaser. And the Purchaser hereby covenants and agrees to pay all taxes and assessments upon said land and proportionate interest, and if the Purchaser shall fail to do so, then and in that case, the Company is hereby authorized to pay such taxes and assessments, and any such sum or sums of money so expended by the Company shall be added to the debt hereby created and secured, and the same shall draw interest at the rate of eight per cent per annum; but no lien shall be created, or attempted to be created, upon the shares of stock of any purchaser of a water right, nor upon the interests in water permits, rights of way, easements, franchises, and irrigation system represented thereby, other than to secure the deferred payment or payments on his water right, interest, charges, taxes and assessments incident thereto. Payment by the Purchaser to the Company of the full purchase price of a water right, shall entitle such Purchaser to the interest in water permits, right of way, easements, franchises and irrigation system for which such Purchaser has contracted under this Contract, free of all encumbrances.

12. In consideration of all and singular the premises, it is agreed that the Purchaser may enter into the use and enjoyment of said proportionate interest herein contracted for to the full extent of said right from and after the date of this contract, as fully as though all payments had been made; provided always, that such use and enjoyment of said right shall always be, and it is hereby so made to be, subject to all and singular the terms and conditions, and the intent thereof, in this contract hereinbefore set forth.

IN WITNESS WHEREOF, the parties have executed this agreement the day and year first above written.

WATER PURCHASE CONTRACT

THIS AGREEMENT, made in duplicate this 19th day of June, 1962 by and between the FREMONT IRRIGATION COMPANY, a corporation organized and existing under the laws of the State of Wyoming, party of the first part, hereinafter referred to as the Company, and Wilbur Andrew of the County of Sublette State of Wyoming party of the second part, hereinafter referred to as the Purchaser, WITNESSETH that:

Wherever the Company is hereinafter referred to, such reference shall likewise mean and include the successors and assigns of the Company without expressly so stating; and whenever the Purchaser is hereinafter referred to such reference shall also mean and include the heirs, legatees, executors, administrators, successors and assigns of the Purchaser, without expressly so stating. And where there shall be more than one purchaser the word Purchaser shall mean all such purchasers.

In consideration of the sum of Eight Hundred ($800.00) Dollars, paid by the Purchaser to the Company as first installment under the terms of this agreement, the receipt whereof is hereby acknowledged, and of the stipulations and agreements herein entered into on the part of the Purchaser as hereinafter set forth, the Company hereby agrees to sell to the Purchaser a proportionate interest in the water or irrigation system or project known as the Forty-Rod system or project, and water permits issued by the State Engineer of the State of Wyoming, in connection therewith under the ditch or canal known as the Canyon ditch or canal, now owned or that hereafter may be acquired by the Company, authorizing the diversion of water for the irrigation of the lands described herein through the said canal or ditch.

Such proportionate interest shall be in such ratio to such entire irrigation system and permits as the irrigable acreage of the lands described herein bears to the total irrigable acreage of the lands described in such water permits. Such proportionate interest conveyed to the Purchaser is a perpetual right to divert and conduct through the said irrigation system, laterals and ditches, to and upon the land described herein, water at the rate of one-seventieth of a cubic foot per second of time for each irrigable acre, of diversion from the Green River, as may be available to supply the priority of said water permits.

Such sale of such proportionate interest is hereby made subject to and under the express terms and conditions hereinafter set forth, to all and each of which terms and conditions said Purchaser hereby expressly consents and agrees, that is:

1. The right of the Company to the use of the said irrigation system to conduct water to lands other than those described in said permits and at any time hereafter to enlarge and extend said irrigation system for irrigation or power, is hereby expressly reserved.

2. The Company shall furnish and deliver through its said ditch or canal at the point of delivery determined upon, said point to be not more than one mile from the nearest legal sub-division of the lands hereinafter described, the amount of water in this agreement provided for to the Purchaser, continuously during the irrigation season of each year, except as hereinafter provided, and at no other time or times.

3. Such water shall be used for domestic and irrigation purposes only and only upon the following described lands; the same lying and being in the County of Sublette, State of Wyoming, and more particularly described as follows, to wit: 160 acres of water rights in:

S½NE¼, NE¼SW¼, SE¼, Sec. 3; and NE¼NE¼ Sec. 10; T. 35 N., R. 111 W., 6th P. M.

4. The Purchaser agrees that so long as the Company, its successors or assigns, shall retain control of the said irrigation system, the Company, may, whenever it shall become necessary in the current year, charge and collect from the Purchaser for the maintenance, operation and repair of the said irrigation system, an annual pro rata assessment not exceeding the sum of forty cents per annum on each acre held by the Purchaser

under the said canal or ditch. Provided such assessment, with the limitations above described, shall not exceed the proportionate share of the Purchaser in the said irrigation system and water permits. Said assessment is to be due and payable on the first day of November, in the year the assessment is made, and it is expressly stipulated and agreed that such assessment, when made, shall become a lien upon the proportionate interest of the Purchaser in said irrigation system and water permits and the land described herein, in favor of the Company, and in case the Purchaser shall remain in default for ninety days after the mailing by the Company of a written notice addressed to the last known place of residence of the Purchaser, the Company may enforce said payment by foreclosure upon said interest of the Purchaser in said irrigation system and water permits and upon the lands herein described, or by suit in any court of competent jurisdiction brought by the Company.

And it is also further provided, that in case of default in the payment of any of said assessments, it shall be lawful for the Company to shut off the water supply for the lands described herein from the use of the Purchaser until the amount of any such assessment due and remaining unpaid shall have been paid.

5. It is stipulated and agreed that if from casual, unforeseen, or unavoidable accidents, or if the volume of water shall prove insufficient from drought, or from any other cause beyond the control of the Company the full amount of water herein contracted for cannot be furnished as herein provided, the Company shall not be, in any way, liable because of any such shortage or deficiency of water supply occasioned by any of said causes.

6. It is further stipulated and agreed that, if for any reason or any cause, the supply of water shall be insufficient to furnish all the water granted by the State Engineer of the State of Wyoming to the Purchaser for use through said irrigation system according to its estimated capacity, or, if from any cause beyond the control of the Company the water supply shall be insufficient to furnish an amount equal to that provided for in all the contracts then in full force and effect between the Company and purchasers of proportionate interests in said irrigation system and water permits for use upon lands described therein, then and in such case the Company shall have the right to distribute the available water delivered through said irrigation system to the owners of proportionate interests in said irrigation system and water permits in pro rata shares, and for the purpose of so doing may establish and enforce such rules and regulations as it may deem necessary and expedient.

7. The Purchaser, in consideration of the agreements herein entered into on the part of the Company, hereby waives any and all claim or claims which might hereafter arise or accrue to the Purchaser for any loss or damage by reason of leakage or overflow from said canal, laterals or ditches, belonging to the Purchaser, either upon the land hereinbefore described or upon any other tract or tracts of land owned by the Purchaser anything in any statute, law or custom to the contrary notwithstanding.

8. It is agreed by the Purchaser that any of the foregoing described land for which application is being made for Desert Land Entry in the office of the United States Land and Survey Office of the Bureau of Land Management or any successor agency, that if said entry is allowed he will proceed with diligence to cultivate and improve such land and procure a Patent to the same as soon as possible.

9. At any time after the sale of water rights representing 50% of the total irrigable acreage under the said canal (ditch), the Company may elect to turn over the administration and management of the project by mailing a notice to each purchaser of a time and place for a meeting for the purpose of organizing a ditch company or organization. Each irrigable acre in the project shall represent one share of voting stock in any such ditch company or organization. Within 30 days after the sale of water rights representing 90% of the total irrigable acreage, such ditch company or organization shall be organized in the manner above described and management of the project turned over to the purchasers. The Purchaser does hereby appoint the Company attorney in fact to vote the shares of stock of the Purchaser in the organization of said Ditch Company at any such meeting at which the Purchaser is not present in person. When the organization of any such ditch company or organization is completed, the Company may elect to dispose of any unsold water right as follows: (a) to retain said water permits for future sale, with the right to vote the shares of stock represented thereby in any meeting of such ditch company or organization; (b) to sell said water permits to such newly organized ditch company or organization; or (c) to cancel said permits by petition to the State Engineer of Wyoming.

10. The Purchaser agrees to grant a right-of-way over, upon or across any of the above described land, free of charge, for the purpose of constructing, operating and maintaining any ditches or laterals necessary for the irrigation of any lands upon or in connection with such water or irrigation system or project, under such ditch or canal.

11. In consideration of the premises and the covenants herein contained to be performed by the Company, the Purchaser hereby agrees to pay unto the said party of the first part, its successors or assigns, the sum of Eight Hundred Dollars ($800.00) at the time of execution of this Contract and to pay the remainder of the purchase price,in 10 deferred payments, with interest thereon payable annually, before maturity, at the rate of six per cent per annum, and after maturity at the rate of eight per cent per annum, said deferred payments to be paid in installments as follows: (Total purchase price, $4800.00)

1st Deferred Payment			
2nd Deferred Payment			
3rd Deferred Payment			
4th Deferred Payment			
5th Deferred Payment			672.80
6th Deferred Payment			626.00
7th Deferred Payment		15.20	595.20
8th Deferred Payment		86.40	566.40
9th Deferred Payment		57.60	537.60
10th Deferred Payment	480.00	28.80	508.80

And it is expressly stipulated that the Company shall have, and is hereby given, a first and prior lien on said proportionate interests in said irrigation system and water permits therein contracted for and upon the lands hereinbefore described, to secure the payment of said deferred payments as well as for assessments for maintenance, operation, etc. of said irrigation system as hereinbefore set forth. Said lien is to be in all respects prior to any lien or encumbrance which may be created upon said proportionate interests and lands by the Purchaser, and shall remain in full force and effect until the last of the deferred payments is fully paid. In the event the Purchaser shall fail to pay any of said deferred payments or assessments, the Company shall have the right to declare the entire amount unpaid immediately due and payable and to foreclose the lien hereby created by advertisement and sale or by court action and the Company may thereby sell and dispose of said proportionate interest in said irrigation system and water permits, and all the right, title and interest of the said Purchaser therein including all rights, title and interest of the said Purchaser in and to all water rights represented by said proportionate interest for which water rights, as hereinabove set forth and described, have been adjudicated, under the provisions of the laws of the State of Wyoming, governing the acquisition of water rights by adjudication, or in accordance with the provisions of Sections 24-421 to 429 inclusive of the Wyoming Compiled Statutes, 1945, or by a suit in equity, and out of the money arising from such sale, to retain the said principal sum and interest, together with all costs, fixed charges thereon, taxes and assessments due and remaining unpaid and an attorney's fee amounting to 5% of the total amount due and unpaid from the Purchaser. And the Purchaser hereby covenants and agrees to pay all taxes and assessments upon said land and proportionate interest therein, and if the Purchaser shall fail to do so, then and in that case, the Company is hereby authorized to pay such taxes and assessments, and any such sum or sums of money so expended by the Company shall be added to the debt hereby created and secured, and the same shall draw interest at the rate of eight per cent per annum; but no lien shall be created, or attempted to be created, upon the shares of stock or any proportionate interest of a water right, nor upon the interests in water permits, rights of way, easements, franchises and irrigation system represented thereby, other than to secure the deferred payment or payments, interest thereon, charges, taxes and assessments incident thereto. Payment by the Purchaser to the Company of the full purchase price of a water right, shall entitle such Purchaser to the interest in water permits, rights of way, easements, franchises and irrigation system for which such Purchaser has contracted under this contract, free of all encumbrances.

12. In consideration of all and singular the premises, it is agreed that the Purchaser may enter into the use and enjoyment of said proportionate interest herein contracted for to the full extent of said right from and after the date of this agreement, provided all payments had been made; provided always, that such use and enjoyment of said water rights be, and it is hereby so made to be, subject to all and singular the terms and conditions, and the intent thereof, in this contract hereinbefore set forth.

IN WITNESS WHEREOF, the parties have executed this agreement the day and year first above written.

WATER PURCHASE CONTRACT

THIS AGREEMENT, made in duplicate this 19th day of June, 1962 by and between the FREMONT IRRIGATION COMPANY, a corporation organized and existing under the laws of the State of Wyoming, party of the first part, hereinafter referred to as the Company, and James R. Reach of the County of Sublette State of Wyoming party of the second part, hereinafter referred to as the Purchaser, WITNESSETH that:

Wherever the Company is hereinafter referred to, such reference shall likewise mean and include the successors and assigns of the Company without expressly so stating; and whenever the Purchaser is hereinafter referred to such reference shall also mean and include the heirs, legatees, executors, administrators, successors and assigns of the Purchaser, without expressly so stating. And where there shall be more than one purchaser the word Purchaser shall mean all such purchasers.

In consideration of the sum of One Thousand Three Hundred/Ten ($1,310.00) Dollars, paid by the Purchaser to the Company as first installment under the terms of this agreement, the receipt whereof is hereby acknowledged, and of the stipulations and agreements herein entered into on the part of the Purchaser as hereinafter set forth, the Company hereby agrees to sell to the Purchaser a proportionate interest in the water or irrigation system or project known as the Forty-Rod system or project, and water permits issued by the State Engineer of the State of Wyoming, in connection therewith under the ditch or canal known as the Canyon ditch or canal, now owned or that hereafter may be acquired by the Company, authorizing the diversion of water for the irrigation of the lands described herein through the said canal or ditch.

Such proportionate interest shall be in such ratio to such entire irrigation system and permits as the irrigable acreage of the lands described herein bears to the total irrigable acreage of the lands described in such water permits. Such proportionate interest conveyed to the Purchaser is a perpetual right to divert and conduct through the said irrigation system, laterals and ditches, to and upon the land described herein, water at the rate of one-seventieth of a cubic foot per second of time for each irrigable acre, of diversion from the Green River, as may be available to supply the priority of said water permits.

Such sale of such proportionate interest is hereby made subject to and under the express terms and conditions hereinafter set forth, to all and each of which terms and conditions said Purchaser hereby expressly consents and agrees, that is:

1. The right of the Company to the use of the said irrigation system to conduct water to lands other than those described in said permits and at any time hereafter to enlarge and extend said irrigation system for irrigation or power, is hereby expressly reserved.

2. The Company shall furnish and deliver through its said ditch or canal at the point of delivery determined upon, said point to be not more than one mile from the nearest legal sub-division of the lands hereinafter described, the amount of water in this agreement provided for to the Purchaser, continuously during the irrigation season of each year, except as hereinafter provided, and at no other time or times.

3. Such water shall be used for domestic and irrigation purposes only and only upon the following described lands; the same lying and being in the County of Sublette, State of Wyoming, and more particularly described as follows, to wit: Water rights for 262 acres in:

SW¼SW¼ Sec. 3; NW¼NE¼, S½NE¼ and NW¼, Sec. 10; T. 35 N., R. 111 W., 6th P. M.

4. The Purchaser agrees that so long as the Company, its successors or assigns, shall retain control of the said irrigation system, the Company, may, whenever it shall become necessary in the current year, charge and collect from the Purchaser for the maintenance, operation and repair of the said irrigation system, an annual pro rata assessment not exceeding the sum of forty cents per annum on each acre held by the Purchaser

under the said canal or ditch. Provided such assessment, with the limitations above described, shall not exceed the proportionate share of the Purchaser in the said irrigation system and water permits. Said assessment is to be due and payable on the first day of November, in the year the assessment is made, and it is expressly stipulated and agreed that such assessment, when made, shall become a lien upon the proportionate interest of the Purchaser in said irrigation system and water permits and the land described herein, in favor of the Company, and in case the Purchaser shall remain in default for ninety days after the mailing by the Company of a written notice addressed to the last known place of residence of the Purchaser, the Company may enforce said payment by foreclosure upon said interest of the Purchaser in said irrigation system and water permits and upon the lands herein described, or by suit in any court of competent jurisdiction brought by the Company.

And it is also further provided, that in case of default in the payment of any of said assessments, it shall be lawful for the Company to shut off the water supply for the lands described herein from the use of the Purchaser until the amount of any such assessment due and remaining unpaid shall have been paid.

5. It is stipulated and agreed that if from casual, unforeseen, or unavoidable accidents, or if the volume of water shall prove insufficient from drought, or from any other cause beyond the control of the Company the full amount of water herein contracted for cannot be furnished as herein provided, the Company shall not be, in any way, liable because of any such shortage or deficiency of water supply occasioned by any of said causes.

6. It is further stipulated and agreed that, if for any reason or any cause, the supply of water shall be insufficient to furnish all the water granted by the State Engineer of the State of Wyoming to the Purchaser for use through said irrigation system according to its estimated capacity, or, if from any cause beyond the control of the Company the water supply shall be insufficient to furnish an amount equal to that provided for in all the contracts then in full force and effect between the Company and purchasers of proportionate interests in said irrigation system and water permits for use upon lands described therein, then and in such case the Company shall have the right to distribute the available water delivered through said irrigation system to the owners of proportionate interests in said irrigation system and water permits in pro rata shares, and for the purpose of so doing may establish and enforce such rules and regulations as it may deem necessary and expedient.

7. The Purchaser, in consideration of the agreements herein entered into on the part of the Company, hereby waives any and all claim or claims which might hereafter arise or accrue to the Purchaser for any loss or damage by reason of leakage or overflow from said canal, laterals or ditches, belonging to the Purchaser, either upon the land hereinbefore described or upon any other tract or tracts of land owned by the Purchaser anything in any statute, law or custom to the contrary notwithstanding.

8. It is agreed by the Purchaser that any of the foregoing described land for which application is being made for Desert Land Entry in the office of the United States Land and Survey Office of the Bureau of Land Management or any successor agency, that if said entry is allowed he will proceed with diligence to cultivate and improve such land and procure a Patent to the same as soon as possible.

9. At any time after the sale of water rights representing 50% of the total irrigable acreage under the said canal (ditch), the Company may elect to turn over the administration and management of the project by mailing a notice to each purchaser of a time and place for a meeting for the purpose of organizing a ditch company or organization. Each irrigable acre in the project shall represent one share of voting stock in any such ditch company or organization. Within 30 days after the sale of water rights representing 90% of the total irrigable acreage, such ditch company or organization shall be organized in the manner above described and management of the project turned over to the purchasers. The Purchaser does hereby appoint the Company attorney in fact to vote the shares of stock of the Purchaser in the organization of said Ditch Company at any such meeting at which the Purchaser is not present in person. When the organization of any such ditch company or organization is completed, the Company may elect to dispose of any unsold water right as follows: (a) to retain said water permits for future sale, with the right to vote the shares of stock represented thereby in any meeting of such ditch company or organization; (b) to sell said water permits to such newly organized ditch company or organization; or (c) to cancel said permits by petition to the State Engineer of Wyoming.

10. The Purchaser agrees to grant a right-of-way over, upon or across any of the above described land, free of charge, for the purpose of constructing, operating and maintaining any ditches or laterals necessary for the irrigation of any lands upon or in connection with such water or irrigation system or project, under such ditch or canal.

11. In consideration of the premises and the covenants herein contained to be performed by the Company, the Purchaser hereby agrees to pay unto the said party of the first part, its successors or assigns, the sum of One Thousand Three Hundred Ten

Dollars ($ 1,310.00) at the time of execution of this Contract and to pay the remainder of the purchase price,in ..... deferred payments, with interest thereon payable annually, before maturity, at the rate of six per cent per annum, and after maturity at the rate of eight per cent per annum, said deferred payments to be paid in installments as follows: (Total purchase price, $7860.00

No. of Payment	Date Due	Principal	Interest	Total
1st Deferred Payment	6-19-1963	0.00	$393.00	$393.00
2nd Deferred Payment	6-19-1964	$262.00	393.00	655.00
3rd Deferred Payment	6-19-1965	786.00	377.28	1163.28
4th Deferred Payment	6-19-1966	786.00	330.12	1116.12
5th Deferred Payment	6-19-1967	786.00	282.96	1068.96
6th Deferred Payment	6-19-1968	786.00	235.80	1021.80
7th Deferred Payment	6-19-1969	786.00	188.64	974.64
8th Deferred Payment	6-19-1970	786.00	141.48	927.48
9th Deferred Payment	6-19-1971	786.00	94.32	880.32
10th Deferred Payment	6-19-1972	786.00	47.16	833.16

And it is expressly stipulated and agreed that the Company shall have, and is hereby given, a first and prior lien on said proportionate interest in said irrigation system and water permits herein contracted for and upon the lands herein described, for all the above deferred payments as well as for assessments for maintenance, operation and repairs of said irrigation system as hereinbefore set forth. Said lien is to be in all respects prior to any and all other liens created or attempted to be created upon said proportionate interests and lands by the Purchaser. Said lien is to remain in full force and effect until the last of the deferred payments is fully paid and satisfied, and upon default being made on any of said deferred payments or assessments, the Company shall have the right to declare the entire amount unpaid immediately due and payable and to foreclose the lien hereby created by advertisement and sale or by court action and the Company may thereby sell and dispose of the land and proportionate interest in said irrigation system and water permits, and all the right, title and interest of the Purchaser therein including all rights, title and interest of the said Purchaser in and to all Desert Entry lands held by said purchaser and for which water rights, as hereinabove set forth and described, have been obtained, under the provisions of the laws of the State of Wyoming, governing the foreclosure of real estate mortgages, or in accordance with the provisions of Sections 24-421 to 429 inclusive of the Wyoming Compiled Statutes, 1945, or by a suit in equity, and out of the money arising from such sale, to retain the said principal sum and interest, together with all costs, fixed charges thereon, taxes and assessments due and remaining unpaid and an attorney's fee amounting to 5% of the total amount due and unpaid from the Purchaser. And the Purchaser hereby covenants and agrees to pay all taxes and assessments upon said land and proportionate interest, and if the Purchaser shall fail to do so, then and in that case, the Company is hereby authorized to pay such taxes and assessments, and any such sum or sums of money so expended by the Company shall be added to the debt hereby created and secured, and the same shall draw interest at the rate of eight per cent per annum; but no lien shall be created, or attempted to be created, upon the shares of stock of any purchaser of a water right, nor upon the interests in water permits, rights of way, easements, franchises, and irrigation system represented thereby, other than to secure the deferred payment or payments on his water right, interest, charges, taxes and assessments incident thereto. Payment by the Purchaser to the Company of the full purchase price of a water right, shall entitle such Purchaser to the interest in water permits, right of way, easements, franchises and irrigation system for which such Purchaser has contracted under this Contract, free of all encumbrances.

