ORDER RECORD NO. 17 - STATE BOARD OF CONTROL

452

IN THE MATTER OF THE PETITION OF MILFRED M. MILLER FOR AN AMENDED CERTIFICATE OF APPROPRIATION OF WATER FROM MIDDLE PINEY CREEK, TRIBUTARY OF GREEN RIVER, THROUGH THE LEIFER NO. 2 DITCH UNDER TERRITORIAL APPROPRIATION WITH PRIORITY OF NOVEMBER 15, 1954, AS AMENDED TO JAMES MICHAELSON (O. R. S. P. 661 C. R. S. P. 501) (PROOF NO. 4159).

IN WATER DIVISION NUMBER FOUR

FINDINGS AND ORDER

THIS MATTER coming regularly before the State Board of Control this 26th day of November, 1968, the Board finds:

1. The Petitioner, Milfred M. Miller, sets forth under oath that she is the present sole owner of the NE $\frac{1}{4}$ Sec. 3, T2N, R10W, Section 3 and 34th Section 20 North, Range 112 West, and of the appropriations of water attached thereto, as evidenced by Certificate of the County Clerk of Sublette County, Wyoming, which accompanies the petition.
2. That the Certificate of Appropriation of Water of record in Certificate Record 3, Page 50, erroneously describes the land to be irrigated under Territorial Appropriation of water from Middle Piney Creek, tributary of Green River, through Leifer No. 2 Ditch, with priority of November 15, 1954, as appurtenant to the Michaelson under Proof No. 4159, signed by James Michaelson, as follows:

40 acres NE $\frac{1}{4}$ Sec. 3, T2N, R10W, Section 3
 30 acres NW $\frac{1}{4}$ Sec. 3, T2N, R10W, Section 3
 20 acres NW $\frac{1}{4}$ Sec. 20, T2N, R10W, Range 112 West
 150 acres - Total

3. That the lands to be irrigated under the above-described appropriation are correctly described but the total acreage would be 150 acres, not as erroneously shown in the Order and Certificate as 160 acres. Further, the Board finds that the legal amount of the appropriation for 150 acres is 2.14 cubic feet per second instead of the 2.25 cubic feet per second as now given for 160 acres and the original appropriator's name was James Michaelson under Proof No. 4159.

4. No fees are necessary as the error was made in the Board Office.
5. No other appropriation from the same source of supply will be incurred in any way by this correction.
6. No maps are filed with the petition as the records of the Office of the State Engineer and the State Board of Control are sufficient.

THE BOARD now being advised by the records of the State Engineer and the State Board of Control and the showings presented in the matter, THEREFORE ORDERS:

THAT the petition be GRANTED.

THAT an Amended Certificate of Appropriation be issued to Milfred M. Miller, as successor to James Michaelson (shown in records as JAMES MICHAELSON), the original appropriator, in lieu of the Certificate of Appropriation of record in Certificate Record 3, Page 50, and to correct the Order of record in Order Record 3, Page 50, Proof No. 4159, all in accordance with the following tabulation:
