HOBACK RANCHES, a Wyoming Corporation, grantor, of Afton, Lincoln County, Wyoming, for and in consideration of the sum of Ten and No/100 Dollars ($10.00), the receipt whereof is hereby acknowledged, CONVEYS AND WARRANTS to JAMES O. PETERSEN and ELAINE R. PETERSEN, husband and wife, by the entireties grantees, of Sweetwater County and State of Wyoming the following described real estate situate in Sublette County, Wyoming, hereby releasing and waiving all rights under and by virtue of the homestead exemption laws of the State, to-wit:

The NW¼NW¼ of Section 5, Township 36 North, Range 112 West of the 6th P.M., Wyoming

Subject to all easements and reservations of sight and record.

The above-described property is subject to the following protective covenants which shall be deemed covenants running with the land and binding upon the grantees and their successors in interest.

The purpose of these covenants is to insure the use of the property for attractive residential purposes, to prevent nuisances, to prevent the impairment of the attractiveness of the property, to maintain the natural environment and protect the ecology of the area, and thereby secure to each tract owner the full benefit and enjoyment of his respective tract.

For the purpose of these protective covenants, a tract is defined as a tract of land of not less than ten (10) acres.

The protective covenants are as follows:

1. All lands covered by this deed shall be used for residential purposes only, and no commercial activity shall be conducted or permitted thereon.

2. No structure shall be erected, placed, or permitted to remain on any tract, other than single family dwellings, garage buildings, stables, and other structures incidental to single family residential use of the tract.

3. No building may be built with tar paper or asphalt materials. No building may have visible exterior covering of cement, cinder block, or unpainted metal. All buildings shall have exterior colors and finish that shall conform with and be in harmony with the natural surroundings.

4. No outside toilets will be permitted, except for a period not to exceed ninety (90) days during the construction of a permanent dwelling house. Any outside toilet used will be

placed so as to be fully screened from all public roadways and shall be removed, torn down and made sanitary at the end of the ninety-day period.

5. Mobile homes, trailer houses, and tent camps may be located upon a tract for a period not to exceed one (1) year, provided that no such mobile home, trailer, or tent shall be parked or located thereon unless the owner is at the same time undertaking the construction of a permanent dwelling house.

6. At such time as a permanent dwelling house is built upon the tract, each owner shall be required to construct underground sanitation facilities in conformity with the laws of the State of Wyoming, and the same shall be placed upon each tract so as not to create any unsafe conditions, or create any nuisance to owners of adjoining tracts.

7. Except on tracts which may contain uncontaminated springs, all water for domestic and culinary purposes shall be drawn from drilled wells. Nothing herein contained shall be construed to prevent owners of tracts from constructing common water or sanitation facilities by private agreement, so long as the same meet with these requirements and the sanitation laws of the State of Wyoming.

8. No tract shall be cut up into more than one tract. It is the intention of this provision that no tract shall be less than ten (10) acres in size.

9. All fences shall be of buck and pole construction made of rough native timber. The buck shall be at least six feet tall and there shall be at least four poles on each span and each span can be no longer than 12 feet in width. The owner of each tract shall be responsible for erecting and maintaining a fence and gates around his respective tract if he desires to prevent the trespass of cattle or other livestock grazing or being ridden in the area.

10. No owner of any tract shall cut down or destroy, or permit the cutting down or destruction of any growing trees on his tract which are more than three inches in diameter when measured one foot above ground level; excepting that such trees may be removed if their location interferes with placement of permitted improvements on the tract. Dead or diseased trees of any size may be removed.

11. No owner shall allow debris, trash, rubbish, or any material of unsightly appearance to remain upon his tract.

12. All debris, garbage, trash, and rubbish shall be hauled from the premises. No outside burning of debris, garbage, trash, or rubbish is allowed.

13. Notwithstanding any laws of the United States of America or of the State of Wyoming, no owner of any lot, members of his family, or guests, shall at any time attempt the killing or capturing of any wild animals or wild birds upon any tract of land in Hoback Ranches.

14. No explosives, guns, firecrackers, or other noise-making devices shall be discharged upon any tracts.

15. Horses are permitted on each tract, provided that no more than four horses shall be allowed for each tract where the horses are maintained.

16. There shall not exist on any tract at any time more than one single family dwelling.

17. No building or any part thereof, including garages and porches, shall be erected on any tract closer than 100 feet to any edge of said tract.

18. The elevation of a tract, or any portion thereof, shall not be changed so as to materially affect the surface elevations or grade of surrounding tracts. No timber, rock, gravel, clay, or other material shall be removed from any tract.

19. No cattle, swine, goats, poultry, or fowl shall be kept or permitted on any tract.

20. There are hereby reserved to grantors, for the purpose of having adequate bridle paths, roadways, and utility easements to serve each tract, a perpetual easement 33 feet in width along each edge of the herein described tract, for the purpose of erecting, constructing, and maintaining bridle paths, roadways, and public utility facilities, both underground and overhead. Grantor hereby reserves the right to change, layout a new, or discontinue any roadway, bridle path, or utility easement, in its sole discretion, that would be beneficial in serving any tract in Hoback Ranches. All claims for damages, if any, arising out of the construction, maintenance, and repair of roadways, bridle paths, and utilities, or on account of temporary or other inconvenience caused thereby against the grantor, or any utility company of any of their agents or servants are hereby waived by grantees hereof.

21. All roads constructed on any tract shall be constructed so far as practical to conform to the topography of the tract and not be visible to adjoining tracts.

22. All electricity and telephone utilities shall be placed underground. No overhead lines are permitted.

Said Protective Covenants, conditions, restrictions, and reservations shall be perpetual and shall apply to and be forever binding upon the grantees hereof, their heirs, executors, administrators, and assigns, and are imposed upon the realty described herein as an obligation and charge against the same for the benefit of the grantor herein and the owners of each adjoining tract, their successors and assigns, and as a general plan for the benefit of said tract and all tracts in Hoback Ranches.

If the owner of any tract conveyed by Hoback Ranches, or their heirs, or assigns shall violate any of the covenants or conditions hereinabove set forth, it shall be lawful for the grantor or any other person owning a tract conveyed by Hoback Ranches to

prosecute any proceedings at law or in equity against the person or persons violating any of the covenants or conditions, and either to prevent him from doing so, or to recover damages, including costs and reasonable attorney fees, for such violation, or both.

Invalidation of any of these covenants by judgment or court order shall in no wise affect any of the other provisions, which shall remain in full force and effect.

IN WITNESS WHEREOF, the Grantor has caused its corporate seal to be hereunto affixed, and these presents to be signed by its duly authorized officer, on this 10th day of August, 1972.

HOBACK COMPANY, a Wyoming Corporation, of Afton, Lincoln County, Wyoming, grantor, for and in consideration of Ten and No/100 Dollars ($10.00) in hand paid, receipt whereof is hereby acknowledged, CONVEY AND WARRANT TO TED C. FROME and BETTY B. FROME, husband and wife, by the entireties, of Afton, Lincoln County, Wyoming, grantees, the following described real estate, situate in Sublette County and State of Wyoming, hereby releasing and waiving all rights under and by virtue of the homestead exemption laws of the State, to-wit:

$W\frac{1}{2}SW\frac{1}{4}$ of Section 22, T 36 N, R 113 W of the 6th P.M., Wyoming.

Subject to all easements and reservations of sight and record.

The above-described property is subject to the following protective covenants which shall be deemed covenants running with the land and binding upon the grantees and their successors in interest.

The purpose of these covenants is to insure the use of the property for attractive residential purposes, to prevent nuisances, to prevent the impairment of the attractiveness of the property, to maintain the natural environment and protect the ecology of the area, and thereby secure to each tract owner the full benefit and enjoyment of his respective tract.

For the purpose of these protective covenants, a tract is defined as a tract of land of not less than ten (10) acres.

The protective covenants are as follows:

1. All lands covered by this deed shall be used for residential purposes only, and no commercial activity shall be conducted or permitted thereon.

2. No structure shall be erected, placed, or permitted to remain on any tract, other than single family dwellings, garage buildings, stables, and other structures incidental to single family residential use of the tract.

3. No building may be built with tar paper or asphalt materials. No building may have visible exterior covering of cement, cinder block, or unpainted metal. All buildings shall have exterior colors and finish that shall conform with and be in harmony with the natural surroundings.

4. No outside toilets will be permitted, except for a period not to exceed ninety (90) days during the construction of a permanent dwelling house. Any outside toilet used will be placed so as to be fully screened from all public roadways and shall be removed, torn down and made sanitary at the end of the ninety-day period.

5. Mobile homes, trailer houses, and tent camps may be located upon a tract for a period not to exceed one year, provided that no such mobile home, trailer, or tent shall be parked or located thereon unless the owner is at the same time undertaking the construction of a permanent dwelling house.

6. At such time as a permanent dwelling house is built upon the tract, each owner shall be required to construct underground sanitation facilities in conformity with the laws of the State of Wyoming, and the same shall be placed upon each tract so as not to create any unsafe conditions, or create any nuisance to owners of adjoining tracts.

7. Except on tracts which may contain uncontaminated springs, all water for domestic and culinary purposes shall be drawn from drilled wells. Nothing herein contained shall be construed to prevent owners of tracts from constructing common water or sanitation facilities by private agreement, so long as the same meet with these requirements and the sanitation laws of the State of Wyoming.

8. No tract shall be cut up into more than one tract. It is the intention of this provision that no tract shall be less than ten (10) acres in size.

9. All fences shall be of buck and pole construction made of rough native timber. The buck shall be at least six feet tall and there shall be at least four poles on each span and each span can be no longer than 12 feet in width. The owner of each tract shall be responsible for erecting and maintaining a fence and gates around his respective tract if he desires to prevent the trespass of cattle or other livestock grazing or being ridden in the area.

10. No owner of any tract shall cut down or destroy, or permit the cutting down or destruction of any growing trees on his tract which are more than three inches in diameter when measured one foot above ground level; excepting that such trees may be removed if their location interferes with placement of permitted improvements on the tract. Dead or diseased trees of any size may be removed.

11. No owner shall allow debris, trash, rubbish, or any material of unsightly appearance to remain upon his tract.

12. All debris, garbage, trash and rubbish shall be hauled from the premises. No outside burning of debris, garbage, trash or rubbish is allowed.

13. Notwithstanding any laws of the United States of America or of the State of Wyoming, no owner of any lot, members of his family, or guests, shall at any time attempt the killing or capturing of any wild animals or wild birds upon any tract of land in Hoback Ranches.

14. No explosives, guns, firecrackers, or other noise-making devices shall be discharged upon any tracts.

15. Horses are permitted on each tract, provided that no more than four horses shall be allowed for each tract where the horses are maintained.

16. There shall not exist on any tract at any time more than one single family dwelling.

17. No building or any part thereof, including garages and porches, shall be erected on any tract closer than 100 feet to any edge of said tract.

18. The elevation of a tract, or any portion thereof, shall not be changed so as to materially affect the surface elevations or grade of surrounding tracts. No timber, rock, gravel, clay, or other material shall be removed from any tract.

19. No cattle, swine, goats, poultry, or fowl shall be kept or permitted on any tract.

20. There are hereby reserved to grantors, for the purpose of having adequate bridle paths, roadways, and utility easements to serve each tract, a perpetual easement 33 feet in width along each edge of the herein described tract, for the purpose of erecting, constructing, and maintaining bridle paths, roadways, and public utility facilities, both underground and overhead. Grantor hereby reserves the right to change, layout a new, or discontinue any roadway, bridle path, or utility easement, in its sole discretion, that would be beneficial in serving any tract in Hoback Ranches. All claims for damages, if any, arising out of the construction, maintenance, and repair of roadways, bridle paths, and utilities, or on account of temporary or other inconvenience caused thereby against the grantor, or any utility company or any of their agents or servants are hereby waived by grantees hereof.

21. All roads constructed on any tract shall be constructed so far as practical to conform to the topography of the tract and not be visible to adjoining tracts.

22. All electricity and telephone utilities shall be placed underground. No overhead lines are permitted.

Said Protective Covenants, conditions, restrictions, and reservations shall be perpetual and shall apply to and be forever binding upon the grantees hereof, his heirs, executors, administrators, and assigns, and are imposed upon the realty described herein as an obligation and charge against the same for the benefit

of the grantor herein and the owners of each adjoining tract, their successors and assigns, and as a general plan for the benefit of said tract and all tracts in Hoback Ranches.

If the owner of any tract conveyed by Hoback Ranches, or their heirs, or assigns shall violate any of the covenants or conditions hereinabove set forth, it shall be lawful for the grantor or any other person owning a tract conveyed by Hoback Ranches to prosecute any proceedings at law or in equity against the person or persons violating any of the covenants or conditions, and either to prevent him from doing so, or to recover damages, including costs and reasonable attorney fees, for such violations, or both.

Invalidation of any of these covenants by judgment or court order shall in no wise affect any of the other provisions, which shall remain in full force and effect.

IN WITNESS WHEREOF, the Grantor has caused its corporate seal to be affixed hereunto, and these presents to be signed by its duly authorized officer, on this 30th day of September, 1972.

WARRANTY DEED

HOBACK RANCHES, a Wyoming Corporation, grantor, of Afton, Lincoln County, Wyoming, for and in consideration of the sum of Ten and No/100 Dollars ($10.00), the receipt whereof is hereby acknowledged, CONVEYS AND WARRANTS to CHARLES EVERETT DUPONT, JR., A SINGLE MAN, of Box 25 Teton Village, Jackson Hole, Wyoming

grantee ___, of Teton County and State of Wyoming the following described real estate situate in Sublette County, Wyoming, hereby releasing and waiving all rights under and by virtue of the homestead exemption laws of the State, to-wit:

the SW¼NW¼ of Section 10, Township 36 North, Range 112 West, of the 6th Principal Meridian, Wyoming; being 40 acres more or less according to the Original United States Land Office Survey.

Subject to all easements and reservations of sight and record.

The above-described property is subject to the following protective covenants which shall be deemed covenants running with the land and binding upon the grantees and their successors in interest.

The purpose of these covenants is to insure the use of the property for attractive residential purposes, to prevent nuisances, to prevent the impairment of the attractiveness of the property, to maintain the natural environment and protect the ecology of the area, and thereby secure to each tract owner the full benefit and enjoyment of his respective tract.

For the purpose of these protective covenants, a tract is defined as a tract of land of not less than ten (10) acres.

The protective covenants are as follows:

1. All lands covered by this deed shall be used for residential purposes only, and no commercial activity shall be conducted or permitted thereon.

2. No structure shall be erected, placed, or permitted to remain on any tract, other than single family dwellings, garage buildings, stables, and other structures incidental to single family residential use of the tract.

3. No building may be built with tar paper or asphalt materials. No building may have visible exterior covering of cement, cinder block, or unpainted metal. All buildings shall have exterior colors and finish that shall conform with and be in harmony with the natural surroundings.

4. No outside toilets will be permitted, except for a period not to exceed ninety (90) days during the construction of a permanent dwelling house. Any outside toilet used will be

placed so as to be fully screened from all public roadways and shall be removed, torn down and made sanitary at the end of the ninety-day period.

5. Mobile homes, trailer houses, and tent camps may be located upon a tract for a period not to exceed one (1) year, provided that no such mobile home, trailer, or tent shall be parked or located thereon unless the owner is at the same time undertaking the construction of a permanent dwelling house.

6. At such time as a permanent dwelling house is built upon the tract, each owner shall be required to construct underground sanitation facilities in conformity with the laws of the State of Wyoming, and the same shall be placed upon each tract so as not to create any unsafe conditions, or create any nuisance to owners of adjoining tracts.

7. Except on tracts which may contain uncontaminated springs, all water for domestic and culinary purposes shall be drawn from drilled wells. Nothing herein contained shall be construed to prevent owners of tracts from constructing common water or sanitation facilities by private agreement, so long as the same meet with these requirements and the sanitation laws of the State of Wyoming.

8. No tract shall be cut up into more than one tract. It is the intention of this provision that no tract shall be less than ten (10) acres in size.

9. All fences shall be of buck and pole construction made of rough native timber. The buck shall be at least six feet tall and there shall be at least four poles on each span and each span can be no longer than 12 feet in width. The owner of each tract shall be responsible for erecting and maintaining a fence and gates around his respective tract if he desires to prevent the trespass of cattle or other livestock grazing or being ridden in the area.

10. No owner of any tract shall cut down or destroy, or permit the cutting down or destruction of any growing trees on his tract which are more than three inches in diameter when measured one foot above ground level; excepting that such trees may be removed if their location interferes with placement of permitted improvements on the tract. Dead or diseased trees of any size may be removed.

11. No owner shall allow debris, trash, rubbish, or any material of unsightly appearance to remain upon his tract.

12. All debris, garbage, trash, and rubbish shall be hauled from the premises. No outside burning of debris, garbage, trash, or rubbish is allowed.

13. Notwithstanding any laws of the United States of America or of the State of Wyoming, no owner of any lot, members of his family, or guests, shall at any time attempt the killing or capturing of any wild animals or wild birds upon any tract of land in Hoback Ranches.

14. No explosives, guns, firecrackers, or other noise-making devices shall be discharged upon any tracts.

15. Horses are permitted on each tract, provided that no more than four horses shall be allowed for each tract where the horses are maintained.

16. There shall not exist on any tract at any time more than one single family dwelling.

17. No building or any part thereof, including garages and porches, shall be erected on any tract closer than 100 feet to any edge of said tract.

18. The elevation of a tract, or any portion thereof, shall not be changed so as to materially affect the surface elevations or grade of surrounding tracts. No timber, rock, gravel, clay, or other material shall be removed from any tract.

19. No cattle, swine, goats, poultry, or fowl shall be kept or permitted on any tract.

20. There are hereby reserved to grantors, for the purpose of having adequate bridle paths, roadways, and utility easements to serve each tract, a perpetual easement 33 feet in width along each edge of the herein described tract, for the purpose of erecting, constructing, and maintaining bridle paths, roadways, and public utility facilities, both underground and overhead. Grantor hereby reserves the right to change, layout a new, or discontinue any roadway, bridle path, or utility easement, in its sole discretion, that would be beneficial in serving any tract in Hoback Ranches. All claims for damages, if any, arising out of the construction, maintenance, and repair of roadways, bridle paths, and utilities, or on account of temporary or other inconvenience caused thereby against the grantor, or any utility company of any of their agents or servants are hereby waived by grantees hereof.

21. All roads constructed on any tract shall be constructed so far as practical to conform to the topography of the tract and not be visible to adjoining tracts.

22. All electricity and telephone utilities shall be placed underground. No overhead lines are permitted.

Said Protective Covenants, conditions, restrictions, and reservations shall be perpetual and shall apply to and be forever binding upon the grantees hereof, their heirs, executors, administrators, and assigns, and are imposed upon the realty described herein as an obligation and charge against the same for the benefit of the grantor herein and the owners of each adjoining tract, their successors and assigns, and as a general plan for the benefit of said tract and all tracts in Hoback Ranches.

If the owner of any tract conveyed by Hoback Ranches, or their heirs, or assigns shall violate any of the covenants or conditions hereinabove set forth, it shall be lawful for the grantor or any other person owning a tract conveyed by Hoback Ranches to

prosecute any proceedings at law or in equity against the person or persons violating any of the covenants or conditions, and either to prevent him from doing so, or to recover damages, including costs and reasonable attorney fees, for such violation, or both.

Invalidation of any of these covenants by judgment or court order shall in no wise affect any of the other provisions, which shall remain in full force and effect.

IN WITNESS WHEREOF, the Grantor has caused its corporate seal to be hereunto affixed, and these presents to be signed by its duly authorized officer, on this 29th day of November, 1972.

HOBACK RANCHES, a Wyoming Corporation, grantor, of Afton, Lincoln County, Wyoming, for and in consideration of the sum of Ten and No/100 Dollars ($10.00), the receipt whereof is hereby acknowledged, CONVEYS AND WARRANTS to GAYLORD A. VILLERS, JR. and DEBORAH H. VILLERS, husband and wife, by the entireties grantees, of Cook County and State of Illinois the following described real estate situate in Sublette County, Wyoming, hereby releasing and waiving all rights under and by virtue of the homestead exemption laws of the State, to-wit:

The N½NE¼NW¼ of Section 5, Township 36 North, Range 112 West of the 6th P.M., Wyoming.

Subject to all easements and reservations of sight and record.

The above-described property is subject to the following protective covenants which shall be deemed covenants running with the land and binding upon the grantees and their successors in interest.

The purpose of these covenants is to insure the use of the property for attractive residential purposes, to prevent nuisances, to prevent the impairment of the attractiveness of the property, to maintain the natural environment and protect the ecology of the area, and thereby secure to each tract owner the full benefit and enjoyment of his respective tract.

For the purpose of these protective covenants, a tract is defined as a tract of land of not less than ten (10) acres.

The protective covenants are as follows:

1. All lands covered by this deed shall be used for residential purposes only, and no commercial activity shall be conducted or permitted thereon.

2. No structure shall be erected, placed, or permitted to remain on any tract, other than single family dwellings, garage buildings, stables, and other structures incidental to single family residential use of the tract.

3. No building may be built with tar paper or asphalt materials. No building may have visible exterior covering of cement, cinder block, or unpainted metal. All buildings shall have exterior colors and finish that shall conform with and be in harmony with the natural surroundings.

4. No outside toilets will be permitted, except for a period not to exceed ninety (90) days during the construction of a permanent dwelling house. Any outside toilet used will be

199

placed so as to be fully screened from all public roadways and shall be removed, torn down and made sanitary at the end of the ninety-day period.

5. Mobile homes, trailer houses, and tent camps may be located upon a tract for a period not to exceed one (1) year, provided that no such mobile home, trailer, or tent shall be parked or located thereon unless the owner is at the same time undertaking the construction of a permanent dwelling house.

6. At such time as a permanent dwelling house is built upon the tract, each owner shall be required to construct underground sanitation facilities in conformity with the laws of the State of Wyoming, and the same shall be placed upon each tract so as not to create any unsafe conditions, or create any nuisance to owners of adjoining tracts.

7. Except on tracts which may contain uncontaminated springs, all water for domestic and culinary purposes shall be drawn from drilled wells. Nothing herein contained shall be construed to prevent owners of tracts from constructing common water or sanitation facilities by private agreement, so long as the same meet with these requirements and the sanitation laws of the State of Wyoming.

8. No tract shall be cut up into more than one tract. It is the intention of this provision that no tract shall be less than ten (10) acres in size.

9. All fences shall be of buck and pole construction made of rough native timber. The buck shall be at least six feet tall and there shall be at least four poles on each span and each span can be no longer than 12 feet in width. The owner of each tract shall be responsible for erecting and maintaining a fence and gates around his respective tract if he desires to prevent the trespass of cattle or other livestock grazing or being ridden in the area.

10. No owner of any tract shall cut down or destroy, or permit the cutting down or destruction of any growing trees on his tract which are more than three inches in diameter when measured one foot above ground level; excepting that such trees may be removed if their location interferes with placement of permitted improvements on the tract. Dead or diseased trees of any size may be removed.

11. No owner shall allow debris, trash, rubbish, or any material of unsightly appearance to remain upon his tract.

12. All debris, garbage, trash, and rubbish shall be hauled from the premises. No outside burning of debris, garbage, trash, or rubbish is allowed.

13. Notwithstanding any laws of the United States of America or of the State of Wyoming, no owner of any lot, members of his family, or guests, shall at any time attempt the killing or capturing of any wild animals or wild birds upon any tract of land in Hoback Ranches.

14. No explosives, guns, firecrackers, or other noise-making devices shall be discharged upon any tracts.

15. Horses are permitted on each tract, provided that no more than four horses shall be allowed for each tract where the horses are maintained.

16. There shall not exist on any tract at any time more than one single family dwelling.

17. No building or any part thereof, including garages and porches, shall be erected on any tract closer than 100 feet to any edge of said tract.

18. The elevation of a tract, or any portion thereof, shall not be changed so as to materially affect the surface elevations or grade of surrounding tracts. No timber, rock, gravel, clay, or other material shall be removed from any tract.

19. No cattle, swine, goats, poultry, or fowl shall be kept or permitted on any tract.

20. There are hereby reserved to grantors, for the purpose of having adequate bridle paths, roadways, and utility easements to serve each tract, a perpetual easement 33 feet in width along each edge of the herein described tract, for the purpose of erecting, constructing, and maintaining bridle paths, roadways, and public utility facilities, both underground and overhead. Grantor hereby reserves the right to change, layout a new, or discontinue any roadway, bridle path, or utility easement, in its sole discretion, that would be beneficial in serving any tract in Hoback Ranches. All claims for damages, if any, arising out of the construction, maintenance, and repair of roadways, bridle paths, and utilities, or on account of temporary or other inconvenience caused thereby against the grantor, or any utility company of any of their agents or servants are hereby waived by grantees hereof.

21. All roads constructed on any tract shall be constructed so far as practical to conform to the topography of the tract and not be visible to adjoining tracts.

22. All electricity and telephone utilities shall be placed underground. No overhead lines are permitted.

Said Protective Covenants, conditions, restrictions, and reservations shall be perpetual and shall apply to and be forever binding upon the grantees hereof, their heirs, executors, administrators, and assigns, and are imposed upon the realty described herein as an obligation and charge against the same for the benefit of the grantor herein and the owners of each adjoining tract, their successors and assigns, and as a general plan for the benefit of said tract and all tracts in Hoback Ranches.

If the owner of any tract conveyed by Hoback Ranches, or their heirs, or assigns shall violate any of the covenants or conditions hereinabove set forth, it shall be lawful for the grantor or any other person owning a tract conveyed by Hoback Ranches to

prosecute any proceedings at law or in equity against the person or persons violating any of the covenants or conditions, and either to prevent him from doing so, or to recover damages, including costs and reasonable attorney fees, for such violation, or both.

Invalidation of any of these covenants by judgment or court order shall in no wise affect any of the other provisions, which shall remain in full force and effect.

IN WITNESS WHEREOF, the Grantor has caused its corporate seal to be hereunto affixed, and these presents to be signed by its duly authorized officer, on this 5th day of October, 1972.

The above-described property is subject to the following protective covenants which shall be deemed covenants running with the land and binding upon the grantees and their successors in interest.

The purpose of these covenants is to insure the use of the property for attractive residential purposes, to prevent nuisances, to prevent the impairment of the attractiveness of the property, to maintain the natural environment and protect the ecology of the area, and thereby secure to each tract owner the full benefit and enjoyment of his respective tract.

For the purpose of these protective covenants, a tract is defined as a tract of land of not less than ten (10) acres.

The protective covenants are as follows:

1. All lands covered by this deed shall be used for residential purposes only, and no commercial activity shall be conducted or permitted thereon.

2. No structure shall be erected, placed, or permitted to remain on any tract, other than single family dwellings, garage buildings, stables, and other structures incidental to single family residential use of the tract.

HOBACK RANCHES, a Wyoming Corporation, grantor, of Afton, Lincoln County, Wyoming, for and in consideration of the sum of Ten and No/100 Dollars ($10.00), the receipt whereof is hereby acknowledged, CONVEYS AND WARRANTS to GORDON L. BARTEK, M.D. and RUTH E. BARTEK, husband and wife, by the entireties, 2940 Pioneer Club Road S. E., Grand Rapids, Michigan grantees, of Kent County and State of Michigan the following described real estate situate in Sublette County, Wyoming, hereby releasing and waiving all rights under and by virtue of the homestead exemption laws of the State, to-wit:

The SE¼NW¼ of Section 7, Township 36 North, Range 112 West of the 6th Principal Meridian, Wyoming.

Subject to all easements and reservations of sight and record.

The above-described property is subject to the following protective covenants which shall be deemed covenants running with the land and binding upon the grantees and their successors in interest.

The purpose of these covenants is to insure the use of the property for attractive residential purposes, to prevent nuisances, to prevent the impairment of the attractiveness of the property, to maintain the natural environment and protect the ecology of the area, and thereby secure to each tract owner the full benefit and enjoyment of his respective tract.

For the purpose of these protective covenants, a tract is defined as a tract of land of not less than ten (10) acres.

The protective covenants are as follows:

1. All lands covered by this deed shall be used for residential purposes only, and no commercial activity shall be conducted or permitted thereon.

2. No structure shall be erected, placed, or permitted to remain on any tract, other than single family dwellings, garage buildings, stables, and other structures incidental to single family residential use of the tract.

3. No building may be built with tar paper or asphalt materials. No building may have visible exterior covering of cement, cinder block, or unpainted metal. All buildings shall have exterior colors and finish that shall conform with and be in harmony with the natural surroundings.

4. No outside toilets will be permitted, except for a period not to exceed ninety (90) days during the construction of a permanent dwelling house. Any outside toilet used will be

placed so as to be fully screened from all public roadways and shall be removed, torn down and made sanitary at the end of the ninety-day period.

5. Mobile homes, trailer houses, and tent camps may be located upon a tract for a period not to exceed one (1) year, provided that no such mobile home, trailer, or tent shall be parked or located thereon unless the owner is at the same time undertaking the construction of a permanent dwelling house.

6. At such time as a permanent dwelling house is built upon the tract, each owner shall be required to construct underground sanitation facilities in conformity with the laws of the State of Wyoming, and the same shall be placed upon each tract so as not to create any unsafe conditions, or create any nuisance to owners of adjoining tracts.

7. Except on tracts which may contain uncontaminated springs, all water for domestic and culinary purposes shall be drawn from drilled wells. Nothing herein contained shall be construed to prevent owners of tracts from constructing common water or sanitation facilities by private agreement, so long as the same meet with these requirements and the sanitation laws of the State of Wyoming.

8. No tract shall be cut up into more than one tract. It is the intention of this provision that no tract shall be less than ten (10) acres in size.

9. All fences shall be of buck and pole construction made of rough native timber. The buck shall be at least six feet tall and there shall be at least four poles on each span and each span can be no longer than 12 feet in width. The owner of each tract shall be responsible for erecting and maintaining a fence and gates around his respective tract if he desires to prevent the trespass of cattle or other livestock grazing or being ridden in the area.

10. No owner of any tract shall cut down or destroy, or permit the cutting down or destruction of any growing trees on his tract which are more than three inches in diameter when measured one foot above ground level; excepting that such trees may be removed if their location interferes with placement of permitted improvements on the tract. Dead or diseased trees of any size may be removed.

11. No owner shall allow debris, trash, rubbish, or any material of unsightly appearance to remain upon his tract.

12. All debris, garbage, trash, and rubbish shall be hauled from the premises. No outside burning of debris, garbage, trash, or rubbish is allowed.

13. Notwithstanding any laws of the United States of America or of the State of Wyoming, no owner of any lot, members of his family, or guests, shall at any time attempt the killing or capturing of any wild animals or wild birds upon any tract of land in Hoback Ranches.

14. No explosives, guns, firecrackers, or other noise-making devices shall be discharged upon any tracts.

15. Horses are permitted on each tract, provided that no more than four horses shall be allowed for each tract where the horses are maintained.

16. There shall not exist on any tract at any time more than one single family dwelling.

17. No building or any part thereof, including garages and porches, shall be erected on any tract closer than 100 feet to any edge of said tract.

18. The elevation of a tract, or any portion thereof, shall not be changed so as to materially affect the surface elevations or grade of surrounding tracts. No timber, rock, gravel, clay, or other material shall be removed from any tract.

19. No cattle, swine, goats, poultry, or fowl shall be kept or permitted on any tract.

20. There are hereby reserved to grantors, for the purpose of having adequate bridle paths, roadways, and utility easements to serve each tract, a perpetual easement 33 feet in width along each edge of the herein described tract, for the purpose of erecting, constructing, and maintaining bridle paths, roadways, and public utility facilities, both underground and overhead. Grantor hereby reserves the right to change, layout a new, or discontinue any roadway, bridle path, or utility easement, in its sole discretion, that would be beneficial in serving any tract in Hoback Ranches. All claims for damages, if any, arising out of the construction, maintenance, and repair of roadways, bridle paths, and utilities, or on account of temporary or other inconvenience caused thereby against the grantor, or any utility company of any of their agents or servants are hereby waived by grantees hereof.

21. All roads constructed on any tract shall be constructed so far as practical to conform to the topography of the tract and not be visible to adjoining tracts.

22. All electricity and telephone utilities shall be placed underground. No overhead lines are permitted.

Said Protective Covenants, conditions, restrictions, and reservations shall be perpetual and shall apply to and be forever binding upon the grantees hereof, their heirs, executors, administrators, and assigns, and are imposed upon the realty described herein as an obligation and charge against the same for the benefit of the grantor herein and the owners of each adjoining tract, their successors and assigns, and as a general plan for the benefit of said tract and all tracts in Hoback Ranches.

If the owner of any tract conveyed by Hoback Ranches, or their heirs, or assigns shall violate any of the covenants or conditions hereinabove set forth, it shall be lawful for the grantor or any other person owning a tract conveyed by Hoback Ranches to

prosecute any proceedings at law or in equity against the person or persons violating any of the covenants or conditions, and either to prevent him from doing so, or to recover damages, including costs and reasonable attorney fees, for such violation, or both.

Invalidation of any of these covenants by judgment or court order shall in no wise affect any of the other provisions, which shall remain in full force and effect.

IN WITNESS WHEREOF, the Grantor has caused its corporate seal to be hereunto affixed, and these presents to be signed by its duly authorized officer, on this 29th day of June, 1973.

ORDER CONFIRMING SALE OF REAL PROPERTY

Sally Pickell Armstrong, executrix of the estate of Marjory S. Mollring, also known as Marjorie S. Mollring, deceased, having duly returned to and filed in this Court a verified account and report of sale of real property of said estate made by her pursuant to the provisions of said Last Will and Testament, and praying that said sale be approved, ratified and confirmed, and said matter coming on regularly this day to be heard, the Court finds:

1. That Marjory S. Mollring, also known as Marjorie S. Mollring, was the owner of the following described real property at the time of her death:

> Lot 14, Lot 15 and Lot 16, in Block 2, of the Hagenstein Addition to the Town of Pinedale, Sublette County, Wyoming, as said lots are laid down and described on the official plat of said addition, duly recorded in the office of the County Clerk and Ex-Officio Register of Deeds of Sublette County, Wyoming, together with all improvements thereon, and easements, appurtenances and incidents belonging or appertaining thereto, or used in connection therewith; subject, however, to all mining, mineral and other exceptions, reservations, conditions and rights of way of record.

2. That the Last Will and Testament of said Marjory S. Mollring, also known as Marjorie S. Mollring, deceased, duly and regularly admitted to probate herein on the 1st day of February, 1973, provides, among other things, as follows:

> "THIRD: I hereby nominate and appoint Sally Pickell Armstrong, my daughter, to be the executrix of my Last Will and Testament, hereby authorizing and empowering my said executrix to compound, compromise, settle and adjust all claims and demands in favor of or against my estate; and to sell, mortgage, grant, convey, or otherwise dispose of, at private or public sale, at such prices, and upon such terms of credit or otherwise, as she may deem best, without any order of court for that purpose, and without notice, the whole or any part of my real or personal property, and to execute, acknowledge and deliver deeds and other proper instruments of conveyance thereof to the purchaser or purchasers."

3. That, pursuant to and by reason of the authority given her by said last will and testament, as aforesaid, petitioner has sold all of the above described real property to Bertrum W. Wonnacott and Bette E. Wonnacott, husband and wife, as tenants by the entireties, for the sum of $13,250.00, at private sale, without notice, subject to confirmation by this Court.

4. That said real property was appraised at the amount of $13,250.00 in the inventory and appraisement thereof on the 13th day of July, 1973; that said inventory and appraisement has been duly filed in the matter of said estate within three months of the time of such sale, and before the confirmation thereof; that said real property was sold for its appraised value, but that the sale of said real property is subject to a commission of $750.00 to the Allen Agency of Pinedale, Wyoming, which is less than the regular and customary realtor's commission of six per cent; that said sale was in all respects legally and fairly made; that the amount paid is not disproportionate to the value of the property sold; and that a sum exceeding such purchase price at least ten per cent, exclusive of the expense of a new sale, cannot be obtained.

IT IS, THEREFORE, ORDERED, ADJUDGED AND DECREED that the said sale be, and the same is hereby, approved, ratified and confirmed, and that said Sally Pickell Armstrong, executrix as aforesaid, be, and she is hereby, authorized and directed to make, execute and deliver a proper deed of conveyance of the title to said property to the purchasers thereof hereinabove named, or to their order.

The above-described property is subject to the following protective covenants which shall be deemed covenants running with the land and binding upon the grantees and their successors in interest.

The purpose of these covenants is to insure the use of the property for attractive residential purposes, to prevent nuisances, to prevent the impairment of the attractiveness of the property, to maintain the natural environment and protect the ecology of the area, and thereby secure to each tract owner the full benefit and enjoyment of his respective tract.

5. Mobile homes, trailer houses, and tent camps may be located upon a tract for a period not to exceed one (1) year, provided that no such mobile home, trailer, or tent shall be parked or located thereon unless the owner is at the same time undertaking the construction of a permanent dwelling house.

6. At such time as a permanent dwelling house is built upon the tract, each owner shall be required to construct underground sanitation facilities in conformity with the laws of the State of Wyoming, and the same shall be placed upon each tract so as not to create any unsafe conditions, or create any nuisance to owners of adjoining tracts.

7. Except on tracts which may contain uncontaminated springs, all water for domestic and culinary purposes shall be drawn from drilled wells. Nothing herein contained shall be construed to prevent owners of tracts from constructing common water or sanitation facilities by private agreement, so long as the same meet with these requirements and the sanitation laws of the State of Wyoming.

8. No tract shall be cut up into more than one tract. It is the intention of this provision that no tract shall be less than ten (10) acres in size.

9. All fences shall be of buck and pole construction made of rough native timber. The buck shall be at least six feet tall and there shall be at least four poles on each span and each span can be no longer than 12 feet in width. The owner of each tract shall be responsible for erecting and maintaining a fence and gates around his respective tract if he desires to prevent the trespass of cattle or other livestock grazing or being ridden in the area.

10. No owner of any tract shall cut down or destroy, or permit the cutting down or destruction of any growing trees on his tract which are more than three inches in diameter when measured one foot above ground level; excepting that such trees may be removed if their location interferes with placement of permitted improvements on the tract. Dead or diseased trees of any size may be removed.

11. No owner shall allow debris, trash, rubbish, or any material of unsightly appearance to remain upon his tract.

12. All debris, garbage, trash, and rubbish shall be hauled from the premises. No outside burning of debris, garbage, trash, or rubbish is allowed.

13. Notwithstanding any laws of the United States of America or of the State of Wyoming, no owner of any lot, members of his family, or guests, shall at any time attempt the killing or capturing of any wild animals or wild birds upon any tract of land in Hoback Ranches.

14. No explosives, guns, firecrackers, or other noise-making devices shall be discharged upon any tracts.

15. Horses are permitted on each tract, provided that no more than four horses shall be allowed for each tract where the horses are maintained.

16. There shall not exist on any tract at any time more than one single family dwelling.

17. No building or any part thereof, including garages and porches, shall be erected on any tract closer than 100 feet to any edge of said tract.

18. The elevation of a tract, or any portion thereof, shall not be changed so as to materially affect the surface elevations or grade of surrounding tracts. No timber, rock, gravel, clay, or other material shall be removed from any tract.

19. No cattle, swine, goats, poultry, or fowl shall be kept or permitted on any tract.

20. There are hereby reserved to grantors, for the purpose of having adequate bridle paths, roadways, and utility easements to serve each tract, a perpetual easement 33 feet in width along each edge of the herein described tract, for the purpose of erecting, constructing, and maintaining bridle paths, roadways, and public utility facilities, both underground and overhead. Grantor hereby reserves the right to change, layout a new, or discontinue any roadway, bridle path, or utility easement, in its sole discretion, that would be beneficial in serving any tract in Hoback Ranches. All claims for damages, if any, arising out of the construction, maintenance, and repair of roadways, bridle paths, and utilities, or on account of temporary or other inconvenience caused thereby against the grantor, or any utility company of any of their agents or servants are hereby waived by grantees hereof.

21. All roads constructed on any tract shall be constructed so far as practical to conform to the topography of the tract and not be visible to adjoining tracts.

22. All electricity and telephone utilities shall be placed underground. No overhead lines are permitted.

Said Protective Covenants, conditions, restrictions, and reservations shall be perpetual and shall apply to and be forever binding upon the grantees hereof, their heirs, executors, administrators, and assigns, and are imposed upon the realty described herein as an obligation and charge against the same for the benefit of the grantor herein and the owners of each adjoining tract, their successors and assigns, and as a general plan for the benefit of said tract and all tracts in Hoback Ranches.

If the owner of any tract conveyed by Hoback Ranches, or their heirs, or assigns shall violate any of the covenants or conditions hereinabove set forth, it shall be lawful for the grantor or any other person owning a tract conveyed by Hoback Ranches to

prosecute any proceedings at law or in equity against the person or persons violating any of the covenants or conditions, and either to prevent him from doing so, or to recover damages, including costs and reasonable attorney fees, for such violation, or both.

Invalidation of any of these covenants by judgment or court order shall in no wise affect any of the other provisions, which shall remain in full force and effect.

16. There shall not exist on any tract at any time more than one single family dwelling.

17. No building or any part thereof, including garages and porches, shall be erected on any tract closer than 100 feet to any edge of said tract.

18. The elevation of a tract, or any portion thereof, shall not be changed so as to materially affect the surfact elevations or grade of surrounding tracts. No timber, rock, gravel, clay, or other material shall be removed from any tract.

19. No sheep, swine, goats, poultry, or fowl shall be kept or permitted on any tract.

20. There are hereby reserved to grantors, for the purpose of having adequate bridle paths, roadways, and utility easements to serve each tract, a perpetual easement of 33 feet in width along each edge of the herein described tract, for the purpose of erecting, constructing, and maintaining bridle paths, roadways, and public utility facilities, both underground and overhead. Grantor hereby reserves the right to change, layout a new, or discontinue any roadway, bridle bath, or utility easement, in its sole discretion, that would be beneficial in serving any tract in Hoback Ranches. 2. No structure shall be erected, placed, or permitted to remain on any tract, other than single family dwellings, garage buildings, stables, and other structures incidental to single family residential use of the tract.

3. No building may be built with tar paper or asphalt materials. No building may have visible exterior covering of cement, cinder block, or unpainted metal. All buildings shall have exterior colors and finish that shall conform with and be in harmony with the natural surroundings.

4. No outside toilets will be permitted, except for a period not to exceed ninety (90) days during the construction of a permanent dwelling house. Any outside toilet used will be

placed so as to be fully screened from all public roadways and shall be removed, torn down and made sanitary at the end of the ninety-day period.

5. Mobile homes, trailer houses, and tent camps may be located upon a tract for a period not to exceed one (1) year, provided that no such mobile home, trailer, or tent shall be parked or located thereon unless the owner is at the same time undertaking the construction of a permanent dwelling house.

6. At such time as a permanent dwelling house is built upon the tract, each owner shall be required to construct underground sanitation facilities in conformity with the laws of the State of Wyoming, and the same shall be placed upon each tract so as not to create any unsafe conditions, or create any nuisance to owners of adjoining tracts.

7. Except on tracts which may contain uncontaminated springs, all water for domestic and culinary purposes shall be drawn from drilled wells. Nothing herein contained shall be construed to prevent owners of tracts from constructing common water or sanitation facilities by private agreement, so long as the same meet with these requirements and the sanitation laws of the State of Wyoming.

8. No tract shall be cut up into more than one tract. It is the intention of this provision that no tract shall be less than ten (10) acres in size.

9. All fences shall be of buck and pole construction made of rough native timber. The buck shall be at least six feet tall and there shall be at least four poles on each span and each span can be no longer than 12 feet in width. The owner of each tract shall be responsible for erecting and maintaining a fence and gates around his respective tract if he desires to prevent the trespass of cattle or other livestock grazing or being ridden in the area.

10. No owner of any tract shall cut down or destroy, or permit the cutting down or destruction of any growing trees on his tract which are more than three inches in diameter when measured one foot above ground level; excepting that such trees may be removed if their location interferes with placement of permitted improvements on the tract. Dead or diseased trees of any size may be removed.

11. No owner shall allow debris, trash, rubbish, or any material of unsightly appearance to remain upon his tract.

12. All debris, garbage, trash, and rubbish shall be hauled from the premises. No outside burning of debris, garbage, trash, or rubbish is allowed.

13. Notwithstanding any laws of the United States of America or of the State of Wyoming, no owner of any lot, members of his family, or guests, shall at any time attempt the killing or capturing of any wild animals or wild birds upon any tract of land in Hoback Ranches.

14. No explosives, guns, firecrackers, or other noise-making devices shall be discharged upon any tracts.

15. Horses are permitted on each tract, provided that no more than four horses shall be allowed for each tract where the horses are maintained.

16. There shall not exist on any tract at any time more than one single family dwelling.

17. No building or any part thereof, including garages and porches, shall be erected on any tract closer than 100 feet to any edge of said tract.

18. The elevation of a tract, or any portion thereof, shall not be changed so as to materially affect the surface elevations or grade of surrounding tracts. No timber, rock, gravel, clay, or other material shall be removed from any tract.

19. No cattle, swine, goats, poultry, or fowl shall be kept or permitted on any tract.

20. There are hereby reserved to grantors, for the purpose of having adequate bridle paths, roadways, and utility easements to serve each tract, a perpetual easement 33 feet in width along each edge of the herein described tract, for the purpose of erecting, constructing, and maintaining bridle paths, roadways, and public utility facilities, both underground and overhead. Grantor hereby reserves the right to change, layout a new, or discontinue any roadway, bridle path, or utility easement, in its sole discretion, that would be beneficial in serving any tract in Hoback Ranches. All claims for damages, if any, arising out of the construction, maintenance, and repair of roadways, bridle paths, and utilities, or on account of temporary or other inconvenience caused thereby against the grantor, or any utility company of any of their agents or servants are hereby waived by grantees hereof.

21. All roads constructed on any tract shall be constructed so far as practical to conform to the topography of the tract and not be visible to adjoining tracts.

22. All electricity and telephone utilities shall be placed underground. No overhead lines are permitted.

Said Protective Covenants, conditions, restrictions, and reservations shall be perpetual and shall apply to and be forever binding upon the grantees hereof, their heirs, executors, administrators, and assigns, and are imposed upon the realty described herein as an obligation and charge against the same for the benefit of the grantor herein and the owners of each adjoining tract, their successors and assigns, and as a general plan for the benefit of said tract and all tracts in Hoback Ranches.

If the owner of any tract conveyed by Hoback Ranches, or their heirs, or assigns shall violate any of the covenants or conditions hereinabove set forth, it shall be lawful for the grantor or any other person owning a tract conveyed by Hoback Ranches to

prosecute any proceedings at law or in equity against the person or persons violating any of the covenants or conditions, and either to prevent him from doing so, or to recover damages, including costs and reasonable attorney fees, for such violation, or both.

Invalidation of any of these covenants by judgment or court order shall in no wise affect any of the other provisions, which shall remain in full force and effect.

IN WITNESS WHEREOF, the Grantor has caused its corporate seal to be hereunto affixed, and these presents to be signed by its duly authorized officer, on this 16th day of October, 1973.

TO HAVE AND TO HOLD the Properties unto Transferee, its successors or assigns, forever; subject, however, to the mortgages, liens, charges, encumbrances, restrictions, reservations, exceptions, conditions, limitations, contracts, agreements, interests and other matters set forth or referred to herein.

The Properties are conveyed, assigned and transferred to the Transferee for the following consideration and upon and subject to the following terms and conditions:

A. The consideration for this conveyance, transfer and assignment is the following:

(1) The issuance to Transferor of 3,491,068 shares of the Common Stock of Transferee, constituting, together with the 100 shares of such Common Stock heretofore issued to Transferor, all of Transferee's issued and outstanding capital stock;

(2) The assumption by Transferee of (and by its acceptance hereof Transferee does hereby expressly assume) all liabilities of Transferor reflected or disclosed by the Closing Balance Sheet, including $228,000,000 outstanding principal amount of indebtedness of Transferor, as provided for in the several Bond Exchange Agreements, dated as of January 15, 1974, and the several Debenture Exchange Agreements, dated as of January 15, 1974, among Transferor, Transferee and certain holders of Transferor's bonds and debentures;

(3) The assumption by Transferee of, and its agreement (and by its acceptance hereof Transferee does hereby expressly assume and agree) to perform, or to satisfy and discharge, all liabilities, duties and obligations of Transferor under or arising as a result of any and all contracts, leases or other agreements of any kind or character included in or related to the Properties or their operation heretofore entered into or assumed by Transferor, or with respect to which Transferor or any of its properties became bound or subject, in the conduct of the business of the Northwest Division, including, but not limited to, gas purchase contracts, gas storage contracts, gas transportation agreements, construction contracts, purchase orders and work orders, condemnation proceedings, leases and subleases, unitization agreements, communitization agreements, royalty and overriding royalty agreements, operating agreements, employee benefit plans, gas leasehold acquisition contracts, permits, licenses and the contracts and agreements described in Schedules IIIA, IVA, and VII hereto; and

(4) The agreement by Transferee (and by its acceptance hereof Transferee does hereby expressly agree) to indemnify and hold harmless Transferor, its successors and assigns, from and against any and all loss, liability, claim, damage, expense or cause of action whatsoever arising out of, based on or involving any liability, duty or obligation assumed by Transferee hereunder, except to the extent arising out of acts or omissions of, or occurrences involving, Transferor prior to the effective date hereof.

B. Transferor, for the consideration herein expressed, does hereby expressly agree that, from time to time, it will execute and deliver or cause to be executed and delivered to Transferee, its successors or assigns, any and all such deeds, conveyances, assignments, transfers and other instruments of further assurance and will do any and all acts or things as may be reasonably necessary in order to fully vest, perfect or confirm of record or otherwise in Transferee, its successors or assigns, title (as hereinafter warranted) to the Properties, and it does hereby grant to Transferee, its successors or assigns, full power and authority to collect, receive and give acquittance of any sum or sums due or to become due under, by virtue of or in connection with any right, interest, property or asset conveyed hereby and, subject to all the provisions hereof, to commence any action or prosecute or withdraw any suit or proceeding at law or in equity and to do all other things as Transferee may deem necessary or proper in connection with the Properties.

C. Transferee, for the consideration herein expressed and by its acceptance hereof, expressly agrees that, from time to time, it will execute and deliver or cause to be executed and delivered to Transferor, its successors and assigns, and other appropriate parties, any and all such agreements, instruments of assumption, bonds, instruments of surety and other instruments of further assurance as may be reasonably necessary to better evidence or to effectuate and carry out the purpose and intent of this Instrument of Conveyance, Transfer and Assignment, and Transferee does hereby further so agree to use its best efforts to obtain the release of Transferor from all liabilities, duties and obligations under all contracts, leases or other agreements assumed by Transferee hereunder.

D. Transferor does hereby bind itself, its successors or assigns, to warrant and forever defend all and singular title to the Properties unto Transferee, its successors or assigns, (other than the properties, assets and rights described in Schedule IB hereto, as to which no warranty, express or implied, of any nature whatsoever is given or made by Transferor) against any person whomsoever lawfully claiming or attempting to claim the same, or any part thereof, by, through or under Transferor but not otherwise, subject, however, to the following:

(1) The lien of the Indenture of Mortgage and Deed of Trust, dated as of January 21, 1974, from Transferee to Chemical Bank and Francis J. Farrell, Trustees;

(2) All encumbrances against or affecting the Properties or any part thereof which constitute "permitted encumbrances" within the meaning of such term as defined in Clauses (3), (4), (5), (8), (9), (11), (12), (13), (14) and (15) of Section 1.16 of the El Paso Mortgage, as set forth on Exhibit A hereto; provided that, in the case of the interests (other than as relate to oil) hereby conveyed in the Gas Leasehold Estates, the encumbrances against or affecting such interests of the character described in Clauses (11) and (14) of Section 1.16 of the El Paso Mortgage shall not (calculated as of the effective date hereof and excluding the effect produced by operating agreements, unit agreements, pooling agreements, communization agreements, federal and Indian royalties in excess of twelve and one-half percent (12½%), gas leasehold acquisition contracts and conversions of royalties to working interests after payout, to which the Gas Leasehold Estates conveyed hereby are subject) reduce the "Total Net Leasehold Acres" hereby conveyed to Transferee by more than five percent (5%). As used herein, the term "Total Net Leasehold Acres" shall mean the sum of the Net Leasehold Acres in all Gas Leasehold Estates conveyed hereby. The term "Net Leasehold Acres", as applied to any Gas Leasehold Estate, shall mean the interest produced by multiplying the net interest in such Gas Leasehold Estate, as shown on Schedule IIA annexed hereto, by the number of surface acres included in such Gas Leasehold Estate, as shown on Schedule II hereto. In the event of variances in Net Leasehold Acres in different formations, the determination of the Net Leasehold Acres shall be made on a per lease basis by computing the arithmetic average of interests in the producing formations in such Gas Leasehold Estate as of the effective date of this conveyance. Transferee, its successors or assigns, shall not be entitled to rely on and shall not bring suit or otherwise seek to enforce the warranty set forth herein as to any Gas Leasehold Estate unless it shall have notified Transferor, by registered mail, of each and every variance of claimed Net Leasehold Acres in such Gas Leasehold Estate from the Net Leasehold Acres purported to be conveyed, transferred or assigned hereby within thirty (30) days of written notice of such claim to Transferee, its successors or assigns, as the case may be. In the event of a breach of such warranty, Transferee, its successor or assigns, shall only be entitled to recover for variances of which Transferor is notified after Transferor has been notified of variances totalling five percent (5%) of the Total Net Leasehold Acres, determined as set forth above, and only to the extent such variances exceed such level;

(3) Liens for taxes not yet due;

(4) Minor defects or deficiencies of title or liens and encumbrances which do not materially interfere with the continued use and operation of the Properties, or, in the case of the interests hereby conveyed in the Gas Leasehold Estates, which do not reduce the Net Leasehold Acres (as such term is defined in subparagraph (2) above) conveyed hereby; and

(5) Necessary consents and/or approvals to transfer or assign the rights and properties conveyed hereby as may be required from any railroad, Indian tribe or other Indian authority or private parties, or any federal, state, county, municipal or other governmental department, commission, board, bureau, agency or instrumentality, domestic or foreign, which consents and/or approvals Transferor covenants and warrants to use its best efforts to obtain;

PROVIDED THAT Transferor shall not be liable in damages or otherwise for any breach of the special warranty set forth in this paragraph D unless, except in the case of Gas Leasehold Estates as set forth in subparagraph (2) above, the encumbrance or restriction giving rise to such breach was material in relation to the business conducted or assets owned by Transferee immediately upon this Instrument of Conveyance, Transfer and Assignment becoming effective.

The special warranty of title contained in this paragraph D is in lieu of all other title warranties, express or implied, with respect to the Properties, and is in lieu of all implied warranties, including, but without limitation, any warranties as to merchantability or fitness for a particular purpose. The conveyance, transfer and assignment effected hereby is made, however, with full substitution and subrogation of Transferee in and to all covenants and warranties by others heretofore given or made in respect of any of the Properties.

E. For the same consideration expressed herein, Transferor does hereby agree to indemnify and hold harmless Transferee from and against any and all loss, claim, damage, expense or cause of action in respect of any liability against the Properties (other than liabilities assumed by Transferee as a part of the consideration for the conveyance, transfer and assignment effected hereby and other than liabilities arising out of acts or omissions of, or occurrences involving, the APCO Group (as such Group is defined in the Implementing Agreement) in the conduct of the business of Transferee prior to the effective date hereof) to the extent arising out of acts or omissions of, or occurrences involving, Transferor in the conduct of the business of the Northwest Division prior to the effective date hereof.

F. The indemnified party under paragraph A(4) or E above (the "Indemnified Party") agrees, for the consideration hereinabove expressed, (i) to promptly furnish to the indemnifying party under paragraph A(4) or E above (the "Indemnifying Party"), its successors or assigns, a copy of each notice of default, notice of dissatisfaction or intention to claim a default with respect to any such liability, duty or obligation, or with respect to any claim or liability against which Indemnifying Party has herein agreed to indemnify Indemnified Party, and to permit Indemnifying Party, its successors or assigns, at its or their own expense, to participate in any negotiations or proceedings relative to the settlement or other disposition of any such claim or asserted liability; (ii) not to prejudice the defense or in any way compromise or settle any claim or asserted liability against which Indemnifying Party has herein agreed to indemnify Indemnified Party without the written consent of Indemnifying Party; (iii) to permit Indemnifying Party to defend in the name of Indemnified Party any such claim or asserted liability; and (iv) at Indemnifying Party's request, to cooperate with Indemnifying Party (and to use its best efforts to cause its officers and employees so to cooperate) in the defense of any claim or asserted liability against which Indemnifying Party has herein agreed to indemnify Indemnified Party.

G. In connection with the performance of Transferee's duties and obligations under this Instrument of Conveyance, Transfer and Assignment, Transferee agrees to comply with all of the provisions of Section 202(1)-(7) of Executive Order 11246 (30 Fed. Reg. 12319) which are hereby incorporated herein by reference thereto. Transferee agrees to insert the foregoing provision in all contracts or subcontracts to which it is a party in which such provision would be applicable.

H. The terms, provisions, conditions and warranties of this Instrument of Conveyance, Transfer and Assignment are without prejudice to and do not merge the rights of the parties provided for in the Decree. All representations, warranties and covenants contained in the Implementing Agreement, except to the extent inconsistent with the representations, warranties and covenants set forth herein, shall survive the execution and delivery of this Instrument of Conveyance, Transfer and Assignment and, except to such extent, shall not be deemed to have been merged into this Instrument of Conveyance, Transfer and Assignment.