12. In consideration of all and singular the premises, it is agreed that the Purchaser may enter into the use and enjoyment of said proportionate interest herein contracted for to the full extent of said right from and after the date of this contract, as fully as though all payments had been made; provided always, that such use and enjoyment of said right shall always be, and it is hereby so made to be, subject to all and singular the terms and conditions, and the intent thereof, in this contract hereinbefore set forth.

IN WITNESS WHEREOF, the parties have executed this agreement the day and year first above written.

WATER PURCHASE CONTRACT

THIS AGREEMENT, made in duplicate this 19th day of June, 19 62 by and between the FREMONT IRRIGATION COMPANY, a corporation organized and existing under the laws of the State of Wyoming, party of the first part, hereinafter referred to as the Company, and Mary K. Reach of the County of Sublette, State of Wyoming, party of the second part, hereinafter referred to as the Purchaser, WITNESSETH that:

Wherever the Company is hereinafter referred to, such reference shall likewise mean and include the successors and assigns of the Company without expressly so stating; and whenever the Purchaser is hereinafter referred to such reference shall also mean and include the heirs, legatees, executors, administrators, successors and assigns of the Purchaser, without expressly so stating. And where there shall be more than one purchaser the word Purchaser shall mean all such purchasers.

In consideration of the sum of One Thousand Four Hundred/Twenty ($1,420.00) Dollars, paid by the Purchaser to the Company as first installment under the terms of this agreement, the receipt whereof is hereby acknowledged, and of the stipulations and agreements herein entered into on the part of the Purchaser as hereinafter set forth, the Company hereby agrees to sell to the Purchaser a proportionate interest in the water or irrigation system or project known as the Forty-Rod system or project, and water permits issued by the State Engineer of the State of Wyoming, in connection therewith under the ditch or canal known as the Canyon ditch or canal, now owned or that hereafter may be acquired by the Company, authorizing the diversion of water for the irrigation of the lands described herein through the said canal or ditch.

Such proportionate interest shall be in such ratio to such entire irrigation system and permits as the irrigable acreage of the lands described herein bears to the total irrigable acreage of the lands described in such water permits. Such proportionate interest conveyed to the Purchaser is a perpetual right to divert and conduct through the said irrigation system, laterals and ditches, to and upon the land described herein, water at the rate of one-seventieth of a cubic foot per second of time for each irrigable acre, of diversion from the Green River, as may be available to supply the priority of said water permits.

Such sale of such proportionate interest is hereby made subject to and under the express terms and conditions hereinafter set forth, to all and each of which terms and conditions said Purchaser hereby expressly consents and agrees, that is:

1. The right of the Company to the use of the said irrigation system to conduct water to lands other than those described in said permits and at any time hereafter to enlarge and extend said irrigation system for irrigation or power, is hereby expressly reserved.

2. The Company shall furnish and deliver through its said ditch or canal at the point of delivery determined upon, said point to be not more than one mile from the nearest legal sub-division of the lands hereinafter described, the amount of water in this agreement provided for to the Purchaser, continuously during the irrigation season of each year, except as hereinafter provided, and at no other time or times.

3. Such water shall be used for domestic and irrigation purposes only and only upon the following described lands; the same lying and being in the County of Sublette, State of Wyoming, and more particularly described as follows, to wit: Water rights for 284 acres in:

W½NE¼, E½NW¼, SW¼NW¼, N½SW¼ and NW¼SE¼, Sec. 11, T. 35 N., R. 111 W., 6th P. M.

4. The Purchaser agrees that so long as the Company, its successors or assigns, shall retain control of the said irrigation system, the Company, may, whenever it shall become necessary in the current year, charge and collect from the Purchaser for the maintenance, operation and repair of the said irrigation system, an annual pro rata assessment not exceeding the sum of forty cents per annum on each acre held by the Purchaser

under the said canal or ditch. Provided such assessment, with the limitations above described, shall not exceed the proportionate share of the Purchaser in the said irrigation system and water permits. Said assessment is to be due and payable on the first day of November, in the year the assessment is made, and it is expressly stipulated and agreed that such assessment, when made, shall become a lien upon the proportionate interest of the Purchaser in said irrigation system and water permits and the land described herein, in favor of the Company, and in case the Purchaser shall remain in default for ninety days after the mailing by the Company of a written notice addressed to the last known place of residence of the Purchaser, the Company may enforce said payment by foreclosure upon said interest of the Purchaser in said irrigation system and water permits and upon the lands herein described, or by suit in any court of competent jurisdiction brought by the Company.

And it is also further provided, that in case of default in the payment of any of said assessments, it shall be lawful for the Company to shut off the water supply for the lands described herein from the use of the Purchaser until the amount of any such assessment due and remaining unpaid shall have been paid.

5. It is stipulated and agreed that if from casual, unforeseen, or unavoidable accidents, or if the volume of water shall prove insufficient from drought, or from any other cause beyond the control of the Company the full amount of water herein contracted for cannot be furnished as herein provided, the Company shall not be, in any way, liable because of any such shortage or deficiency of water supply occasioned by any of said causes.

6. It is further stipulated and agreed that, if for any reason or any cause, the supply of water shall be insufficient to furnish all the water granted by the State Engineer of the State of Wyoming to the Purchaser for use through said irrigation system according to its estimated capacity, or, if from any cause beyond the control of the Company the water supply shall be insufficient to furnish an amount equal to that provided for in all the contracts then in full force and effect between the Company and purchasers of proportionate interests in said irrigation system and water permits for use upon lands described therein, then and in such case the Company shall have the right to distribute the available water delivered through said irrigation system to the owners of proportionate interests in said irrigation system and water permits in pro rata shares, and for the purpose of so doing may establish and enforce such rules and regulations as it may deem necessary and expedient.

7. The Purchaser, in consideration of the agreements herein entered into on the part of the Company, hereby waives any and all claim or claims which might hereafter arise or accrue to the Purchaser for any loss or damage by reason of leakage or overflow from said canal, laterals or ditches, belonging to the Purchaser, either upon the land hereinbefore described or upon any other tract or tracts of land owned by the Purchaser anything in any statute, law or custom to the contrary notwithstanding.

8. It is agreed by the Purchaser that any of the foregoing described land for which application is being made for Desert Land Entry in the office of the United States Land and Survey Office of the Bureau of Land Management or any successor agency, that if said entry is allowed he will proceed with diligence to cultivate and improve such land and procure a Patent to the same as soon as possible.

9. At any time after the sale of water rights representing 50% of the total irrigable acreage under the said canal (ditch), the Company may elect to turn over the administration and management of the project by mailing a notice to each purchaser of a time and place for a meeting for the purpose of organizing a ditch company or organization. Each irrigable acre in the project shall represent one share of voting stock in any such ditch company or organization. Within 30 days after the sale of water rights representing 90% of the total irrigable acreage, such ditch company or organization shall be organized in the manner above described and management of the project turned over to the purchasers. The Purchaser does hereby appoint the Company attorney in fact to vote the shares of stock of the Purchaser in the organization of said Ditch Company at any such meeting at which the Purchaser is not present in person. When the organization of any such ditch company or organization is completed, the Company may elect to dispose of any unsold water right as follows: (a) to retain said water permits for future sale, with the right to vote the shares of stock represented thereby in any meeting of such ditch company or organization; (b) to sell said water permits to such newly organized ditch company or organization; or (c) to cancel said permits by petition to the State Engineer of Wyoming.

10. The Purchaser agrees to grant a right-of-way over, upon or across any of the above described land, free of charge, for the purpose of constructing, operating and maintaining any ditches or laterals necessary for the irrigation of any lands upon or in connection with such water or irrigation system or project, under such ditch or canal.

11. In consideration of the premises and the covenants herein contained to be performed by the Company, the Purchaser hereby agrees to pay unto the said party of the first part, its successors or assigns, the sum of One Thousand Four Hundred Twenty Dollars ($ 1420.00) at the time of execution of this Contract and to pay the remainder of the purchase price,in ..... deferred payments, with interest thereon payable annually, before maturity, at the rate of six per cent per annum, and after maturity at the rate of eight per cent per annum, said deferred payments to be paid in installments as follows: (Total purchase price, $8520.00)

5th Deferred				
6th Deferred				
7th Deferred				
8th Deferred				
9th Deferred			102.24	
10th Deferred Payment		852.00	51.12	903.12

And it is expressly ... prior lien on said ... upon the lands ... interest, ... respects, prior ... and lands by the ... assessments, the ... and to foreclose ... thereby sell and ... and all the rights ... Purchaser in ... set forth and ... governing the foreclosure ... 429, inclusive, of ... such sale, to retain the ... and assessments due and ... and unpaid from the Purchaser. And the Purchaser hereby covenants and agrees to pay all taxes and assessments upon said land and proportionate interest, and if the Purchaser shall fail to do so, then and in that case, the Company is hereby authorized to pay such taxes and assessments, and any such sum or sums of money so expended by the Company shall be added to the debt hereby created and secured, and the same shall draw interest at the rate of eight per cent per annum; but no lien shall be created, or attempted to be created, upon the shares of stock, or any certificate of a water right, nor upon the interests in water permits, rights of way, easements, reservations, and irrigation system represented thereby, other than to secure the deferred payment or payments on this water ... interest, charges, taxes and assessments incident thereto. Payment by the Purchaser to the Company of ... purchase price of a water right, shall entitle such Purchaser to the interest in water permits, right of way, ... ditches, franchises and irrigation system for which such Purchaser has contracted under this Contract, free ... all encumbrances.

12. In consideration of all and singular the premises, it is agreed that the Purchaser may enter into the use and enjoyment of said proportionate interest ... hereby contracted for to the full extent of said right from and after the date of this contract, ... all payments had been made; provided always, that such use and enjoyment ... said ... it is hereby so agreed to be, subject to all and singular the terms and conditions, and the ... thereof, in this contract hereinbefore set forth.

IN WITNESS WHEREOF, the parties ... executed this agreement the day and year first above ...

Certificate of Appropriation of Water

Certificate Record No. [illegible], Page [illegible]

WHEREAS, Ted Jory has presented to the Board of Control of the State of Wyoming proof of the appropriation of water from Birch Creek, tributary of Green River through the Jory South Ditch under Permit No. 21412 for stock use and for irrigation of the lands herein described, lying and being in Sublette County, Wyoming.

NOW KNOW YE, That the State Board of Control, under the provisions of the Statutes of Wyoming, has, by an order duly made and entered on the 3rd day of August, A. D. 19 62, in Order Record No. 15, Page 33, determined and established the priority and amount of such appropriation as follows:

Name of Appropriator Ted Jory; Postoffice Address Calpet, Wyoming;

Date of Appropriation August 17, 1954; Total Acreage Fifty-two (52) Acres;

Amount of Appropriation 0.74 cu. ft. per sec.; Description of land to be irrigated and for which this appropriation is determined and established:

TWP.	RANGE	SEC.	NE¼				NW¼				SW¼				SE¼				TOTAL
			NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	
27 N.	112 W.	22			14	16									16				52

The right to water hereby confirmed and established is limited to irrigation and stock use and the use is restricted to the place where acquired and to the purpose for which acquired; rights for irrigation not to exceed one cubic foot of water per second for each seventy acres of land for which the appropriation is herein determined and established, except when there is surplus water in the stream as provided by Sections 41-181 to 41-189, Wyoming Statutes, 1957.

IN TESTIMONY WHEREOF, I, EARL LLOYD, President of the State Board of Control, have hereunto set my hand this 3rd day of August, A. D. 19[illegible], and caused the seal of said Board to be hereunto affixed.

Attest: George L. Christopulos Ex-officio Secretary. Earl Lloyd President.

IN WATER DIVISION NUMBER ONE

FINDINGS AND ORDER

THIS MATTER coming on regularly for the State Board of Control this 15th day of May, 1963, the Board FINDS:

THAT the petitioners, Lyle M. Mickelsen and Margaret V. Mickelsen, set forth under oath that they are the sole owners of [illegible] from Muskrat Springs, tributary to North Piney Creek, the High Line Ditch, under Permit 8817 with priority of November 07, 1908 [illegible] and [illegible] Sec. [illegible], Section 10;

[illegible] Sec. [illegible], Section 15;

[illegible] Sec. [illegible], Section [illegible], Township 31 North, Range 113 West, Irrigated thereby;

THAT an appropriation of water from North Piney Creek, through the Hibben No. One Ditch, under Permit 8815 with priority [illegible] was used to the lands Irrigated:

[illegible] Sec. [illegible],
[illegible] Sec. [illegible], Section 15 of Said, Range 113 West;

THAT although the [illegible], Section 15 and [illegible], Section 22 of said township and range are included in both [illegible], the facts which necessary now are only described as having original supply from Muskrat Springthrough the Ionia Ditch under Permit 8817, whereas,

[illegible] of the 40 acres in the [illegible],
[illegible] of the 40 acres in the [illegible], Section 22, and
[illegible] of the 40 acres in the [illegible], Section 27, have received their Original Supply from North Piney Creek under Permit 8815 and Supplemental Supply from Muskrat Spring under Permit 8817;

THAT the conflict in adjudications for original supply under Permits 8815 and 8817 was only recently discovered and the [illegible] are not informed as to how these duplications occurred, but now request issuance to them of an Amended Certificate of Appropriation to correctly show Original Supply for:

[illegible] Ac. [illegible], Section [illegible],
1 Ac. [illegible], Section [illegible],
[illegible] Ac. [illegible], Section 15, Township 31 North, Range 113 West; and
[illegible]

Supplemental Supply for the following lands having Original Supply from North Piney Creek, through the Hibben No. 1 Ditch:

4 Ac. [illegible], Section 10,
1 Ac. [illegible], Section 15,
18 Ac. [illegible], Section 15, Township 31 North, Range 113 West;
27

ORDER RECORD No. 15--STATE BOARD OF CONTROL

											Description of Land
											Original Supply for the following lands: [illegible] Sec. [illegible], Twp. [illegible], Rge. [illegible]; [illegible] Sec. [illegible], Twp. [illegible], Rge. [illegible]; [illegible] Sec. [illegible], Twp. [illegible], Rge. [illegible]. Supplemental Supply for the following lands having Original Supply from North Piney Creek, through Lee Ritter No. 1 Ditch, under Permit [illegible]: [illegible] Sec. [illegible], Twp. Copy for Company

WATER PURCHASE CONTRACT

THIS AGREEMENT, made in duplicate this 15th day of MAY, 19 63 by and between the FREMONT IRRIGATION COMPANY, a corporation organized and existing under the laws of the State of Wyoming, party of the first part, hereinafter referred to as the Company, and Ralph Eugene Pfisterer of the County of Sublette State of Wyoming party of the second part, hereinafter referred to as the Purchaser, WITNESSETH that:

Wherever the Company is hereinafter referred to, such reference shall likewise mean and include the successors and assigns of the Company without expressly so stating; and whenever the Purchaser is hereinafter referred to such reference shall also mean and include the heirs, legatees, executors, administrators, successors and assigns of the Purchaser, without expressly so stating. And where there shall be more than one purchaser the word Purchaser shall mean all such purchasers.

In consideration of the sum of One Thousand Three Hundred Seventy ($ 1,370.00) Dollars, paid by the Purchaser to the Company as first installment under the terms of this agreement, the receipt whereof is hereby acknowledged, and of the stipulations and agreements herein entered into on the part of the Purchaser as hereinafter set forth, the Company hereby agrees to sell to the Purchaser a proportionate interest in the water or irrigation system or project known as the Forty Rod system or project, and water permits issued by the State Engineer of the State of Wyoming, in connection therewith under the ditch or canal known as the Canyon ditch or canal, now owned or that hereafter may be acquired by the Company, authorizing the diversion of water for the irrigation of the lands described herein, through the said canal or ditch.

Such proportionate interest shall be in the ratio of such entire irrigation system and permits as the irrigable acreage of the lands described herein [illegible] irrigable acreage of the lands described in such water permits. Such proportionate interest [illegible] Purchaser is a perpetual right to divert and conduct through the said irrigation system, [illegible] and upon the land described herein, water at the rate of one-seventieth of a cubic foot per second [illegible] irrigable acre, of diversion from the Green River, as may be ava[illegible] priority of said water permits.

Such sale of such [illegible] made subject to and under the express terms and conditions hereinafter set [illegible] terms and conditions said Purchaser hereby expressly consents and agrees, that to [illegible]

1. The right of the Company to the use of the said irrigation system to conduct water to lands other than those described in said permits and at any time hereafter to enlarge and extend said irrigation system for irrigation or power, is hereby expressly reserved.

2. The Company shall furnish and deliver through its said ditch or canal at the point [illegible] determined upon, said point to be not more than one mile from the nearest legal sub-division [illegible] hereinafter described, the amount of water in this agreement provided for to the Purchaser, [illegible] during the irrigation season of each year, except as hereinafter provided, and at no other time or [illegible]

3. Such water shall be used for domestic and irrigation purposes only and only upon [illegible] described lands; the same lying and being in the County of Sublette, State of Wyoming, and more particularly described as follows, to wit: Water for irrigation of 274 acres in:

S½S½ Section 14 and N½N½ Section 23, T. 35 N., R. 111 W., 6th P.M.

4. The Purchaser agrees that so long as the Company, its successors or assigns, shall retain control of the said irrigation system, the Company, [illegible] whenever it shall become necessary in the current year, charge and collect from the Purchaser for the maintenance, operation and repair of the said irrigation system, an annual pro rata assessment not exceeding the sum of forty cents per annum on each acre held by the Purchaser

332

under the said canal or ditch. Provided such assessment, with the limitations above described, shall not exceed the proportionate share of the Purchaser in the said irrigation system and water permits. Said assessment is to be due and payable on the first day of November in the year the assessment is made, and it is expressly stipulated and agreed that such assessment, when made, shall become a lien upon the proportionate interest of the Purchaser in said irrigation system and water permits and the land described herein, in favor of the Company, and in case the Purchaser shall remain in default for ninety days after the mailing by the Company of written notice addressed to the last known place of residence of the Purchaser the Company may enforce said payment by foreclosure upon said interest of the Purchaser in said irrigation system and water permits and upon the lands herein described, or by suit in any court of competent jurisdiction brought by the Company.

And it is further provided, that in case of default in the payment of any of said assessments it shall be lawful for the Company to shut off the water supply for the lands described herein from the use of the Purchaser until the amount of any such assessment due and remaining unpaid shall have been paid.

It is understood that if from casual, unforeseen, or unavoidable accidents, or if the volume of water is reduced from drought, or from any other cause beyond the control of the Company the water contracted for cannot be furnished as herein provided, the Company shall not be, nor is any such shortage or deficiency of water supply occasioned by any of said causes.

It is understood and agreed that, if for any reason or any cause, the supply of water shall be insufficient to furnish the water granted by the State Engineer of the State of Wyoming to the Purchaser from the irrigation system according to its estimated capacity, or, if from any cause beyond the control of the Company the water supply shall be insufficient to furnish an amount equal to that which would be then in full force and effect between the Company and purchasers of proportionate interests in said irrigation system and water permits for use upon lands described therein, then and in such event the Company shall have the right to distribute the available water delivered through said irrigation system and water permits in pro rata shares, and the Company may establish and enforce such rules and regulations as it may deem necessary.

In consideration of the agreements herein entered into on the part of the Company, the Purchaser hereby waives all claims or claims which might hereafter arise or accrue to the Purchaser for any loss or damage by seepage or overflow from said canal, laterals or ditches, belonging to the Purchaser, upon the lands herein described or upon any other tract or tracts of land owned by the Purchaser by the Company, anything herein to the contrary notwithstanding.

The Purchaser hereby states that any of the foregoing described land for which application is being made in the local office of the United States Land and Survey Office of the Bureau of Land Management, that if said entry is allowed he will proceed with diligence to cultivate the same and receive a Patent to the same as soon as possible.

The Company agrees that water rights representing 50% of the total irrigable acreage under the project shall elect to turn over the administration and management of the project by the Company, and at a time and place for a meeting for the purpose of organizing a ditch company. Each irrigable acre in the project shall represent one share of voting stock in any such company. Within 30 days after the sale of water rights representing 90% of the project the company or organization shall be organized in the manner above described and the project turned over to the purchasers. The Purchaser does hereby appoint the Company his proxy to vote shares of stock of the Purchaser in the organization of said Ditch Company or organization if the Purchaser is not present in person. When the organization of any such ditch company or organization is completed, the Company may elect to dispose of any unsold water right or permits for future sale, with the right to vote the shares of stock represented by such water rights or permits of such ditch company or organization; (b) to sell said water permits to such ditch company or organization; or (c) to cancel said permits by petition to the State Engineer of the State of Wyoming.

10. The Purchaser agrees to grant a right-of-way over, upon or across any of the above described land, free of charge, for the purpose of constructing, operating and maintaining any ditches or laterals necessary for the irrigation of any lands upon or in connection with such water or irrigation system or project, under such ditch or canal.