I. This Instrument of Conveyance, Transfer and Assignment shall be deemed to have been executed and delivered and, when accepted by Transferee in the manner provided below, is to be effective for all purposes as of January 31, 1974, notwithstanding that the actual date or dates of execution and acceptance hereof by Transferor and Transferee, respectivly, may be earlier or later than January 31, 1974.

J. This Instrument of Conveyance, Transfer and Assignment is being executed in several counterparts, all of which are identical except that certain of such counterparts, in order to facilitate the recordation, filing and indexing of this Instrument of Conveyance, Transfer and Assignment, may have attached thereto only such of the Schedules referred to herein (or portion thereof) as relate to property situated in the counties or other jurisdictions in which such counterparts are to be recorded, filed or indexed. Each counterpart of this Instrument of Conveyance, Transfer and Assignment shall be deemed an original hereof and all counterparts shall together constitute but one instrument.

EXHIBIT A

This Exhibit A is attached to and hereby made a part of the Instrument of Conveyance, Transfer and Assignment, dated as of January 31, 1974, from El Paso Natural Gas Company to Northwest Pipeline Corporation.

This Exhibit A contains certain portions of the definition of "permitted encumbrances" contained in Section 1.16 of the El Paso Mortgage, as defined in said Instrument of Conveyance, Transfer and Assignment. This Exhibit A also contains portions of other provisions of the El Paso Mortgage which are pertinent to the definition of "permitted encumbrances" as set forth herein.

All terms used in the provisions of the El Paso Mortgage which are set forth in this Exhibit A shall have the same meaning herein as are assigned to them in the El Paso Mortgage, and all such definitions are incorporated herein by reference.

SECTION 1.16. The term "permitted encumbrances" shall mean any and all of the following:

* * *

(3) taxes for the then current year or which are not yet due;

(4) taxes or liens created by assessments of governmental bodies, payment of which is due in instalments over a period of years and no payment of which is overdue, and taxes or assessments already due payment of which is being contested in good faith by the Company;

(5) any right which any municipality or other governmental body or agency may have, by virtue of any franchise, grant, license, permit, contract or statute, to purchase or recapture or to designate a purchaser of or order the sale of any property of the Company upon payment of fair compensation therefor or to terminate any franchise, license or other right or to regulate the property or business of the Company; and any limitations or restrictions on the assignability of leasehold or other interests in or permits for the use of federal or Indian lands or on the qualification of assignees thereof imposed by statute or by applicable regulations of any department of the government of the United States of America, provided that in the opinion of counsel such limitations or restrictions do not substantially impair the security afforded by and the enforceability of this Indenture;

* * *

(8) any mortgage or other encumbrance constituting a lien upon land owned by another than the Company over which the Company has rights of way, existing at the date of the execution of this Indenture or, as to rights of way thereafter acquired, existing at the date of such acquisition, or any mortgage or other encumbrance constituting a lien upon land now owned or hereafter acquired by the Company and used primarily for right of way purposes; provided that in each case the Company shall neither have assumed nor shall customarily pay interest upon the indebtedness secured by any such mortgage or other encumbrance;

(9) except with respect to gas production property, encumbrances (other than to secure the payment of money), easements, rights of way and servitudes, reservations as to permits, reservations and rights in respect of oil, gases and other minerals and water, including any rights as to mining operations under federal laws relating to multiple mineral development of the same tracts, or in respect of grazing, mining, canals, ditches, reservoirs and the like, conditions, covenants, party wall agreements or other restrictions, over, on or in respect of property or lands or estate owned by the Company or over which the Company owns rights of way, which encumbrances, easements, rights of way, servitudes, reservations, rights, conditions, covenants, agreements and restrictions are in the opinion of counsel such as not to substantially impair the effective operation by the Company of the property affected thereby for the purpose for which

such property is or is intended to be used; and the rights of way or easements granted or conveyed by the Company as permitted by subdivision (11) of Section 8.01;

* * *

(11) any irregularities in or deficiencies of title to property which in the opinion of counsel the Company shall have power by appropriate legal proceedings to remedy without the incurring of disproportionate expense, or which in the opinion of counsel are such as not to substantially impair the effective operation by the Company of the property affected thereby, for the purpose for which such property is or is intended to be used, or any irregularities in or deficiencies of title to property (other than gas production property) which in the opinion of counsel the Company shall have the right to use and operate by reason of adverse possession or right of prescription;

(12) any irregularities in or deficiencies of title to any rights of way in, over or under which pipe lines, telephone lines, power lines, water lines and/or appurtenances thereto or other improvements are located, and to any real estate used or to be used primarily for right of way purposes, provided that in the opinion of counsel the Company shall have obtained from the apparent owner of the lands or estates therein covered by any such right of way a sufficient right, by the terms of the instrument granting such rights of way, to the use thereof for the construction, operation or maintenance of such lines, appurtenances or improvements for which the same are used or are to be used;

(13) in respect of gas production property, rights of third parties in the surface, easements, rights of way and servitudes, reservations as to grazing, mining, reclamation projects, rights and reservations in respect of helium gas and all minerals other than natural gas and rights to mining operations permitted by federal laws relating to multiple mineral development of the same tracts, which in the opinion of counsel are such as to not substantially impair the effective operation by the Company of the property affected thereby;

(14) in respect of gas production property;

(a) any and all rentals, royalties, overriding royalties or production payments (whether payable in kind or in money), reservations, liens or encumbrances, and rights or interests of third parties arising by virtue of any exploration, drilling, development, unitization, communitization or operating agreement or agreements relating to or affecting, or the lease which created, any gas leasehold estate (such rentals, royalties, overriding royalties, production payments, reservations, liens, encumbrances, rights and interests being herein in this subdivision (14) referred to as "leasehold encumbrances"),

(i) in respect of gas leasehold estates covering proven gas acreage owned by the Company at June 1, 1946, existing at such date, or, in the case of such gas leasehold estates thereafter acquired by the Company, existing or created at the time of the acquisition of such estates by the Company;

(ii) in respect of gas leasehold estates covering acreage which becomes proven gas acreage after June 1, 1946, in case of estates then owned by the Company, or after the acquisition of such estates in case of estates subsequently acquired by the Company, existing at the time such acreage becomes proven gas acreage; or

(iii) granted, created, entered into or made by the Company pursuant to the provisions of Section 8.01 hereof;

other than (x) leasehold encumbrances securing the payment of money in amounts not dependent on or measured by production, and (y) any reservations or rights (other than prior rights limited to reimbursement of well drilling and operating costs and overriding royalties) to gas or to the proceeds of gas ranking prior to the Company's interest in such gas leasehold estates, and;

[redacted] [redacted] [redacted]

(b) overriding royalties, in an amount not exceeding one per cent (1%) in respect of any one lease, granted or created by the Company or its former subsidiary San Juan Production Company prior to January 1, 1955, and

(c) any overriding royalties or other rights of Pan American Petroleum Corporation, Phillips Petroleum Company and Colorado Oil & Gas Corporation or their respective successors in interest under the Sales Contracts and Operating Agreements and Assignment Contracts referred to in subdivision (12) of Section 8.01 hereof; and the obligations of the Company to surrender, transfer, release or reassign the leases or interests or rights to which said instruments relate under the conditions or upon the occurrence of the events specified in said instruments; and

(15) any right which any party may have by virtue of any contract or agreement to purchase or take over the Company's interest in any gas well which has become an oil well and in the fittings and equipment used in connection with the operation of such well upon payment to the Company of the agreed consideration therefor as stipulated in or determined in accordance with the provisions of such contract or agreement.

* * *

SECTION 8.01 [Referred to in Clauses (9) and (14) of Section 1.16 set forth above] Unless an event of default shall have happened and be continuing, the Company

* * *

(11) may, without obtaining any release or consent of the Trustees, grant or convey rights of way or easements over or in respect of any real property or interest in real property owned by the Company, provided such grant or conveyance will not in the opinion of the Company materially impair the usefulness of the property in question in the conduct of the business and operations of the Company; provided that, if the Company shall receive in any such case cash or other consideration in excess of $100 for any such right of way or easement, an amount equal to such cash or the fair value of such other consideration shall be deposited with the Corporate Trustee; or