11. In consideration of the premises and the covenants herein contained to be performed by the Company, the Purchaser hereby agrees to pay unto the said party of the first part, its successors or assigns, the sum of One Thousand Three Hundred Seventy & No/100 Dollars ($1370.00) at the time of execution of this Contract and to pay the remainder of the purchase price, in 10 deferred payments, with interest thereon payable annually, before maturity, at the rate of six per cent per annum, and after maturity at the rate of eight per cent per annum, said deferred payments to be paid in installments as follows: Total purchase price, $8,220.00

No. of Payment	Date Due	Principal	Interest	Total
1st Deferred Payment	May 15,1964	0.00	411.00	411.00
2nd Deferred Payment	" " 1965	274.00	411.00	685.00
3rd Deferred Payment	" " 1966	822.00	394.56	1216.56
4th Deferred Payment	" " 1967	822.00	345.24	1167.24
5th Deferred Payment	" " 1968	822.00	295.92	1117.92
6th Deferred Payment	" " 1969	822.00	246.60	1068.60
7th Deferred Payment	" " 1970	822.00	197.28	1019.28
8th Deferred Payment	" " 1971	822.00	147.96	969.96
9th Deferred Payment	" " 1972	822.00	98.64	920.64
10th Deferred Payment	" " 1973	822.00	49.32	871.32

And it is expressly stipulated and agreed that the Company shall have, and is hereby given, a first and prior lien on said proportionate interest in said irrigation system and water permits herein contracted for and upon the lands herein described, for all the above deferred payments as well as for assessments for maintenance, operation and repairs of said irrigation system as hereinbefore set forth. Said lien is to be in all respects prior to any and all other liens created or attempted to be created upon said proportionate interests and lands by the Purchaser. Said lien is to remain in full force and effect until the last of the deferred payments is fully paid and satisfied, and upon default being made on any of said deferred payments or assessments, the Company shall have the right to declare the entire amount unpaid immediately due and payable and to foreclose the lien hereby created by advertisement and sale or by court action and the Company may thereby sell and dispose of the land and proportionate interest in said irrigation system and water permits, and all the right, title and interest of the Purchaser therein including all rights, title and interest of the said Purchaser in and to all Desert Entry lands held by said purchaser and for which water rights, as hereinabove set forth and described, have been obtained, under the provisions of the laws of the State of Wyoming, governing the foreclosure of real estate mortgages, or in accordance with the provisions of Sections 24-421 to 429 inclusive of the Wyoming Compiled Statutes, 1945, or by a suit in equity, and out of the money arising from such sale, to retain the said principal sum and interest, together with all costs, fixed charges thereon, taxes and assessments due and remaining unpaid and an attorney's fee amounting to 5% of the total amount due and unpaid from the Purchaser. And the Purchaser hereby covenants and agrees to pay all taxes and assessments upon said land and proportionate interest, and if the Purchaser shall fail to do so, then and in that case, the Company is hereby authorized to pay such taxes and assessments, and any such sum or sums of money so expended by the Company shall be added to the debt hereby created and secured, and the same shall draw interest at the rate of eight per cent per annum; but no lien shall be created, or attempted to be created, upon the shares of stock of any purchaser of a water right, nor upon the interests in water permits, rights of way, easements, franchises, and irrigation system represented thereby, other than to secure the deferred payment or payments on his water right, interest, charges, taxes and assessments incident thereto. Payment by the Purchaser to the Company of the full purchase price of a water right, shall entitle such Purchaser to the interest in water permits, right of way, easements, franchises and irrigation system for which such Purchaser has contracted under this Contract, free of all encumbrances.

12. In consideration of all and singular the premises, it is agreed that the Purchaser may enter into the use and enjoyment of said proportionate interest herein contracted for to the full extent of said right from and after the date of this contract, as fully as though all payments had been made; provided always, that such use and enjoyment of said right shall always be, and it is hereby so made to be, subject to all and singular the terms and conditions, and the intent thereof, in this contract hereinbefore set forth.

IN WITNESS WHEREOF, the parties have executed this agreement the day and year first above written.

WHEREAS, Louis W. Isaacs and Alene P. Isaacs have presented to the Board of Control of the State of Wyoming proof of the appropriation of water from Jim Creek, Tributary of Green River through the Showers Ditch under Permit No. 19870 for stock use and for irrigation of the lands herein described, lying and being in Sublette County, Wyoming.

NOW KNOW YE, That the State Board of Control, under the provisions of the Statutes of Wyoming, has, by an order duly made and entered on the 13th day of March, A. D. 1964, in Order Record No. 15, Page 248, determined and established the priority and amount of such appropriation as follows:

Name of Appropriator Louis W. Isaacs and Alene P. Isaacs; Postoffice Address Cora, Wyoming;

Date of Appropriation June 23, 1944; Total Acreage Seventy-three (73) Acres;

Amount of Appropriation 1.04 cu. ft. per sec.; Description of land to be irrigated and for which this appropriation is determined and established:

TWP.	RANGE	SEC.	NE¼				NW¼				SW¼				SE¼				TOTAL
			NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	
37 N.	110 W.	12			16					18	10					29			73

The right to water hereby confirmed and established is limited to irrigation and stock use---------- and the use is restricted to the place where acquired and to the purpose for which acquired; rights for irrigation not to exceed one cubic foot of water per second for each seventy acres of land for which the appropriation is herein determined and established, except when there is surplus water in the stream as provided by Sections 41-181 to 41-189, Wyoming Statutes, 1957.

IN TESTIMONY WHEREOF, I, FLOYD A. BISHOP, President of the State Board of Control, have hereunto set my hand this 15th day of March, A. D. 1964, and caused the seal of said Board to be hereunto affixed.

Attest: George L. Christopulos Ex-officio Secretary. Floyd A. Bishop President.

ORDER RECORD No. -STATE BOARD OF CONTROL

Ditches and the Spaulding Ditch;

THAT a hearing was held at the time and place stated in the advertisement, at which appearances were made by Payson W. Spaulding, James A. Greenwood, Jr., A. A. Thompson, Milford Steele and Paul H. Conerbel, for the petitioner, and by Harrison Bull and J. Lupton Bull in opposition thereto;

THAT after receipt of the transcript of testimony presented and the report of the superintendent of Water Division No. 1, the matter was again considered by the State Board of Control on November 28, 1956, and the Board FINDS FURTHER:

THAT the ditches and means of conveyance of water involved in this change already exist and no additional construction appears necessary, as all of the physical work had already been done.

The Board, now being advised by the records in the office of the State Board of Control and the testimony presented in the matter,

THEREFORE ORDERS:

THAT the petition be GRANTED;

THAT the granting of the amendments requested be conditioned upon a provision that if any adverse effects are claimed by any appropriators who feel they are injured by these changes within a three year period from the date of granting of these amendments, the matter will be subject to review by the Board of Control;

THAT an Amended Certificate of Appropriation of Water be issued to Payson W. Spaulding, in lieu of the Certificate of Appropriation of record in Certificate Record 61, Page 340 and that the Order of record in Order Record 14, Page 401, Big Piney Basin, for an appropriation of water from South Piney Creek, tributary of Green River, through the Ex-Pence Ditch, under Permit 5486 Enl. priority of February 10, 1948, be amended in accordance with the following tabulation:

ORDER RECORD No. 15--STATE BOARD OF CONTROL

IN THE MATTER OF THE PETITION OF PAYSON W. SPAULDING)
FOR AMENDED CERTIFICATES OF APPROPRIATION OF WATER)
FOR APPROPRIATIONS FROM MIDDLE PINEY CREEK, TRIBUTARY)
OF GREEN RIVER, THROUGH THE A. SMITH DITCH, WITH) IN WATER DIVISION NUMBER FOUR
PRIORITY OF MAY 15, 1886, AND THROUGH THE SIRRON)
DITCH WITH PRIORITY OF MAY 1, 1888, AND FOR CHANGE)
IN POINTS OF DIVERSION AND MEANS OF CONVEYANCE OF)
SAID APPROPRIATIONS TO THE SPAULDING DITCH. (O.R. 3,)
P. 272; C.R. 6, P. 25, 27; Pr. 5411, 5413))

FINDINGS, CONCLUSIONS AND ORDER

THIS MATTER coming regularly before the State Board of Control this 21st day of November, 1967, the Board FINDS:

THAT the petitioner, Payson W. Spaulding, sets forth under oath that he is the sole owner of an appropriation of water from Middle Piney Creek, tributary of Green River, through the Sirron Ditch, under Territorial priority of May 1, 1888, as adjudicated to A. A. Smith, for the irrigation of:

38 Ac. Lot 4
40 Ac. $SW\frac{1}{4}NW\frac{1}{4}$, Section 4;

39 Ac. Lot 1
39 Ac. $SE\frac{1}{4}NE\frac{1}{4}$, Section 5, Township 29 North, Range 111 West, a total of
156 Acres,

and of an appropriation of water from said Middle Piney Creek, through the A. Smith Ditch under Territorial priority of May 15, 1886, for the irrigation of:

30 Ac. $NW\frac{1}{4}SW\frac{1}{4}$, Section 4;
30 Ac. $NE\frac{1}{4}SE\frac{1}{4}$, Section 5, Township 29 North, Range 111 West, a total of
60 Ac.

(O.R. 3, P. 272; C.R. 6, P. 25, 27; Pr. 5411, 5413), as shown by a Bill of Sale to Payson W. Spaulding from James A. Greenwood, Jr. and Jordon Mickelsen, under date of June 20, 1961;

THAT the petitioner requests Amended Certificates of Appropriation of Water for the above described appropriations and to change the point of diversion and means of conveyance from the Sirron Ditch diverting water from Middle Piney Creek, from a point located South 46° 31' East 1771 feet from the Northwest Corner of Section 5, Township 29 North, Range 111 West, and in the $SW\frac{1}{4}NW\frac{1}{4}$ of said Section 5, and from the A. Smith Ditch diverting water from Middle Piney Creek at a point South 53° 35' East 4318 feet from the Northwest Corner of Section 5, Township 29 North, Range 111 West, and in the $SW\frac{1}{4}NE\frac{1}{4}$ of said Section 5, to the Spaulding Ditch diverting water from the same source of supply at a point North 39° 29' West 2465 feet from the Southeast Corner of Section 9, Township 29 North, Range 112 West, and in the $NW\frac{1}{4}SE\frac{1}{4}$ of said Section 9;

THAT the Amended Certificate for the appropriation from the Sirron Ditch, diverting water from Middle Piney Creek, with priority of May 1, 1888, change the description of lands irrigated from:

38 Ac. Lot 4
40 Ac. $SW\frac{1}{4}NW\frac{1}{4}$, Section 4;

39 Ac. Lot 1
39 Ac. $SE\frac{1}{4}NE\frac{1}{4}$, Section 5, Township 29 North, Range 111 West, a total of
156 Acres

to a new description, as follows:

16 Ac. $NE\frac{1}{4}NE\frac{1}{4}$
34 Ac. $SE\frac{1}{4}NE\frac{1}{4}$
16 Ac. $NE\frac{1}{4}SE\frac{1}{4}$
3 Ac. $SE\frac{1}{4}SE\frac{1}{4}$, Section 31;

40 Ac. $SW\frac{1}{4}NW\frac{1}{4}$
30 Ac. $NW\frac{1}{4}SW\frac{1}{4}$
16 Ac. $NE\frac{1}{4}SW\frac{1}{4}$
2 Ac. $NW\frac{1}{4}SE\frac{1}{4}$, Section 32, Township 30 North, Range 111 West, a total of
106 Acres

ORDER RECORD No. 15 --STATE BOARD OF CONTROL

THE WELLS COMPANY, CHEYENNE 100150

THAT the Amended Certificate for the appropriation of water from Middle Piney Creek, through the A. Smith Ditch, with priority of May 15, 1886, change the description of irrigated lands from: 30 Ac. $NW\frac{1}{4}SW\frac{1}{4}$, Section 4;
30 Ac. $NE\frac{1}{4}SE\frac{1}{4}$, Section 5, Township 29 North, Range 111 West;
60 Ac.

to a new land description as follows: 34 Ac. $NW\frac{1}{4}SE\frac{1}{4}$
20 Ac. $NE\frac{1}{4}SW\frac{1}{4}$
6 Ac. $NW\frac{1}{4}SW\frac{1}{4}$, Section 32, Township 30 North, Range 112 West;
60 Ac.

THAT the reason for the proposed change is that the petitioner has secured the above described water rights from Middle Piney Creek and proposes to change them to other lands at a point further up the Creek;

THAT certificates of the County Clerk of Sublette County, showing Payson W. Spaulding to be the owner of the lands in the $E\frac{1}{2}E\frac{1}{2}$, Section 31 and $SW\frac{1}{4}NW\frac{1}{4}$, $N\frac{1}{2}SW\frac{1}{4}$, $NW\frac{1}{4}SE\frac{1}{4}$, Section 32, Township 30 North, Range 112 West, accompany the petition;

THAT the consent of Fear Ranches, Inc., by Clifton Fear, President, part owners of the Sirron Ditch, to the proposed change, accompanies the petition;

THAT the consent of the Joseph Koshland Trust, by May K. Schwabacher and Albert E. Schwabacher, co-trustees, and owners of the Ex-Pence Ditch and the Sykes Ex-Pence Ditch, to the proposed change, also accompanies the petition;

THAT a map, prepared by a registered land surveyor and showing the ditches and lands involved, accompanies the petition;

THAT the petition was considered by the Board of Control on May 9, 1963 and referred to the Superintendent of Water Division Four for a hearing and that notice to all intervening appropriators between the old and proposed new point of diversion be given by registered mail;

THAT John A. Teichert, Superintendent of Water Division Four, set this matter for a hearing in the office of Paul N. Scherbel, Big Piney, Wyoming, at 1:30 o'clock P.M. on September 24, 1963, and gave notice by advertisement in the "Big Piney Examiner", a newspaper of general circulation in the community, in the issues of August 22nd and 29th, 1963, and by registered mail to all intervening appropriators;

THAT a hearing was held at the time and place stated in the advertisement, at which appearances were made by Payson W. Spaulding, James A. Greenwood, Jr., A. A. Thompson, Milford Steele and Paul N. Scherbel, for the petitioner, and by Harrison Guio and Josephine Guio in opposition thereto;

THAT after receipt of the Transcript of Testimony presented and the report of the Superintendent of Water Division Number Four, the matter was again considered by the State Board of Control on November 21, 1963, and the Board FURTHER FOUND:

THAT the ditches and means of conveyance of water involved in this change already exist and no additional construction appeared necessary, as all of the physical work had already been done.

The Board, now being advised by the records of the office of the State Board of Control and the testimony presented in the matter, THEREFORE ORDERS:

THAT the petition be GRANTED;

THAT the granting of the amendments requested be conditioned upon a provision that if any adverse effects are claimed by any appropriators who feel they are injured by these changes within a three year period from the date of granting of these amendments, the matter will be subject to review by the Board of Control;

ORDER RECORD No. 15--STATE BOARD OF CONTROL

185

THAT Amended Certificates of Appropriation of Water be issued to the petitioner, Payson W. Spaulding, for an appropriation of water from Middle Piney Creek, tributary of Green River, through the Girron Ditch, with Territorial priority of May 1, 1882, as adjudicated to A. W. Smith, in lieu of the Certificate of record in Certificate Record 6, Page 45, and under the Order of record in Order Record 3, Page 272, Proof 5411; and for an appropriation of water through the A. Smith Ditch from Middle Piney Creek, as adjudicated to A. W. Smith, with Territorial priority of May 15, 1886, in lieu of the Certificate of record in Certificate Record 6, Page 47, issued under the order of record in Order Record 3, Page 272, Proof 5413, in accordance with the following described:

MIDDLE PINEY CREEK, TRIBUTARY OF GREEN RIVER

No.	Proof No.	Cert. No.	Permit No.	Name of Ditch	Name of Appropriator	Post Office	Date of Appropriation	Use for Wh. Water is Appropriated	Amount of Approp. Cu. Ft. Per Sec.	No. of Acres	Description of Land
59	5411	7	7	Girron (Enlarged to Spaulding Ditch)	Payson W. Spaulding (As successor to A. W. Smith, the original appropriator)	Evanston, Wyoming	May 1, 1882	Irrigation	3.12	156	18 Ac. NE¼NE¼, 34 Ac. SE¼NE¼, 12 Ac. NE¼SE¼, 3 Ac. SE¼SE¼, Sec. 31; 40 Ac. SW¼SW¼, 30 Ac. NW¼SW¼, 16 Ac. NE¼SW¼, 3 Ac. NW¼SE¼, Sec. 32, Twp. 30 N., Range 11E W.
60	5413	8	8	A. Smith (As enlarged to Spaulding Ditch)	Payson W. Spaulding (As successor to A. W. Smith, the original appropriator)	Evanston, Wyoming	May 15, 1886	Irrigation	0.64	69	34 Ac. NW¼SW¼, 20 Ac. NE¼SW¼, 6 Ac. NW¼SW¼, Sec. 32, Twp. 30 N., Range 11E W.

THAT no part of the above described appropriation originally adjudicated through the Girron Ditch shall be used for the irrigation of lands in Lot 4 and SW¼NW¼ of Section 4, and Lot 1, SW¼NE¼, Section 5, Township 29 North, Range 111 West;

THAT no part of the above described appropriation originally adjudicated through the A. Smith Ditch shall be used for the irrigation of lands in the NW¼NW¼, Section 4, and NW¼SW¼, Section 5, Township 29 North, Range 111 West;

THAT the petitioner be permitted to change the points of diversion and means of conveyance of the appropriation of water through the Girron Ditch, diverting water from Middle Piney Creek at a point South 71° 11' East 1716 feet from the Northwest Corner of Section 5, Township 29 North, Range 111 West, and in the SW¼NW¼ of said Section 5, and the above described appropriation of water from the same source through the A. Smith Ditch, diverting water from said stream at a point North 54° 24' East 4414 Feet from the Northwest Corner of Section 5, Township 29 North, Range 111 West, and in the SW¼NE¼ of said Section 5, to the Spaulding Ditch diverting water from the same source of supply at a point North 36° 19' West 1461 feet from the Southeast Corner of Section 9, Township 30 North, Range 11E West, and in the NW¼SW¼ of said Section 9;

THAT said changes be granted without loss of priority, subject to the condition that the rights of other appropriators shall not be injured.

DONE AT CHEYENNE, COUNTY OF LARAMIE, STATE OF WYOMING, THIS 21ST DAY OF NOVEMBER, 1938.

I, GEORGE L. CHRISTOPULOS, as Ex-officio Secretary of the State Board of Control of the State of Wyoming, do hereby certify that the following named document, which is attached hereto, is a full, true and correct photostatic copy of an original document as the same appears of record in the office of said Board in Order Record 16 on Pages 157 and 158, namely:

Order granting petition of the Beneficial Oil Company for an Amended Certificate of Appropriation for an appropriation of water from Green River, through the Enl. Cowdell Waste Water Ditch, under Permit 678 Enl. with priority of July 8, 1931.

IN WITNESS WHEREOF, I hereunto set my hand and affix the seal of said Board, at Cheyenne, this 8th day of November, A.D. 1965.

George L. Christopulos
Ex-officio Secretary of the State Board of Control of the State of Wyoming.

AMENDED

Proof No. 7814

THE STATE OF WYOMING

Certificate of Appropriation of Water

Certificate Record No. 67, Page 47

WHEREAS, Beneficial Oil Company (As successor to Lula C. Bird, the original appropriator) has presented to the Board of Control of the State of Wyoming proof of the appropriation of water from Green River through the Enl. Cowdell Waste Water Ditch under Permit No. 678 Enl. for irrigation of the lands herein described, lying and being in Sublette County, Wyoming.

NOW KNOW YE, That the State Board of Control, under the provisions of the Statutes of Wyoming, has, by an order duly made and entered on the 13th day of October, A. D. 19 65, in Order Record No. 16, Page 158, determined and established the priority and amount of such appropriation as follows:

Name of Appropriator Beneficial Oil Company; Postoffice Address c/o Paul N. Scherbel, Box 96, Big Piney, Wyoming;

Date of Appropriation July 8, 1901; Total Acreage Two Hundred Nintey-six and Thirteen Hundredths (296.13) Acres;

Amount of Appropriation 4.23 cu. ft. per sec.; Description of land to be irrigated and for which this appropriation is determined and established:

THIS AMENDED CERTIFICATE IS ISSUED IN LIEU OF THE ORIGINAL CERTIFICATE OF APPROPRIATION OF RECORD IN CERTIFICATE RECORD 25, PAGE 115 AND TO AMEND THE ORDER OF ADJUDICATION OF RECORD IN ORDER RECORD 4, PAGE 6, PROOF 7814.

The right to water hereby confirmed and established is limited to irrigation ---------- and the use is restricted to the place where acquired and to the purpose for which acquired; rights for irrigation not to exceed one cubic foot of water per second for each seventy acres of land for which the appropriation is herein determined and established, except when there is surplus water in the stream as provided by Sections 41-181 to 41-189, Wyoming Statutes, 1957.

IN TESTIMONY WHEREOF, I, FLOYD A. BISHOP, President of the State Board of Control, have hereunto set my hand this 13th day of October, A. D. 1965, and caused the seal of said Board to be hereunto affixed.

Attest: George L. Christopulos Ex-officio Secretary. Floyd A. Bishop President.

DEPARTMENT OF THE INTERIOR
GENERAL LAND OFFICE

WASHINGTON, D. C., January 17, 1920

This certifies that the tracts of land described in the foregoing list have been carefully examined and compared with the township plats and tract books in this office, and the same have been found to inure to the State of Wyoming under its grant for the purpose stated, being free from conflicts or other adverse claims of record. It is not disclosed by the records of this office that any of the selected lands are included in any withdrawal for oil, coal, or other minerals, or for power-site or reservoir purposes. Reports have been received from the Director of the U. S. Geological Survey stating that the records of the Survey indicate that the selected tracts are without value for oil, coal, or other minerals, and that they have no power-site or reservoir possibilities.

Geo. A. Jolliffe,
Examiner.

APPROVED:

G. B. Driesbock,
Chief of Division "G"

DEPARTMENT OF THE INTERIOR
GENERAL LAND OFFICE

WBP

WASHINGTON, D. C., January 28, 1920.

It is hereby certified that the tracts described in this list, No. 30, are embraced in the original list's, now on file in this office, of lands selected by the [illegible] in the Buffalo, Cheyenne, Douglas, Evanston, Lander and Sundance land district as indemnity for losses in the sections and townships named, which school-land indemnity selections are authorized by the acts of Congress cited.

It is further certified that the lands reported lost or deficient in said list and those selected in lieu thereof have been examined and compared with the township plats and tract books in this office; that the indemnity lands claimed have been found to be properly due the townships for which they were selected, and the selected lands are shown to be subject to such selection, being surveyed public lands, not mineral in character, within the limits of said State, and free from adverse claims of record.

It is, therefore, recommended that the said list, embracing 6,005.49 acres, be approved subject to any valid interfering rights existing at date of selection, but excepting and reserving unto the United States rights of way over and across said selected lands for ditches or canals constructed by their authority, all as directed and required by the act of Congress approved August 30, 1890 (26 Stat., 391).

Clay Tallman,
Commissioner.

DEPARTMENT OF THE INTERIOR
OFFICE OF THE SECRETARY

WASHINGTON, D. C., Jan. 31, 1920.

The foregoing selections, embracing 6,005.49 acres, are hereby approved subject to any valid interfering rights existing at date of selection, but excepting and reserving unto the United States rights of way over and across said selected lands for ditches or canals constructed by their authority, all as directed and required by the act of Congress approved August 30, 1890 (26 Stat., 391).

Franklin K. Lane,
Secretary.

WATER PURCHASE CONTRACT

475

THIS AGREEMENT, made in duplicate this 31 day of January 19 66 by and between the FREMONT IRRIGATION COMPANY, a corporation organized and existing under the laws of the State of Wyoming, party of the first part, hereinafter referred to as the Company, and W. J. Gransden of the County of Sublette State of Wyoming party of the second part, hereinafter referred to as the Purchaser, WITNESSETH that:

Wherever the Company is hereinafter referred to, such reference shall likewise mean and include the successors and assigns of the Company without expressly so stating; and whenever the Purchaser is hereinafter referred to such reference shall also mean and include the heirs, legatees, executors, administrators, successors and assigns of the Purchaser, without expressly so stating. And where there shall be more than one purchaser the word Purchaser shall mean all such purchasers.

In consideration of the sum of Four Hundred Forty-five ($ 445.00) Dollars, paid by the Purchaser to the Company as first installment under the terms of this agreement, the receipt whereof is hereby acknowledged, and of the stipulations and agreements herein entered into on the part of the Purchaser as hereinafter set forth, the Company hereby agrees to sell to the Purchaser a proportionate interest in the water or irrigation system or project known as the Forty-Rod Project system or project, and water permits issued by the State Engineer of the State of Wyoming, in connection therewith under the ditch or canal known as the Canyon Ditch ditch or canal, now owned or that hereafter may be acquired by the Company, authorizing the diversion of water for the irrigation of the lands described herein through the said canal or ditch.

Such proportionate interest shall be in such ratio to such entire irrigation system and permits as the irrigable acreage of the lands described herein bears to the total irrigable acreage of the lands described in such water permits. Such proportionate interest conveyed to the Purchaser is a perpetual right to divert and conduct through the said irrigation system, laterals and ditches, to and upon the land described herein, water at the rate of one-seventieth of a cubic foot per second of time for each irrigable acre, of diversion from the Green River, as may be available to supply the priority of said water permits.

Such sale of such proportionate interest is hereby made subject to and under the express terms and conditions hereinafter set forth, to all and each of which terms and conditions said Purchaser hereby expressly consents and agrees, that is:

1. The right of the Company to the use of the said irrigation system to conduct water to lands other than those described in said permits and at any time hereafter to enlarge and extend said irrigation system for irrigation or power, is hereby expressly reserved.

2. The Company shall furnish and deliver through its said ditch or canal at the point of delivery determined upon, said point to be not more than one mile from the nearest legal sub-division of the lands hereinafter described, the amount of water in this agreement provided for to the Purchaser, continuously during the irrigation season of each year, except as hereinafter provided, and at no other time or times.

3. Such water shall be used for domestic and irrigation purposes only and only upon the following described lands; the same lying and being in the County of Sublette, State of Wyoming, and more particularly described as follows, to wit: Water for irrigation of 69 acres:

69 acres in $NE\frac{1}{4}$ and $NE\frac{1}{4}SE\frac{1}{4}$, Section 16; and 20 acres in $SE\frac{1}{4}NE\frac{1}{4}$ Section 20; Township 35 North, Range 111 W., 6th P. M.

4. The Purchaser agrees that so long as the Company, its successors or assigns, shall retain control of the said irrigation system, the Company, may, whenever it shall become necessary in the current year, charge and collect from the Purchaser for the maintenance, operation and repair of the said irrigation system, an annual pro rata assessment not exceeding the sum of forty cents per annum on each acre held by the Purchaser

under the said canal or ditch. Provided such assessment, with the limitations above described, shall not exceed the proportionate share of the Purchaser in the said irrigation system and water permits. Said assessment is to be due and payable on the first day of November, in the year the assessment is made, and it is expressly stipulated and agreed that such assessment, when made, shall become a lien upon the proportionate interest of the Purchaser in said irrigation system and water permits and the land described herein, in favor of the Company, and in case the Purchaser shall remain in default for ninety days after the mailing by the Company of a written notice addressed to the last known place of residence of the Purchaser, the Company may enforce said payment by foreclosure upon said interest of the Purchaser in said irrigation system and water permits and upon the lands herein described, or by suit in any court of competent jurisdiction brought by the Company.

And it is also further provided, that in case of default in the payment of any of said assessments, it shall be lawful for the Company to shut off the water supply for the lands described herein from the use of the Purchaser until the amount of any such assessment due and remaining unpaid shall have been paid.

5. It is stipulated and agreed that if from casual, unforeseen, or unavoidable accidents, or if the volume of water shall prove insufficient from drought, or from any other cause beyond the control of the Company the full amount of water herein contracted for cannot be furnished as herein provided, the Company shall not be, in any way, liable because of any such shortage or deficiency of water supply occasioned by any of said causes.

6. It is further stipulated and agreed that, if for any reason or any cause, the supply of water shall be insufficient to furnish all the water granted by the State Engineer of the State of Wyoming to the Purchaser for use through said irrigation system according to its estimated capacity, or, if from any cause beyond the control of the Company the water supply shall be insufficient to furnish an amount equal to that provided for in all the contracts then in full force and effect between the Company and purchasers of proportionate interests in said irrigation system and water permits for use upon lands described therein, then and in such case the Company shall have the right to distribute the available water delivered through said irrigation system to the owners of proportionate interests in said irrigation system and water permits in pro rata shares, and for the purpose of so doing may establish and enforce such rules and regulations as it may deem necessary and expedient.

7. The Purchaser, in consideration of the agreements herein entered into on the part of the Company, hereby waives any and all claim or claims which might hereafter arise or accrue to the Purchaser for any loss or damage by reason of leakage or overflow from said canal, laterals or ditches, belonging to the Purchaser, either upon the land hereinbefore described or upon any other tract or tracts of land owned by the Purchaser anything in any statute, law or custom to the contrary notwithstanding.

8. It is agreed by the Purchaser that any of the foregoing described land for which application is being made for Desert Land Entry in the office of the United States Land and Survey Office of the Bureau of Land Management or any successor agency, that if said entry is allowed he will proceed with diligence to cultivate and improve such land and procure a Patent to the same as soon as possible.

9. At any time after the sale of water rights representing 50% of the total irrigable acreage under the said canal (ditch), the Company may elect to turn over the administration and management of the project by mailing a notice to each purchaser of a time and place for a meeting for the purpose of organizing a ditch company or organization. Each irrigable acre in the project shall represent one share of voting stock in any such ditch company or organization. Within 30 days after the sale of water rights representing 90% of the total irrigable acreage, such ditch company or organization shall be organized in the manner above described and management of the project turned over to the purchasers. The Purchaser does hereby appoint the Company attorney in fact to vote the shares of stock of the Purchaser in the organization of said Ditch Company at any such meeting at which the Purchaser is not present in person. When the organization of any such ditch company or organization is completed, the Company may elect to dispose of any unsold water right as follows: (a) to retain said water permits for future sale, with the right to vote the shares of stock represented thereby in any meeting of such ditch company or organization; (b) to sell said water permits to such newly organized ditch company or organization; or (c) to cancel said permits by petition to the State Engineer of Wyoming.

10. The Purchaser agrees to grant a right-of-way over, upon or across any of the above described land, free of charge, for the purpose of constructing, operating and maintaining any ditches or laterals necessary for the irrigation of any lands upon or in connection with such water or irrigation system or project, under such ditch or canal.

11. In consideration of the premises and the covenants herein contained to be performed by the Company, the Purchaser hereby agrees to pay unto the said party of the first part, its successors or assigns, the sum of Four Hundred Forty-five Dollars ($445.00) at the time of execution of this Contract and to pay the remainder of the purchase price, in Five deferred payments, with interest thereon payable annually, before maturity, at the rate of six per cent per annum, and after maturity at the rate of eight per cent per annum, said deferred payments to be paid in installments as follows: (Total purchase price, $2225.00)

477

No. of Payment	Date Due	Principal	Interest	Total
1st Deferred Payment	Jan. 31, 1967	$356.00	$106.80	$462.80
2nd Deferred Payment	Jan. 31, 1968	356.00	85.44	441.44
3rd Deferred Payment	Jan. 31, 1969	356.00	64.08	420.08
4th Deferred Payment	Jan. 31, 1970	356.00	42.72	398.72
5th Deferred Payment	Jan. 31, 1971	356.00	21.36	376.36
~~6th Deferred Payment~~				
7th Deferred Payment				
8th Deferred Payment				
9th Deferred Payment				
~~10th Deferred Payment~~				

And it is expressly stipulated and agreed that the Company shall have, and is hereby given, a first and prior lien on said proportionate interest in said irrigation system and water permits herein contracted for ~~and upon the lands herein described,~~ for all the above deferred payments as well as for assessments for maintenance, operation and repairs of said irrigation system as hereinbefore set forth. Said lien is to be in all respects prior to any and all other liens created or attempted to be created upon said proportionate interests ~~and lands~~ by the Purchaser. Said lien is to remain in full force and effect until the last of the deferred payments is fully paid and satisfied, and upon default being made on any of said deferred payments or assessments, the Company shall have the right to declare the entire amount unpaid immediately due and payable and to foreclose the lien hereby created by advertisement and sale or by court action and the Company may thereby sell and dispose of the ~~land and~~ proportionate interest in said irrigation system and water permits, and all the right, title and interest of the Purchaser therein including all rights, title and interest of the said Purchaser in and to all Desert Entry lands held by said purchaser and for which water rights, as hereinabove set forth and described, have been obtained, under the provisions of the laws of the State of Wyoming, governing the foreclosure of real estate mortgages, or in accordance with the provisions of Sections 24-421 to 429 inclusive of the Wyoming Compiled Statutes, 1945, or by a suit in equity, and out of the money arising from such sale, to retain the said principal sum and interest, together with all costs, fixed charges thereon, taxes and assessments due and remaining unpaid and an attorney's fee amounting to 15% of the total amount due and unpaid from the Purchaser. And the Purchaser hereby covenants and agrees to pay all taxes and assessments upon said land and proportionate interest, and if the Purchaser shall fail to do so, then and in that case, the Company is hereby authorized to pay such taxes and assessments, and any such sum or sums of money so expended by the Company shall be added to the debt hereby created and secured, and the same shall draw interest at the rate of eight per cent per annum; but no lien shall be created, or attempted to be created, upon the shares of stock of any purchaser of a water right, nor upon the interests in water permits, rights of way, easements, franchises, and irrigation system represented thereby, other than to secure the deferred payment or payments on his water right, interest, charges, taxes and assessments incident thereto. Payment by the Purchaser to the Company of the full purchase price of a water right, shall entitle such Purchaser to the interest in water permits, right of way, easements, franchises and irrigation system for which such Purchaser has contracted under this Contract, free of all encumbrances. 15%

12. In consideration of all and singular the premises, it is agreed that the Purchaser may enter into the use and enjoyment of said proportionate interest herein contracted for to the full extent of said right from and after the date of this contract, as fully as though all payments had been made; provided always, that such use and enjoyment of said right shall always be, and it is hereby so made to be, subject to all and singular the terms and conditions, and the intent thereof, in this contract hereinbefore set forth.

IN WITNESS WHEREOF, the parties have executed this agreement the day and year first above written.

ORDER RECORD No. 16 --STATE BOARD OF CONTROL

IN THE MATTER OF THE PETITION OF JOHN E. WELBORN AND MARY HELEN WELBORN FOR CANCELLATION OF ADJUDICATIONS OF APPROPRIATIONS OF STORED WATER AS SECONDARY SUPPLY FROM WATER STORED IN WILLOW LAKE RESERVOIR UNDER PERMIT 3831 RES. WITH PRIORITY ERRONEOUSLY SHOWN AS MARCH 22, 1922, AND IN ENLARGEMENT WILLOW LAKE RESERVOIR UNDER PERMIT NO. 4475 RES., WITH PRIORITY ERRONEOUSLY SHOWN AS FEBRUARY 23, 1955, BOTH STORING WATER FROM LAKE CREEK, TRIBUTARY OF WILLOW CREEK, TRIBUTARY OF WEST FORK OF NEW FORK RIVER, THROUGH THE LAKE CREEK DITCH UNDER PERMIT 20043 AND ENLARGEMENT JOSEPHINE DITCH UNDER PERMIT 5797 ENL. RESPECTIVELY, AS ADJUDICATED IN THE NAME OF BAR CROSS LAND AND LIVESTOCK COMPANY. (O.R. 12, P. 16; O.R. 13, P. 429; C.R. 61, P. 430; C.R. 64, P. 328; PROOFS 24376, 25634)

IN WATER DIVISION NUMBER FOUR

FINDINGS AND ORDER

THIS MATTER coming regularly before the State Board of Control this 13th day of May, 1966, the Board FINDS:

THAT the petitioners, John E. Welborn and Mary Helen Welborn, set forth under oath that they are the sole owners of the appropriations of water for secondary supply from Willow Lake Reservoir, Permit 3831 Res., with priority of March 29, 1922, under secondary Permit 20043 with an allowance of 1210 acre-feet of stored water through the Lake Creek Ditch and from the original reservoir and Enl. Willow Lake Reservoir, Permit 4475 Res., with priority of November 4, 1931, under secondary Permit 5797 Enl. through the Enl. Josephine Ditch (O.R. 12, P. 16; O.R. 13, P. 429; C.R. 61, P. 430; C.R. 64, P. 328; Proofs 24376, 25634) and of all the lands irrigated thereby, as evidenced by a certificate of ownership from the County Clerk of Sublette County, Wyoming;

THAT the Certificate of Appropriation issued under Permit 20043 allocates 1210 acre-feet of water stored under Permit 3831 Res. in the Willow Lake Reservoir to 121 acres of land under the Lake Creek Ditch, and the Certificate issued under Permit 5797 Enl. allocates 1506.28 acre-feet of water stored in the original reservoir and in the Enlargement Willow Lake Reservoir under Permit 4475 Res., for the irrigation of 581 acres of land;

THAT the petitioners as present owners of the lands described in said appropriations request that the appropriations of said waters as described under secondary Permits 20043 and 5797 Enl. be cancelled;

THAT the reason for the requested cancellation is that an error occurred in the allocation of water stored under Permit 4475 Res. and stored under Permit 3831 Res. through the Enlargement Josephine Ditch, as the water allocations of the Bar Cross Land and Livestock Company actually contain a total of 1716.28 acre-feet of stored water, 1209.60 acre-feet under Permit 3831 Res. and 506.68 acre-feet under Permit 4475 Res., whereas the adjudicated total is 1716.28 acre-feet and that the $SE\frac{1}{4}SE\frac{1}{4}$ of Section 14, Township 35 North, Range 110 West is included in the listing of the Enl. Josephine Ditch in Permit 5797 Enl. but is not included in the listing of the Willow Glen Ditch under Permit 1408, and the $SE\frac{1}{4}NE\frac{1}{4}$ of Section 14, Township 35 North, Range 110 West is included in the listing of the Willow Glen Ditch under Permit 1408 but is not included in the listing of the Enl. Josephine Ditch under Permit 5797 Enl., which are all of the other lands under the Willow Glen Ditch under Permit 1408 are so listed, indicating an intent to furnish a secondary supply to all lands listed thereon; and, further, that the petitioners believe that the direct flow appropriations for the lands listed under Permit 20043 and 5797 Enl. are adequate to irrigate these lands with additional water not being needed and the cancellation of these appropriations will enable the petitioners to utilize the stored water where it could be most advantageously applied;

THAT the petitioners desire more freedom in the application of this water and can more profitably utilize the stored water;

THAT the records are confused and need clarification;

THAT no other appropriators from the same source of supply will be injured in any way.

The Board, now being advised by the records of the offices of the State Engineer and the State Board of Control and the

ORDER RECORD No. 16 --STATE BOARD OF CONTROL

as of record in Order Record 12, Page 18 and Order Record 13, Page 429, and in Certificate Record 61, Page 430 and Certificate Record 64, Page 328, Proofs 24378 and 25834, adjudicated to Bar Cross Land and Livestock Company, be and the same are HEREBY CANCELLED as requested by John B. Welborn and Mary Helen Welborn, the present owners of the said appropriations of stored water and of the lands described in the said secondary permits; and

THAT the State Engineer is requested to cancel Permits 20043 and 5797 Enl. on the records in the State Engineer's Office for the reasons given above.

THAT the eight per cent (8%) interest in the Willow Lake Reservoir will remain in the ownership of John B. Welborn and Mary Helen Welborn after cancellation of the above described Secondary Appropriations which in no way affects their ownership of the proportionate interest in Willow Lake Reservoir. The eight per cent (8%) interest in the Willow Lake Reservoir as adjudicated under Permit No. 3631 Res. and amounting to 1209.68 acre-feet of stored water was established by Decree of the Wyoming Supreme Court in March, 1944 (Wyoming Reports 60, Page 114) in the name of the Bar Cross Land and Livestock Company, and the eight per cent (8%) interest in the Enlargement Willow Lake Reservoir under Permit No. 4475 Res. amounting to 295.68 acre-feet of stored water was established in the name of the Bar Cross Land and Livestock Company by an Agreement dated September 25, 1948 between the owners of the original reservoir, said Agreement being recorded in Miscellaneous Records Book 9, Page 126, in the Office of the State Engineer. Bar Cross Land and Livestock Company has heretofore released, assigned and transferred the aforesaid eight per cent interest in the Willow Lake Reservoir unto Robert W. Wilson and Ruth E. Wilson, husband and wife, of Pinedale, Sublette County, Wyoming, and the said Robert W. Wilson and Ruth E. Wilson have by instrument of assignment, dated January 15, 1962, and of record in this office, assigned and transferred the said eight per cent interest of the Willow Lake Reservoir and the water thereof unto John B. Welborn and Mary Welborn.

STATE BOARD OF CONTROL)

I, George L. Christopulos, as Ex-officio Secretary of the State Board of Control of the State of Wyoming, do hereby certify that the following named document, which is attached hereto, is a full, true and correct photostatic copy of the original document as the same appears of record in the office of said Board in O. R. 16, Pages 444, 445, 446, namely:

> Order granting petition of John B. Welborn and Mary Helen Welborn for cancellation of Adjudications of Appropriations of Stored Water as secondary supply from water stored in Willow Lake Reservoir under Permit 3831 Res. with priority erroneously shown as March 22, 1922, and in Enlargement Willow Lake Reservoir under Permit No. 4475 Res., with priority erroneously shown as February 23, 1955, both storing water from Lake Creek, tributary of Willow Creek, tributary of West Fork of New Fork River, through the Lake Creek Ditch under Permit 20043 amd Enlargement Josephine Ditch under Permit 5797 Enl., respectively, as adjudicated in the name of Bar Cross Land and Livestock Company.

IN WITNESS WHEREOF, I hereunto set my hand and affix the Seal of said Board, at Cheyenne, this 14th day of November, A. D., 1966.

George L. Christopulos
Ex-officio Secretary of the
State Board of Control of the
State of Wyoming

IN WATER DIVISION NUMBER FOUR

FINDINGS AND ORDER

[illegible]

Lizzie Lozier Ditch;

THAT there are no intervening headgates and no intervening tributaries or other sources of water supply which might affect the rights of other appropriators;

THAT no other appropriators from the same source of supply will be injured in any way;

THAT maps in duplicate, prepared by a registered land surveyor and showing the actual conditions on the ground, accompany the petition.

The Board, now being advised by the records of the office of the State Board of Control and the showings presented in the matter, THEREFORE ORDERS:

THAT the petition be GRANTED;

THAT the petitioners, John B. Welborn and Mary Helen Welborn, and Walter W. Lozier, be permitted to change the point of diversion and means of conveyance of those portions of appropriations of water from Willow Creek, tributary of West Fork of New Fork River, under Permit 12100 with priority of October 25, 1913, Permit 2907 Enl. with priority of January 12, 1914, and Permit 4359 Enl. with priority of March 17, 1923 (O.R. 5, P. 318, 693; O.R. 6, P. 469; C.R. 38, P. 309; C.R. 41, P. 416; C.R. 44, P. 382; Pr. 14663, 16528, 18611) for the irrigation of the following described lands:

Permit 12100	1 acre	$NE\frac{1}{4}NE\frac{1}{4}$
	14 acres	$NW\frac{1}{4}NE\frac{1}{4}$
	20 acres	$SW\frac{1}{4}NE\frac{1}{4}$
	28 acres	$SE\frac{1}{4}NE\frac{1}{4}$
	3 acres	$NE\frac{1}{4}NW\frac{1}{4}$
	21 acres	$SE\frac{1}{4}NW\frac{1}{4}$, Section 7, Township 35 North, Range 109 West;
	87 acres	
Permit 2907 Enl.	20 acres	$NE\frac{1}{4}NE\frac{1}{4}$
	40 acres	$NW\frac{1}{4}NE\frac{1}{4}$
	40 acres	$SW\frac{1}{4}NE\frac{1}{4}$
	29 acres	$SE\frac{1}{4}NE\frac{1}{4}$
	40 acres	$NE\frac{1}{4}NW\frac{1}{4}$
	40 acres	$SE\frac{1}{4}NW\frac{1}{4}$, Section 12, Township 35 North, Range 110 West;
	10 acres	Lot 3, Section 7, Township 35 North, Range 109 West;
	219 acres	
Permit 4359 Enl.	11 acres	$SW\frac{1}{4}NW\frac{1}{4}$
	7 acres	$SE\frac{1}{4}NW\frac{1}{4}$, Section 8, Township 35 North, Range 109 West
	18 acres	
	324 acres total	

from the Lizzie Lozier Ditch diverting water from Willow Creek, tributary of West Fork of New Fork River, at a point North 38° 15' West 3860 feet from the Southeast Corner of Section 5, Township 35 North, Range 109 West, and in the $SW\frac{1}{4}NE\frac{1}{4}$ of said Section 5, to the Lizzie Lozier North Ditch diverting water from the same source of supply at a point North 10° 57' East 1050 feet from the South Quarter Section Corner of Section 5, Township 35 North, Range 109 West, and in the $SW\frac{1}{4}SE\frac{1}{4}$ of said Section 5;

THAT said change be granted without loss of priority, subject to the condition that the rights of other appropriators shall not be injured.

DONE AT CHEYENNE, COUNTY OF LARAMIE, STATE OF WYOMING, THIS 13TH DAY OF MAY, 1966.
